**Step 5:** Use the “Capacity Max” dropdown menu to change the capacity of the section.

The screenshot displays a web interface for managing class capacities. It is divided into two main sections: "Find a Class" and "Modify Capacities".

**Find a Class:**

- Year & Term: Acad Year 2021-2022, Fall Semester Aug-2021
- Course Subject & Number: ant 580
- Search button

**Modify Capacities:**

- Section: ANT 580 Section 001
- Capacity Opt: 10
- Capacity Max: 10 (dropdown menu is open)

The dropdown menu for "Capacity Max" lists the following values: 10, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25 (highlighted), 26, 27, 28, 29, 30.

**Note:** The capacity of a section can only go as high as the Screen 3 capacity that was set when the section was initially built in ZEVPLAN. If the capacity needs to be higher than what is available in the dropdown menu above, please contact Course Scheduling ([course.scheduling@uky.edu](mailto:course.scheduling@uky.edu)) for assistance.

**Step 6:** Select the new capacity for the sections and click “Save”.
