RECOMMENDATION

That the Board accept a donation from NBCUniversal Media, LLC in the amount of Two Hundred Thousand Dollars (\$200,000.00), to be used for the removal of existing playground equipment at Lake Hollywood Park, and for the purchase and installation of new playground equipment and resilient surfacing, and that appropriate recognition be given to the donor.

SUMMARY

The Department of Recreation and Parks (RAP) has received a cash donation from NBCUniversal Media LLC (NBCU), a Delaware limited liability company, in the amount of Two Hundred Thousand Dollars (\$200,000.00) for the removal and replacement of existing playground equipment at Lake Hollywood Park, located at 3160 Canyon Drive, Los Angeles 90027. In accordance with NBCU requirements, the donation may be used only for the removal of existing playground equipment, design of a new play area, and the purchase and installation of new playground equipment with resilient surfacing, referred to hereinafter as "the Project". This generous donation is the result of a request from the local community to NBCU, and NBCU's related discussions with the RAP and the Office of Councilmember David E. Ryu Fourth Council District, to address safety concerns regarding the existing equipment.

Pursuant to the cost estimate attached to this Report as Exhibit A, the Project's estimated value is approximately One Hundred Ninety-Nine Thousand, Nine Hundred Eighty Dollars and Forty-Nine Cents (\$199,980.49). The new playground includes shaded structures and several fun features, which will be located within the same space as the existing equipment, as illustrated by the design rendering attached as Exhibit B and site plan attached as Exhibit C, respectively.

BOARD REPORT

PG. 2

NO. 16-092

Site review, project planning, related approvals, and installation of the new equipment will be coordinated and implemented through the RAP Planning, Construction, and Maintenance Branch (PCM), ensuring that the Project conforms to RAP standards. The physical work will be performed by the supplier, Game Time, which is licensed, appropriately insured, and currently under contact with RAP. In accordance with Americans with Disabilities Act (ADA) requirements, RAP will be installing an ADA compliant path of travel to and from the new playground and park entrance.

With this current donation, NBCU continues to support and advance the mission of RAP by enriching the lives of the residents of the City of Los Angeles by helping to provide safe and welcoming parks, as also demonstrated previously in December 2014, through their donation of park improvements at El Paseo de Cahuenga Park, valued at approximately Six Hundred Thousand Dollars (\$600,000.00). This current donation in the amount of Two Hundred Thousand Dollars (\$200,000.00) for Lake Hollywood Park further demonstrates NBCU's commitment to community focus, support, and participation.

ENVIRONMENTAL IMPACT STATEMENT

RAP staff has determined that this Project consists of a donation between RAP and NBCU for the installation of accessory structures at an established public park. Therefore, the project is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1a, Class 1, Category 14 and Section 1k, Class 11, Category(s) 3 and 6 of the City CEQA Guidelines.

FISCAL IMPACT STATEMENT

The Board's acceptance of this donation results in no fiscal impact to the RAP General Fund, as the new playground equipment at Lake Hollywood Park, including removal of existing equipment and the purchase and installation of new equipment amounting to approximately One Hundred Ninety-Nine Thousand, Nine Hundred Eighty Dollars and Forty-Nine Cents (\$199,980.49), including contingencies, is being funded directly by NBCU.

The future maintenance of the new equipment will be addressed through the existing maintenance budget for Lake Hollywood Park, as the proposed project and donation are replacing existing play equipment presently covered by the current maintenance budget. It is anticipated that a budget savings may be generated through the implementation of the resilient surface as there will no longer be sand requiring consistent, regular attention by Maintenance Staff.

BOARD REPORT

PG. 2

NO. 16-093

SUMMARY:

The Echo Park Boathouse Café Concession (Concession) is situated within the fifteen hundred (1,500) square foot Echo Park Boathouse (Boathouse), located at 751 N. Echo Park Avenue in Echo Park, Los Angeles, CA 90026, on the east side of Echo Park Lake (Lake). The Boathouse was originally constructed in 1932.

The Boathouse has undergone several aesthetic and building system retrofits throughout the years. Phase I of the most recent rehabilitation effort, the Echo Park Boathouse Rehabilitation Project (Project), entailed preserving the existing piles, rehabilitating the dock and providing individuals with disabilities access to the dock. Phase I was completed in 2007. Phase II of the Project included the aesthetic and structural retrofit of the existing building and mechanical systems and incorporation of areas for two (2) long-term concessions in the Boathouse - a café operation and a pedal boat rental operation. Phase II was completed in 2012.

On July 20, 2013, the Concession opened for operation on an interim basis, under a ninety (90) day interim permit with Square One Dining (Square One). On October 2, 2013, the Board approved and awarded Square One a one (1) year Concession Agreement (Agreement) with two (2), one (1) year options to extend the Agreement at the discretion of the RAP General Manager (through Report No. 13-244) (Attachment A). In 2015, Square One generated annual gross receipts of Five Hundred Eighty Thousand, Eight Hundred Thirty Nine Dollars (\$580,839.00), which produced revenue-share at five percent (5%) totaling Twenty-Nine Thousand, Forty-Two Dollars (\$29,042.00) that was paid to RAP.

On May 20, 2015, the Board approved and authorized the release of a RFP for a three (3) year Operation and Maintenance of the Echo Park Boathouse Café Concession (through Report No. 15-108) (Attachment B). The RFP was released on July 8, 2015 and advertised via Los Angeles Daily Journal, RAP's website, on Los Angeles Business Assistance Virtual Network, and by a mailed letter to parties on a concession interest list maintained by RAP.

On September 8, 2015, RAP received one (1) proposal - from (Four Square), whose three (3) officers form the management team of Square One, the current operators of the Concession under Concession Agreement No. 273. The proposal from Four Square was responsive and determined acceptable in the following areas: background and experience operating similar food services operations; financial capacity for commitments to the Concession; compliance with City contracting; and, annual minimum revenue-share RFP proposal requirements.

RAP was prepared to award a new Agreement to Four Square. On January 22, 2016, RAP staff met with Four Square to negotiate a new Concession Agreement, at which time Four Square stated that they could not commit to the annual minimum revenue-share figures as they had originally presented as part of the Pro Forma submitted with their proposal. Instead, Four Square proposed a reduced annual minimum revenue-sharing terms. RAP cannot reduce the proposed annual minimum revenue-sharing terms, and if Four Square is unable to execute the Agreement with the revenue-sharing terms presented in their original proposal, the \$5,000.00 proposal deposit must be retained by RAP as instructed in the RFP.

BOARD REPORT

PG. 3

NO. 16-093

RAP staff is ready to re-issue, at the direction of the Board, an RFP for the operation and maintenance of the Concession. With this RFP, RAP seeks a qualified, experienced, and financially sound operator who will meet or exceed the RAP's expectations in all operational and financial areas, and optimize service to the public and profitability of the Concession.

Proposal and Contractual Provisions

1. Proposal Deposit: Five Thousand Dollar (\$5,000.00) proposal deposit will be required with the submission of each proposal.
2. Term: Five (5) years with one (1) five (5) year renewal option exercisable at the sole discretion of RAP, along with approval of the Board of Recreation and Park Commissioners.
3. Revenue-Sharing Terms: The minimum acceptable percentage for this RFP is nine percent (9%) of gross receipts for all food and beverage sold during the term of the Agreement; or, an annual minimum revenue-sharing fee of Forty Thousand Dollars (\$40,000.00) for year one (1) of the Agreement with a three percent (3%) escalation each year thereafter - whichever is greater. If the annual minimum revenue-sharing fee is not met by December 31st of each calendar year, the difference between the actual revenue-sharing payment received by RAP and the annual minimum revenue-sharing fee will be due to RAP by January 15th of the subsequent year, pro-rated as necessary for the first year of operation or fractional part thereof, and pro-rated as necessary for the final year of operation or fractional part thereof.
4. Concession Improvements: No concession improvement proposals are required in the RFP. Physical improvements, repairs or physical alterations to the Boathouse are restricted due to the historical significance of the facility. RAP reserves the right to request a capital improvement plan upon exercising the five (5) year renewal option.

The Boathouse is a historically significant contributing element to the Park, which is designated as HCM No. LA-836 in accordance with Chapter 9, Article 1 of the Los Angeles Administrative Code. HCM No. LA-836 is listed in the California Register of Historic Resources as eligible for the National Register of Historic Places. The Boathouse is considered historically significant for California Environmental Quality Act (CEQA) purposes.

During the term of the Agreement, no improvements, repairs or physical alterations to the Boathouse may be initiated by selected proposer without prior written approval from the General Manager. In addition to written approval from the General Manager, the selected operator must also obtain the prior written approval of the Cultural Heritage Commission for any proposed substantial alterations to the affected area, in accordance with Section 22.171.14 of the Los Angeles Administrative Code.

Any infractions, large or small, to the prohibition on improving, repairing, or physically altering the Boathouse will be treated as a material breach of the Agreement and will be subject to all of the applicable laws, fines and penalties imposed by the City's Department

of Building and Safety, as well as the Office of Historic Resources. Additional remedies may include the termination of the Agreement, including loss of all financial investment at the time of the breach.

