Dear Mr. Ruckelshaus:

I have recently become aware of the Teamsters' harrassment and violence toward the United Farm Workers in California. I would suggest the violence of the Teamsters be investigated and that the F.B.I. assist in protection of the Farmworkers as they seek opportunity to organize and to carry out their own activities as farm workers.

I am particularly referring to the Coachella area in California, but would also include and urge your protection of other areas in the country.

Sincerely,

Mr. William D. Ruckelshaus  
Acting Director of FBI  
9th & Pennsylvania Ave. NW  
Washington, D.C. 20535

Dear Mr. Ruckelshaus:

Equal protection under the law is being reduced to a myth in Coachella Valley California.

No manifestation of local law enforcement is willing to provide proper protection to the members of the United Farm Workers, to individual farm workers, and to other individuals, who are working to better the conditions of life for some of the most oppressed working people in the country.

Goon squads of thugs are engaged in terror tactics, physical force, and violence in an effort to totally destroy the United Farm Workers' program, no matter what the cost.

We as concerned citizens who fully support the right of these working people to organize and fight to improve their conditions without being subjected to physical harrassment and brutality, and with the full protection of the law, urgently request that you take immediate action to:

1. Stop the violence completely and at once.
2. Investigate, discover, and institute prosecution against those persons and organizations responsible for instigating the violence.
3. Take all necessary steps to insure proper functioning of local law enforcement agencies.

Sincerely,

Dear Mr. Kelley:

Congratulations on your appointment. I am sympathetic to the difficulties presented by the atmosphere under which you will, at first, work.

As a family doctor in Louisville and a Friend of the United Farm Workers, I've heard about violence against the striking farm workers in Coachella Valley, California. It is my understanding that goons have been sent by the Western Conference of Teamsters and are among those perpetrating this violence.

I am asking you to use your good offices to stop this violence.

TO : DIRECTOR, FBI

DATE: 10/24/73

FROM : *JAM/MS* SAC, NEW YORK (157-10394) (C)

SUBJECT: UNITED FARM WORKERS,  
19 WEST 34TH STREET,  
TELEPHONE NUMBER 594-0694  
EM - AMERICAN INDIAN MOVEMENT

ReMPairtel to Bureau, dated 7/2/73, captioned, "RAPID CITY WELFARE RIGHTS GROUP; CIR (OO: MP)."

The above-captioned name, address and telephone number was obtained by the Minneapolis Division from a notebook located in the course of the investigation of the Rapid City Welfare Rights Group. This group operated out of the Scott Mallow Community Hall, Rapid City, South Dakota, which had been used as a strategy area and starting point of a supply route for moving persons and supplies in and out of Wounded Knee.

A check of NYO indices reflected that the subject appears to be identical with New York closed file 92-3694, Bufile 92-8269, captioned, "POSSIBLE HOODLUM INFLUENCE IN THE ATLANTIC AND PACIFIC TEA COMPANY." The case file noted that numerous acts, consisting of fire bombings and damage to store windows, were suffered by the A&P Tea Company as a result of the United Farm Workers Union (UFW) Union receiving nationwide popularity and support from local political members.

The UFW office is located at 182 21st Street, Brooklyn, New York, with branch offices located in Manhattan, Bronx and Nassau County.

New York pending file 100-169939, Bufile 100-459771, captioned, "PEOPLE'S COALITION FOR PEACE AND JUSTICE (PCPJ)," indicated that the UFW attended a PCPJ meeting and had asked the PCPJ to endorse their lettuce boycott in the New York area. The PCPJ unanimously endorsed the UFW and agreed by voice to support its actions.

 OF UNITED FARM WORKERS (UFW); CIVIL UNREST.

ON OCTOBER 8, 1974, REV. RICHARD COOK ADVISED ST. LOUIS  
 POLICE DEPARTMENT THAT ST. LOUIS CHAPTER OF UNITED FARM WORKERS  
 WOULD STAGE DEMONSTRATION AT THE FEDERAL COURT HOUSE IN ST.  
 LOUIS, MISSOURI FROM TWELVE NOON, OCTOBER 10, 1974, UNTIL TWELVE  
 NOON, OCTOBER 11, 1974. HE STATED THE DEMONSTRATION WAS TO PROTEST  
 AGAINST FEDERAL JUDGE JAMES H. MEREDITH.

COOK MAY HAVE REFERENCE TO THE UFW'S LACK OF SUCCESS  
 IN GETTING JUDGE MEREDITH TO OVERRULE AN INJUNCTION AND  
 RESTRAINING ORDER AGAINST THE UFW ISSUED BY ST. LOUIS COUNTY  
 CIRCUIT JUDGE JOHN R. RICKHOFF. THIS LOCAL ORDER APPARENTLY  
 PREVENTS UFW FROM PROTEST PICKETING AT LOCAL SPECIFIED LIQUOR

**PROTEST DEMONSTRATION AT  
FEDERAL COURT BUILDING  
ST. LOUIS, MISSOURI  
OCTOBER 10-11, 1974  
SPONSORED BY ST. LOUIS CHAPTER  
OF UNITED FARM WORKERS (UFW)  
CIVIL UNREST**

On October 4, 1974, an article appeared in the St. Louis Post-Dispatch, which is a daily newspaper with general interest, indicating that two men were jailed in St. Louis at their own request after being arrested in a protest at the Target Store at 8020 Olive Street Road, St. Louis County, Missouri. The two men were arrested on charges of trespassing and were held overnight at the University City, Missouri, Jail.

These men were part of a group of about 40 supporters of the United Farm Workers (UFW) who had been passing out leaflets at the Target Store and urging shoppers to refrain from buying certain brands of grapes, lettuce, and wine.

The arrests were made at the University City Police Station after the protest had ended. The group of protesters had marched to the police station to ask why they had been photographed while talking to customers in the Target Store.

