Grants and Contracts Accounting Updates

September 2017

National College Colors Day – September 1st

Get to know where the GCA staff graduated from. **Match** the accountant to their University. Each college may be used more than once. The answers can be found at: <http://www.ouhsc.edu/financialservices/GC/>.

We are still awaiting the new F&A rate from the DHHS DCA Office. We will let you know as soon as we have received a negotiated rate.

Campus Space

It is very important that you keep Facilities Management informed of any space changes. This includes renovations, release of space to other departments, addition of space, as well as change of personnel in that space. The accuracy of the space is vital during the calculation of the F&A rate and keeping rooms up-to-date makes it much easier than trying to make a large number of changes in our base year. Please note that each office should reflect the name of the person that actually occupies the room.

Routing Forms

On the routing form the departments are asked to “Select the Department/College that will be administratively and/or financially responsible for this agreement.” When completing this for a sponsored program, you must enter the department that will correspond to the financial chartfield you will be using. This is the department that we use to setup the award in Grants and Contracts and it is very important that the information be correct on the routing form.

Meet Duyen Nguyen, GCA Accountant. *Responsible for College of Allied Health, College of Dentistry, Cell Biology, Infectious Disease, Neurology, Neurosurgery, OBGYN, College of Nursing, Surgery Graduate College, Library, and Provost Office.*