5. **Reserve Fund:** The Concessionaire, in addition to submitting a monthly revenue sharing payment, shall also submit to RAP a monthly reserve fund (Fund) payment in the amount of Two Hundred Dollars (\$200.00) per month for the purpose of repair, refurbishment, or replacement of equipment and capital improvements. This Fund shall not be used for routine repair and maintenance or replacement of equipment. The Fund shall be cumulative and carry-over from year-to-year during the term of the Agreement. In the event of the Agreement termination for any reason, or at the conclusion of the Agreement term, any amount in this Fund account will remain with RAP. Annually in January, the Concessionaire may submit a request for use of the Fund for expenditures in the coming year, for review and the written approval of the General Manager. In the event of emergency, the Concessionaire shall request in writing the use of the Fund for other purposes, or the General Manager may request use of the Fund on a specific repair, refurbishment, or replacement.
6. **Utilities:** The Concessionaire shall be responsible for utility charges associated with the Concession. Charges may include, but are not limited to, deposits, installation costs, meter deposits, and all service charges for water, gas, electricity, heat, air-conditioning, trash pick-up, and other utility services to the premises, and shall be paid by the Concessionaire regardless of whether such utility services are furnished by the City or by other utility service providers. The Concessionaire will pay directly for telephone services, which will be in the name of the Concessionaire. In the event that individual utility meters are not available, the Concessionaire shall remit, on a monthly basis in conjunction with revenue-sharing and monthly reserve fund payments to the Department, the amount of Four Hundred Fifty Dollars (\$450.00) as payment for utilities. The payment for utilities will be subject to increase after the first year of operation to cover increasing utility costs.
7. **Contractual and Financial Terms:** The City will enter into an Agreement whereby the City has no financial responsibility or liability for operation of the Concession and the City will share in profits in the form of a percentage of gross revenue-based and/or annual minimum revenue-based sharing payment in addition to monthly reserve fund payment and utility payments as applicable.
8. **Performance Deposit:** A Performance Deposit (Deposit) will be required to be maintained for the duration of the Agreement in the amount of Ten Thousand Dollars (\$10,000.00). The Deposit will be in the form of a cashier's check made out to the City of Los Angeles.

Evaluation Process

Proposals will be evaluated in two (2) Levels. Level I will be a check and review by Concessions Unit staff for required compliance to City contracting requirements and submittal documents. Level II will be a comprehensive evaluation of the proposals that may consist of a review panel comprised of qualified persons. Proposers must successfully pass Level I to proceed to Level II.

BOARD REPORT

PG. 5

NO. 16-093

RFP Evaluation Criteria Areas

For the purposes of evaluation, the proposals that passed Level I will be evaluated on the criteria below (Level II):

- 1) Business Plan (30 points possible)
- 2) Proposed Operational Plan for the Echo Park Boathouse Café Concession (30 points possible)
- 3) Proposed Revenue-Sharing Payment (40 points possible)

RECOMMENDATIONS:

That the Board:

1. Approve a proposed Interim Concession Agreement between the City of Los Angeles Department of Recreation and Parks (RAP) and Square One Dining, substantially in the form on file in the Board Office, for the operation and maintenance of the Echo Park Café Concession for a term of one (1) year with two (2) one-year renewal options, exercisable at the General Manager's sole discretion, subject to the approval of the Mayor and of the City Attorney as to form;
2. Find, in accordance with Charter Section 1022, that RAP does not have personnel available in its employ with sufficient time and expertise to undertake these specialized professional tasks and that it is more feasible and more economical to secure these services by contract;
3. Find, in accordance with Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that in order to provide continued, uninterrupted service to the public and avoid a revenue shortfall, a competitive bidding process is not practicable or advantageous at this time, and that it is therefore in the City's best interest to enter into this Interim Concession Agreement until the completion of a formal Request for Proposal (RFP) process when a multi-year agreement can be executed;

REPORT OF GENERAL MANAGER

PG. 2

NO. 13-244

4. Find, in accordance with Charter Section 372, that obtaining competitive proposals or bids for work to be performed pursuant to this agreement is not reasonably practicable or compatible with RAP's interests of offering café dining services to the public while RAP conducts a formal RFP process;
5. Direct the Board Secretary to transmit the proposed Agreement, concurrently, to the Mayor in accordance with Executive Directive No. 3, and to the City Attorney for approval as to form; and,
6. Authorize the Board President and Secretary to execute the Agreement upon receipt of the necessary approvals.

SUMMARY:

This is a newly established concession. The 1,500 square foot Echo Park Boathouse (Boathouse), originally constructed in 1932 at 751 N. Echo Park Ave. in Los Angeles, was designed in the Spanish Colonial Revival Style and is positioned over the Echo Park Lake.

Other amenities and features at Echo Park Lake include a baseball diamond, lighted indoor and outdoor basketball courts, a play area for children, a lighted football field, two swimming pools, a soccer field, and lighted tennis courts. Besides offering a variety of recreational activities to be enjoyed by patrons, the historic park has also long been a popular location for Hollywood filming.

The Boathouse has undergone several aesthetic and building system retrofits throughout the years. Phase I of the most recent rehabilitation effort, the Echo Park Boathouse Rehabilitation project, was completed in 2007. It entailed preserving the existing piles, rehabilitating the dock, and providing disabled access to the dock.

Phase II of the Echo Park Boathouse Rehabilitation project included the completion of the aesthetic, and structural retrofit of the existing building and mechanical systems. The Boathouse Rehabilitation project is a small part of the larger Echo Park Lake Rehabilitation project.

This Concession operates in the recently restored Boathouse, and a one-year interim concession agreement, with two (2) one-year renewal options, will allow the concessionaire the exclusive right and obligation to staff, equip, and operate a café dining service until completion of a formal Request for Proposal process when a multi-year agreement can be executed. The Concessionaire will offer food and non-alcoholic beverages for sale to park patrons and the neighboring community.

REPORT OF GENERAL MANAGER

PG. 3 NO. 13-244

Under a 90-Day Interim Permit, the current operator, Square One Dining, has been providing quality service to the community. Approval of this interim concession agreement will allow RAP to continue to provide uninterrupted service to the public while an RFP is developed.

Staff will develop and, with approval from the Board, release an RFP for this concession. With the RFP, RAP will seek a qualified, experienced, and financially sound operator who will meet or exceed RAP's expectations in all operational and financial areas, and optimize service to the public and profitability to the business.

90-Day Interim Permit

The Echo Park Pedal Boats and Café RFP was approved by the Board for release on December 10, 2012 (BR 12-329). The RFP was released to the public on February 14, 2013, and on March 7, 2013, a Pre-Proposal Conference was held at which representatives for eight (8) companies attended.

On April 23, 2013, the RFP proposals were due. No proposals were received due in part to the inability of the perspective bidders to manage both operations (Pedal Boats and Café) as one concession. On May 23, 2013, the Pedal Boat operation and the Café operation were bifurcated from one another. 90-Day Interim Permit proposal solicitations for each operation were sent to Pre-Proposal Conference attendees, allowing them to bid on either one or both opportunities.

On June 4, 2013, Square One Dining inquired about an opportunity to operate a Café at Echo Park. On June 7, 2013, the Interim Permit proposals were due. No proposals were received for the Café operation.

On June 12, 2013 Concessions Unit staff contacted Square One Dining to discuss their inquiry, and reviewed publically available information about their current dining operations.

On July 11, 2013, the Interim Permit between RAP and Square One Dining for the operation of the Echo Park Café Concession was executed. On July 20, 2013, the Concession opened to the public. The permit expires on October 5, 2013.

Food Service

Square One Dining operates two (2) food establishments in the Los Angeles area with an emphasis on highest quality food using fresh, locally-obtained ingredients. When possible, they utilize organic, local, and small farm produce, and all of their meat products are hormone free.

SUMMARY:

The Echo Park Boathouse Café Concession (Concession) is in the fifteen hundred (1,500) square foot Echo Park Boathouse (Boathouse), located at 751 N. Echo Park Avenue in Echo Park, Los Angeles, CA 90026, on the east side of Echo Park Lake (Lake). The Boathouse was originally constructed in 1932. The design of the Boathouse is in the Spanish Colonial Revival Style. The Boathouse is a historically significant contributing element to the park surrounding Echo Park Lake (Park). The thirteen (13) acre Lake is surrounded by the Park, with eleven (11) acres of open recreational space. In 2006, the City of Los Angeles (City) designated the Park as Historic-Cultural Monument (HCM) No. LA-836.

Other amenities located close to the Lake include a baseball diamond, lighted indoor and outdoor basketball courts, a play area for children, a lighted football field, two (2) swimming pools, a

soccer field, and lighted tennis courts. Besides offering a variety of recreational activities to be enjoyed by patrons, the historic Park has also long been a popular location for Hollywood filming.

The Boathouse has undergone several aesthetic and building system retrofits throughout the years. Phase I of the most recent rehabilitation effort, the Echo Park Boathouse Rehabilitation Project (Project), was completed in 2007. The Project entailed preserving the existing piles, rehabilitating the dock and providing individuals with disabilities access to the dock.

In July 2012, Phase II of the Project, including the aesthetic, and structural retrofit of the existing building and mechanical systems, was completed. The Boathouse rehabilitation was a small part of the larger Project. Two (2) long-term concessions are to be developed and located in the Boathouse, a café operation and a pedal boat rental operation.

On July 20, 2013, the Café Concession opened for operation on an interim basis, under a ninety (90) day interim permit with Square One Dining and included the exclusive right and obligation to staff, equip and operate the café. The Concession offers Park patrons and the neighboring community a moderately-priced gourmet food menu of baked goods, breakfast items, sandwiches, salads and non-alcoholic beverages.