Police said members were photographed after they refused to identify themselves after attempts to question them at the store.

Richard Cook, director of the protest and boycott, said that the same group had been picketing and passing out leaflets at various shopping centers and businesses throughout the city and county without incident, and that the above arrests were the first of their kind.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

ENCLOSURE

155

PROTEST DEMONSTRATION AT  
FEDERAL COURT BUILDING

Captain Ralph Tackes of the University City Police Department was quoted as saying that the store managers had complained that the protesters were disturbing shoppers.

After the protesters who chose to depart were released by the police department, the group was disbanded. Six members of the group were ordered to appear in court in University City on October 16, 1974, where, the article indicates, they could be fined up to \$100.

The UFW, according to the paper, are charging that a contract signed by growers with the rival Teamsters Union is unfair. Their cause, led by Cesar Chavez, a farm labor leader in California, has attracted the support of many clergymen, according to this article.

On October 8, 1974, Reverend Richard Cook advised the St. Louis Police Department that the St. Louis Chapter of the UFW would stage a demonstration at the Federal Court House in St. Louis from 12:00 noon on October 10, 1974, until 12:00 noon, October 11, 1974. He stated that the demonstration might include a sit-in, and that the purpose of the demonstration was to protest against U. S. District Court Judge James H. Meredith. The reason for protesting against Judge Meredith was apparently for the purpose of objecting to his failure to act immediately on a complaint filed by them alleging that the University City, Missouri Police Department had violated their rights under the first and fourteenth amendments to the U. S. Constitution.

The protest and sit-in represents a possible violation of Title 18, U. S. Code, Section 1507, which relates to interfering with, obstructing, or impeding the administration of justice or attempting to influence a Federal Judge.

On October 8, 1974, the following individuals were notified of the proposed demonstration:

On October 8, 1974, an article appeared in the St. Louis Post-Dispatch indicating that 25 supporters of the UFW Union had filed suit challenging University City use of its trespassing law to restrict their picketing at the Target Store at 8020 Olive Boulevard, St. Louis County, Missouri.

The article indicates that in a suit filed recently in U.S. District Court 25 plaintiffs contended that the U.S. Constitution bars University City from threatening arrest or trespassing on protesters for discussing their views with shoppers "in a peaceful non-disrupting manner".

The article states that members of the group have attempted to express their views to fellow shoppers at the store on September 28 and October 3, 1974, but that they were "continually harassed" by policeman and officers of this store.

On October 8, 1974, [REDACTED] Of-  
fice of the Clerk of U.S. District Courts, St. Louis, Missouri, furnished a copy of a complaint filed in U.S. District Court at St. Louis, Missouri, on October 4, 1974, under number 74-697C (1), which set forth information which UFW alleged was in violation of their rights secured by the First and Fourteenth Amendments to the U.S. Constitution.

The complaint sets forth in specific detail UFW complaints regarding actions of the University City Police Department for interfering with their peaceful demonstration at the Target Store and "bad faith arrests" made by the University City Police Department.

The complaint concluded by praying that the U.S. District Court of St. Louis issue a declaratory judgement "that application of such trespass statute to plaintiffs who want to be able to discuss their views concerning non-U.F.W. grapes and lettuce to other persons in a peaceful non-disruptive manner in unconstitutional applications of 23-9, University

City Municipal Code and that the court issue temporary restraining order, preliminary injunction, and a permanent injunction against the defendants from so enforcing Section 23-9 of the University City Municipal Code".

On October 10 and October 11, 1974, observations were made at the site of the proposed demonstration described above. At 12:00 P.M. on Thursday, October 10, 1974, between 13 and 15 people were observed at the U.S. Court and Customs Building at 1114 Market Street. These individuals were observed to be carrying signs which read, "Support Farm Workers AFL-CIO, Don't Buy Grapes, Head Lettuce, Wine" and "Honk to Show Support". One sign was seen to read, "Boycott Grapes and Lettuce". These individuals walked back and forth in front of the building and stood around on the corners adjacent to Market Street. At no time was the U.S. Court and Customs Building entered by the demonstrators, and they took no action at anytime which could be considered disobedient or destructive. No arrests were made, and no injuries resulted from the demonstration. Leaflets were passed out describing their belief that they have been denied a fair hearing in court which they claimed was the result of Judge Meredith's refusing to grant the hearing in the matter of the complaint previously filed by them. One of the leaflets read on its face, "We are standing up for justice in the fields; won't you stand up for justice in your supermarket? Support United Farm Workers... Don't buy grapes, head lettuce, or gallo wines. Non-violence is our strength".

On October 11, 1974, an article appeared in the St. Louis Post-Dispatch which indicated that supporters of the UFW entered a day-long vigil and fast in front of the U.S. District Court House in St. Louis. Richard B. Teitelman, attorney for the protesters, said that U.S. District Court Judge James Meredith had refused to schedule an immediate hearing in the case on the grounds that such a hearing would not be proper while criminal cases in the matter were pending. The article indicated that Meredith officially denied the request for a quick hearing on October 11, 1974.

DETAILS

This is a limited investigation.

This investigation is predicated upon receipt of a letter from J. STANLEY POTTINGER, Assistant Attorney General, Civil Rights Division, who requested investigation be conducted into the arrests of United Farm Workers in Pecos and Reeves Counties, Texas. Reference was made to a letter written by ANTONIO ORENDALE. A copy of that letter is attached.

Edward Levi  
United States Attorney General  
Department of Justice  
Washington, D.C.

Dear Mr. Levi:

We would like to bring to your attention some disturbing events which have taken place near Pecos, Texas in the last three days. We request any assistance you can render to stop the violation of farm workers' rights that is going on there now.

