Dear Mr. President:

On behalf of the American Association of University Women, may I express to you the appreciation of this Association for your recent executive order to strengthen enforcement procedures to protect women against discrimination in the Federal Government and in the employ of its private contractors.

This Association has a long history of involvement in the advancement of women. It will continue to urge them to develop their talents and to seek positions of responsibility. The firm resolve of the Federal Government to remove discriminatory practices should provide substantial encouragement to women to plan for administrative careers. Another great step has been taken toward the use of talented woman-power.

Respectfully yours,

Francena L. Miller