On October 2, 2013, the Board approved and awarded Square One Dining a one (1) year concession agreement (Agreement) with two (2), one (1) year options to extend the Agreement at the discretion of the General Manager of the Department of Recreation and Parks (Department) (Board Report No. 13-244), to operate and maintain the Café Concession while an RFP for a three (3) year Agreement is developed for release. The Agreement was reviewed and approved by the Mayor's Office and the City Attorney's Office as to form. The Agreement (Contract Agreement No. 273) was executed on October 4, 2013. Square One Dining is currently operating the Café Concession. From January 2014 through December 2014, Square One Dining generated average monthly gross receipts of Forty-five Thousand Two Hundred and Twenty Dollars (\$45,220.00). An average monthly revenue share of Two Thousand Two Hundred and Sixty Dollars (\$2,260.00) was paid to the Department. The first one-year extension option was exercised. The Agreement will expire on October 10, 2015. The one (1), one (1) year option to extend the Agreement remains.

The Café Concession operation is very well received by the community. Staff anticipates continued success for the Concession. Park patrons enjoy the café's outdoor seating and moderately-priced gourmet health-conscious menu.

Staff has developed and is now ready to release, at the direction of the Board, a RFP for the operation and maintenance of the Concession. With this RFP, the Department seeks a qualified, experienced, and financially sound operator who will meet or exceed the Department's expectations in all operational and financial areas, and optimize service to the public and profitability of the Concession.

Charges may include, but are not limited to, deposits, installation costs, meter deposits, and all service charges for water, gas, electricity, heat, air-conditioning, trash pick-up, and other utility services to the premises, and shall be paid by the Concessionaire regardless of whether such utility services are furnished by the City or by other utility service providers. The Concessionaire will pay directly for telephone services, which will be in the name of the Concessionaire. In the event that individual utility meters are not available, the Concessionaire shall remit, on a monthly basis in conjunction with revenue-sharing and monthly reserve fund payments to the Department, the amount of Four Hundred Fifty Dollars (\$450.00) as payment for utilities. Payment of utilities will be subject to increase after the first year of operation to cover increasing utility costs.
7. Contractual and Financial Terms: The City will enter into an Agreement whereby the City has no financial responsibility or liability for operation of the Concession and the City will share in profits in the form of a percentage of gross revenue and annual minimum revenue sharing payment in addition to monthly reserve fund payment and utility payments if applicable.

ECHO PARK BOATHOUSE CAFÉ CONCESSION – REQUEST
FOR PROPOSALS

The item was presented to the Board by Agnes Ko, Senior Management Analyst II of the Concessions Unit. Ms. Ko requested that the Request for Proposals (RFP) document be amended to revise the stated term of the agreement to three years so it is consistent with the term detailed in the accompanying General Manager's Report and sample concession agreement.

She further recommended that the RFP document be amended to include language requiring the successful proposer/concessionaire to work in conjunction with the Echo Park Pedal Boat Concessionaire in order to provide seamless service to the community.

Commissioner Alvarez noted that the RFP was reviewed and discussed in detail during the Concessions Task Force meeting held earlier in the day, and that issues arose relevant to this RFP as well as other RFPs to be considered by the Commission. The Board and Department staff discussed the item in detail.

Commissioner Alvarez proposed a Motion to amend the language in the Echo Park Café RFP regarding the hours of operation, to allow flexibility for the respondents to propose the days and hours of operation, adding that the language regarding the six-hour per day operating minimum could remain but proposers should be allowed to decide which days and hours the operation can be closed for holidays. The Commissioner concurred with Ms. Ko's recommendation to add language stating the selected proposer should work in conjunction with the Echo Park Pedal Boat Concessionaire, which includes coordinating the hours of operation.

Commissioner Alvarez moved, and Commissioner Zuñiga seconded, that General Manager's Report 15-108 and related documents be amended to include the three aforementioned technical changes, and that the RFP Evaluation Criteria be amended as follows:

- 1) Business Plan: 230 points
- 2) Proposed Operational Plan for the Echo Park Boathouse Café Concession: 230 points
- 3) Proposed Revenue-Sharing Payment: 640 points possible

There being no objections, the Motion was unanimously approved.

Refer to the Sample Concession Agreement (Exhibit E).

3.1 Revenue-sharing payment must be stated as a Percentage of Gross Receipts. Refer to Exhibit E, Section 6.C, for the definition of Gross Receipts.

3.1.1. _____ Revenue-sharing terms must also be indicated in the Pro Forma Financial Statement submittal form.

3.2 Proposer must provide justification, based on their financial projections, planning, and relevant market research, that the proposed revenue-sharing payment is competitive as well as sustainable and realistic.

The Concessionaire, in addition to submitting a monthly revenue-sharing payment, shall submit to RAP a monthly reserve fund (Fund) payment in the amount of Two Hundred Dollars (\$200.00) per month for the purpose of repair, refurbishment, or replacement of equipment and capital improvements. RAP reserves the right to request a capital improvement plan upon exercising the five (5) year renewal option.

The Concessionaire shall be responsible for utility charges associated with the Concession. Charges may include, but are not limited to, deposits, installation costs, meter deposits, and all service charges for water, gas, electricity, heat, air-conditioning, trash pick-up, and other utility services to the premises, and shall be paid by the Concessionaire regardless of whether such utility services are furnished by the City or by other utility service providers. In the event that

individual utility meters are not available, the Concessionaire shall remit, on a monthly basis in conjunction with the revenue-sharing and monthly reserve fund payments to RAP, the amount of Four Hundred Fifty (\$450.00) as payment for utilities without a separate meter, covered by RAP. Payment of utilities will be subject to increase after the first year of operation to cover increased utility costs.

4. Improvements:

Physical improvements, repairs or physical alterations to the Boathouse are restricted due to the historical significance of the facility. The RFP does not require concession improvements during the first term of the Agreement. RAP reserves the right to request a capital improvement plan upon exercising the five (5) year renewal option.

5. Optional Concession Improvements:

In the event improvements, repairs or physical alterations be required or proposed to improve the quality of the Boathouse Premises (Exhibit A) for any reason during the term of the Agreement, prior written approval must be obtained from RAP.

V. EVALUATION AND AWARD

A. Evaluation Process and Criteria

RAP reserves the right to request additional information to clarify a submitted proposal. The evaluation of proposals will consist of two levels. **Each proposer must pass Level I in order to advance to Level II.**

Tentative Interview Dates:

Interviews of the proposers by the evaluation panel will be scheduled at a later date for the purpose of clarifying matters in the proposals or responding to questions by the evaluation panel.

Level I – Compliance with RFP Submission Requirements: (Exhibits B, C, D, H and I)

RAP will conduct a preliminary evaluation of all proposals submitted by the deadline to determine compliance with proposal requirements and mandatory document submissions.

- Cover Letter. Refer to Exhibit B.
- Proposal Deposit (\$5,000)
- Compliance Documents. Refer to Exhibits D, H and I.
- Background and Experience. Refer to Exhibit C.
- Financial Capacity. Refer to Exhibit C.

Level II – Evaluation and Scoring Criteria of Proposal Items:

For the purposes of Level II evaluation, the responsive proposals will be evaluated, ranked and scored based on the criteria below:

Business Plan (30 points possible)

Proposed Operational Plan for the Echo Park Boathouse Café Concession (30 points possible)

Proposed Revenue-sharing Payment (40 points possible)

B. Evaluation and Recommendation

Responsive proposals will be scored in each of the criteria above and ranked according to scores. A comprehensive evaluation of the proposals by a panel of City and/or non-City employees will be conducted.

Furthermore, the City reserves the right to conduct such investigations as the City considers appropriate with respect to the qualifications of each Respondent and any information contained in its proposal.

All proposals will be awarded solely on the basis of the criteria listed above and the ranking of any outside expert review panel will serve as a basis to formulate the General Manager's recommendation, setting forth the reasons for recommendation in a Board Report. The Board of Recreation and Park Commissioners (Board) will consider the General Manager's recommendation during a public Board meeting and may accept or reject the General Manager's recommendation in making its decision as to the selection, if any, stating publicly the reasons for their action.

C. Award

The General Manager of the Department of Recreation and Parks recommends contract awards to the Board of Recreation and Park Commissioners. RAP shall notify all proposers in writing of the General Manager's recommendation.

Section 10.5 of the Los Angeles Administrative Code requires approval by the City Council of contracts for periods of longer than three (3) years. Agreements are deemed to be executed upon the date of signature, or as otherwise stipulated under the Terms section of the Agreement.

Once the award is approved, the awarded concessionaire will complete and submit the additional documents as required by this RFP, City Attorney, City Ordinance, State and/or Federal laws within forty-five (45) calendar days from the date the contract is awarded by the Board.

D. Protest

Should a proposer object on any ground to any provision or legal requirement set forth in the RFP, or any addendum to the RFP, the proposer must, not more than ten (10) calendar days after the RFP or addendum is issued, provide written notice to RAP setting forth with specificity the grounds for the objection. The failure of a proposer to object in the manner set forth in this paragraph shall constitute a complete and irrevocable waiver of any such objection.

E. City's Right to Reject Proposals and to Waive Informalities

Notwithstanding any other provisions of this RFP, the City reserves the right to withdraw this RFP at any time without prior notice. The City also reserves the right to reject any and all proposals submitted or to waive any minor administrative irregularities contained in any proposal, when to do so would be in the best interest of the City and pursuant to Los Angeles City Charter Section 371 (c): "The City shall reserve the right to reject any and all bids or proposal and to waive any informality in the bid or proposal when to do so would be to the advantage of the City."