On Wednesday, July 23 United Farm Workers organizers and supporters began picketing near melon fields in Reeves County, Texas. They were picketing peacefully on a public road, trying to inform field workers of the benefits of unionization, when they were arrested. More than thirty people were jailed, including three women and eight children. They were charged with criminal trespass despite the fact that the county surveyor and some of the growers in the area admit the road where picketing took place is public. A law student intern was arrested later that day when she went to the Reeves County jail to inquire about the charges.

The children, ranging in age from twelve to fifteen, were held for five hours in the adult section of the jail before bail could be raised. Nineteen men were forced to remain in jail for two days because no local bondsmen would agree to bond them. During that time the prisoners were denied breakfast in apparent retaliation for their having scouted slogans in support of a field workers' strike.

On Friday, July 25, a picket line was set up on a public road near melon fields in neighboring Pecos County. The picketers were accompanied by an attorney and several law students who hoped by their presence to prevent further arrests. Moments after picketing began all of the UFW supporters on the road, including the lawyer and law students, were arrested. They were given no warning or opportunity to leave to avoid arrest. Fifteen people are again charged with trespass, although their brief activity took place on a public road.

The actions of the Pecos and Reeves County sheriffs are clearly illegal. The sheriffs are using their powers as law officers to stop legitimate labor organizing activities and to interfere with the farm workers' First

United Farm Workers  
Page 2

Amendment rights. They must be called to account for their lawlessness before they succeed in crushing all UFW organizing efforts by their intimidating tactics.

We believe that national attention must be focussed on the developments in Pecos and national pressure must be brought to bear on Sheriff A.B. Nail of Reeves County and Sheriff C.S. Ten Eyck of Pecos County so that the law might be observed. We ask your help in achieving these two objectives.

Sincerely yours,

*Antonio Orendain*

[REDACTED] provided a list of names and addresses of individuals who were arrested by the Reeves County Sheriff's Office on July 23, 1975, on charges of Criminal Trespass. A copy of the list provided by [REDACTED] is attached.

[REDACTED] advised that the charges against those arrested in Reeves County are pending. Each adult arrested by his department was released on July 24, 1975, after posting \$400.00 bond. All individuals were charged with Criminal Trespass, with the exception of PAULA WADDLE CRUZ, believed to be a law student at the University of Texas, who was charged with hindering proceedings and disorderly conduct. She also was released on \$400.00 bond on July 23, 1975, after her arrest.

In addition to those adults arrested by the Reeves County Sheriff's Department, seven juveniles were also taken into custody. The ages of the juveniles range from 12 to 16. The juveniles were released after their arrest to the custody of a local Catholic Priest in Pecos, Texas. [REDACTED] advised that because of Texas State law, which prohibits the release of names of juveniles involved in criminal offenses, he could not provide any further information concerning their arrest.

[REDACTED] noted that none of the individuals arrested reside in Pecos, Texas. He further advised that ANTONIO ORENDAIN is from San Juan, Texas.

The cards obtained from [REDACTED] were made out on the day of the individual arrests and are considered as arrest reports.

[redacted] advised that sometime during July, 1975, a white male and a white female came to his office and requested information concerning roads located within Reeves County. He was not certain of the exact date in July, but it was during the time of the United Farm Workers protest and picketing.

After receiving the request from the white male and female, whose names he did not remember, he showed them a county map, which reflected all roads located in Reeves County. He determined that the two individuals were associated with the United Farm Workers and their request was to determine which roads in the county were private or public. The two individuals studied the map, but were unable to pinpoint the location of the picketing and protest to be held by the United Farm Workers.

[redacted] stated because the two individuals could not give the correct location and site of the protest and picketing, he could not provide them properly with the information they requested.

[redacted] further stated that he was not at the site of the picketing. He also stated that after being contacted by the two individuals described above, he received no further inquiries by any member of the United Farm Workers group.

[REDACTED], advised that prior to picketing and protest by the United Farm Workers in Pecos County on July 25, 1975, he met with two individuals, whose names he could not remember, who claimed to be an advance group for the United Farm Workers. The two individuals requested information concerning his policy of handling the picketing within his county. [REDACTED] told the individuals that he would cooperate with them as long as their picketing remains peaceful and no laws were violated.

[REDACTED] advised that the two individuals left his office apparently satisfied with his position concerning the planned picketing which was to take place on July 25, 1975. He had explained to the individuals that as long as their picketing took place on public property, he would not interfere with them in any manner.

[REDACTED] stated that the following individuals were arrested [REDACTED] on July 25, 1975, for criminal trespass because they left the county road and entered private property. The names and docket number are listed as follows:

[REDACTED] was telephonically contacted by Special Agent [REDACTED] of the Federal Bureau of Investigation on September 30, 1975. "San Juan, Texas

"I, [REDACTED], residing at [REDACTED], having been advised by Special Agent [REDACTED] Federal Bureau of Investigation, that any statement made by me can be used in court, do hereby make the following free and voluntary statement:

"On July 25, 1975, I was in Pecos, Texas, in connection with United Farm Workers (U.F.W.) organizing activities. Our headquarters were in Pecos, Texas, and we had been sleeping at a convent of the Catholic Church in Pecos.

On July 25, 1975, we got up at about 5:00 AM and about thirteen of us met at our headquarters. One group of organizers left with Mr. Orendain, and I went with the group being led by Mr. Armando Acosta.

"Our group drove into Pecos County, Texas, and went to a melon field, located on a dirt road in Pecos County, to talk to some workers. [REDACTED]

"We arrived at our location and were there about ten minutes when two patrol cars of the Sheriff's Office arrived. The Chief Deputy of the Sheriff's Office arrived and talked to Mr. Jim Douglas, an attorney with our group. We were then told by Mr. Douglas and the Chief Deputy to get into the patrol car. I was not told that I was under arrest. This occurred at approximately 7:00 AM.

