DOC-NOAA-2017-001409	6/22/2017	Austin R. Evers	American Oversight	6/22/2017

Detail

The center for biological diversity sought: 1. All records mentioning, including, and/or referencing the draft and/or final biological evaluation of chlorpyrifos under the Endangered Species Act, 16 U.S.C. §§ 1531-1544 (“ESA”); 2. All records mentioning, including, and/or referencing the draft and/or final biological evaluation of malathion under the ESA; 3. All records mentioning, including, and/or referencing the draft and/or final biological evaluation of diazinon under ESA; 4. All records mentioning, including, and/or referencing the draft and/or final biological opinion of chlorpyrifos under the ESA; 5. All records mentioning, including, and/or referencing the draft and/or final biological opinion of malathion under the ESA; and 6. All records mentioning, including, and/or referencing the draft and/or final biological opinion of diazinon under ESA. Please note that this request does not apply to documents found online or under the docket EPAHQ- OPP-2016-0167.

This is a referral from USACE--the original requester was the Southern Environmental Law Center, who sought records regarding the reauthorization of the Nationwide Permits.
The Center requests from the National Marine Fisheries Service (“NMFS”) all records generated in connection with the issuance of incidental harassment authorizations for oil and gas seismic exploration in the Atlantic Ocean under the Marine Mammal Protection Act, 16 U.S.C. §§ 1361-1389 (“MMPA”), from January 20, 2017 to the date of the search.
All communications between any of the following Commerce officials—(a) all political appointees and any career SES staff in the Office of the Secretary; (b) all political appointees in the National Oceanic and Atmospheric Administration; and (c) all political appointees in the National Marine Fisheries Service—and any of a list of entities with agricultural interests or pesticide manufacturers.
