RECOMMENDATION:

That the Board:

1. Conceptually approve a proposed gift from The Friends of the Levitt Pavilion at MacArthur Park (“TFLP”), consisting of in-kind design assistance and improvements to the MacArthur Park Band Shell, valued up to \$250,000, pending approval of final plans and specifications, and conditioned upon the negotiation and execution of an agreement between the City of Los Angeles (“City”) and TFLP for the proposed construction of band shell improvements and the operation of a summer concert series commencing upon completion of said improvements, all subject to the Board’s final approval at a later date;
2. Authorize the Department and Bureau of Engineering to work with TFLP to prepare final plans and specifications for the proposed band shell renovation, based on the conceptual plans attached hereto as Exhibit-A, pursuant to City standards, procedures, and requirements, and subject to the Board’s final approval at a later date;
3. Conceptually approve the Department’s removal of existing seating and the performance of landscape improvements within the area surrounding the band shell, as part of the proposed band shell improvement project; and,

REPORT OF GENERAL MANAGER

PG. 2

NO. 06-279

4. Authorize the Department to work with the City Attorney to negotiate and prepare an agreement between the City and TFLP, specifying the terms and conditions associated with the proposed Gift and the proposed programming of an annual summer concert series to be provided each summer by TFLP for a period of fifty years (50), subject to the Board's final approval at a later date.

SUMMARY:

The Friends of the Levitt Pavilion at MacArthur Park (TFLP) is a to-be-formed, non-profit organization comprised of local business and community leaders who are dedicated to enriching communities by providing free public access to the performing arts. TFLP received a grant from the Mortimer Levitt Foundation (Levitt Foundation) for the renovation of a selected band shell theater located in Los Angeles County. After carefully considering several eligible venues, TFLP chose the MacArthur Park Band Shell ("Band Shell"), located at 2230 W. 6th Street, because of its location, setting, historical background, and the City's willingness to cooperate and participate directly in the renovation efforts.

At the restored MacArthur Park Band Shell, concert attendees will be able to come together to enjoy outstanding, professional concerts five (5) nights per week to share the universal language of music. Although the Levitt Foundation has completed several successful projects in several major cities throughout the United States, one of the most successful is located in the neighboring City of Pasadena – The Levitt Pavilion for the Performing Arts at Memorial Park. TFLP is in its fourth year of providing concerts in Pasadena, as illustrated and described on the 2006 Summer Concert Series brochure attached hereto as Exhibit-C. The renovated venue at Memorial Park in Pasadena has proven to be a great asset to the City of Pasadena, enhancing the park by rejuvenating its atmosphere, reducing illegal activity which had become a serious problem at the park, and providing a comfortable place for children, parents, and the public in general to go and enjoy the performing arts. The Pasadena venue is widely supported by local businesses, community groups, schools, and citizens. It is anticipated that the proposed MacArthur Park Band Shell improvement project will have similar results which will benefit the concert attendees, while improving the park and the surrounding community.

TFLP is offering to contribute to the proposed improvement project with in-kind services for the design of the project and by providing funding for and constructing the proposed improvements to the Band Shell, which are estimated to be valued in excess of \$250,000. The Band Shell renovation project includes improvements to the exterior and interior of the building, as well as improvements to the surrounding landscaping. The improvements to be constructed and/or funded by TFLP will consist primarily of work performed to the interior of the Band Shell. The exterior work will be performed by City forces (Recreation and Parks, General Services, and the Bureau of Engineering).

REPORT OF GENERAL MANAGER

PG. 3

NO. 06-279

Upon completion of construction, TFLP will have access to the Band Shell during specified periods for the operation of an annual, free to the public, summer concert series for a period of fifty (50) years ("Term"), subject to the final approval of the Board and City Council. Following the completion of the proposed Band Shell improvements, the proposed series of concerts would first occur June 5, 2007, through August 26, 2007, with a subsequent concert series continuing each year thereafter during the months of June through August, until the Term expires in August of the year 2056. While negotiations are on-going, it has been discussed that the City would provide some support services before, during, and after each summer evening concert, but that TFLP will bear the primary responsibility for funding and producing the concert series. As long as TFLP is able to fund and produce a high quality summer concert series for the City, the agreement would remain effective for the full fifty (50) year term. The Levitt Foundation will also provide TFLP with a \$500,000.00 grant to support the first five (5) years of concert production, subsidizing TFLP's initial efforts to fund the concert series with \$100,000 per year during that period.

