

Dual Credit Data Challenge

Dual Credit: Creating Strong Partnerships Between High Schools and Colleges

- How many dual credit courses are you currently offering?
 - General Education
 - Do you have an English & math option?
 - Career & Technical Education
 - Do you have CTE courses that fulfill the same standards as a dual credit course allowing students to receive college credit?
- Are there areas where you would like to offer advanced level courses that currently don't exist?
 - Could this be a culminating course near the end of a pathway?
- How do you survey your students for their future career interests?
 - Are your courses limited in these areas?
 - Use this as an opportunity to offer courses that might be limited by funding or staffing.
- Are you targeting your regional economic/workforce needs?
- Do you have faculty members who could be credentialed?
 - Talk to your postsecondary institutions to understand that process.
- Are there institutions that have pathways build for major/career exploration?
 - Examples:
 - [Thomas More University](#)
 - [Eastern Kentucky University](#)
 - [Northern Kentucky University](#)
- Use your data reports from your postsecondary institutions to help drive your programming.
 - Annual School Reports
 - Annual State of Dual Credit Reports