"We were then taken to the County Courthouse

"in Fort Stockton, Texas. Prior to arriving in Fort Stockton, we transferred to the car of the Sheriff.

"Upon arrival at the courthouse, we were processed. I was told that I was charged with criminal trespass. The Sheriff read us our rights in English as a group. We all wrote statements and gave them to the Sheriff. We remained in a group all the time.

"Some of the people did not understand English and the Sheriff refused to give them their rights in Spanish. He said he did not know Spanish, and they would have to wait until a Spanish speaker arrived. The Sheriff said that somebody in the group who was bi-lingual should tell the Spanish speakers what their rights were.

"I assumed I was under arrest when I was told to get into the patrol car that morning, but was not formally advised until I was charged at the courthouse. I was not told by any of the deputies that I was trespassing.

"When the Sheriff was asked at the courthouse why the group had not been advised that they were trespassing, he said something to the effect, 'How can you advise a group?'

"After processing at the courthouse, we were transferred to the city jail. The jail was very cold, and the blankets were still damp from having been recently washed.

"We began singing songs, and the Sheriff and deputies said we were behaving like animals.

"The officers used profane language in our presence, but it was not directed towards me personally.

"Benigno Pena and Paula Cruz were both pushed by deputies. Roger Manne, who had the videotape equipment, was pushed by a deputy and his equipment was taken.

"One of the arresting deputies grabbed at my flag, at the arrest site, but I put it back in the car.

"Prior to being arrested, Armando Acosta, Benigno Pena, and Paula Cruz told us that we would be on public property. Acosta and Cruz had talked to officials in both counties to ensure that the U.F.W. would not violate any trespass laws.

"I have read the above statement, consisting of this and three other pages and it is true and correct to the best of my knowledge.

"I, Jose Henry Salazar, residing at P. O. Box 1493, San Juan, Texas, having been advised by Special Agent [REDACTED], Federal Bureau of Investigation, that any statement made by me can be used in court, do hereby make the following free and voluntary statement:

[REDACTED]

"On July 23, 1975, the U.F.W. was conducted organizing picketing in Reeves County, Texas. On the morning of July 23, 1975, I was with a group of U.F.W. pickets, picketing an onion field several miles south of the town of Pecos, Texas. We had about thirty people when we arrived. About seventy field workers joined us.

"We then formed a second group of about thirty people and then proceeded East on the gravel road on which we picketed the first field. We drove to a cantaloupe field, about three miles east of the onion field and then began to talk with the laborers in the field. We stayed on the road and the workers came out to talk to us.

"I was with the group of strikers at the cantaloupe field.

"We had been at the cantaloupe field for approximately two hours when a farmer drove up in a white pick-up truck and talked to Benigno Pena and asked what we were doing there. The farmer left after a short time.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

"A short while later, a Reeves County Deputy Sheriff, named Jenkins, drove up in a patrol car and said that he thought we were on private land. He said that it might be a good idea to leave until it was determined whether the land was public or private. We asked to show him a map which would indicate that we were on public land, but we found that we had left the map with the original group at the onion field.

"Paula Cruz was then sent to bring the map to him.

"While Paula Cruz was gone, another deputy, name unrecalled - possibly Ingrams, drove up. He said we were on private property and should leave.

"We told this deputy what we were doing and that we could produce a map showing that we were on public land.

"The deputy then said that if we did not leave in ten seconds, we would be arrested. He then began counting. He finished counting and said we were all under arrest. There were twenty-seven of us, consisting of three women, eight or nine children, and the rest were men. About ten or fifteen of the people who were arrested were people who had been working in the cantaloupe field.

"During the two hours that we had been at the field, there had been some movement of people between the two picketing locations.

"The two deputies made all twenty-seven people get in a pick-up truck belonging to one of the strikers and we then started to drive to the Sheriff's Office in Pecos, Texas. The truck was running badly, and a short while later, about ten miles north of the picketing area, we were met by Sheriff A. B. Nail in a pick-up truck. He took about ten people in his truck. Another deputy, Orquides, drove up in a squad car, and took about four people in his car.

"We drove to the Reeves County Courthouse and were booked into the jail at approximately 11:30 AM on July 23, 1975. The charges were criminal trespass. Bond was set at \$400.00 for each person. After booking, we were taken into the cell block. The men, women, and children were separated into groups.

"When we were put into the cells the men began shouting, 'Huelga!' and slogans and chants. Sheriff Nail came back into the cell-block and said, 'You can yell all day and all night, but you won't get fed all day and all night, either.' We were fed supper on the evening of July 23.

"We shouted and sang all night long after supper, and did not get breakfast on the morning of July 24, 1975. We were fed lunch on July 24, 1975.

"None of us were mistreated in any way. Benigno Pena and an old man refused to sign an Arrest Information Form and were placed in a cell together, but separate from the other prisoners.

"We were all released on bond at approximately 5:00 pm on July 24, 1975. Mr. Warren Burnett made bond for all of the men with the exception of one man who was bonded out by the Presbyterian Church in Pecos. The Odessa-Woodland Chamber of Commerce bonded out the women. The children had been released earlier into the custody of a Priest in Pecos.

"Prior to the picketing activities, the U.F.W. had held a series of meetings to plot strategy and to make sure that all picketing would be done on public property. We had maps and knew which roads were public and which were not. So far as I was concerned, we were on public property during all of our picketing activities.

"I have read the above statement which consists of this page and five other pages and it is true and correct to the best of my knowledge.

"I, [REDACTED], residing at [REDACTED], having been advised by Special Agent [REDACTED], Federal Bureau of Investigation (F.B.I.), that any statement made by me can be used in court, do hereby make the following free and voluntary statement.