IMPORTANT:

Charter Section 371(e)(10)

In approving this RFP, the Board, in its capacity as the contract awarding authority for RAP, finds, pursuant to Charter Section 371(e)(10), that the use of competitive bidding would be undesirable, impractical or otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by RAP for the improvement, operation and maintenance of the RAP's concession. To select the best proposer for this concession, the Board finds it is necessary to utilize a standard request for proposals process and to evaluate proposals received based upon the criteria included in this RFP. The Board specifically finds that the narrower and more specialized competitive sealed proposal process authorized but not required by Charter Section 371, subsection (b), would not meet RAP's needs and therefore opts to utilize the standard request for proposals process.

To be considered for award of this Agreement, proposing entities must submit a sealed, written proposal in response to the Proposal Items indicated herein. Proposals provide information about background, current business practice, applicable experience, and plans for this Concession. Proposals are evaluated based on several evaluation criteria as indicated in this RFP.

Proposers may wish to consider the following guidelines in preparing their proposals:

- Make sure your proposal is well-organized in its response to RAP's objectives and easy to read.
- Verify that your proposal is complete and that you have thoroughly responded to all proposal items and compliance documents in the RFP.
- Formulate your responses precisely and with detail; avoid vague, meaningless, or open-ended responses. Explain how your responses further the stated objectives.

- Clearly describe what your management team will bring to the Echo Park Boathouse Café Concession.
- If there are significant risks in your business strategy, include plans to mitigate those risks, addressing any contingencies that may arise.

Your written submittal in this RFP process will be the primary basis on which the City will consider its award for the Agreement; therefore, proposers should be as thorough and as detailed as possible when responding to each proposal item and assembling a proposal. In the written proposal, proposers must include responses to ALL proposal items requested herein below. Proposers will not be able to add to or modify their proposals after the proposal due date.

RAP may deem a proposer non-responsive if the proposer fails to provide all required documentation and copies.

B. Submitted Proposals

Proposals accepted by RAP in writing constitute a legally binding contract offer. It is requested that proposals be prepared simply and economically, avoiding the use of unnecessary promotional material. **Submitted Proposals - Proposals must contain ALL of the following:**

This amount shall be payable as a guarantee that the selected proposer will enter into an Agreement for the Concession. The selected proposer shall have forty-five (45) calendar days from the date the contract is awarded by the Board to review, sign and return the contract to RAP. CONTRACTOR RESPONSIBILITY ORDINANCE STATEMENT

SECTION D

CONTRACTOR RESPONSIBILITY ORDINANCE STATEMENT

The Contractor Responsibility Ordinance (CRO) requires a determination, via the CRO questionnaire, that prospective contractors are responsible and capable of fully performing the work before a contract is awarded by the City of Los Angeles. Additional information may be found at the following website:

{ HYPERLINK "http://bca.lacity.org/index.cfm?nxt=soo&nxt_body=content_cro.cfm" }

INSTRUCTIONS:

- a. The questionnaire must be completed, appropriately signed, and submitted with the proposal (Pages 1 through 9).

CITY OF LOS ANGELES
CONTRACTOR RESPONSIBILITY ORDINANCE
 (Los Angeles Administrative Code Section 10.40 et seq.)

1. What is the Contractor Responsibility Ordinance?

The Contractor Responsibility Ordinance (CRO) requires that each department make a determination as to whether prospective contractors are responsible and capable of fully performing the work before being awarded a City contract. The Ordinance also requires prospective contractors to complete a Responsibility Questionnaire that will be posted on the internet for 14 calendar days for public review.

2. When was the Ordinance adopted?

The City Council adopted the CRO on November 21, 2000. Regulations implementing the Ordinance were adopted on June 19, 2001.

3. Who is responsible for the administration and enforcement of the Ordinance?

Three departments were named as administrative agencies responsible for the administration of the CRO. Each Designated Administrative Agency (DAA) administers the Ordinance for a specific type of agreement. The three DAA's, the type of agreement each DAA is responsible for, and contact information for each DAA is provided in the table below.

Administrative Agency	Agreement Type	Contact Information
Public Works, BCA	Service	Russ Strazella (213) 580-5012
Public Works, BCA	Construction	Russ Struzella (213) 580-5012
General Services	Procurement	Raymond Richards (213) 485-4591

4. Are all service, procurement, and construction agreements subject to the CRO?

Generally, an agreement, including one processed as an Authorization for Expenditure (AFE) with a Letter of Agreement, is covered by the CRO if it meets one of the definitions below.

Service agreements: Agreements covered under the general category of a "service agreement" include:

- An agreement for \$25,000.00 or more and for at least three months in which a contractor will provide services to or for the City.
- An agreement for a lease or license of City property if the service to be performed on the property is something that City employees could perform.
- An agreement for the lease or license of City property that is in a location where a substantial number of the general public might visit.
- An agreement for the grant of City financial assistance for \$100,000 or more if the agreement is for the purpose of economic development or job growth. City financial

assistance may also include loans if certain conditions are met. (Refer to Sec. 10.40.0(b) of the CRO.)

Purchase agreements: Purchase agreements are covered if they are for \$100,000 or more. Agreements to purchase garments are covered if they are for \$25,000 or more.

Construction agreements: All construction agreements are covered, regardless of amount or term.

5. When did the Ordinance become applicable?

The Ordinance is being applied to Invitations for Bids (IFB) (including Requests for Proposals, Requests for Qualifications, "sole-sourced" contracts, and any other procurement process) released to the public **on or after September 4, 2001**. An agreement entered into as a result of an IFB released prior to that date is not subject to the CRO unless it is amended after September 4, 2001, and the amended agreement meets the definitions stated in the answer to Question #4 above.

6. If an IFB is subject to the CRO, what must a department do?

The department must inform prospective bidders/proposers that the CRO is applicable to the IFB. The department must also include the appropriate Responsibility Questionnaire for bidders/proposers to fill out. Depending on the type of contract to be awarded, one of three Questionnaires may be included in the IFB: Service; Procurement; and Construction.

7. What is a Responsibility Questionnaire?

The Responsibility Questionnaire asks for information about the bidder/proposer: business organization or structure; financial resources and responsibility; performance history; prior disputes; and history in complying with laws. Before a department awards a contract, the department will consider information contained in the Questionnaire as part of the review of a bidder/proposer's responsibility, as well as any information contained in the Office of Contract Compliance's Contractor Evaluation database [<http://caodocs.ci.la.ca.us/ContEval/>] regarding the proposer's prior performance on City contracts.

8. What must a bidder/proposer do when responding to an IFB?

If the IFB is subject to the CRO, the bidder/proposer must complete the Responsibility Questionnaire and return it to the City department with the bid/proposal. If a bidder/proposer does not submit a completed Questionnaire with the bid/proposal, the City department may consider the bidder/proposer to be non-responsive to the IFB and may disqualify the bidder/proposer from the rest of the IFB process.

9. Is a separate Questionnaire required for each IFB?

Unless the IFB is exempt, a separate Questionnaire must be submitted for each IFB to which a bidder/proposer responds.

10. What will the City do with the Questionnaire?

The department responsible for awarding the agreement will review the information contained in the submitted questionnaires, and if necessary, follow up with the bidder/proposer to clarify any information contained in the Questionnaire. The awarding authority will send the completed Questionnaires to the appropriate DAA. The DAA will post the Questionnaires on the City's Bidder/Contractor Responsibility website: www.lacity.org/bidresp. This posting also applies to "sole-sourced" contracts, so the completed Questionnaire from a proposed "sole-sourced" contractor must be forwarded to the appropriate DAA for posting.

11. How long will the Questionnaires be posted?

The Questionnaires will be posted on the internet for 14 calendar days. Unless an exemption applies, a department cannot award an agreement until the posting requirement has been met.

12. What happens during the 14 calendar-day posting period?

The general public will be able to review the Questionnaires posted. If, during the 14 calendar-day posting period, the DAA receives information that calls into question a bidder/proposer's responsibility, the DAA will investigate the matter. In that case, no agreement may be awarded until the DAA finishes its investigation. Information obtained during the investigation will be provided to the department to consider in its determination of a bidder/proposer's responsibility.

13. How does a department know that the posting requirement has been met?

The awarding department should complete the top portion of the Posting Verification Form and forward it to the DAA along with the Questionnaires. The DAA will complete the bottom portion of the Posting Verification Form and return it to the department when the posting requirement has been met.

14. Are contract amendments subject to the CRO?

If an agreement is amended after September 4, 2001, and the amended agreement meets the definitions stated in the answer to Question #4 above, it is subject to the CRO. Contractors do not have to submit a Questionnaire; however, the CRO Contract Language must be incorporated into the amended agreement.

15. After the agreement is awarded, or the agreement is amended, what does the CRO require the contractor to do?

The CRO requires a contractor to:

- Comply with all federal, state, and local laws in the performance of the contract, including but not limited to laws regarding health and safety, labor and employment, wage and hours, and licensing laws, which affect employees.

