Your project may NOT be contracted for or undertaken prior to the Energy Office's approval.

If you do so, you will lose your eligibility to finance the project with a low interest loan.

You may accept a bid, contingent on the Energy Office's approval of your loan, to lock in the price, but you may not proceed with the work or contractually obligate yourself to proceed until your lender notifies you that the Energy Office has approved your project and committed funds to this loan.