"On July 23, 1975, I was picketing with the United Farm Workers (UFW) at the Duncan Farms near Saragosa, Reeves County, Texas. We were picketing the onion fields at Duncan Farms and all of the pickers joined the strike.

"I and some other organizers then drove east for about three miles on a blacktop road and found some workers harvesting melons. About twenty-three pickers joined the strike.

"We were there about a 1/2 hour or 45 minutes when a Deputy Sheriff drove up and told us we were on a private road. We disagreed with him because we had a county map from the Texas Highway Department which showed that we were on a public road.

About five or ten minutes later, the Chief Deputy drove up. He told us to leave and gave us ten seconds to do so. It was not possible for us to even load up the people in ten seconds. We were all then placed under arrest by the Chief Deputy who told everybody to get into my truck, a 1964 Chevrolet 1/2 ton pick-up truck. There were four organizers and 23 workers, including seven children, under arrest.

"The Chief Deputy then left for Pecos. We proceeded north to a point about 10 or 15 miles south of Pecos where we were met by the Chief Deputy in a pick-up truck, and he took about 10 people from my truck. Two U. S. Border Patrol cars and two deputies cars escorted us.

"Upon arrival at the courthouse, the Chief Deputy used rough language towards us and herded us around during the processing.

"After processing we were placed in the cells. One of the little girls was placed with some of the men in a cell. Her father was in the cell. The deputies removed her from that cell and placed her with the other children.

"We arrived at the courthouse at about 11:30 AM but were not fed lunch because the Chief Deputy said we were yelling too much.

"We were fed supper. We were not fed breakfast on July 24, 1975, because the Chief Deputy said we had yelled too much during the night. We were fed lunch on July 24, 1975.

"We were never advised of our rights, even during the time we were arraigned.

"Benny Pena and I were singled out to fill out the personal background sheets. We refused to fill them out at first, but did so after talking to our attorney, Jim Harrington. Nobody else was required to completely fill out the forms.

"We were released at about 5:00 pm, on July 24, 1975, on \$400 bond each. I feel that the bond was excessive.

"The children had been kept in jail for about three hours on the first day, and were released to the Catholic Priest, Father Jose Valadez, Pecos, Texas, pending release of their parents.

"No one was physically abused by the arresting officers, but I feel that I was wrongfully arrested and falsely accused of criminal trespass because I was on a public road at the time I was arrested.

"I, [REDACTED] having been advised by Special Agent [REDACTED] Federal Bureau of Investigation, that any statement made by me can be used in court, do hereby make the following free and voluntary statement:

On the morning of July 25, 1975, I was in Pecos County, Texas, in connection with picketing activities being conducted by the United Farm Workers (U.F.W.) organization.

"There were several individuals from the UFW and myself included in a group that was to picket fields located off the main highway between Cayanosa and Fort Stockton, Texas.

"My purpose in being with the U.F.W. group was to minimize confrontations between picketers and law enforcement personnel and to insure that the picketers were aware of what the law was pertaining to the conduct of their picketing and that the law enforcement personnel enforced the law with fairness and without undue force.

"After leaving the main road, we drove along a farm road, which was maintained by the county according to the map we had obtained from the county. As we drove along, I noticed some 'No Trespassing' signs staped to some power poles along-side the road and facing the road. These, to me, indicated that the fields, which bordered the road, were posted. There were no signs indicating to me that the road was private.

"When we came to the area we had planned to picket, Pecos County Sheriff's Deputy Paul (Last Name Unknown), was sitting in a car parked at the side of the road. It was light, but not yet sunrise. We parked about 50 yards in front of the deputy, and proceeded with the picketing activities.

"After two minutes or so, we got back into the cars and proceeded further along the road to another field and parked. Shortly after we had stopped, three Pecos County Sheriff's Office Cars arrived with their red lights flashing, and parked across the road from us. Dave Hill, the Chief Deputy, I believe, got out and told us all to get into the deputies' cars, that we were under arrest.

"I went over to remonstrate with Deputy Hill to let him know that we thought we were on public land, and if we were not, we were at least entitled to a warning so that we could leave, according to Texas statutes.

"Deputy Hill told me that he did not care who I was, to shut up and get in the car.

"Thirteen of us picketers were placed into two squad cars and were driven at high speeds, occasionally as high as 75 miles per hours, to Fort Stockton, Texas, the county seat of Pecos County. We were all charged with criminal trespass and released on the maximum bond (\$400.00 for each person). We were held one day in the city jail because the county jail was being repaired.

"It appeared to me that the picketeres were not arrested in accordance with Texas statutes. We were not given any warning by the deputies that we were possibly trespassing on private property, there were no signs indicating that we were on private property, and we were not given any chance to leave the property before being placed under arrest.

"It is my personal contention that the maximum bonds were placed on the strikers in an effort to

"break the strike. In effect, the maximum bonds did cause the U.F.W. to curtail some of its picketing activities, because the source of bond money had already posted approximately \$14,000 in bonds and hesitated to post any more beyond that amount.

"At no time did the deputies or arresting officers cause us any physical harm, but I personally believe that the arrests were not valid under Texas law. At no time did we enter any fields, We remained on the road or the shoulder of the road at all times.

"I have read the above statement, consisting of this page and three other pages, and it is true and correct to the best of my knowledge.

"October 10, 1975

"I, Antonio Orendain, residing at Rt. 1, Box 149-B, Alamo, Texas, which is also the headquarters for the United Farm Workers (U.F.W.), Alamo, having been advised by Special Agent [REDACTED] Federal Bureau of Investigation, that any statement made by me can be used in court, do hereby make the following free and voluntary statement:

"On July 23, 1975, I was in Pecos, Reeves County, Texas, in connection with organizing activities by the U.F.W. The U.F.W. had been conducting union organizing activities in the Pecos, Texas, area, since the last week of June, 1975.