- Notify the awarding authority within 30 calendar days after receiving notice that any governmental agency has started an investigation into violations of, or has found that the contractor has violated, any federal, state, or local law in the performance of the contract.
- When applicable, provide the awarding authority, within 30 calendar days, updated responses to the Questionnaire if a change occurs that would affect the contractor's responsibility and ability to continue the agreement.
- Ensure that subcontractors working on the City agreement comply with all federal, state, and local laws in the performance of the agreement.
- Ensure that subcontractors working on the City agreement submit a Pledge of Compliance to comply with the CRO.

16. What happens if a contractor is found to be in violation of the Ordinance?

The DAA will notify the contractor that a violation has been found and give the contractor 10 calendar days to correct the violation. If the contractor fails to do so, the City may terminate the agreement and pursue all available contractual remedies. The City may also hold a non-responsibility hearing and debar the contractor from doing business with the City for five (5) years.

17. What about subcontractors?

Subcontractors are subject to the CRO, and the contractor must ensure that each of its subcontractors complies with the CRO. Subcontractors do not need to complete a Questionnaire, but they must submit to the awarding department a Pledge of Compliance with the Ordinance before they can start work on a City agreement.

18. What if a subcontractor is found to be in violation of the Ordinance?

Because the prime contractor is responsible for ensuring that all its subcontractors comply with the CRO, the sanctions listed in the answer to Question #16 may be applied to the prime contractor if the subcontractor does not correct the violation(s).

19. Are there any exemptions under the Ordinance?

Generally, two categories of exemptions exist under the CRO:

(1) Agreements exempt from all the CRO requirements:

- Contracts with a governmental entity such as the United States of America, the State of California, a county, city or public agency of such entities, or a public or quasi-public corporation located therein and declared by law to have such status.
- Contracts for the investment of trust moneys or agreements relating to the management of trust assets.
- Banking contracts entered into by the Treasurer pursuant to California Government Code Section 53630 et seq.

(2) Agreements that are only exempt from the requirement that a bidder/proposer submit a Questionnaire. The contractor must still comply with all other CRO provisions.

- Agreements awarded on the basis of emergency circumstances when the awarding authority finds that the City would suffer a financial loss or that City operations would be adversely impacted. This exemption is subject to approval by the DAA.
- Agreements for goods or services that are proprietary or available from only one source. This exemption is subject to approval by the DAA.
- Agreements awarded under the authority of Charter Sections 371(e)(5), (6), (7) or (8). The awarding authority must certify in writing that the contract is entered into in compliance with the requirements of those Charter sections.

20. Where can I obtain a copy of the Contractor Responsibility Ordinance and the Rules and Regulations?

All CRO-related information and documents can be found on the CRO website:
<http://www.lacity.org/bidresp>.

**CITY OF LOS ANGELES
LIVING WAGE ORDINANCE
(Los Angeles Administrative Code Section 10.37 et seq.)**

1. What is the Living Wage Ordinance?

The Living Wage Ordinance (LWO) requires employers who have agreements with the City to pay their employees at least a minimum “living wage” and to provide certain benefits. If the agreement is subject to the LWO, the employer must do the following:

- Pay employees working on the subject agreement a wage rate that is at least equal to the “living wage” rate. The “living wage” is adjusted annually and becomes effective July 1 of each year. Employers can obtain information about the living wage rate currently in effect by going to Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance (OCC) website at www.lacity.org/bca/OCCmain.html.
- Provide employees with at least 12 paid days off per year for sick leave, vacation, or personal necessity; and at least 10 unpaid sick days off per year.
- Tell employees who make less than \$12.00 per hour that they may qualify for the federal Earned Income Tax Credit and provide them with the forms required to apply for the credit.
- Cooperate with the City by providing access to the work site and to payroll and related documents so that the City can determine if the employer is complying with the LWO.
- Pledge to comply with federal laws prohibiting an employer from retaliating against employees for union organizing.
- Not retaliate against any employee who makes claims about non-compliance with the LWO.

2. When was the Ordinance adopted?

The LWO was adopted in May, 1997 and amended in January, 1999.

3. What types of agreements are subject to the Ordinance?

Generally, the LWO covers the following types of agreements:

- An agreement in an amount over \$25,000.00 and for at least three months in which an employer will provide services to or for the City.
- An agreement for the lease or license of City property if the service being performed on the property is something that City employees would otherwise do.
- An agreement for the lease or license of City property that is in a location where a substantial number of the general public might visit.
- An agreement in which the City gives financial assistance for the purpose of promoting economic development or job growth.
- An agreement in which the City determines that applying the LWO would be in the best interest of the City.

4. Is an agreement subject to the LWO if it was entered into before May, 1997?

Agreements executed after May, 1997 are subject to the LWO. An agreement entered into before May, 1997 may become subject to LWO if it is later amended or modified in order to add time or money to the original agreement.

5. Are there any requirements that would apply to an employer who does not have an agreement with City that is subject to the LWO?

All employers are required to comply with the LWO's prohibition against retaliation, even if the employer does not have an agreement with the City that is subject to the Ordinance.

6. Are all employees covered by the Ordinance?

Intentionally left blank 8/18/06

7. Are an employer's subcontractors subject to the requirements of the Ordinance?

A subcontractor may be covered by the Ordinance if the subcontractor performs work on the subject agreement. If so, the subcontractor must also comply with the requirements of the LWO, including all reporting requirements. The prime contractor is responsible for the making sure that the subcontractor complies with the LWO.

8. What happens if an employer is found to be in violation of the Ordinance?

Payments due may be withheld. Also, the employer may be deemed to be in material breach of the agreement. When that happens, the City may take the following steps:

- Terminate the agreement and pursue all available contractual remedies.
- Debar the employer from doing business with the City for three (3) years or until all penalties and restitution have been fully paid, whichever occurs last.
- Bring a lawsuit against the employer for all unpaid wages and health benefit premiums and/or seek a fine of up to one hundred dollars (\$100.00) for each day the violation remains uncorrected.

9. What if a subcontractor is found to be in violation of the Ordinance?

Because the prime contractor is responsible for making sure that all its subcontractors comply with the LWO, the sanctions listed in answer #8 may be applied to the prime contractor if the subcontractor does not correct the violation(s).

10. What can an employee do if an employer is in violation of the Ordinance?

The employee can submit a complaint to the Office Contract Compliance which will investigate the complaint. Also, the employee can bring his or her own lawsuit against the employer for:

- Back pay for failing to pay the correct wages or correct health benefit premiums.
- Reinstatement and back pay for retaliation.
- Triple the amount of the back pay that is owed if the violation was found by the court to be willful.

11. Are there any exemptions available under the Ordinance?

An employer may apply for an exemption based on the following categories:

- Service agreements that are less than 3 months or \$25,000 or less.
- Agreements for the purchase of goods, property, or the leasing of property (with City as the lessee).
- Construction contracts that do not meet the definition of a service agreement.
- Employees who are required to have an occupational license in order to provide services to or for the City are exempt.
- Employers who are party to a collective bargaining agreement (CBA) that has language stating that the CBA shall supersede the LWO.
- Financial assistance recipients who meet the requirements stated in Section 10.37.1(c) of the LWO.
- Employers (contractors, subcontractors, financial assistance recipients) organized under IRS Code, Section 501(c)(3) whose chief executive officer's hourly wage rate is less than eight times the hourly wage rate of the lowest paid worker are be exempt. However, this exemption does not apply to child care workers.
- Lessees or licensees who have no more than a total of seven employees and who have annual gross revenue of less than \$454, 016 (effective July 1, 2009). The qualifying annual gross revenue is adjusted every July.
- One-person contractors, lessees, licensees or financial assistance recipients who employ no workers.
- Agreements that involve other governmental entities.

12. Who is responsible for the administration and enforcement of the Ordinance?

The Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, located at 1149 S. Broadway Street, Suite 300, Los Angeles, CA 90015. For additional information, please call (213) 847-2625, or go to the Office of Contract Compliance website at <http://bca.lacity.org>.

LIVING WAGE ORDINANCE STATUTORY EXEMPTIONS

Living Wage Ordinance (LWO) statutory exemptions are now divided into the following three categories:

