

USDA APHIS Tribal Nations Wild Cervid Chronic Wasting Disease Opportunities 2021 Cooperative Agreements

2021 Spending Plan

September 2021

2021 Spending Plans for the Tribal Nations Wild Cervid Chronic Wasting Opportunities 2021 Cooperative Agreements

USDA APHIS WS is awarding \$300,000 through Cooperative Agreements to seven Federally recognized Native American Tribal governments to combat CWD on Tribal lands across ten different states. These projects will allow recipients to further develop and implement CWD management, response, and research activities in wild cervids, including surveillance and testing. Funded projects are listed below.

Tribal Wild Cervid Management Projects		
Project Title	Entity	Funding Amount
Developing CWD Sampling Capacity and a Tribal Management Plan for the S'Klallam Tribes	Port Gamble S'Klallam Tribe	\$30,803.00
Michigan Tribal CWD Management	Bay Mills Indian Community	\$73,106.00
Chronic Wasting Disease Surveillance in Wild Deer on the Leech Lake Reservation, MN	Leech Lake Band of Ojibwe – Division of Resource Management	\$65,423.00
CWD Surveillance on Navajo Nation	Navajo Nation Department of Fish and Wildlife	\$75,000.00
Chronic Wasting Disease Awareness, Monitoring, and Surveillance	Oneida Nation – Oneida Conservation Department	\$10,820.00
Chronic Wasting Disease Surveillance on Fort Belknap	Fort Belknap Indian Community	\$16,659.00
Seneca Nation CWD Education, Awareness, and Monitoring Program	Seneca Nation Conservation-Fish and Wildlife Department (SNCFWD)	\$28,190.00
TOTAL		\$300,001.00