"On the morning of July 23, 1975, the organizers assembled at approximately 7:30 AM, at 1003 East 3rd Street, Pecos, which was the address used as our headquarters. There were about ten or fifteen of us who met and then proceeded to a location twenty or thirty miles south of Pecos. We drove to an onion field located at the intersection of Farm Road 2448 and an unnumbered road. No Sheriff's Office vehicles were present when we arrived at the fields. We then began our picketing activities.

"Three of our organizers then proceeded due East on the same road for about three miles to a cantaloupe field.

"Sometime later we were notified that some workers in the cantaloupe field were joining the strike. I drove over to the cantaloupe field in the U.F.W. van and brought fifteen or twenty people back to the onion field.

"I then told Armando Acosta that we would have to go get our bus which was in Pecos.

"After we got the bus, and were returning to the picketing area, we observed a Sheriff's Office car and the pickup truck of Mr. Jesus Luna proceeding north on the main highway, about ten miles north of the picketing area. Mr. Luna's truck was filled with people who appeared to be farm workers.

"We proceeded on to the picketing area. At the onion field, all of the workers had joined in the strike. No one had been disturbed at this location by deputies of the Sheriff's Office or other law enforcement officers.

"I then sent two law students to Pecos to determine what had happened. I told everybody else to go on home.

"On the way back to Pecos, I was stopped by a Highway Patrol Officer, Texas Department of Public Safety, who checked my van. Everything in the van and my driver's license was all right, with the exception of the left high beam headlight which did not work. I was cited for the headlight at approximately 11:30 AM.

"While the ticket was being written, a man, apparently a farmer, stopped and asked who spoke English. I said that I did. The farmer then said, 'If you don't leave town, we'll kill you.' I called this to the attention of the Highway Patrol Officer who told me that the COUNTY Sheriff handled problems of that nature, not the Highway Patrol. He also told me that the farmer had a right to freedom of speech.

"After being cited, I drove on back to our headquarters.

"Some reporters told us that on their police monitors they had overheard several conversations between officers which in essence, indicated that the officers which, in essence, indicated that the officers wanted to 'get Orendain.'

"I told all of my organizers to respect private property lines and to obey all instructions issued by law enforcement officers.

"I was not present when the strikers were arrested on July 23, 1975, in Reeves County, and I therefore do not know exactly what happened to cause the arrests.

"On July 25, 1975, we moved our strike and organizing activities to Pecos County, Texas, which adjoins Reeves County on the Southeast. We met at the headquarters early and then drove from Pecos, Texas, on Highway 1450 to an area four or five miles South of the town of Cayamosa, Texas. There were about fifteen or twenty of us who left from the headquarters.

"One group of organizers dropped off early to go to one field, and I continued on with the rest of the organizers to a point a few miles north of Fort Stockton, Texas. We were going to picket a melon field located alongside the main highway. When we arrived at the field, two cars from the Pecos County Sheriff's Office were already there.

"Shortly after our arrival, two other Sheriff's Office cars came by and all four cars then proceeded north on the highway.

"Some time later, two or three Sheriff's Office and state cars returned, going south on the highway. The organizers from the first group were in the cars. I later learned that the first group had been arrested for trespassing.

"On July 24, 1975, another one of our organizers, Francisca Castillo Calderon had been arrested by the Pecos County Sheriff's Office, at the location at which I was picketing on July 25, 1975.

"Again I was not present when the organizers were arrested on July 25, 1975, and cannot say what led to their arrest.

2. On Friday, July 25, 1975, I went with approximately 14 other supporters of the United Farm Workers (farmworkers, organizers, and legal personnel) and members of the press to melon fields in Pecos County for the purpose of persuading farmworkers to join a strike for better working conditions and collective bargaining agreements. We turned off Highway 1776 onto a fairly wide, gravel topped dirt road about 7 a.m. We proceeded down the road about a mile, stopped, and for about three or four minutes half of the group stood on the side of the road and tried to persuade several truckloads of farm workers leaving for the fields not to go to work.

3. We proceeded down the road again for about half a mile and stopped where the same workers were getting off the trucks and beginning to pick melons.

4. I did not see a single sign anywhere on this dirt road indicating that it was private property or that we were trespassing. I assumed it was a public road for that very reason, and because the road appeared to be well maintained and well travelled.

5. Our cars were parked off the road on the strip of land approximately eight feet wide between the road and the irrigation canal that bordered the melon fields. We stood on that same strip of land with our United Farm Worker flags and talked to the farm workers starting to work in the fields. We were there about three or four minutes.

6. I was standing at the far right end of the group. I heard cars drive up and some kind of commotion. I looked to my left and saw two cars drive up at high speed and stop near me. I also noticed other cars driving up to the left of our group, but I'm not sure how many. I saw at least five deputies there over the course of the next few minutes.

7. I saw one deputy grab the blue knapsack belonging to a member of the press. I heard Jim Douglas, an attorney, and a deputy arguing about whether we were trespassing or not. I then heard Jim Douglas say "Alright. Lets all go and get in their cars."

8. Two deputies approached me and told me to get in their car, which I did.

9. From the time they drove up until the time I entered the car was about one to two minutes.

10. At no time was I told I was under arrest.

11. At no time was I told I was committing an offense, or what that offense was.

12. At no time was I warned that I was on private property.

13. At no time was I given a chance to leave the property.

14. At no time did I hear anyone else in the group being given any warning or chance to leave.

14. After we arrived at the Pecos County Courthouse to be processed, I heard Jim Douglas and the sheriff discussing the arrests. Jim Douglas informed the sheriff that under Texas law a trespassor was entitled to a warning before arrest if there were no signs indicating that the property was private, and should be allowed to leave the property first. The sheriff acknowledged both that fact and the fact that his deputies had given no such warning by saying "How can you warn a big group like that?", or something to that effect.

