

# Dual Credit Data Challenge

Dual Credit: Where We Are and Where We're Headed

- Determine your dual credit team.
  - Your team can be comprised of various school partners. (Ex. District Administrators, Principal, School Counselor, Dual Credit Teachers, Students, Parents, etc.)
- Analyze the data provided for your district/school.
  - Download the [Dual Credit Audit Starter Worksheet](#)
  - [KY Stats](#)
  - [Kentucky School Report Card](#)
  - Data provided by postsecondary partners
  - School collected data
- Identify underrepresented student groups and barriers to access.
  - Examples: Course Selection, Funding, Transportation, Access to Resources, etc.
- Determine your school/district next steps.
  - Think outside of the box.
    - Can you establish some partnerships with community members or businesses to help?
    - How can you communicate with your students and families better?
    - How can you better partner with your postsecondary institutions in advising course selection?
    - Get creative!
- Commit to a plan tailored for your school or district.
  - Make sure you know who is in charge of each part of the plan and take action.