The preliminary plans for the proposed improvements were prepared by the City's Bureau of Engineering and shall be used as the basis for the preparation of the final plans. The final plans will be prepared by the TFLP with support from the Bureau of Engineering, and will be presented to the Board for approval upon their completion, prior to any construction work being performed. A summary of the proposed scope of work, preliminary plans, and estimated project budget are attached hereto as Exhibit-B.

The total cost of the project is estimated to be \$1,700,000, including costs related to TFLP's contribution to the Band Shell's interior improvements. TFLP is offering to contribute in-kind design services and at least \$250,000 in interior band shell improvements. Although the City's portion of funding has not been secured, the remaining \$1,450,000 for the proposed structural and exterior improvements is anticipated to be funded through funding from Proposition 40 Discretionary Funds (\$250,000), the Community Redevelopment Agency (\$500,000), and the City's General Fund (\$700,000) through support from the Office of Councilmember Ed Reyes of the First Council District. The above figures are approximations based on preliminary plans and estimates. Final project funding and expense disclosures will be made when the project is presented to the Board for final approval.

Environmental Management Staff has determined that the proposed renovation of the MacArthur Park Band Shell may result in potentially significant impacts to the environment that could be feasibly mitigated, and has retained a consultant for the preparation of a Mitigated Negative Declaration (MND) in compliance with the California Environmental Quality Act (CEQA). When the MND has been completed and reviewed by appropriate agencies and the general public in accordance with CEQA, it will be brought to the Board for consideration and adoption in conjunction with formal approval of the project.

REPORT OF GENERAL MANAGER

PG. 4

NO. 06-279

Staff has discussed the proposed project with the Assistant General Manager of Operations East, Superintendent of the Metro Region, and the Office of Councilmember Ed Reyes of the First Council District, and each supports the project and concurs with staff's recommendations.

FISCAL IMPACT STATEMENT:

Conceptually, this project will not have any fiscal impact on the Department, and the City's capital contribution to the project, consisting of the exterior structural and landscape improvements will be funded by funds earmarked for MacArthur Park improvements from sources outside the Department's annual budget.

Security and maintenance during the proposed concert series performances will be funded through TFLP's payment of the Department's standard rates and fees for such events. However, the Department will not be collecting the fees and/or charges normally collected for the rental of the Band Shell.

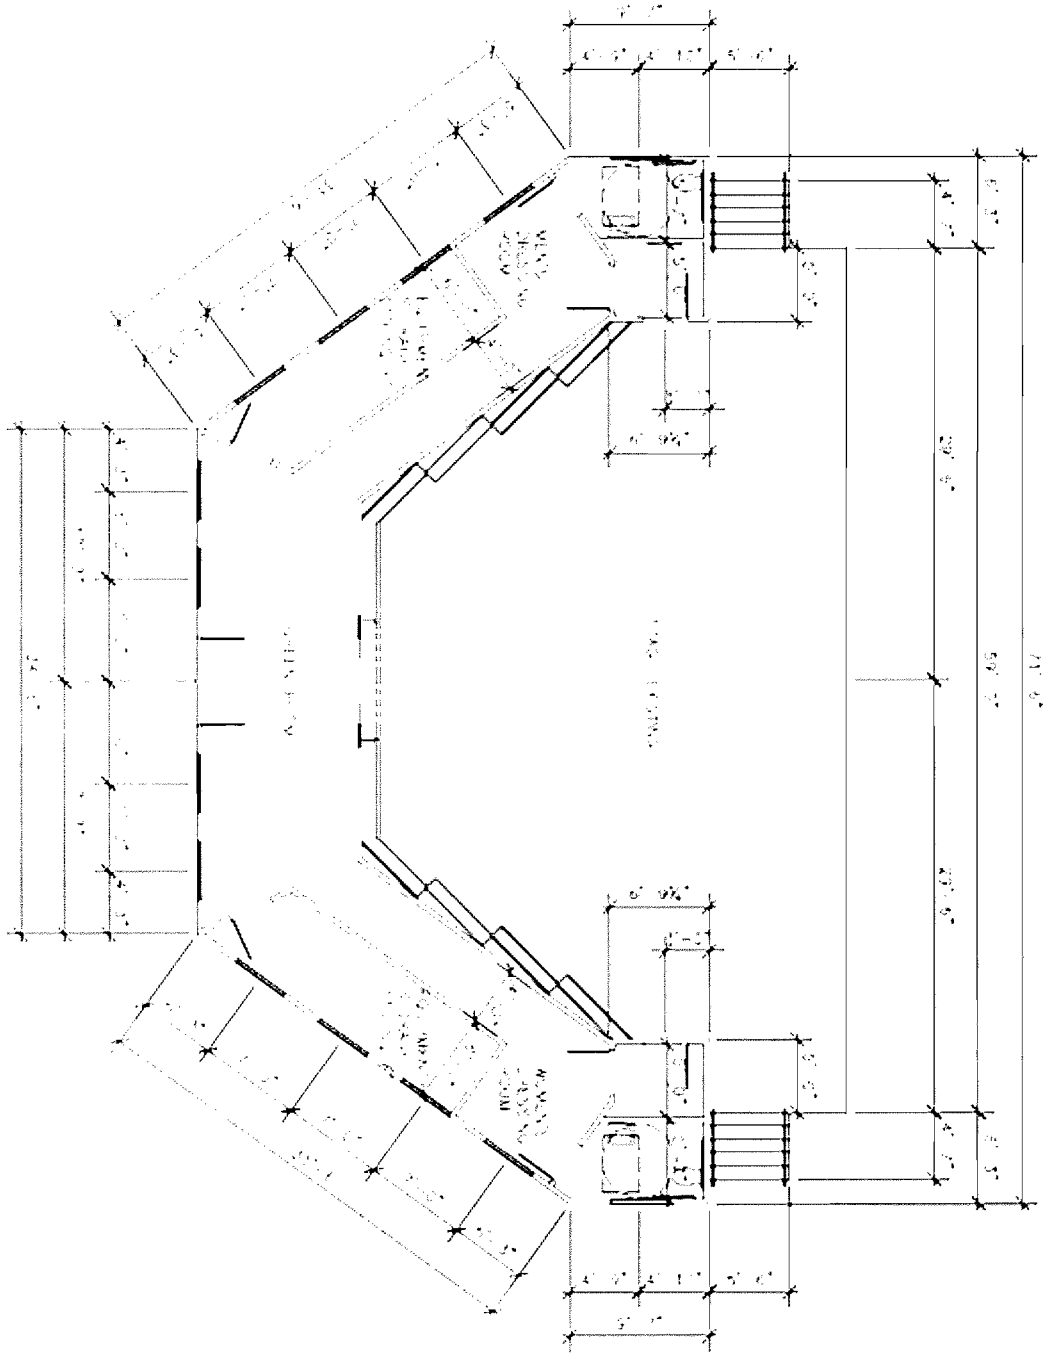

The daily or regular maintenance of the improved facility will be funded as part of the regular MacArthur Park annual maintenance budget.

