

## Chronological Table of U.S. Population Protected by 100% Smokefree State or Local Laws

October 1, 2024

Laws are listed by Effective Date of first 100% Smokefree Provision

Only municipalities and states with ordinances or laws that do not allow smoking in attached bars or separately ventilated rooms and do not have size exemptions are listed here.

**Note:** The jurisdiction(s) affected by county-level laws vary widely. Look for a plus symbol (+) next to each county with a law that includes *both* incorporated and unincorporated areas. A county without a symbol means that the county law covers unincorporated areas only.

Municipality	State	100% Smokefree Non-Hospitality Workplaces*	100% Smokefree Restaurants**	100% Smokefree Freestanding Bars	Smokefree Population
<b>1990:</b>					
San Luis Obispo	CA	5/20/2010	8/2/1990	8/2/1990	46,181

		77.5%	78.2%	66.8%	82.4%

**2015 Population Estimates provided by RPM Consulting, LLC using ESRI demographic data.**

\* Includes both public and private non-hospitality workplaces, including, but not limited to, offices, factories, and retail stores.

\*\*Includes any attached bar in the restaurant.

+ Law applies to both incorporated cities and unincorporated areas of the county.

~ This municipality enacted an earlier 100% smokefree law **which was in effect for some portion of time**, but was subsequently repealed, weakened, or postponed. The dates listed here are for the current 100% smokefree law.

N/A: By law, some cities and counties do not have freestanding bars; in these instances, we have put an N/A in the Bars column.

N/D: No known date for this law.

^ Total population and percent of population with a 100% smokefree law in workplaces and/or restaurants and/or bars.

- **American Samoa**, a U.S. territory, enacted a 100% smokefree restaurant law, which went into effect on 1/19/2011.

- **Commonwealth of Northern Mariana Islands**, a U.S. Commonwealth, enacted a 100% smokefree law for all non-hospitality workplaces, which went into effect on 9/29/2009. E-cigarette use is prohibited in all smokefree venues as of 2/11/2016.
- **Guam**, a U.S. territory, enacted a 100% smokefree law for all restaurants and bars, which went into effect on 1/1/2017.
- **Puerto Rico**, a U.S. Commonwealth, enacted a 100% smokefree law for all workplaces, restaurants, bars and casinos, which went into effect on 3/2/2007.
- **U.S. Virgin Islands**, a U.S. territory, enacted a 100% smokefree law for all workplaces, restaurants, bars and gaming, which went into effect on 2/1/2011.

Altogether, there are 22,747 municipalities covered by either local or state 100% smokefree laws in at least one of the three main categories (non-hospitality workplaces, restaurants, and bars). Since some have 100% smokefree coverage in more than one category, ***the numbers are not mutually exclusive***. Due to the possibility of overlap, it can be confusing to understand what each of the figures on our lists mean. ***Please give us a call if you need help determining the population with a particular type of 100% provision, or a particular combination of 100% provisions.***

ANR Foundation maintains a database of over 20,000 tobacco control laws in nearly 6,000 communities. We catalog laws regulating smoking and vaping in public places, e-cigarette and marijuana sales, and more. We work hard to get our data to researchers doing good work. For information about licensing our datasets, contact [TobaccoLawsDatabase@no-smoke.org](mailto:TobaccoLawsDatabase@no-smoke.org).