During my imprisonment on the 3rd floor of the jail, I was placed in a cell with four toilets, none of which worked. Blankets were not furnished for the bunks, and the single shower which was provided was in filthy condition.

Sheriff Nail denied us meals on at least 2 occasions. In all, I was fed two times in 30 hours.

I was required to fill out a Reeves County Arrest Form which asked information, such as service in armed forces, schools attended, and names of immediate family members, which I consider to be private and irrelevant to an arrest. Two men with me, Jesus Luna and Benigno Peña, were isolated in a separate cell because they refused to fill out these forms.

A deputy, whose name I did not know then and do not know now, was asked why we were denied breakfast. He replied, "If you want to act like animals, we'll treat you like animals." This was because we had yelled, "Huelga!"

Through a small hole in the wall of the cell, I saw someone cutting the hair of a Union worker, Ricardo Rodriguez.

By talking to the other non-Union prisoners, I learned that the cell had been emptied and readied for our arrests three days prior to the actual event. Mr. JAMES HARRINGTON, Attorney, American Civil Liberties Union, representing the United Farm Workers, furnished a copy of a statement made by [REDACTED] on July 23, 1975. The statement is set forth below:

---

Interviewed on 10/10/75 at SAN JUAN, TEXAS File # SA 44 2889

by SA [REDACTED] IES Date dictated 10/10/75

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

On 7/23/75 Union organizers began picketing at Duncan Farms near Saragosa, Texas, at the site of an onion field. Organizers then decided to leave that site and move down the road approximately 2 miles to a melon field called Cottonwood Farms. 27 individuals were arrested there for criminal trespass after a period of picketing.

Prior to the arrests I was at Cottonwood Farms on a road which I was standing with other organizers on what our information led us to believe was a county maintained road. We were relying on a certain Texas Highway Department map and on information from the county surveyor's office. I was attempting to keep some juveniles from even approaching the irrigation ditch that would normally mark the boundaries of private property.

I did at one point go a few hundred feet down a dirt road on the west side of the melon field. I went with a few other women to ask the workers seated there if they wanted to come out of the fields. I left the dirt road as soon as we were asked to do so by the man who appeared to be a field boss.

After a short while a deputy arrived. A discussion began about the public vs. private nature of the road. I left to get the above-mentioned map from a car located at Duncan farms.

When I returned to the melon field site, I saw about 25 people loaded in Jesus Luna's pick-up truck. Someone yelled out that they had been arrested and were on the way to the Reeves County Courthouse, so I decided to follow to observe the actions of the law enforcement officials.

We were proceeding down the road which passed by the onion field when we were stopped there by Department of Public Safety officials. I did not at that moment have my driver's license, because I was driving the car of one of the arrested people in Luna's truck. I was ticketed for failing to have a driver's license. I asked the DPS officer why we were being stopped and he said it was a routine driver's license check. I noted, however, that only the cars of Union people were being stopped. Several non-Union vehicles were allowed to pass without being stopped. Andy Snyder was told by the officer to drive since he did have a valid license in his possession. We proceeded into town.

I observed a string of vehicles, including county, DPS, and immigration cars, following Luna's truck which was so overloaded it could go only about 25 mph. The truck stopped twice to "check the rear wheels." Once I heard Domingo Peña tell the arrestees in the bed of the truck not to say anything except that they were strikers. The second stop was made so Peña could tell me to take off fast for Pecos to begin calling attorneys and media. I expressed a desire to stay with the caravan since I was the only non-police car. He decided that Luna's truck would be alright by itself. I returned to my car, and noticed Peña and some others being placed in the various police vehicles.

When I arrived at the Union office I found that the necessary contacts had already been made. I decided to go to the County Courthouse to observe the bookings. I realized well that my role would be

limited since I was not an attorney. But I was at that point the only "legal" person around.

I entered the Sheriff's office and asked Ingram what the charge was. He said it was criminal trespass. I think my next question was about the amount of bail. He then asked me if I were an attorney. He knew that I was not because I had not him previously to explain mine and the child's role. He remembered me well enough to call me [redacted]. I answered that of course I was not an attorney and was not pretending to be one. He said, "[redacted] you have to get out of here." He then pushed me out the door to the office and locked it.

One of the members of the film crew then advised me of the location of the juveniles. They pointed to a suite of offices I knew contained the county d.a., and county judge's offices. I found the juveniles in an adjoining room seated at a long table with forms in front of them. They were being watched by a young woman I recognized as a receptionist for the judge and d.a.

The form said at the top "Reeves County Arrest Form." It was an EX11 paper with many questions on it. I told the children in Spanish not to admit their guilt to anyone. I then began looking over the form and helping them fill it out. A man came in and told me to leave. I said I would help the juveniles with the form. He then closed the door to the office, and told the receptionist to call for a deputy.

Chief Deputy Cary Ingram came in. He told me that since I was not an attorney I would have to leave. I stated that I was not there as an attorney, but as an adult and friend to help the juveniles with the form. He said that a juvenile officer would come later to do that. He told me to leave. I said I would stay until the officer arrived. He asked me if I would leave and I said I would stay. He said I was under arrest.

Ingram then shoved me out into the receptionist area, across the foyer of the courthouse and into the sheriff's office. He told me I was charged with disorderly conduct, took my personal belongings, permitted me one telephone call, and took me to a third floor cell.

Two female strikers were in the cell. It was filthy with dust, cigarette butts, ashes and trash. Men were located in cells across and next to us. The door to our cell had two openings in it, which could not be closed. The urinal was located in front of that door. It was impossible for us to use the urinal without the men from the cell across the hallway observing us.

