NOTES:

* 13 Programs with a total of 17 Emergency Shelters

** Reflects the number of unduplicated clients served by providers. (Unduplicated=unique individuals)

*** Residential and Non-Residential Counseling services, including individual and group counseling sessions. The number was calculated from data submitted by providers per Federal Grant requirements. This data reflects the number of service contacts; not individuals. Each time a person is seen for services it is counted as a service contact. Therefore, one individual could be counted several times in this data.
