SDGs publication

Italy SDGs report

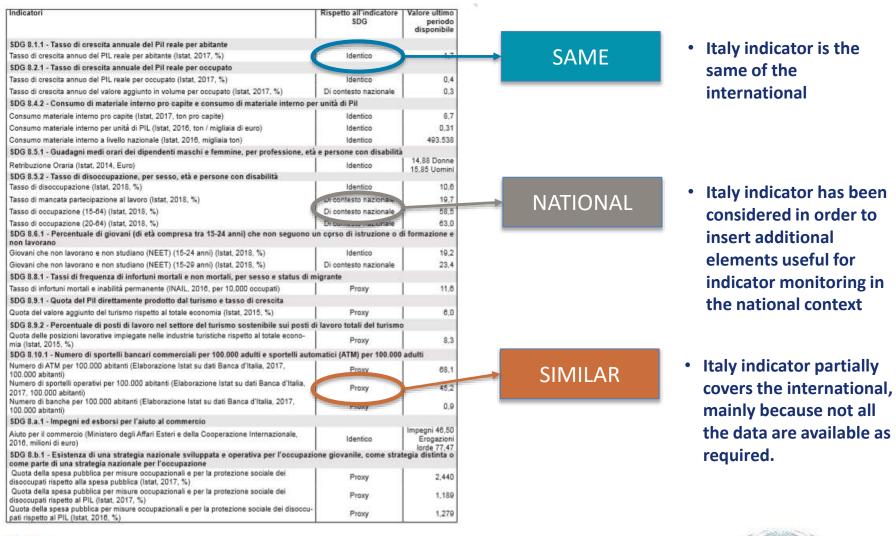

- Published on a yearly basis
- 123 indicators with 303 measurements:
 - **★**96 statistical measurements identical to those required by UN-IAEG-SDGs
 - **★117** similar or partial statistical measurements
 - **★**90 statistical measurements specific to Italian national context
- Available for download on Istat web site

Indicators details

 Istat periodically updates results collected in Italy for each of the 17 Goals

Goal 4 | xls | pdf |

Ensure inclusive and equitable quality education and promote life-long learning opportunities for all

Goal 5 | xls | pdf |

Achieve gender equality and empower all women and girls

Goal 6 | xls | pdf |

Ensure availability and sustainable management of water and sanitation for all

Goal 7 | xls | pdf |

Ensure access to affordable, reliable, sustainable and modern energy for all

Goal 8 | xls | pdf |

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Goal 9 | xls | pdf |

Build resilient infrastructure, promote sustainable industrialization and foster innovation

Goal 10 | xls | pdf |

Reduce inequality within and among countries

Goal 11 | xls | pdf |

Make cities and human settlements inclusive, safe, resilient and sustainable

Goal 12 | xls | pdf |

Ensure sustainable consumption and production patterns

Goal 13 | xls | pdf |

Take urgent action to combat climate change and its impacts

Goal 14 | xls | pdf |

Conserve and Sustainably Use Oceans, Seas and Marine Resources for Sustainable Development

Goal 15 | xls | pdf |

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Indicators reporting

Goal 15 - Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt bioditerrestre, gestire sostenibilinente is foreste, contrastare in desertificazione, arrestare e far retrocedere il degrado del terreno, e formare la pardita di diversità biologica

Indicator 15.3.1 – Proportion of land that is degraded over total land area

- For each analyzed indicator are reported:
 - ★ Value at national level
 - ★ Disaggregated values when available
 - Comparison with previous years

Monitoring the indicators

SDGs follow-up

- Istat-Sistan Information System for the SDGs allows analysis and monitoring at different level, from national to comune
- Istat will continue the analysis of the UN-IAEG-SDGs indicators:
 - with a inter-institutional approach
 - **★**Improving disaggregation and regional/comunal thematic analysis
 - ★ Taking into account indicators review, for mantaining comparison at international level
 - **★** Consider interconnection analysis for improving the knowledge of the vision, from global to comune level, integrated but concrete
