- Beppu Sweetspire (Itea)
- Hummingbird Summersweet
- Carolina Allspice
- Dwarf Fothergilla
- Oak Leaf Hydrangea
- Inkberry (Ilex)
- Winterberry
- Southern Waxmyrtle
- Fragrant Sumac
- Staghorn Sumac
- Nannyberry

### Ecological Plantings

Tall deciduous trees along the south side of the building provide shade in summer yet let the sun shine through in winter. Eastern redcedars placed along Earlysville Rd.. shield the area from wind and noise as well as provide a year-round site for birds to nest and hide and protection from rain and snow. Shrubs such as Itea, Fothergilla, and Winterberry grow as a tangle of branches providing birds and small mammals a place to hide and rest. Ensuring a long flowering season will attract insects through the summer and fall to serve as pollinators and provide an important food source for birds as will seeds and berries through the seasons. Please visit the site to see how you too can use natives in your garden.

## Native Species Planted at the Ivy Creek Foundation Education Building With a List Of Area Nurseries Who Supported the Project

TREES	BENEFITS:	DONATED BY:
Red Buckeye	attracts hummingbirds, bees, and other pollinators	Timbercreek Farm
Ohio Buckeye	attracts hummingbirds, bees, and other pollinators	ICNA tree nursery
Common Witchhazel	late autumn blooming, important for insects	Thomas Jefferson Center for Historic Plants
American Holly	over 85 bird species eat berries	ICNA tree nursery
Eastern Red Cedar	important nest site/food for birds	transplants
Sweet Bay Magnolia	beautiful flowers/attract insects as food for birds	Native Design
Umbrella Magnolia	beautiful flowers/attract insects as food for birds	ICNA tree nursery
Oaks: White, Willow, & Red	produces mast for mammals and birds	ICNA tree nursery
Sorrel Tree	flowers for hummingbirds, bees, insects/seeds for birds	Timbercreek Farm
Blackhaw Viburnum	flowers for butterflies, moths, & insects/berries for birds	Sunnyboy Nursery
Sweetgum	beautiful fall foliage	ICNA tree nursery
Green Ash	open canopy, nesting site for birds	ICNA tree nursery
<b>SHRUBS</b>		
Red Chokeberry	berries for birds/fall color	Waynesboro Landscape and Garden Center
Hummingbird Summersweet	winter seeds/bloom 4-6 wks in summer - invertebrates	Waynesboro Landscape and Garden Center
Carolina Allspice	spring blossoms attract insects for birds /fall color	Village Garden Center
Dwarf Fothergilla	spring blossoms attract insects for birds /fall color	Southern States & Ivy Corner Garden Center
Oak Leaf Hydrangea	summer blossoms attract insects for birds /fall color	Murray Buckner
Deppu Sweetspire	summer blossoms attract insects for birds /fall color	J.W. Townsend & Buck Creek Nursery
Compact Inkberry	berries for birds /fall color	Ivy Nursery
Shamrock Inkberry	berries for birds /fall color	Snows Garden Center
Apollo Winterberry	winter color (male to fertilize female Winterberry)	Waynesboro Landscape and Garden Center
Sparkleberry Winterberry	berries for birds/winter color	Waynesboro Landscape and Garden Center
Red Sprite Winterberry	berries for birds/winter color	Waynesboro Landscape and Garden Center
Jackson Winterberry	berries for birds/winter color	Waynesboro Landscape and Garden Center
