

NDEE Program Acronyms

AC	Agricultural Chemicals	Secondary containment around agricultural chemical storage
ASB	Asbestos Abatement Remediation	Notification from facilities doing demolition and renovation involving asbestos
BF	Brownfields	Redevelopment of abandoned or underused industrial or commercial properties
CR	Continuous Release	Reporting of routine chemical releases
CHM	Chemigation	Responsible for protecting the irrigation water source from contamination by fertilizer or pesticides
CWSRF	Clean Water State Revolving Fund	Loans for wastewater projects
DEE	Dept of Environment and Energy	
DERA	Diesel Emission Reduction Act	Funds grants and rebates that protect human health and improve air quality by reducing harmful emissions from diesel engines
DESL	Dollar & Energy Saving Loans	Loans to assist in financing energy efficiency improvement projects for homes and businesses
DWF	Drinking Water Facilities	Review of plans and specs for Drinking Water facilities
DWP	Drinking Water Program	Compliance and permitting of drinking water facilities
DWSRF	Drinking Water State Revolving Fund	Loans for drinking projects
EA	Environmental Assistance	Assistance and coordination offered for environmental issues
ER	Emergency Response	
ESE	Environmental Safety Engineering	Engineering review for environmental safety of pools, mobile home parks & campgrounds.
ESP	Environmental Safety Program	Environmental safety of pools, mobile home parks & campgrounds.
FS	Fiscal Services	
GPU	Grants and Planning Unit	Grants for Litter Reduction and Recycling Program, Waste Reduction and Recycling Program
GW	Ground Water	Sites undergoing cleanup of groundwater under Title 118
HCP	Haul, Collect, and Process Tires	Grants for recycling all used, scrap, or unwanted tires
HR	Human Resources	
IWM	Integrated Waste Management	Facilities (landfills) for the disposal of municipal solid waste, construction and demolition debris, fossil fuel ash, and industrial waste
IT	Information Technology	
LGL	Legal	Program for Legal Enforcement
LST	Leaking Storage Tanks	Above or underground storage tanks of petroleum substances
LWC	Livestock Waste Control	Prevent the discharge of wastes from livestock operations to waters of the State
ME	Mineral Exploration	Permits for exploring for mineral resources such as sand, gravel, limestone
NPDES	National Pollutant Discharge Elimination System	Permit program that addresses water pollution by regulation point sources that discharge to waters of the state
OAT	Office Assistance Team	
OCP	Operator Certification Program	Certifications of wastewater treatment facility operators
OWT	Onsite Wastewater Treatment	Any type of individual septic tank or domestic lagoon Any facility that is not connected to a WWF plant
PCS	NPDES Permits and Compliance Section	Discharge of monitored pollutants to waters of the state: WWF for industrial or domestic wastewater. Remediation wells, discharge of cooling water, discharge of monitored pollutants from storm water or construction sites which are 5 acres or larger
PIO	Public Information Office	
POC	Pool Operator Certification	Certifications of pool operators

PRR	Petroleum Release Remediation	Petroleum release sites eligible for Title 200 reimbursement funds
PWO	Public Water Operators	Certifications for public water operators
RA	Release Assessment	Receives notifications of spills, leaks, and other environmental emergencies and provides technical assistance and regulatory oversight to those that pose an immediate hazard on either the environment or public health
RAP	Remedial Action Plan Monitoring	Voluntary cleanup of any site
RCR	Resource Conservation Recovery	Hazardous waste contamination of groundwater, soils, or other materials
RM	Records Management	
SRF	State Revolving Fund	Loans for wastewater and drinking water projects
SF	Superfund	Identifies, assesses, and characterizes sites where hazardous substances are known or suspected to pose a threat to the environment
STW	Stormwater	
SW	Surface Water	NE Surface Water Quality Standards: Title 117
TL3	SARA Title III Reporting	Voluntary reporting of hazardous chemical storage
TRI	Toxic Release Inventory	Provides information about toxic chemical releases
UIC	Underground Injection Control	Septic tanks that handle things other than domestic waste, or large capacity. Injection or discharge of monitored fluids into a well, including non-domestic wastewater and open loop heat pumps
VW	Volkswagen	
WHP	Wellhead Protection	Protection of public drinking water supplies through Wellhead Protection Area maps and plans
WWF	Wastewater Facilities	Review of plans for a change in sewers systems
WWP	Water Well Professionals	Licensing of water well professionals
WWS	Water Well Standards	Compliance and monitoring for the water well standards
