

Hurricanes at Home!

Webinars from the National Hurricane Center for 3rd – 8th Graders and Families

The National Hurricane Center will be conducting webinars about hurricanes that will focus on the job of a meteorologist, the weather hazards that come with hurricanes, and how meteorologists get you the weather information you need before a storm. These free one-hour events are geared toward 3rd through 8th grade students, and they're perfect for classrooms and families.

Webinars will be provided based on the schedule below, with registration links available below on page 2. Future info on the #HurricanesAtHome webinars will be available on NHC's social media accounts:
