

WHAT IS AN APPRENTICESHIP?

Registered apprenticeships are paid jobs. While working on the job, apprentices receive training from a skilled craftsperson and related classroom instruction. An apprentice is sponsored by an employer or association and is paid according to a progressive pay scale.

Note: The Maryland Department of Labor does not place individuals into apprenticeship programs. Sponsor and/or employers hire apprentices directly.

The total Fiscal Year 2021 Budget of Labor's Apprenticeship Program is \$2,637,107. \$1,913,356 (73%) is funded through several multi-year U.S. Department of Labor grants. The other \$723,751 (27%) is funded through non-federal resources.
