Dual Credit: Understanding Dual Credit and its Role in Career Pathways

CPE Dual Credit Webinar Page

Kentucky's dual credit webinars, occurring February through May, will provide participants a wealth of knowledge about the resources, scholarships and policy around this programming. Registration is free.

Daviess County - Empower U

The Daviess County Public Schools district is home to one of the largest dual credit programs in the Commonwealth of Kentucky. Our partnership with the Kentucky Community and Technical College system opens doors and provides opportunities for our students to be engaged in meaningful, real-world learning experiences designed to prepare them for success in life.

Owensboro CTC Dual Credit

High school students can get a jump start on their college journey, often at a reduced cost, through Discover College. This program with area high schools gives you a chance to really experience college before you graduate from high school. Many on-campus courses count for both college and high school credit.

Advance CTE Goal-Setting Tool

Fully inclusive Career Technical Education (CTE) programs should not just reflect current program representation, but rather the communities where learners will work and build their lives. The Achieving Inclusive CTE Goal-Setting Tool strives to equip state and local CTE and career pathways leaders to approach program participation and outcomes data and goal setting with an inclusive and representative lens.

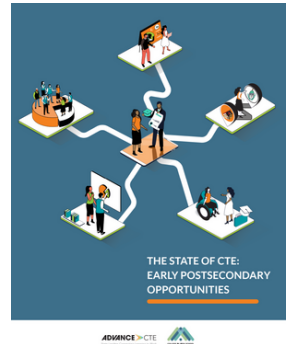

Resources from the Webinar

Dual Credit: Understanding Dual Credit and its Role in Career Pathways

The State of CTE: Early Postsecondary Opportunities

Advance CTE, in partnership with the College in High School Alliance, released The State of CTE: Early Postsecondary Opportunities. This 50-state report reveals key findings on how EPSOs serve CTE learners and provides recommendations for state leaders to leverage state infrastructure and collaboration to advance equity in these experiences.

Launch: Equitable & Accelerated Pathways for All

A national college and career pathways initiative that strives for every learner to have access to and succeed in high-quality and equitable pathways.

Introducing Launch: A Conversation on the Future of College and Career Pathways

Please join Advance CTE, Education Strategy Group, ExcelsinEd, Jobs for the Future (JFF) and New America for critical conversations with elected officials and state and local leaders participating in Launch around how to design, scale and sustain high-quality and equitable college and career pathways that are built to last.