1. Exemptions that do not require approval from the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance (OCC).
 2. Exemptions that do not require OCC approval but require a Contractor Certification of Exemption.
 3. Exemptions that require submission of an Application for Exemption and OCC approval of the Application.
- 1. The following exemptions do not require OCC approval or any Contractor Certification:** Departments only need to indicate the exemption in the appropriate category on the LWO Departmental Determination of Coverage Form.
- a. **Less than three months OR less than \$25,000 (LAAC 10.37.1(j)).** Service contracts or Authority for Expenditures that do not meet these thresholds are not covered by the LWO.
 - b. **Other governmental entities (LAAC 10.37.1(g)).** Agreements with other governmental entities such as Los Angeles County, the State of California, or the University of California, are not covered by the LWO. Subcontractors to these entities are also not covered by the LWO.
 - c. **Purchase of goods, property, or the leasing of property, with the City as lessee (LAAC 10.37.1(j)).** Such contracts are categorically exempt from the LWO unless they include a service component that is more than just incidental (regular and recurring services is required). Examples of such categorically exempt contracts include contracts to purchase office supplies or to lease space to be occupied by City departments.
 - d. **Construction contracts, not conforming to the definition of a service contract (LAAC 10.37.1(j)).** Such contracts are categorically exempt from the LWO. Examples include construction of buildings and infrastructure.
 - e. **City financial assistance not meeting thresholds (LAAC 10.37.1(c)).** Agreements to provide a contractor with City financial assistance (which typically mean grants or loans provided at interest rates that are lower than the Applicable Federal Rate) are categorically exempt from the LWO if they meet both of the following:
 - (1) The assistance given in a 12-month period is below \$1,000,000 AND less than \$100,000 per year.
 - (2) The assistance is not for economic development or job growth.
 - f. **Business Improvement Districts (BID) (LWO Regulation #11).** Service agreements are categorically exempt from the LWO if the services are funded with the BID's assessment money collected by the City after the formation of the BID. Service contracts in which City money is used to hire firms to help in forming the BID remain subject to the LWO unless the contractor otherwise qualifies for an exemption.
- 2. The following exemption categories do not require OCC approval, but the contractor must still submit a Contractor Certification of Exemption from Living Wage (OCC/LW-13).** No OCC approval is required for the exemption to be valid. However, the department must include the Contractor Certification of Exemption with the contract.
- a. **501(c)(3) Non-profit organizations (LAAC 10.37.1(g)).** Employers (contractors, subcontractors, financial assistance recipients) organized under IRS Code Section 501(c)(3) are exempt from the LWO if the hourly wage rate of the corporation's highest paid employee is less than eight times the hourly wage rate of the corporation's lowest paid worker. However, the exemption does not extend to Child Care Workers as defined in the LWO Rules and Regulations (an employee "whose work on an agreement involves the care or supervision of children 12 years of age and under."). A copy of the IRS 501(c)(3) Exemption Letter will be required.
 - b. **One-person contractors with no employees (LAAC 10.37.1(f)).** Contractors, lessees, licensees or financial assistance recipients who employ no workers are exempt from the LWO.

LIVING WAGE ORDINANCE STATUTORY EXEMPTIONS (Continued)**3. The following exemption categories require submission of an application for exemption and OCC approval of the application to be valid.**

- a. **Collective bargaining agreements (CBA) that supersede the LWO (LAAC 10.37.12):** Contractors whose employees are covered by a CBA that supersedes the requirements of the LWO are not subject to the LWO. A copy of the CBA with the superseding language or a letter from the union indicating that the union has agreed to allow the CBA to supersede the LWO will be required to be submitted. Example: Labor agreement between parking contractor and a labor union with language that wages and benefits in the CBA shall supersede the LWO. Contractors must use the LWO Application for Non-Coverage or Exemption form (Form OCC/LW-10) and submit a copy of the CBA or a letter from the union.
- b. **Occupational license (LAAC 10.37.1(f)):** Employees required to possess an occupational license in order to provide the services under the City agreement are not subject to the LWO. However, only the individual employees who are required to possess an occupational license are exempt. Employees who work on the City contract and are not required to possess an occupational license remain subject to the LWO. Example: Under California Labor Code Sections 7375 – 7380, a person must be licensed by the State of California in order to inspect and certify cranes and derricks used in lifting services. Contractors must use the LWO Application for Non-Coverage or Exemption form (Form OCC/LW-10) and submit a listing of the employees who possess occupational licenses and a copy of the licenses.
- c. **Small business exemptions for Public Lessees/Licensees (LAAC 10.37.1(i)):** Small business that lease property from the City may apply for OCC approval for LWO exemption if the lessee or licensee: (1) employs no more than a total of seven employees; and (2) has annual gross revenues of less than \$454,016 (adjusted July 1, 2009). This applies only to lessees with lease agreements executed after February 24, 2001, and to amendments executed after February 24, 2001 that add monies or extend term. Use the Application for “Small Business” Exemption (Form OCC/LW-20) and submit the application with the documents requested on that form.
- d. **City financial assistance agreements that exceed the LWO monetary thresholds may apply for one of the exemptions below.** Applicants and departments should refer to Regulation #3(c) for the requirements and the documents that must be submitted with the LWO Application for Non-Coverage or Exemption (OCC/LW-10).
- (1) The City financial assistance recipient (CFAR) is in its first year of operation (LAAC 10.37.1(c)).
 - (2) The CFAR employs fewer than five employees (LAAC 10.37.1(c)).
 - (3) The CFAR would face undue hardship because it employs the long-term unemployed or provides trainee positions to prepare employees for permanent positions (LAAC 10.37.1(c)). REQUIRES COUNCIL APPROVAL.

CITY OF LOS ANGELES
SERVICE CONTRACTOR WORKER RETENTION ORDINANCE
(Los Angeles Administrative Code Section 10.36 et seq.)

1. What is the Service Contractor Worker Retention Ordinance?

The Service Contractor Worker Retention Ordinance (SCWRO), effective May, 1996, requires a successor contractor and its subcontractors to retain for a 90-day period certain employees who worked for the terminated contractor or its subcontractors for at least 12 months. (See also Question #7 regarding which employees are covered.)

2. What is a successor contractor?

A successor contractor is one who has been awarded an agreement to provide services to or for the City that are similar to those that were provided under a recently terminated agreement.

3. What types of agreements are covered by the Ordinance?

The SCWRO covers the following types of agreements:

- For services in an amount over \$25,000.00 and for at least three months.
- In which the primary purpose is to provide services to or for the City (including leases and licenses).
- In which the City provides financial assistance for the purpose of promoting economic development or job growth.

4. What does the Ordinance require a terminated contractor to do?

The SCWRO requires the terminated contractor to provide the awarding authority with the names, addresses, dates of hire, hourly wage, and job classes of each employee who worked on the City agreement for that terminated contractor or its subcontractor. The awarding authority will provide the information to the successor contractor.

5. What does the Ordinance require a successor contractor to do?

The Ordinance requires the successor contractor to:

- Offer employment and retain for a 90-day period the employees who worked for at least 12 months for the terminated contractor or its subcontractors.
- Not discharge the employees retained under the SCWRO without cause during the 90-day period.
- Perform a written performance evaluation of each employee retained under the SCWRO at the end of the 90-day period.

6. Do the employees retained under the Ordinance receive any additional protection?

Employees retained under the SCWRO are employed under the terms and conditions of the successor contractor or as required by law. However, if the agreement the employees are working under is subject to Living Wage Ordinance (LWO), the employees must be paid the wage rate and be provided the benefits required by LWO.

7. Does the successor contractor have to retain all the prior contractor's employees?

The SCWRO covers only employees who meet all of the following requirements:

- Earn less than \$15.00 per hour.
- Primary job is in the City working on or under the City agreement.
- Worked for the terminated contractor or its subcontractor for the preceding 12 months or longer.
- Not a managerial, supervisory, or confidential employee; or an employee required to possess an occupational license.

8. What if the successor contractor determines that fewer employees are required to provide the services than were required by the prior contractor?

The names of the affected employees will be placed in order by seniority within each job classification. The successor contractor is required to retain employees based on seniority. The names of employees not retained will be placed on a preferential hiring list from which the successor contractor must use for subsequent hires.

9. What happens if an employee is discharged in violation of the Ordinance?

The employee may bring a lawsuit against the successor contractor. The employee can also submit a complaint to the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance which will investigate the complaint.

10. What if a contractor is found to be in violation of the Ordinance?

The City may terminate the agreement or pursue other legal remedies.

11. Who is responsible for administering and enforcing the Ordinance?

The Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, located at 1149 S. Broadway St., Suite 300, Los Angeles, CA 90015. For additional information, please call (213) 847-2625, or go to the Office of Contract Compliance web site at <http://bca.lacity.org>.

For the purposes of this program, the State's Microbusiness certification will be considered synonymous with the City's EBE certification.
- c. Certification as a Disabled Veteran Business Enterprise: A DVBE must be certified by State of California, Office of Small Business & Disabled Veterans Business Enterprise Services.
9. Business Inclusion Program Outreach Documentation: The respondent must take affirmative steps prior to submission of their RFP response to ensure that a maximum effort is made to recruit subconsultants. Minority, women, small, emerging, disabled veteran owned and controlled businesses must be considered along with other business enterprises whenever possible as sources of subconsulting services. Affirmative steps for BIP Outreach Documentation are outlined in Paragraph C herein. The BIP Outreach Documentation must be submitted as described in Paragraph C herein. Failure to submit the BIP Outreach Documentation will render the response non-responsive.
10. Subcontract: For the purpose of this program, the term "Subcontract" denotes an agreement between the prime Consultant and an individual, firm or corporation for the performance of a particular portion(s) of the work which the prime Consultant has obligated itself.
11. Subconsultant: An individual, firm, or corporation having a direct contract with the consultant for the performance of a part of the work which is proposed to be constructed or done under the contract or permit, including the furnishing of all labor, materials, or

equipment. For the purposes of this Program, a subconsultant may also be referred to as a subcontractor.

