Public Housing Directors**

**Issued: July 30, 2010

Subject: Request for Applications under the Moving to Work Demonstration Program

1. Purpose

This notice offers eligible public housing agencies (PHAs) the opportunity to apply for admission to the Moving to Work (MTW) demonstration program. MTW allows PHAs to design and test innovative, locally designed housing and self-sufficiency strategies for low-income families by permitting PHAs to combine assistance received under Sections 8 and 9 of the United States 1937 Act (1937 Act) into a single agency-wide funding source and by allowing exemptions from existing public housing and Housing Choice Voucher (HCV) program rules, as approved by the Department of Housing and Urban Development (HUD).

The MTW demonstration program was authorized by section 204 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Public Law 104-134, 110 Stat. 1321-281) (Section 204 of the 1996 Act). Section 232, title II, division A of the Consolidated Appropriations Act, 2010 (Public Law 111-117, 123 Stat. 3105) (Section 232 of the 2010 Act), enacted December 16, 2009, authorizes this solicitation for applications from eligible PHAs.

Section 232 of the 2010 Act authorizes HUD to increase the number of existing MTW agencies by three, subject to the following requirements of the selected applicants:

1. The PHA is currently designated as a High Performing agency under the Public Housing Assessment System (PHAS), and
2. The PHA administers no more than 5,000 aggregate housing vouchers and public housing units.

Section 232 of the 2010 Act adds that no PHA granted the MTW designation per this solicitation shall receive more funding than it otherwise would have received absent this designation.

Based on the criteria of Section 232 of the 2010 Act and information available as of the date of this notice, HUD estimates over 1,500 PHAs are eligible to apply. As a result, HUD has instituted additional eligibility requirements for applicants to ensure the most qualified agencies

are selected. These additional criteria will also allow HUD to test important policy priorities of interest to the Department and the assisted housing community. These requirements are detailed in Section 3 below.

2. Background

The purpose of the MTW demonstration, as stated in Section 204 of the 1996 Act, is to give PHAs and HUD the flexibility to design and test various approaches for providing and administering housing assistance that:

- (1) Reduce cost and achieve greater cost effectiveness in federal expenditures;
- (2) Give incentives to families with children where the head of household is working; is seeking work; or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
- (3) Increase housing choices for low-income families.

Section 204 of the 1996 Act also requires MTW agencies to establish a reasonable rent policy designed to encourage employment and self-sufficiency by participating families.

In order to achieve the statutory purposes of MTW, the PHAs selected for participation in the MTW demonstration may request statutory and regulatory relief from public housing and HCV program rules, thereby providing them with considerable flexibility in determining how to use program funds to most effectively provide housing and related services to low-income families based on local strategies. HUD may allow PHAs to combine their operating, capital, and HCV assistance into a single PHA-wide funding source. For further information about the MTW demonstration and the specific programs of current MTW participants, please refer to the MTW website at www.hud.gov/mtw.

In 2008, HUD, in consultation with existing MTW agencies, developed a Standard MTW Agreement to provide consistent, clear, and standardized language for all MTW agencies, both current and potential. The Standard MTW Agreement emphasizes the importance of MTW agencies' obligation to report outcome information to HUD so it can evaluate the effects of MTW policy changes on residents, the agency's operations and the local community. PHAs selected under this notice must agree to execute the Standard MTW Agreement and provide information in accordance with approved reporting requirements as stated on form HUD-50900. Activities where PHAs may waive statute and/or regulation are provided in Attachment C of the Standard MTW Agreement. A copy of the Standard MTW Agreement is provided on the [MTW website](http://www.hud.gov/offices/pih/programs/ph/mtw/mtwsa.cfm) at <http://www.hud.gov/offices/pih/programs/ph/mtw/mtwsa.cfm>.

3. Statutory Requirements and Eligible Applicants

All applicants under this notice must meet the requirements included in Section 204 of the 1996 Act and Section 232 of the 2010 Act. Additionally, applicants must meet the eligibility criteria

set forth by HUD and be willing to test policy priorities defined by the Department. Applicants should be aware that HUD's generally applicable nondiscrimination and equal opportunity requirements at 24 CFR 5.105(a) apply to MTW.

