Status	Detail
Submitted	Incoming-And-Outgoing Correspondence Between The National Centers for Environmental Information And The Office Of Science & Technology Policy From February 2017 Through August 2017. I am requesting copies of incoming-and-outgoing correspondence, which should include emails, between the National Centers for Environmental Information within the National Oceanic and Atmospheric Administration and the Office Of Science & Technology Policy, within the Executive Office of the President, from February 3, 2017, through the present date of this request. The search for email correspondence with the Office Of Science & Technology Policy should be conducted through a search for the email domain, @ostp.eop.gov, and for the following individuals: Donald Wuebbles, John Holdren, Ted Wackler, Tamara Dickinson, Robert Strickling, Deerin Babb-Brott, Jo Handelsman and Cristin Dorgelo. Working Drafts Of The, “U.S. Global Change Research Program Climate Science Special Report,” From February 2017 Through August 2017. I am requesting copies of working drafts of the, “U.S. Global Change Research Program Climate Science Special Report,” that have been edited and created since February 3, 2017, through the present date of this request. The drafts should include comments, deletions, and all tracked revisions. The drafts should be maintained in the following offices within NOAA: National Centers for Environmental Information, Earth System Research Laboratory, Geophysical Fluid Dynamics Lab, and the Ocean Acidification Program.
Assignment Determination	Please produce all records in the Department’s possession, custody, or control that support, explain, or otherwise relate to the Secretary of Commerce’s (Secretary’s) decision dated July 10, 2017, and final notice published on July 20, 2017, determining that the state of New Jersey was in compliance with regard to management of its recreational summer flounder fishery under the Atlantic Coastal Fisheries Cooperative Management Act (ACFCMA), 16 U.S.C. Secs 5101-5108 (2012). For the period on or after February 2, 2017. (Please see original request for additional information.)
Submitted	We are requesting copies of all emails, sent or received, of NOAA employees Ellen Brody and Russ Green that contain the "key words" Lake Michigan, Lake Michigan National Marine Sanctuary, Lake Michigan NMS, Wisconsin, or any combination of those words related to the creation of an National Marine Sanctuary in Lake Michigan. The period for the requested emails is January 1, 2017 through July 31, 2017.
Submitted	I am applying for an Marine Mammal Inventory Report (MMIR) which includes all living and dead captive orca, listed globally. Thank you for your assistance.

Submitted	The most recent MMIR.
Submitted	Please provide the letter of advisement sent by NOAA to the Alaska villages of Toksook Bay and Nightmute regarding a humpback whale they hunted and killed. The letter was likely sent in 2016.

Category	Comments
Public Interest/Special Interest	This request is similar, although broader in scope, to the Judicial Watch litigation, Buzzfeed request, and E&E Publishing request we currently brief NOAA/GC on weekly
Public Interest/Special Interest	This appears to be a duplicate, or near duplicate of DOC-NOAA-2017-001606, which we notified DOC of last week.
Public Interest/Special Interest	DOC has asked to be notified of any requests regarding National Marine Sanctuary designations or discussions.
Public Interest/Special Interest	We routinely release MMIRs, however, the requester in this instance is a Speicial Interest group with a broad audience in the field.

Public Interest/Special Interest	Again, we routinely release MMIRs, however, the requester in this instance is a Speicial Interest group with a broad audience in the field.
Public Interest/Special Interest	This issue received some attention due to the publicity of the hunting of a humpback whale.