12. **Vendor and/or supplier:** A firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold to the public in the usual course of business. The firm must engage in, as its principal business, and its own name, the purchase and sale of the products in question. A vendor and/or supplier of bulk items such as steel, cement, stone and petroleum products need not keep such products in stock, if it owns or operates distribution equipment.
13. **Manufacturer:** A firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the contractor.
14. **Broker:** A firm that charges for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, insurance or bonds, materials or supplies required for performance of the contract. The fee or commission is to be reasonable and not excessive as compared with fees customarily allowed for similar services.
15. **Participation Recognition:** This applies to recognition as an MBE, WBE, SBE, EBE, DVBE.
 - a. All listed MBE, WBE, SBE, EBE, and/or DVBE firms must be certified as defined under Paragraph B, Definitions, Item 4, on the date the Awarding Authority awards a contract for the project before credit may be allowed toward the respective MBE, WBE, SBE, EBE, and/or DVBE pledged participation level.
 - b. Work performed by a MBE, WBE, SBE, EBE, and/or DVBE prime consultant will not be a consideration when determining a prime consultant's BIP Outreach. The prime consultant will be required to make a BIP Outreach to obtain reasonable anticipated MBE, WBE, SBE, EBE, and/or DVBE participation levels through subconsulting or materials and supplies acquisition.
 - c. Recognition for materials and/or supplies is limited to 60 percent of the amount to be paid to the vendor for such materials/supplies in computing the pledged levels of MBE, WBE, SBE, EBE, and/or DVBE participation, unless the vendor manufactures or substantially alters the materials/supplies.
 - d. MBE, WBE, SBE, EBE, and/or DVBE credit for brokers required for performance of the contract is limited to the reasonable fee or commission charged, as not considered excessive, as compared with fees customarily allowed for similar services.
 - e. A firm which qualifies as both a MBE and a WBE will be credited as either MBE participation or as WBE participation, but will not be credited for both. However, a MBE and/or WBE firm may also receive SBE, EBE and/or DVBE credit if so qualified.

- f. A listed MBE, WBE, SBE, EBE, and/or DVBE firm must be potentially available to perform a commercially useful function, i.e., must be potentially responsible for the execution of a distinct element of the work and potentially available to carry out its responsibility by performing, managing and supervising the work.
- g. MBE/WBE credit shall not be given to a Joint Venture partner listed as a subconsultant by a Joint Venture respondent.
- h. A SBE, EBE, DVBE prime consultant shall receive pledged participation credit for the work performed by its own workforce.

C. BIP OUTREACH DOCUMENTATION

It is the policy of the City of Los Angeles to provide Minority Business Enterprises (MBEs), Women Business Enterprises (WBEs), Small Business Enterprises (SBEs), Emerging Business Enterprises (EBEs), Disabled Veteran Business Enterprises (DVBEs), and all Other Business Enterprises (OBEs) an equal opportunity to participate in the performance of City contracts. In order to maximize this participation while minimizing the administrative impact on city staff and RFP respondents alike, the Mayor's Office has developed a Business Inclusion Program (BIP). The BIP requires City departments to set anticipated participation levels based on the opportunities presented in their advertised contracts and department's achievement of its annual goals. A respondent's BIP Outreach to MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs shall be determined by their compliance with the following BIP Outreach process which will be performed on the City's Business Assistance Virtual Network (BAVN). The BAVN can be accessed by going to the City's Webpage (<http://www.lacity.org>) and linking onto "Bids, RFPs & Grants" or directly at www.labavn.org. Failure to meet the anticipated MBE, WBE, SBE, EBE, and/or DVBE participation levels will not by itself be the basis for disqualification or determination of noncompliance with this policy. **However, failure to comply with the BIP Outreach documentation requirements as described in this section will render the RFP response non-responsive and will result in its rejection.** *Compliance with the BIP Outreach requirements is required even if the proposer has achieved the anticipated MBE, WBE, SBE, EBE, and DVBE participation levels.* Adequacy of a bidder's BIP Outreach will be determined by the Awarding Authority after consideration of the indicators of BIP Outreach as set forth below.

Any technical difficulties while utilizing the BAVN should be reported immediately using the following steps:

1. Email BAVN Support at support@labavn.org.
2. Email the Contract Coordinator listed in the RFP.
3. If you are not contacted within 15 minutes during normal City working hours (7:00 a.m. to 4:30 p.m. Monday-Friday), call the Contract Coordinator listed in the RFP.

If the above procedures are not followed as stipulated, incomplete outreach and/or incomplete documentation may not be accepted.

Each indicator (2-6) is evaluated on a pass/fail basis. All indicators (2-6) must be passed to be deemed responsive. Only BIP Outreach documentation submitted under the bidders name will be evaluated. Therefore submission by a third party will result in the bidder being deemed non-responsive.

1	LEVEL OF ANTICIPATED MBE, WBE, SBE, EBE, and DVBE PARTICIPATION
---	--

The proposer has performed a BIP Outreach in an attempt to obtain potential subconsultant participation by MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs which could be expected by the Board to produce a reasonable level of participation by interested business enterprises, including the MBE, WBE, SBE, EBE and DVBE anticipated percentages set forth in the RFP and to have the proposer meet the subconsulting expectations for the project.

2	ATTENDED PRE-BID MEETING
---	---------------------------------

The proposer attended the pre-proposal meeting scheduled by the Project Manager to inform all proposers of the requirements for the project for which the contract will be awarded. This requirement may be waived if the proposer certifies it is informed as to those project requirements and has participated in a City-sponsored or City-approved matchmaking event in the prior 12 months.

Required Documentation: An employee of the proposer's company must attend the pre-submittal meeting scheduled for this project. Credit may not be given if the employee arrives late or fails to sign the pre-submittal meeting attendance roster. This requirement will be waived if the proposer both certifies in writing that it is informed as to the BIP Outreach requirements for the project and has participated in a City-sponsored or City-approved matchmaking event in the prior 12 months as is evidenced by the event attendance documents.

Note: If the RFP states that the pre-submittal meeting is mandatory, then attendance at the pre-submittal meeting is the only way to pass this indicator.

3	SUFFICIENT WORK IDENTIFIED FOR SUBCONSULTANTS
---	--

The proposer has identified the minimum number, as determined by the Awarding Authority, of specific items of work that will be performed by subconsultants. This will ensure an opportunity for subconsultant participation among MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs.

Required Documentation: Outreach via e-mail in the selected potential work items. This outreach must be performed using the BAVN's BIP Outreach system. The outreach must be to potential MBE, WBE, SBE, EBE, DVBE, and OBE subconsultants who are currently registered on the BAVN. Failure of the proposer to outreach in all of the potential work items selected by the City as potential subconsulting work items may result in the RFP response being deemed non-responsive.

Note: City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

4	WRITTEN NOTICES TO SUBCONSULTANTS
---	--

All notifications must be provided utilizing BAVN, and made not less than **fifteen (15) calendar days** prior to the date the Prime Bid/Proposal is required to be submitted. In all instances, proposers must document that invitations for subcontracting bids were sent to available MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs for each item of work to be performed.

Required Documentation: E-mail notification in each of the selected potential work items to potentially available MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs for each anticipated work item to be performed. The notification must be performed using the BAVN's BIP Outreach system. The notification must be to potential subconsultants currently registered on the BAVN. If the proposer is aware of a potential subconsultant that is not currently registered on the BAVN, it is the proposer's responsibility to encourage the potential subconsultant to become registered so that the proposer can include them as part of their outreach. Letters must contain areas of work anticipated to be subconsulted, City of Los Angeles project name, name of the proposer, and contact person's name, address, and telephone number. Proposers are required to send notifications to a sufficient number of firms comprised of MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs in each potential work item chosen, as determined by the City. What is considered sufficient will be determined by the total number of potential subconsultants in each specific work item.

The City will determine each work area by the North American Industry Classification System (NAICS) code. The following table shows the sufficient number of MBE, WBE, SBE, EBE, DVBE and OBE subcontractors that need to be notified for each work area.

# of Subcontractors in NAICS Code	% Prime Must Notify	Number Prime Must Notify
1-10	100%	1-10
11-20	80%	9-16
21-50	60%	13-30
51-100	40%	21-40
101-200	25%	26-50
>200	10%	20+

A proposer's failure to utilize this notification function will result in their RFP response being deemed non-responsive.

Note: Proposers will not be able to utilize the BAVN's BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. In utilizing the BAVN's notification function, proposers will receive a message if they have failed to outreach to a sufficient number of firms when they go to view their summary sheet. Proposers will be given an opportunity to include their own customized statements when utilizing the notification function. However, the City will take into consideration the wording and may deem a proposer non-responsive if the wording is perceived to seriously limit potential subconsultant

responses. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline. Proposers are encouraged to print their BIP Outreach summary sheet prior to logging out as documented proof of their progress.

5	PLANS, SPECIFICATIONS AND REQUIREMENTS
---	---

The proposer provided interested potential subconsultants with information about the availability of plans, specifications, and requirements for the selected subconsulting work.

Required Documentation: Include in Indicator 4, information detailing how, where and when the proposer will make the required information available to interested potential subconsultants. The notification must be performed using the BAVN's BIP Outreach system.

Note: For purposes of RFPs, making a copy of the RFP available to potential subconsultants will meet this requirement. At the time a proposer utilizes the BAVN's BIP Outreach notification function, the required information will automatically be included in the notification. Proposers will not be able to utilize the BAVN's BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

6	NEGOTIATED IN GOOD FAITH
---	---------------------------------

The proposer has responded to every unsolicited offer sent by a Registered Subcontractor using BAVN and has evaluated in good faith bids or proposals submitted by interested MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs. Proposers must not unjustifiably reject as unsatisfactory a bid or proposal offered by a Registered Subcontractor, as determined by the Awarding Authority. The proposer must submit a list of all subcontractors for each item of work, including dollar amounts of potential work for MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs, and a copy of any and all bids or proposals received. This list must include an explanation of the evaluation that lead to the bid or proposal being rejected and the explanation must have been communicated to the subcontractor using BAVN.