Requirements of Section 204 of the 1996 Act

All participants in the MTW demonstration must meet the following requirements, as specified in Section 204 of the 1996 Act:

- (1) Ensure that at least 75% of the families assisted by the PHA under the demonstration will be very low-income families (i.e., families with incomes of less than 50% of area median income) at the time they initially receive housing assistance under the demonstration;
- (2) Establish a reasonable rent policy that is designed to encourage employment and self-sufficiency on the part of participating families;
- (3) Continue to assist substantially the same total number of low-income families under the demonstration as would have been served had the PHA not participated in MTW;
- (4) Maintain under the demonstration a comparable mix of families, by family size, as would have been assisted had the PHA not participated in MTW;
- (5) Assure that housing assisted under the demonstration meets housing quality standards established or approved by HUD; and
- (6) The following Sections of the 1937 Act shall continue to apply:
 - (a) The terms "low-income families" and "very low-income families" shall continue to be defined by reference to Section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2)).
 - (b) Section 18 of the 1937 Act (42 U.S.C. 1437p, as amended by Section 1002(d) of Public Law 104-19, Section 201(b)(1) of Public Law 104-134, and Section 201(b) of Public Law 104-202), which governs demolition and disposition, shall continue to apply to public housing notwithstanding any use of the housing under MTW.
 - (c) Section 12 of the 1937 Act (42 U.S.C. 1437j), governing wage rates and the community service requirement, shall apply to housing assisted under MTW, other than housing assisted solely due to occupancy by families receiving tenant-based assistance.

Eligible Applicants

In order to be considered eligible for participation in the MTW demonstration under this notice, a PHA must, as of the date applications are due, meet the following requirements, as specified in Section 232 of the 2010 Act:

- (1) Current PHAS score of 90 or above, and
- (2) No more than 5,000 total public housing units and HCVs.

The PHA must have, as of the date applications are due, met the following requirements set forth by HUD:

- (1) Reporting rate in the Inventory Management System-Public and Indian Housing Information Center (IMS-PIC) of at least 95% of households in both the public

- housing and HCV programs;
- (2) All required submissions into the Voucher Management System (VMS) must have been submitted and up-to-date;
 - (3) All required submissions for the preceding three fiscal years into the Financial Assessment Sub-System (FASS-PH), Financial Data Schedule (FDS) must have been submitted;
 - (4) Absence of unaddressed findings from Inspector General (IG) audits, Independent Public Accountant (IPA) audits, Fair Housing and Equal Opportunity (FHEO) reviews, Tier I or II reviews, Rental Integrity Monitoring (RIM) reviews, American Reinvestment and Recovery Act (ARRA) monitoring, litigation, or from any other on-site or remote reviews;
 - (5) Obligation and expenditure of Capital Fund Program (CFP) grants awarded in the past three years in accordance with the requirements of Section 9(j) of the 1937 Act, if applicable;
 - (6) Compliance with the Enterprise Income Verification (EIV) for tenant income verifications, reexaminations, and recertifications as required by the December 29, 2009 Final Rule (74 FR 68923); and
 - (7) Obligation and expenditure of ARRA grants, if applicable, in accordance with ARRA requirements, including all reporting requirements.

The PHA must be willing to test two policy initiatives if it receives an MTW designation. The policy initiatives are:

- (1) Rent Reform Controlled Study – HUD is interested in rigorously testing the effects of alternate rent strategies. By submitting an application in response to this notice, applicants certify an alternate rent strategy will be designed and implemented via MTW within two years of the execution of an MTW Agreement with HUD. As part of the study, applicants agree to institute a random assignment process for participants to treatment and control groups to address research standards.
- (2) Pilot Agency for Preservation, Enhancement, and Transformation of Rental Assistance (PETRA) – The Department is working with Congress to pass legislation, entitled Preservation, Enhancement, and Transformation of Rental Assistance (PETRA), which aims to streamline many of HUD's existing rental programs into one rental program. By submitting an application in response to this notice, applicants are certifying that if their MTW application is approved they will apply to participate in the first available round of PETRA implementation, pursuant to the passage of said legislation.

After considering the applications received from PHAs, HUD will select PHAs for participation in the demonstration under the requirements of Section 204 of the 1996 Act. PHAs selected for participation in MTW agree to execute the Standard MTW Agreement (see attached) and provide information in accordance with approved reporting requirements.

Non-Eligible Applicants

Applications from single PHAs must meet the above eligibility requirements. Applications

submitted by multiple PHAs or from a consortium of PHAs will not be considered, nor will applications from Section 8-only PHAs or from public-housing-only agencies.

