General Instructions

1. Districts are required by law to report all suspensions and expulsions to the Alaska Department of Education & Early Development by June 30 of each year. *Failure to report by the June 30 deadline may result in withholding district reimbursement of federal funds.* The state collects this data in order to fulfill both state and federal reporting mandates as well as measure statewide school safety. These reporting requirements are found in the Alaska statutes, the Safe and Drug-Free Schools and Communities Act (Title IV, Part A) of ESEA, the School Improvement Grant (SIG) program (section 1003(g) of the Elementary and Secondary Education Act (ESEA)) and Individuals with Disabilities Education Act (IDEA) (Section 618). More details about these reporting requirements can be found on the Department of Education and Early Development (DEED) [Suspension, Expulsion, and Truancy Reporting](#) webpage (education.alaska.gov/safeschools/suspexptruancy).
2. Suspension/Expulsion data is reported through the State Resource Manager (SRM) portal. The truancy data is reported in the Summer OASIS data collection in the SRM. ***If you need a login for SRM or need to reset your login information, email deed.srm@alaska.gov with your request.***
3. A district cannot submit their Suspension/Expulsion data until **all** non-correspondence schools within the district have passed the last student day on the school calendar that was submitted to the state for this school year.
4. The definitions section should be reviewed carefully.
5. There are edit checks built into the SRM system that will identify errors in your data. A complete list of errors and warnings are included in [Appendix A](#).
6. **If your district has no suspensions or expulsion to report in this school year, you will still need to upload a file into SRM. This file will contain the header row followed by one record with the number 0 entered into the Alaska Student Identification Number field (element 1) in the first row following the header. Uploading this simple file will notify the State that your district had no suspensions or expulsions in any school during this reporting year.**
7. If you have a record that receives a modified Action or Length after you submitted your file, contact Samantha Wilson at samantha.wilson@alaska.gov or (907) 465-2304 to notify the state of the modification.
8. If you have a Firearm incident, but there was no expulsion because the student was removed for other reasons such as death, withdrawal or incarceration, please contact Samantha Wilson at samantha.wilson@alaska.gov or (907) 465-2304 to report this incident. We do not believe that this scenario is happening often if at all, but want to give you an avenue for reporting this type of incident should it happen. The current data collection is not currently set up to allow for a record like this. We will make modifications to the data collection in future years if through your reporting it is learned that this is more common than anticipated.
9. The State Report Manager (SRM) system submission process can be found on the Department's website under Data Center. Select the [State Report Manager \(SRM\) User Guide](#) (education.alaska.gov/Stats/Guides/SRM_Guide.pdf) for complete directions for the SRM data submission portal.

SRM File Submission Instructions

1. Districts must submit a complete set of data elements as defined in this data handbook for each student who received a disciplinary action of **expulsion, in-school suspension or out-of-school suspension** at any point during the current school year. This data will be submitted through the online [State Report Manager \(SRM\)](https://srm.eed.state.ak.us/srm) (<https://srm.eed.state.ak.us/srm>).
 - The State Report Manager (SRM) is an online automated data collection process where the district will upload its data file and receive immediate data validation.
 - To accommodate the different computer systems in Alaska and to facilitate data reporting, districts have two file format options for reporting data:
 - Tab-delimited (.TXT) or zipped tab-delimited
 - Comma-separated (.CSV) or zipped CSV

For further instructions on submitting through SRM, please ***select the [SRM Guide](https://education.alaska.gov/Stats/Guides/SRM_Guide.pdf)*** (https://education.alaska.gov/Stats/Guides/SRM_Guide.pdf).

