

What are the Preseason Flood Coordination Meetings?

The Department of Water Resources (DWR), Flood Operations Center (FOC), along with our local, state, and federal partners will provide an overview of current and future weather and water conditions, DWR flood preparedness and emergency response activities, flood fighting methods, and other related topics.

Who should attend these meetings?

Water managers, emergency responders, and managers who deal with flood preparedness and response.

FOC Staff will be hosting meetings in the following locations:

Northern California

- Fresno** – September 8th
- Hayward** – September 19th
- Stockton** – September 26th
- Sacramento** – September 27th
- Yuba City** – September 28th
- Eureka** – Early November

Southern California

- Ventura** – September 21st
- Fontana** – September 22nd

This year, DWR would like to encourage meeting attendees to forward, in advance, any new topics of interest or specific questions they would like covered by the presenters to the Flood Operations Center Coordinator:

Wendy Stewart