If you, the applicant:

(1) have received a charge from HUD concerning a systemic violation of Title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 (42 U.S.C. 3601 et seq.)(Fair Housing Act) or have received a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of a substantially equivalent state or local fair housing law proscribing discrimination because of race, color, religion, sex, national origin, disability or familial status;

(2) are a defendant in a Fair Housing Act lawsuit filed by the Department of Justice alleging a pattern or practice of discrimination or denial of rights to a group of persons raising and issue of general public interest pursuant to 42 U.S.C. 3614(a);

(4) have received a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of provisions of a state or local law proscribing discrimination in housing based on sexual orientation or gender identity; or

(5) have received a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of a state or local law proscribing discrimination in housing based on lawful source of income; and

(a) If the charge, cause determination, lawsuit, or letter of findings referenced in subparagraphs 1, 2, 3, 4, or 5 above has not been resolved to HUD's satisfaction before the application deadline, then you, the applicant, are ineligible for funding. Notwithstanding the civil rights certifications of the applicant under Attachment C, HUD will determine if actions to resolve the charge, cause determination, lawsuit, or letter of findings taken before the deadline are sufficient to resolve the matter.

Examples of actions that would normally be considered sufficient to resolve the matter include, but are not limited to:

- (i) Current compliance with a voluntary compliance agreement signed by all the parties;
- (ii) Current compliance with a HUD-approved conciliation agreement signed by all the parties;
- (iii) Current compliance with a conciliation agreement signed by all the parties and approved by the state governmental or local administrative agency with jurisdiction over the matter;

- (iv) Current compliance with a consent order or consent decree; or
- (v) Current compliance with a final judicial ruling or administrative ruling or decision.

5. Selection of MTW Participants

HUD reviews applications and determines eligibility of applicants as of the application due date. The criteria HUD uses to determine eligibility are:

- (1) Applicant's PHAS score must be 90 or above. HUD reviews the PHA's submission information against the most recent score shown in the Integrated Assessment Subsystem ("NASS") to verify the score.
- (2) Applicant must have no more than 5,000 total public housing units and HCVs, as defined in this notice. HUD reviews the PHA's submission information against information in IMS-PIC, as well as other documentation available to HUD, to verify that public housing units are under an ACC. HUD will review the PHA's submission information against information in both IMS-PIC and VMS, as well as other documentation available to HUD, to verify HCV funding under an ACC.
- (3) Applicant must meet the 95% reporting threshold in IMS-PIC of the public housing and HCV programs. HUD confirms compliance through information in IMS-PIC.
- (4) Applicant is current on all required submissions into VMS. HUD confirms through VMS and in consultation with the Office of Public Housing and Voucher Programs and local field office.
- (5) Applicant is current with FASS-PH (FDS) for the preceding three fiscal years. HUD confirms compliance through FASS-PH (FDS) and consultation with the Real Estate Assessment Center (REAC) and local field office.
- (6) Applicant must not have any unaddressed findings as a result of IG audits, IPA audits, FHEO reviews, Tier I or II reviews, RIM reviews, ARRA reviews, monitoring, litigation, or from any other on-site or remote reviews. HUD confirms existence of unaddressed findings through local field office records and other applicable HUD records.

HUD confirms EIV compliance through REAC records, local field office records, and the PHA's most recent IPA audit.
 - (9) If applicable, obligation and expenditure of ARRA grants (both competitive and formula) in accordance with ARRA's requirements, including reporting requirements. HUD verifies through field office and/or capital fund records.
 - (10) Applicant certifies design and testing of an alternate rent policy within two years of execution of its MTW Agreement, including utilization of a control group to meet research standards of the alternate rent policy.
 - (11) Applicant certifies submission of an application in the first available round of PETRA implementation, pursuant to passage of PETRA legislation.

Selection of agencies to participate in the MTW program does not include approval of a site for development, rehabilitation or construction. HUD will review proposed new construction, rehabilitation and acquisition projects with respect to the site and neighborhood standards at 24 CFR 941.202 or 983.57. Design and construction must meet the Department's accessibility standards in accordance with applicable requirements pursuant to the Fair Housing Act, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act and the Architectural Barriers Act. Proposed projects or sites are subject to environmental reviews, as noted in Attachment B, under the Annual MTW Plan Certifications of Compliance, and as required by 24 CFR Part 50 or 58.

Application Evaluation Criteria

Section 204 of the 1996 Act directs HUD to evaluate MTW applications on the basis of a PHA's relative public housing management performance; a PHA's potential to plan and carry out a program under the demonstration; and other factors to be determined by HUD. Accordingly, HUD evaluates applications based on the four criteria set forth in Attachment C of this notice. Each criterion includes a description, the number of points attributed to each criterion and sub-criterion, and the primary location or locations in the submission requirements set forth in Section 4 of this notice. PHAs address the relevant criteria in those locations to ensure complete reviews. HUD reserves the right to review applications in entirety, consider all submitted information and confirm as noted.