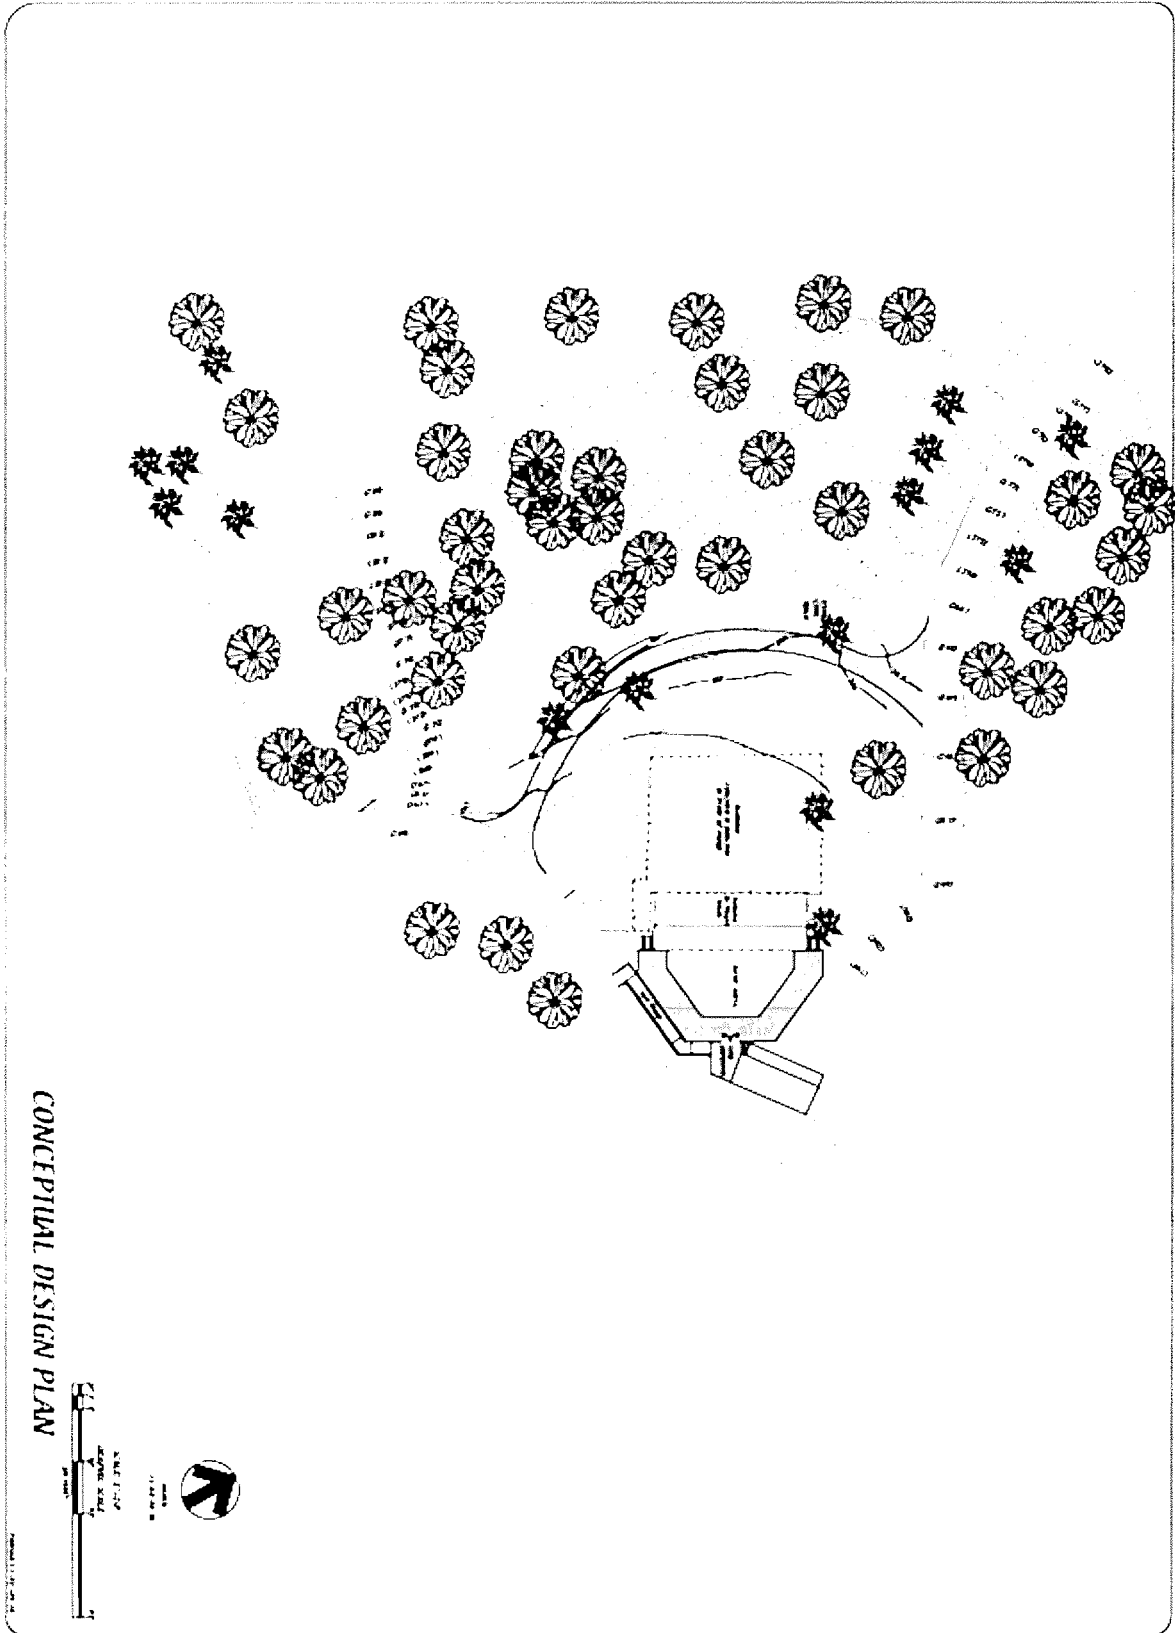

Prepared by Joel Alvarez, Management Analyst II, of the Department's Real Estate and Asset Management Section.

