

Childhood Immunization Record Cards

An immunization record should be given to a parent every time their child receives a vaccine, including at birth. Parents should receive a printout or other record of the vaccinations administered to their infant before the infant leaves the hospital.

Official immunization record cards can be obtained from many state health departments free of charge.

- ▶ Phone numbers of state immunization programs are listed online at www.immunize.org/coordinators.
- ▶ Childhood immunization record cards (see image below) are also available for purchase from the Immunization Action Coalition at www.immunize.org/shop/record-cards.asp. Sample record cards are available upon request.

Vaccine	Type of vaccine	Date given mo/day/yr	Healthcare professional or clinic	Date next dose due
Hepatitis B (HepB, Hib-HepB, DTaP-HepB-IPV, HepA-HepB)				
Diphtheria, Tetanus, Pertussis (DTaP, DTP, DT, Td, Tdap, DTaP-HepB-IPV, DTaP-IPV/Hib, DTaP-IPV, DTaP/Hib)				
Other