In a little while the three daughters of the two women joined us. We were offered lunch which the girls accepted, but we (adults) refused. The two strikers were very concerned about their children left at home. I learned that when they were arrested and booked no one inquired if they had small children at home who would be without supervision. A man who said he was a Juvenile Officer, John F. Lewis (Prill) appeared later and asked the woman who the girls' daughters could be referred to. They knew of no one. He returned to say that Sr. Fierro from Santa Rosa Church would take charge of them. He then took the girls out of the cell.

About two hours after my incarceration, I was in a group of 4

July 23, 1957

taken before Justice of the Peace Cliff Proclar for charging. I learned that I was being held for conduct interfering with a judicial proceeding, that my bail was \$400. In each case a woman translated the charge and the bail amount into Spanish.

When I was leaving the Sheriff's office, Greg Jones from the El Paso Times attempted to talk to me but the deputy would not allow it.

Later I was taken to be fingerprinted and photographed. I had to fill out the Reeves County Arrest Form. I inquired into my schooling, family, etc. As soon as I completed this process, I was taken downstairs where Kirk Purcell, rich with "Odessa Chamber of Commerce" money obtained my release. The officer responsible for my release was absolutely rude. He was abrupt in his speech and actions, and seemed to be personally angry with me. He at no time used abusive language. But he reinforced my feeling of relief at being out.

[REDACTED] was advised of the official identity of the interviewing Agent and that anything he might say could be used in a court of law. He declined to furnish a signed statement, but orally advised as follows:

[REDACTED]  
[REDACTED] There were approximately 40 people working in the fields at that time.

At approximately 8:00 a.m. on July 23, 1975, individuals representing the United Farm Workers (UFW) appeared on the road bordering the field in which he was working. They began shouting into the fields that the workers should join the strike by UFW. There were approximately 20 or 25 representatives of the UFW on the road.

Out of the crew in which he was working, everybody left and joined the strikers except about three people, they were [REDACTED] from San Juan, Texas. [REDACTED]

[REDACTED] name unknown. Most of the people left the field not because of the UFW urging, but because the owner of the truck began getting mad at the few workers who did leave and began swearing at them, so all of the workers left.

When the workers left the field they went out on the road and joined the strikers. They stayed on the road at all times. They moved down towards the other crew working in the field which had approximately 60 people in it and began shouting at them to join the strike. At about this time a Deputy Sheriff drove up and indicated that the road they were on was private property. The leader of the strikers, name unknown to [REDACTED] stated that he had checked the map on the road and it was public land. Another deputy came up and said that he would give them 10 seconds to leave inasmuch as the road was private property. He counted to ten and then arrested everybody. The deputies loaded all of the people into one truck and left the area and began driving into the town of Decos, Texas.

About halfway to Pecos another Deputy Sheriff drove up in a pickup truck and put some of the workers into his truck. They then drove on to Pecos, Texas, where everybody arrested was booked, fingerprinted and photographed. They were then placed into a cell and everybody began shouting. A Deputy Sheriff told them that if they kept shouting they would not get any food.

The UFW representatives kept on shouting, the workers did not because they had been working all morning and had not had lunch, and were hungry. Because of the shouting by the UFW representatives, the prisoners did not get supper. They did get breakfast the next morning at which point the UFW representatives began shouting some more. A deputy came in and told everybody to be quiet or they would get no lunch. Everybody quieted down, but no lunch was served.

Everybody was bonded out at approximately 5:30 p.m. The bond was made by an attorney, name unknown, who works for the UFW.

██████████ stated that the men were placed in one cell, the women were placed in another cell and the children were placed in yet another cell. The children were released to the custody of the local priest in Pecos, Texas, at about 2:00 or 3:00 p.m. on the day that everybody was arrested. His younger sister, 12 years old, was also arrested and she was released to the custody of the priest.

██████████ stated that at no time was he personally physically abused by any of the deputies, nor did he see anyone else abused.

He stated that he originally went to the fields to work, and when he joined the strike he did so believing that he would be on public land inasmuch as the road appeared to be a public road. He stated that he does not personally have any knowledge regarding any efforts made by any member

of the UFW organization to determine whether or not the road was public or private.

[REDACTED] stated that he had no additional information to furnish concerning this matter.

Dufiles reveal that the United Farm Workers (UFW) is affiliated with the American Federation of Labor-Congress of Industrial Organizations (AFL-CIO) under its president, Cesar Chavez. The UFW has furnished support to grape pickers and migrant farm workers to obtain labor contracts and better working conditions.

During 1966, the National Farm Workers Association merged with the United Farm Workers Organizing Committee and retained the latter name.

In response to an allegation that various officials of the National Farm Workers Association had subversive backgrounds, inquiries were made in 1965 which determined that while the union was not communist controlled, Communist Party members or sympathizers had furnished support to certain activities concerning a recent strike against grape growers in California.

The above information may be disseminated provided the FBI is not shown as the source.

TRANSLATI OF Letter TO: CESAR CHAV. FROM: TIRSO P. MELLOSA

Mr. Cesar Chavez,

Little leader of the lazy ones (OBSCENE) that don't want to work nor let others work. I believe that soon you'll have your better life. Why do you want better wages and better housing if very soon you're going to fuck your mother which is what <sup>you're</sup> looking for and what you soon will achieve "you little goat, 'cuckhold'" (OBSCENE). Even though Kennedy gave you \$50,000, you came too late to live like a rich man and to be the redeemer of the poor which there aren't any because every man who works in the field makes from \$15 - \$20 dollars which is enough and more than enough to go and to fuck old women. Well which of the hundred will have the chance to get that association of lazy (OBSCENE) people, I hope we get the most important ones. (We'll) Try Grenades or mortars because the machine gun makes too much noise and you may run away frightened.

To your better life.

T.P.M.

NOTE: The "OBSCENE" following certain passages means that in the context of the spanish sentence, such passages are obscene.