- Additionally, DEED provides a test environment for SRM at [SRM Test Site](https://srmtest.eed.state.ak.us/srm) (<https://srmtest.eed.state.ak.us/srm>). ***If you need a login for SRM or need to reset your login information, email deed.srm@alaska.gov with your request.*** Please note the Test Site and Live Site have different logins and are not connected to each other. If your district is unable to submit the file using SRM, contact Aiko Zaguirre at aiko.zaguirre@alaska.gov or (907) 465-8435 for assistance. If you have questions about how to report a specific incident, contact Samantha Wilson at samantha.wilson@alaska.gov or (907) 465-2304.
 - **Note:** Successful submission requires utilization of exact field names in the header. A list of the field names is located in [Appendix F](#). In addition, an Excel file containing the header field names may be downloaded from the [DEED Forms webpage](https://education.alaska.gov/forms) (education.alaska.gov/forms) under the Suspension & Expulsions Data Collection.
2. After the completed data file is submitted, you will immediately receive a validation summary report that lists errors that need to be corrected and warnings where verification is needed.
 3. Make corrections in the original file. See [Appendix A](#) for a list of validation rules and error message details.
 4. Re-submit corrections through SRM. Repeat steps 1-3 until data are free of errors.
 5. Certify/verify data are accurate through SRM.

Note: When a file is created using the Comma Separated Values format (CSV) and data fields contain commas, the integrity of the exchange file will be compromised.

A program uploading a CSV file interprets each comma as a field delimiter within each record and expects each record to contain the same number of commas. When a data field contains a comma, as in “Smith, JR.” the import program considers the comma between “Smith” and “Jr.” as the demarcation of a new field. The solution is to strip-out all commas at the same time the file is created. An alternative is to use tabs instead of commas as field delimiters.

REQUIRED	15	<p>Incident Number</p> <p>The school will create a unique number for each incident or event. The Incident Number allows multiple infractions or multiple disciplinary actions to be reported for the same student during the same event. It is a sequential number that increases each time a new event is entered. If a student has multiple infractions in the same event (e.g., fighting, drug use, etc.), multiple records may be entered to capture all infractions involved. Similarly, if a single incident result in multiple discipline actions (ISS, S or E) you may need to use multiple records to capture that data. The Incident Number must be the same for all records from one event indicating that they are all part of the same event.</p> <p>All fields except the Weapon ID, Other Weapon Description, Non-Weapon ID, Other Non-Weapon Description, Original action and Original Length and Notes must be the same for each record capturing the event. This includes the Discipline Modified, Modified Action and Actual Length since the consequence should reflect the whole event.</p> <p>If you have an incident that you are having difficulty reporting as a single incident due to multiple infractions and/or multiple disciplinary actions (ISS, S, E), contact Samantha Wilson at samantha.wilson@alaska.gov or (907) 465-2304 for additional guidance.</p> <p>FAQ 4 contains more detailed information about how to use the Incident Number field. FAQs are located at the end of the handbook.</p>

