APPLYING FOR DOJ FUNDING TIP SERIES

How to Submit an Application in JustGrants
In JustGrants, applicants will be notified instantly if an application was successfully submitted once they complete the Certify and Submit page.

If successful, a confirmation message will appear at the top of the page. However, if there are validation errors that need to be addressed, details will be displayed onscreen and will describe which sections of the application need to be reviewed. Access the new Application Submission: Validation Errors Quick Reference Guide for step-by-step instructions to resolve errors prior to submission.

Once an application has been successfully submitted, users will also receive a notification in the "bell" alerts confirming submission.

For more information on submitting an application, review Step 5 of the DOJ Application Submission Checklist and the Application Submission Job Aid Reference Guide.
