

## Domestic Violence

Reporting Classifications	FY 08-09	FY 09-10	FY 10-11	FY 11-12	FY 12-13
Emergency shelters*	18	18	18	18	17
Approved Batterer intervention Programs	37	39	38	35	38
Individuals receiving emergency shelter**	6,481	2,969	3,192	3,048	2,649
Women/men/children receiving counseling services***	9,702	17,438	19,850	20,062	44,230
Batterers receiving counseling services****	3,900	3,295	3,446	3,314	2,531

\* 13 Programs with a total of **17 Emergency Shelters**

\*\* Reflects the number of unduplicated clients served by providers. (Unduplicated=unique individuals)  
The FY08-09 data combined two different reporting forms because of a change in reporting requirements. FY08-09 data is larger because it represents duplicated numbers (i.e. if the same individual utilized an emergency shelter as a result of two different violence events, that person is counted twice in the duplicated numbers; however, that person would be counted only once in the unduplicated numbers).

\*\*\* Residential and Non-Residential Counseling services, including individual and group counseling sessions. The numbers starting for FY 09-10 are considered a more accurate reflection of services provided as outlined by Federal Requirements, since previously men receiving counseling services were not included in the count.

\*\*\*\* The number was calculated from data submitted by providers per Federal Grant requirements.  
1) The new Federal guidelines ensure better accuracy in data collection and reporting from providers.  
2) This data reflects the number of unduplicated clients served by providers