EXHIBIT-B

Scope of Work

Mac Arthur Park Band Shell Renovation Project

1. Renovation of the Band Shell Building, including new ADA accessible bathrooms, interior, mechanical, electrical, and plumbing upgrades.
2. Renovations of the Glu-Lam beam and sub-floor replacements.
3. A concrete ADA ramp with handrails to be installed along the south side of the Band Shell, allowing for disabled access to the stage from the rear of the facility.
4. The scope of work will impact approximately 8,500 square feet of lawn and paving, and the concrete extension of the existing stage.
5. The existing stage extension will be demolished along with the paved area in front of the stage. The benches will be removed and will be replaced with lawn.
6. The existing walkway and adjacent concrete paving which currently cuts across the lawn in front of the bowl will be removed and replaced with paving of an enhanced nature. The new configuration will make the lawn "bowl" more apparent while still maintaining an ADA conforming access-way through the park. The enhanced paving will give the area an identity relating to the Band Shell as well as maintaining a natural circulation path.
7. A low stone curb will be installed at grade along a portion of the walk.
8. All areas not paved will require irrigation modification and reinstallation of the lawn.
9. Costs for Furniture, Fixtures, & Equipments, ie: audio/visual, are not included.
10. Costs to permanently and/or temporarily relocate various operations are not included.
11. Costs to perform major seismic upgrade of the Band Shell structure are not included.
12. An allowance is included in the estimate to handle standard site conditions issues during construction ie: contaminated soil, over-saturated soil, uncertified fill, hazardous material mitigation, environmental issues, historical issues, major replacement and relocation of existing utilities, etc. Additional funds would be needed should these issues be discovered to be extraordinary and beyond the allowance costs.
13. The estimate includes costs for construction escalation, estimated at 10% per year for one year.

Executive Director: Coralie "C" Whitcomb

Levitt Pavilion Bandshell in Memorial Park
 The Levitt Pavilion is located in Memorial Park at the corner of Walnut and Raymond in Old Town Pasadena. Easy access from the MetroLink Goldline Memorial Park Station.

The Friends of the Levitt Pavilion gratefully acknowledge and thank our 2005 sponsors

Music for Everyone

Wednesday is Children's Night 7:00pm
 Bring the whole family and especially the little ones for an evening of music, song, and storytelling as we present the very best in children's entertainment.

Thursday is World Rhythms 7:00pm
 Come experience the music of our global family in these special concerts featuring the finest artists from around the world.

Friday is Dance Beat 8:00pm
 From Swing to Zydeco, Afro Cuban to good old American Rock and Roll, make Fridays your weekly date to put on your dancing shoes and dance the night away under the stars.

Saturday is Musica Latina 8:00pm
 Close your eyes and you'll swear you're in Rio, Cancun or Puerto Vallarta as each Saturday the sounds of the Salsa and the Flamenco stir your passions and ignite the fire in your soul.

Sunday is Jazz Night 7:00pm
 If you like your Jazz hot, then there is no other place to be on Sunday night. From classic combos to captivating vocal performances, don't miss this chance to hear some of the best "Live" Jazz, being made today.

Levitt Loves Kids is Back
 The Levitt Pavilion announces the return of the Levitt Loves Kids program. Join us each Wednesday and Sunday at 6:30 for a glimpse into the future of music. Featuring the finest rising stars from Pasadena and the surrounding communities, Levitt loves kids celebrates the talent of our youth by providing a unique showcase for these young performers to share their gifts with the world.

The Levitt Pavilion For The Performing Arts

Discover the magic of music

This June, the magic Returns. The 2006 Levitt Concert Series June 28 to September 3

The Friends of the Levitt Pavilion are proud to announce their fourth annual summer concert series. This year the lineup is bigger, the music grander and the surprises more exciting than ever before. Don't miss this opportunity to share in the magic that is the Levitt Pavilion Summer Concert Series.

The Friends of the Levitt Pavilion is a non-profit organization comprised of local business and community leaders who are dedicated to enriching the community by providing free public access to the performing arts. At the beautifully restored bandshell in historic Memorial Park, concert attendees come together to enjoy outstanding, professional concerts five nights a week, and to share the universal language of music.

To continue this mission the friends need your help. The organization is completely dependant upon the generosity of its patrons in order to further its arts and outreach programs. Your generosity will enable the music of the Levitt and the voice of our unified community to speak loudly for generations to come.

To become a part of this vision, please call 626.683.3230 or visit us on the web at LevittPavilionPasadena.org.

Who we are

The 2006 Levitt Pavilion Summer Concert Series.
50 Performances under the Stars.
free admission

Children's Night 7:00pm With a special Levitt Loves Kids performance at 6:30

June 28th
Parachute Express
Award winning Children's group is back for their THIRD Season of music and fun.

July 5th
Joanie Bartels
