

2024 Scrap Tire Cleanup Events Funded by NDEE's Waste Reduction & Recycling Incentive Grant Program

Updated February 26, 2024

Counties shaded blue on this map will have a scrap tire cleanup event in 2024. The four-digit numbers associated with each county represents the application number. That number can be found on the table below the map, along with details about each event. The table will be updated as more information becomes available.

Scrap tire cleanup events are organized by the applicants who received grant funds. Questions about specific events should be directed to the applicants. In total, NDEE funded 28 scrap tire cleanup events across 36 counties, collecting up to 5,596 tons of scrap tires.

Application Number	Applicant Name	Counties/Communities Served	Project Description	Applicant Contact Email	Event Date	Event Location
