

# UNITED FARM WORKERS of AMERICA AFL-CIO

1308 EAST FRANKLIN AVENUE

MINNEAPOLIS, MN. 55404 — PHONE: (612) 874-0123

To: Boycott Department

From: Sister Judy

Regarding: Sun World and Metzler  
Calls to Potential Unfair list  
Legal Department Memos

- (1) We are checking stores and have not found any Sun World and no Metzler. Kit Seawright, Vice-pres of Red Owl will write to them and will check her produce buyer to see if it is in their stores. H. Brooks Produce house says they haven't seen it for about two months. Both, they believe are out of season.

Erve Cell from Penny's said they would not advertize grapes for one week. I found out later that Country Club got the grapes that Penny's didn't sell that week. Red Owl said they would not advertize grapes because the season is over. Everyone speaks of the floods and their damage to the lettuce and the grower. I remind them that the Farm Worker suffers more than any one.

- (2) These people have agreed to call the growers on the potential unfair list.

Dave Brooks from H. Brooks Produce

(Erve Cell from Penny's buys from Brooks. Mr Cell said he tells Brooks to be cooperative with us .)

Doug Blumb, Produce buyer for Country Club

Mr. Montgomery, Director of Produce buying for Nash-Finch Co.

Kit Seairight, Asst. V.P., Consumer Relations for Red Owl Stores

Mr Hicks, General Director of Merchandizing for SuperValue wrote to Maggio-Tostado and Metzler but gave a less firm commitment to call the three on the potential unfair list.

- (3) The memos from the legal department were forwarded to our helpful lawyers who said they would pass on as much info. as possible.

Our supporters will be checking stores while I am gone to the AFL-CIO State convention in Rochester Minn. I will be back on LABOR DONATED Thursday and then see what they have found. If they have found nothing we will investigate George Ball and get on their back. Hope this report meets your expectations.

*S. Judy Scheckel*