<p>REQUIRED</p>	<p>16</p>	<p>Weapon ID Indicate what, if any, weapon was involved in the incident. Enter code 29 if the incident did not involve a Weapon and report the Non-Weapon in the Non-Weapon ID field. Use the “Other” categories only if the weapon cannot be reported in one of the identified categories below. For example a bat or baton could easily be reported under the Club/Stick category. “Other” is a category of last resort and requires further description in the following field.</p> <p>See FAQ 5 for more information on how to report if multiple weapons were used in the same incident.</p> <p><u>Reporting Code and Description</u></p> <p>3 BB gun/Pellet gun (Weapon) 4 Bomb (Firearm) 5 Club/Stick (Deadly Weapon) 7 Knife with blade 2 ½ inches or longer (Deadly Weapon) 8 Martial Arts Weapon (Deadly Weapon) 9 Paintball Gun (Weapon) 15 Grenade (Firearm) 16 Mine (Firearm) 17 Rocket/Missile (Firearm) 18 Firecrackers (Weapon) 22 Handgun - automatic/semi-automatic/revolver (Firearm) 23 Rifle/Shotgun (Firearm) 24 Other Firearm - must specify a description in Other Weapons Description field (element number 17) 26 Other Deadly Weapon - must specify a description in Other Weapons Description field (element number 17) 27 Knife less than 2½ inches (Weapon) 28 Other Weapon – (not a firearm or deadly weapon) must specify a description in Other Weapons Description field (element number 17). <i>(Only use this code as a last resort; includes tasers and toy guns)</i> 29 None – no weapons were involved in this incident</p> <p>Notes: When entering the Weapon ID and original length of disciplinary action, keep in mind the distinctions made between a firearm and deadly weapon (noted in parenthesis in each weapon description above). By law, students caught possessing a firearm must be expelled for no less than one calendar year. Students caught possessing a deadly weapon must be suspended for a minimum of 30 calendar days.</p> <p>Knives/blades are coded under two different categories, one for blades 2 1/2 inches and longer (code 7) and one for knives/blades less than 2 1/2 inches (code 27). Any knife/blade coded as a 7 is considered a deadly weapon and must result in a mandatory 30-day suspension.</p> <p>Examples of Other Weapon (code 28) include toy guns and Tasers.</p> <p>The administrative officer of a school may, on a case-by-case basis, reduce or otherwise modify the expulsion or suspension of any student. If you have a Firearm incident, but there was no expulsion because the student was removed for other reasons such as death, withdrawal or incarceration, please contact Samantha Wilson at samantha.wilson@alaska.gov or (907) 465-2304 to report this incident. For example, ‘aggression’ could easily be reported under assault or fighting or bullying, harassment, intimidation depending on the nature of the aggression. “Other” is a category of last resort and requires further description in the following field.</p> <p>See FAQ 5 if multiple non-weapons were involved.</p> <p><u>Reporting Code and Description</u></p> <p>1 Assault 2 Alcohol 9 Fighting 10 Bullying, Harassment, Intimidation, and Cyberbullying (includes threats) 12 Other/Type Not Listed - must specify a description in Other Non-Weapons Description field (element number 19). <i>(Only use this code as a last resort.)</i> 16 Tobacco/e-Cigarettes/Vapor cigarettes 20 Illicit Drugs 21 Disruptive Behavior 22 Insubordination/Willful Disobedience 24 Obscenity/Profanity 25 Theft 27 None – no non-weapons infractions were involved in this incident 28 Attendance related (Tardy, Truancy, Skipping Class) 29 Vandalism 30 Dangerous Actions/Unsafe Behaviors not otherwise listed</p>
CONDITIONAL	19	<p>Other Non-Weapons Description If code 12 was reported in the Non-Weapons ID field (element number 18) you MUST provide a brief description of the incident in this field. <u>Do not use commas in your description or the term “other non-weapon” or “Other – Not Listed (Please Describe)”.</u></p>

Race/Ethnicity Codes – DEED Guidance

Beginning July 1, 2010, school districts nationwide were required to begin collecting, retaining, and reporting student level ethnicity data as prescribed by the U.S. Department of Education guidance published in the Federal Register October 19, 2007.

Educational institutions and other recipients will be required to collect racial and ethnic data using a two part question on the educational institutions' or other recipient's survey instrument. The first question would be whether their respondent is Hispanic/Latino. The second question would ask the respondent to select one or more races from the following racial groups

The information listed below is to provide guidance to the districts.

1. Collecting data
 - a. Two questions
 - i. Are you Hispanic or Latino? Yes/No
 - ii. Select races that you wish to identify with:
 1. African American
 2. American Indian/Alaska Native
 3. Asian
 4. Caucasian
 5. Native Hawaiian/Pacific Islander
 - b. Individual can check all that apply – “self-identification”
 - c. Encourage the opportunity to “re-identify” - change existing codes
 - d. Retain the individual records for future enforcement purposes - OCR
2. Reporting Data
 - a. Reporting Codes
 - i. African American
 - ii. American Indian/Alaska Native
 - iii. Asian
 - iv. Caucasian
 - v. Hispanic
 - vi. Native Hawaiian/Pacific Islander
 - vii. Two or more races
 - b. If Hispanic AND other race = Hispanic
 - i. (example: *Caucasian + Hispanic = Hispanic*)
 - c. Any other multiple identification, excluding Hispanic, coded as Two or More Races (example: *African American + Asian = Two or more races*)
 - d. If race/ethnicity is not chosen, “user identification” is employed – the person responsible for reporting chooses codes
 - e. Does not affect AMO subgroups as those are negotiated with the U.S. Department of Education in the state accountability plans

Appendix E: English Learner (EL)

A "English Learner (EL)" is one who meets the definition of EL in 4 AAC 34.090(2) and who has been determined to be EL based on the assessment of English language proficiency required under

4 AAC 34.055(c) to determine if the student is limited English proficient and has not yet met the criteria to exit EL status as described in 4 AAC 34.055(d).

