This request is seeking communications with, or directed to, President Trump regarding a list of National Monument designations. This request appears to be directly related to the Presidential Executive Order on April 26, 2017 Ordering the Review of Designations Under the Antiquities Act.

This request seeks copies of any information used to inform the development of the following national monument proclamations or expansions during the specified time periods: Northeast Canyons and Seamounts Marine National Monument (01/01/14 – 12/31/16) Papahanaumokuakea Marine National Monument Expansion (01/01/14 – 12/31/16) Pacific Remote Islands Marine National Monument Expansion (01/01/12 – 12/31/14) Marianas Trench Marine National Monument (01/01/2007 – 12/31/2009) Rose Atoll Marine National Monument (01/01/2007 – 12/31/2009) This also seems to also be related to the Executive Order referenced above.
PETA is seeking copies of all records regarding Permit No. 774, issued to SeaWorld on October 7, 1992, to import the orca Tilikum pursuant to the Marine Mammal Protection Act (MMPA), from July 7, 2014, to the present. This is the same orca that was the subject of the film "Blackfish."