Selection Process

HUD evaluates, scores, and ranks complete applications using the point values assigned to the evaluation criteria set forth in Attachment C. HUD reserves the right to limit the size or scope of a PHA's proposed program if proposed activities are not allowed under law or if it is determined in HUD's sole judgment that such limitation is in the best interests of the MTW demonstration and/or public housing and HCV programs. HUD selects only PHAs meeting requirements of

Section 232 of the 2010 Act and other HUD eligibility criteria as stated above, in accordance with the requirements of Section 204 of the 1996 Act.

If a scoring tie should occur that affects HUD's ability to select the three highest scoring applications, HUD will utilize the following tie-breakers to finalize the selection process:

- Points received by each agency under Capability criteria, item b, as listed in Attachment C to this notice;
- Points received by each agency under Capability criteria, item c, as listed in Attachment C to this notice;
- Points received by each agency under Feasibility of the MTW Plan criteria, item c, as listed in Attachment C to this notice; and

After exhaustion of the preceding measures without adequate resolution of the scoring tie, a successful applicant is chosen by blind random selection.

HUD provides applicants a copy of the total average score received by their application and the average score received for each of the evaluation criteria.

If selected, a PHA may not combine different types of HUD assistance or invoke any MTW waivers of statute or regulation prior to the execution of the Standard MTW Agreement. Waivers of program requirements through an MTW Agreement are narrowly tailored specific to the MTW plan and are limited to the term of the demonstration. Waivers of fair housing and other civil rights requirements or waivers of requirements outside of the 1937 Act require reviews and concurrences by offices outside of the Office of Public and Indian Housing. At all times during the demonstration, participating PHAs must comply with any HUD requirements governing the use of HUD assistance in the demonstration, including management, financial, accounting, or other requirements designed to adequately track and monitor the PHA's use of HUD assistance.

Affirmatively Furthering Fair Housing (AFFH)

Section 808(e)(5) of the Fair Housing Act imposes a duty on HUD to affirmatively further the purposes of the Fair Housing Act in its housing and urban development programs. Accordingly, HUD requires recipients of HUD funds, including those awarded and announced under HUD's FY2010 funding notices not specifically exempted, to take affirmative steps to further fair housing. Your application must discuss how you are going to carry out your proposed activities in a manner that affirmatively furthers fair housing.

Prior to the execution of the MTW Agreement, and in support of its civil rights certification under Section 5A of the 1937 Act and the affirmatively furthering fair housing certification in the MTW Annual Plan, a successful applicant will discuss how they are going to carry out proposed activities in a manner that affirmatively furthers fair housing.

To affirmatively further fair housing, the applicant's proposed activities must help overcome impediments to fair housing choice that are identified in the "Analysis of Impediments to Fair

Housing Choice” produced by the state and/or local government(s) in which program activities occur, the effects of those impediments, and any other impediments in housing or urban development activities applicants may identify. Further, your proposed AFFH activities must be consistent with your agency’s civil rights certification under Section 5A of the 1937 Act and supporting analysis of impediments and corrective implemented activities as required under 24 CFR 903.7(o). In addition, the proposed activities must address at least one of the following objectives: (1) help overcome any impediments to fair housing choice related to the assisted program or activity itself; (2) promote racially, ethnically, and socioeconomically diverse communities; or (3) promote housing-related opportunities that overcome the effects of past discrimination because of race, color, national origin, religion, sex, disability, and familial status.

HUD encourages applications from PHAs that participate in regional fair housing strategies to overcome patterns of segregated housing, including the effects of formerly de jure segregated public or assisted housing, and to facilitate more integrated living patterns.

For example, for programs that focus on rehabilitation or new construction of housing, activities that affirmatively further fair housing include those that: (1) ensure that housing is sited in a manner to enhance racial or ethnic diversity; (2) ensure that housing units are affordable to persons of low, very low-and moderate income; (3) to the extent permitted by program requirements, ensure that buildings and housing units are accessible and visitable by people with disabilities; (4) to the extent permitted by program and relocation assistance requirements, ensure that any existing residents relocated to facilitate construction are afforded preference or first right of refusal for the new units; and (5) ensure that the units are placed in an area of opportunity, which includes factors such as access to employment centers, effective schools, health care facilities, social services, and public transportation. New construction activities must refrain from geographically concentrating housing for persons with disabilities. Such housing must be placed in the most integrated setting appropriate to the needs of qualified individuals with disabilities. See other examples of affirmatively furthering fair housing in section 5(b), contained in pages 22-24 of HUD’s Fiscal Year (FY) 2010 Notice of Funding Availability (NOFA) Policy Requirements and General Section to HUD’s FY2010 NOFAs for Discretionary Programs (General Section).

6. Paperwork Reduction Act

The OMB control number is 2577-0216. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.