Definition of an English Learner Student (4 AAC 34.090(2))

(2) "English Learner" means an individual

(A) who is between 3 and 21 years old;

(B) who is enrolled or preparing to enroll in an elementary school or secondary school;

(C) who falls into one or more of the following categories of individuals:

(i) an individual not born in the United States or whose native language is a language other than English;

(ii) a Native American, Alaska Native, or native resident of the outlying areas, who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or

(iii) an individual who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant;

(D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual the

(i) ability to obtain an achievement level that meets standards, as described in 4 AAC 06.739, on the state assessments in English language arts, mathematics, and science under 4 AAC 06.737;

(ii) ability to successfully achieve in classrooms where the language of instruction is English; or

4 AAC 34.055 Plan of service

(d) If under (b) and (c) of this section, a district identifies a student as an English learner eligible for services under this chapter, that pupil remains identified as an English learner until the student obtains, an overall composite score of 4.5 or higher on tier B or tier C of Assessing Comprehension and Communication in English State-to-State for English Language Learners (ACCESS for ELLs) if that is the approved assessment under (c) of this section. If an identified English learner has a disability that precludes assessment in one or more domains of ACCESS for ELLs, the identified English learner is eligible for alternate scoring under the department's Alternate Scoring Process Guide, 2021 edition, adopted by reference.

(e) A district shall monitor the academic progress of each student who had been identified as an English learner for four years after the student is no longer identified as an English learner. A former English learner is not required to participate in the annual English language proficiency assessment unless the district determines that a student's failure to make academic progress may be a result of a lack of English language proficiency and the pupil may need to be re-identified as an English learner.

 - a. No, the login credentials for reporting both the suspension and expulsions and the full-day unexcused absences have changed. You will use your assigned SRM credentials to do both reports. If you do not know your SRM login information, please email deed.srm@alaska.gov with your request.

General Questions

2. What if our district misses the June 30 reporting deadline?
 - a. Failure to report by the June 30th may result in withholding the district reimbursement of federal funds. The system will close at the end of the business day on June 30. Please contact Samantha Wilson at samantha.wilson@alaska.gov if you need assistance after the June 30 deadline.
3. I keep receiving errors because the student's name and Alaska Student Identification Number (AKSID) do not match. I don't have access to the AKSID database.
 - a. Please contact Samantha Wilson at samantha.wilson@alaska.gov for assistance in determining the correct AKSID. First, ensure the student's first name, last name and middle name do not include periods, commas or a name suffix.

Discipline Questions

4. What is the function of the Incident Number and how do I use it?
 - a. The Incident Number is a unique number assigned by the school that allows the linkage between all records that report information from the same incident. In most cases each record will have a unique Incident Number, but in cases where multiple Weapons or multiple Non-Weapons were part of the incident, multiple records will be needed to report all the information from a single incident. Each of those records from the same incident will have the same Incident Number.
5. How do I report a student who had multiple Weapons or Non-Weapons in one incident?
 - a. If the student had 2 or more weapons in the same incident, you must enter two or more records that are exactly the same, including the Incident Number with the exception of the Weapon ID. The first record will report one weapon, the following record (s) will report the additional weapons.
 - b. As with the weapons, if the student had 2 or more Non-Weapons in the same incident, you must enter two or more records that are exactly the same, including the Incident Number with the exception of the Non-Weapons ID. The first record will report one Non-Weapon, the following record (s) will report the additional Non-Weapons.
 - c. If the student had one Weapon and one Non-Weapon in the same incident, that can be reported in a single record.

