

UK College of Nursing Dress Code

The University College of Nursing supports the expectation that staff and faculty maintain a neat and professional image. Faculty and staff are expected to wear their ID badge on the front upper torso at all times. All personnel are expected to maintain a clean and neat appearance. Business Casual is the dress code that is expected. Dress code standards may be updated at any time. If you have any questions related to the dress code, you can reach out to your supervisor. If you work in a clinical area you will be advised of that particular dress code.
