PRIVACY ACT STATEMENT

Federal and State laws and regulations limit the use of confidential information concerning applicants and recipients of economic and medical assistance programs to the purposes directly related to the administration of these programs.

SOCIAL SECURITY NUMBER

Social Security Numbers (SSN) will be used to check identity to prevent duplicate participation and to facilitate making mass changes. SSNs will also be used in computer matching and program review or audits to make sure you are eligible for assistance.

Information obtained may affect your eligibility and level of benefits. Inaccurate or false information may result in criminal or civil action or administrative claims for fraudulent participation in SNAP.

DSS does not share SSNs or citizenship/immigration status for non-applicants and individuals ineligible for benefits with the US Department of Homeland Security.

DSS will use SSNs in the state income and eligibility verification system and other computer matching and program reviews. This information may be verified through other sources when discrepancies are found and may also affect your household's eligibility and benefit level.

This information, including SSN of each household member, is authorized under the Food and Nutrition Act of 2008. This information will also be used to monitor compliance with program regulations and for program management. Providing the requested information, including the SSN of each household member, is voluntary. However, failure to provide an SSN will result in the denial of SNAP benefits to each individual failing to provide an SSN.