6. If a student is involved in an incident with multiple weapons, how do I report the disciplinary action and length of action?
- If the incident involves a firearm or deadly weapon, the disciplinary action and length of action must follow the requirements of the law. If an incident involved a firearm and another weapon, the student **MUST** receive an expulsion of 365 days for the firearm. ***For reporting purposes, this is the one incident type in which you can report calendar days.***
 - If an incident involved a deadly weapon and another weapon, the student **MUST** receive a minimum 30-day suspension from school. If the incident involved a knife less than 2 ½ inches and firecrackers, the disciplinary action and length of action is based on school policy. ***Although you must meet Alaska state law, the Original and Actual Lengths must be reported in school days missed.***
7. A firearm requires a mandatory year-long expulsion. Is that a school year or calendar year?
- The Gun-Free Schools Act explicitly states that an expulsion shall be for a period of not less than one year (365 days).
8. I do not see a code for the Weapon or Non-Weapon used in the disciplinary incident.
- The Weapon ID and Non-Weapon ID elements each have a code for Other. If Other is selected, a description is required in the next column. Please use your best judgement to place the disciplinary incident in one of the available codes. “Other” or “Other/Type Not Listed” is not an acceptable description.
9. What happens if an incident occurs during summer school?
- If an incident occurs during summer school, unless the disciplinary action carries into the next school year, it does not need to be recorded. If it does carry into the next school year, the incident date will be the first day of school.
10. Is a Taser considered a deadly weapon?
- A Taser is not considered a deadly weapon. According to Alaska Statute 11.81.900, it is a “defensive weapon” not designed to cause death or serious injury. ***Tasers should be classified as “Other Weapon”, code 28.***
11. Why is a knife longer than 2 ½ inches considered a deadly weapon?
- DEED set the 2 ½ inch knife blade length to comply with the federal data reporting requirements by the U.S. Department of Education. The 2 ½ inch knife blade is the legal federal standard for Dangerous Weapon. (18 USC Section 930(g)(2))
12. What is a persistently dangerous school?
- Schools are designated as persistently dangerous by the State of Alaska based on the incidents reported involving disruptive or violent behavior. In determining the safety status of the schools in the state, the department uses the following formula:

Safety Status percent	=	Total days students were suspended for infractions involving a weapon or violence against a person	x	School size factor
		Total student population of the school x 170		

b.

If during the past years the school has experienced:	Then the school is a:
Three consecutive years with a safety status of less than 3%	Safe School
No more than one year with a safety status of 3% or greater	At-risk school
Two or more years with a safety status of 3% or greater	Persistently Dangerous

13. Can we use increments of 0.25 for discipline lengths?
a. No, the system will only accept 0.5 increments.

14. How do we report an incident involving e-cigarettes?
a. E-Cigarettes should be recorded in the Non-Weapon ID data element 18 under Tobacco/e-Cigarettes/Vapor cigarettes, code number 16.

15. How do we report incidents of expulsion or suspension if it occurred during summer school?
a. If an incident occurred during summer school, unless the disciplinary action carries into the next school year, it does not need to be reported to the department. If the suspension or expulsion does carry into the next school year, the incident date will be the first day of school. If incidents involve a firearm or deadly weapon, the original action and length will need to follow mandatory disciplinary actions (365-day expulsion for firearms and 30-day minimum suspension for deadly weapons). If part of the required suspension or expulsion was completed by the student during summer school, then the action and length of the suspension or expulsion can be modified to account for the number of days already served.

16. What is the difference between physical injury and assault?
a. Assault is a criminal action which **always** involves law enforcement and meets the criteria established in the definition of assault on page 5. ***If an incident constitutes Assault, data element 28, Law Enforcement, must be coded with a Y.*** Physical injury involves students, staff or others on school property that require professional medical attention. However, physical injury does not necessarily involve law enforcement or constitute a crime. For example, two students may mutually agree to fight and require stitches as a result. This incident should be coded as fighting (data element 18) with physical injury (data element 29).
