

# Vaccinating Adults: A Step-by-Step Guide

## STEP 1: GETTING STARTED

<b>The Basics</b>	<b>1–6</b>
▶ Why the emphasis on adult vaccination?	3
▶ How do I determine which vaccines adults need?	5
▶ The <i>Guide</i> does not discuss vaccines for children or travelers	6
▶ Concluding thoughts	6
<b>Key Resources</b>	<b>7–13</b>
Step 1 – Materials and Resources for You to Use (websites)	7
<i>IAC Express</i>	9
Immunizing Adult Patients: Standards for Practice	10
Strategies to Improve Adult Vaccination Coverage	11
<i>Epidemiology and Prevention of Vaccine-Preventable Diseases</i> ("The Pink Book")	12
<i>The Vaccine Handbook: A Practical Guide for Clinicians</i> ("The Purple Book")	13

## STEP 2: SETTING UP FOR VACCINATION SERVICES

<b>Step-by-Step</b>	<b>15–22</b>
▶ Obtain support and cooperation from clinic staff and management	15
▶ Seek out community resources	16
▶ Assign a vaccination coordinator and back-up for that person	16
▶ Plan workflow and workspace	17
▶ Determine how and where vaccines will be stored, and purchase appropriate vaccine storage and temperature monitoring equipment	17
▶ Purchase vaccine administration supplies	17
▶ Purchase emergency response supplies	18
▶ Determine who can provide vaccinations in your setting	18
▶ Arrange for staff training	18
▶ Organize vaccination paperwork and reference materials	19
▶ Create standing orders documents for times when a supervising clinician is not available to write orders	20
▶ Order vaccines – Yes, do this last!	21

STEP 2 CONTINUES ON NEXT PAGE ►

**STEP 2** CONTINUED FROM PREVIOUS PAGE

<b>Key Resources</b>	<b>23–27</b>
Step 2 – Materials and Resources for You to Use (websites)	23
Supplies You May Need at an Immunization Clinic	24
Vaccine Information Statements (VISs) and Translations	25
10 Steps to Implementing Standing Orders for Immunization in Your Practice Setting	26
Standing Orders Templates for Administering Vaccines to Children/Teens and Adults	27

**STEP 3: VACCINE STORAGE AND HANDLING**

<b>Step-by-Step</b>	<b>29–35</b>
▶ Receive vaccine shipments	30
• Open package immediately	30
• Assess for proper storage conditions of the vaccine shipment upon arrival	30
• Store vaccines immediately at the recommended storage temperature	31
• Know where to place vaccines within the refrigerator or freezer	32
▶ Monitor and record temperatures at least twice each day	32
• Choosing thermometers	33
▶ If there's a problem, take appropriate action right away; report power failures or other storage issues immediately!	34
▶ Transport vaccines properly (and only when absolutely necessary)	35
• Transporting frozen varicella-containing vaccines to an offsite clinic location	35

<b>Key Resources</b>	<b>36–42</b>
Step 3 – Materials and Resources for You to Use (websites)	36
Vaccine Storage and Handling Toolkit	37
Temperature Logs	38
Checklist for Safe Vaccine Storage and Handling	39
Don't Be Guilty of These <i>Preventable</i> Errors in Vaccine Storage and Handling!	40
Vaccine Handling Tips	41
Vaccine Storage Troubleshooting Record	42

---

## STEP 4: DECIDING WHOM TO VACCINATE

<b>Step-by-Step</b>	<b>43–52</b>
▶ Determine the patient’s previous vaccination history	44
▶ Determine which vaccines are needed	45
▶ Screen for contraindications and precautions to vaccines	45
▶ Advise the patient if he or she should be vaccinated	46
▶ Educate your patients about diseases for which they may be at risk and the vaccines that can prevent them	46
<b><i>Vaccination of Special Populations</i></b>	<b>47</b>
• Women who are pregnant	48
• People who may be immunosuppressed because of disease or treatment of disease	48
• People with anatomic or functional asplenia	49
• People without a vaccination record	50
• People vaccinated outside the United States	50
• Healthcare personnel (HCP)	51
• Childcare, home health care, and long-term care providers	52
• International travelers	52
<b>Key Resources</b>	<b>53–65</b>
Step 4 – Materials and Resources for You to Use (websites)	53
Recommended Adult Immunization Schedule, United States	55
Summary of Recommendations for Adult Immunization	56
Before You Vaccinate Adults, Consider Their “H-A-L-O”!	57

## STEP 5: ADMINISTERING VACCINES

<b>Step-by-Step</b>	<b>67–78</b>
▶ Determine who can administer vaccines (either independently or under standing orders)	67
▶ Always provide a Vaccine Information Statement (VIS)	68
▶ Administer the vaccine properly	68
• Use the proper site for injection	69
• Prepare the vaccine (and diluent, if needed)	69
• Use the proper needle gauge and length	70
• Administer injections by the correct route – intramuscular (IM) or subcutaneous (Subcut)	72
• Intramuscular (IM) injections	72
• Subcutaneous (Subcut) injections	72
• Know how to deliver nasal spray vaccine (when recommended)	73
• Administer all needed vaccines at the same visit	73
• Safely dispose of the needle and syringe and nasal sprayer	74
• Avoid vaccine administration errors	75
▶ Prepare and watch for an allergic reaction (anaphylaxis) after vaccination	76
▶ Always report anaphylaxis and other adverse events after vaccination to VAERS	77
▶ Prepare and watch for syncope (fainting)	77
▶ Communicate about appointments for subsequent doses	77
▶ Understand proper spacing of doses	77
<b>Key Resources</b>	<b>79–86</b>
Step 5 – Materials and Resources for You to Use (websites)	79

---

## STEP 6: DOCUMENTATION AND RELATED ISSUES

Step-by-Step	87–90
▶ Record federally required information about your patient's vaccinations in the patient's permanent medical record or in an office log	87
• Follow CDC guidelines for documenting that you gave the patient current VISs	88
• Record specific information about each administered vaccine in your clinic's vaccine administration record	89
• Report adverse events that occur after vaccination	89
▶ Update your patient's personal vaccination record card or provide a record to your patient	89
▶ Update your patient's vaccination record in your state or local Immunization Information System (IIS, or registry), if one is available	90

Key Resources	91–94
Step 6 – Materials and Resources for You to Use (websites)	91
It's Federal Law! You Must Give Your Patients Current Vaccine Information Statements	92
Vaccine Information Statements (VISs) and Translations	93
Current Dates of Vaccine Information Statements (VISs)	94

## STEP 7: FINANCIAL CONSIDERATIONS

7A: Step-by-Step	95–102
▶ <i>Standards for Adult Immunization Practice</i> : How it should work	96
▶ Finding free or discounted vaccines	96
• Vaccines For Children (VFC) program	96
• Health departments	96
• Other organizations	97
• Bulk purchasing	97

STEP 7A CONTINUES ON NEXT PAGE ►