Required Documentation:

- a) Schedule A MBE/WBE/SBE/EBE/DVBE/OBE Subconsultants Information Form;
- b) An online Summary Sheet organized by work area, listing the following:
 - 1) The responses and/or bids received;
 - 2) The name of the subconsultant who submitted the bid/quote;
 - 3) A brief reason given for selection/non-selection as a subconsultant;
- c) Copies of all potential MBE/WBE/SBE/EBE/DVBE/OBE bids or quotes received must be submitted prior to award of a contract by the City;

The reasons for selection/non-selection should be included in the notes section of the online Summary Sheet. If the proposer elects to perform a listed work area with its own forces, they must include a bid/quote for comparison purposes and an explanation must be provided and included on the summary sheet. **All bids/quotes received, regardless of whether or not the proposer outreached to the subconsultant, must be submitted and included on the on-line Summary**

Sheet. To that extent, the City expects the proposer to submit a bid from each subconsultant listed on the online Summary Sheet, including those listed on the proposer's Schedule A. **All potential subcontractors with whom the bidder has had contact outside of the BAVN must be documented on the online Summary Sheet.**

The summary sheet must be performed using the BAVN's BIP Outreach system and must be submitted by 4:30 p.m. on the first calendar day following the day of the RFP response submittal deadline. If a bid/quote is submitted by a firm that is not registered with the BAVN, the proposer is required to add that firm to their summary sheet. A proposer's failure to utilize the BAVN's summary sheet function will result in their RFP response being deemed non-responsive.

Note: Staff will request copies of all of the bids/quotes received as part of the BIP Outreach evaluation process. Proposers must have a bid/quote from each potential subconsultant listed on their Schedule A prior to submission of the Schedule A. The submission of the Schedule A is outlined in G herein. Proposers are encouraged to submit all of their bids/quotes with their RFP response submittal. Proposers will not be able to edit their summary sheet on the BAVN's BIP Outreach summary sheet function after 4:30 p.m. on the first calendar day following the day of the RFP response submittal deadline. City staff will access the BAVN and verify compliance with the summary sheet provision of this indicator after the RFP submission deadline. Proposers are required to have each of the subconsultants on their Schedule A registered on the BAVN prior to being awarded the contract.

7

BOND, LINES OF CREDIT, AND INSURANCE ASSISTANCE

Each notification by the proposer shall also include an offer of assistance to interested potential MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs in obtaining bonds, lines of credit, and insurance required by the Awarding Authority or proposer.

Required Documentation: Include in Indicator 4, information about the proposer's efforts to assist with bonds, lines of credit and insurance. The notification must be performed using the BAVN's BIP Outreach system.

Note: At the time a proposer utilizes the BAVN's BIP Outreach notification function, the required information will automatically be included in the notification. Proposers will not be able to utilize the BAVN's BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. Proposers will be given an opportunity to include their own customized statements when utilizing the notification function. However, the City will take into consideration the wording and may deem a proposer non-responsive if the wording seriously limits potential subconsultant responses or is deemed contrary to the intent of this indicator. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

The proposer shall submit completed BIP Outreach documentation either via the BAVN's BIP Outreach system or prior to award, as specified for each indicator. The Awarding Authority in its review of the BIP Outreach documentation may request additional information to validate and/or clarify that the BIP Outreach submission was adequate. Any additional information submitted after the response due date and time will be treated at a higher level of scrutiny and may require

third Party documentation in order to substantiate its authenticity. Such information shall be submitted promptly upon request by the Awarding Authority.

D. AWARD OF CONTRACT

The Awarding Authority reserves the right to reject any and all RFP responses. The award of a contract will be to the responsive, responsible proposer whose proposal complies with all requirements prescribed herein. This includes compliance with the required Business Inclusion Program Outreach. A positive and adequate demonstration to the satisfaction of the Awarding Authority that a BIP Outreach to include MBE/WBE/SBE/EBE/DVBE/OBE subconsultants' participation was made is a condition for eligibility for award of the contract.

In the event that the Awarding Authority considers awarding away from a proposer because of the proposer's failure to supply adequate BIP Outreach documentation, the Awarding Authority shall afford the proposer an opportunity to present further evidence to the Awarding Authority prior to a public hearing of the proposer's BIP Outreach evaluation.

E. SUBCONSULTANT SUBSTITUTION

In addition to the requirements set forth in the provisions pertaining to the listing of subconsultants, the following shall apply for the purpose of this program:

1. Substitution During Contract Duration: The contract award requires that the level of all subconsultant participation shall be maintained throughout the duration of the contract. To this extent, any unapproved reduction in the listed subcontract amount will be considered an unauthorized substitution.
 - a. The Consultant shall request approval of the Awarding Authority for all substitutions of bid-listed (Schedule A) subconsultants.
 - b. The request shall be in writing and submitted to the designated Project Manager for the Awarding Authority. The request shall give the reason for the substitution, the name of the subconsultant and the name of the replacement.
2. MBE/WBE/SBE/EBE/DVBE/OBE Subconsultant Substitution: The Awarding Authority requires that whenever the Consultant seeks to substitute a bid-listed (Schedule A) subconsultant, the Consultant must make a BIP Outreach to replace the subconsultant.
 - a. The Consultant shall contact some of each of the following: certified MBE, certified WBE, certified SBE, certified EBE, certified DVBE, and OBE sub-bid prospects from each trade for which sub-bid/subconsulting work is available and document the following for submittal:
 - 1) Name of company contacted; contact person and telephone number; date and time of contact.
 - 2) Response for each item of work which was solicited, including dollar amounts.

- 3) Reason for selection or rejection of sub-bid prospect.
 - 4) In the event that the Consultant is unable to find some certified MBE, certified WBE, certified SBE, certified EBE, certified DVBE, and OBE sub-bid prospects for each trade, the Consultant should contact the Office of Contract Compliance at (213) 847-2684 for assistance prior to certifying under penalty of perjury that it was unable to fully meet this requirement.
3. In the event that a subcontract is reduced due to a project change that will not be specified in a change order, the Consultant shall request approval for reducing the subcontract by documenting the following for submittal:
- a. The name of the company for which the subcontract reduction is requested and the dollar amount of the reduction.
 - b. The reason for the reduction. Specific details should be given in order for the Consultant's request to be processed promptly.
 - c. The Consultant shall submit all documentation to the Awarding Authority's Project Manager.

F. SUB-AGREEMENT FALSIFICATION

Falsification or misrepresentation of a sub-agreement as to company name, contract amount and/or actual work to be done by the sub-bidder/subconsultant will result in sanctions set forth in provisions pertaining to listing of subconsultants.

G. SUBMITTAL DOCUMENTS

1. MBE/WBE/SBE/EBE/DVBE/OBE Subcontractors Information Form (Schedule A)

Proposers shall submit with their proposal the MBE/WBE/SBE/EBE/DVBE/OBE Subcontractors Information Form, provided here in as Schedule A. The proposer shall list itself and the names and addresses of all firms to be used with a complete description of work or supplies to be provided by each, and the description of work to be performed.

2. MBE/WBE/SBE/EBE/DVBE/OBE Utilization Profile (Schedule B)

During the term of the contract, the consultant must submit the MBE/WBE/SBE/EBE/DVBE/OBE Utilization Profile (Schedule B) when submitting the Monthly Remittance Advice to the City.

3. Final Subcontracting Report (Schedule C)

Upon completion of the project, a summary of these records shall be prepared on the "Final Subcontracting Report" form (Schedule C) and certified correct by the

consultant or its authorized representative. The completed form shall be furnished to the Awarding Authority within 15 working days after completion of the contract.

H. RESPONSIBILITY FOR IMPLEMENTATION AND MONITORING

The Awarding Authority which acts as the City's Project Manager for the resulting contract will be the responsible entity for proper implementation and monitoring of the policy.

I. AWARD OF CONTRACT

Nothing herein restricts the discretion of the Awarding Authority to reject all proposals in accordance with Charter Section 371.

¹ **Non-Profit 501(c)(3) Organizations:** A corporation claiming exemption under Section 10.37.1(g) of the LWO as a corporation organized under Section 501 (c)(3) of the United States Internal Revenue Code must provide the following additional documents in support of the application for exemption:

(A) A copy of the most recent IRS letter indicating that the contractor has been recognized as a non-profit corporation organized under section 501 (c)(3) of the United States Internal Revenue Code.

(B) An application for non-coverage or exemption, including the non-profit salary certification on the form referred to in Appendix A. The salary certification must list the salary of the corporation's chief executive officer (CEO), computed on an hourly basis, and the hourly wage rate of the lowest paid worker in the corporation. The salary of the CEO, when computed on an hourly basis, must be less than 8 times what the lowest paid worker is paid on an hourly basis. For purposes of this exemption, the "chief executive officer (CEO)" means the CEO of the 501(c)(3) corporation that entered into the agreement

² **One-Person Contractor:** A contractor may apply for exemption under Section 10.37.1(f) of the LWO if that contractor has no employees. The one-person contractor shall submit an application for non-coverage or exemption to the awarding authority on the form referred to in Appendix A with the appropriate one-person contractor certification. If, subsequent to the approval of the exemption application, the contractor hires any employees, the exemption is no longer valid. Any employee the contractor hires becomes covered by the LWO to the extent that the employee performs work on the City agreement. In such cases, the contractor shall notify the awarding authority of the change in circumstances and submit to the awarding authority all the necessary forms to comply with the LWO reporting requirements, including the employee and subcontractor information forms.

³ **Exemption by Collective Bargaining Agreement – LAAC 10.37.12:** An employer subject to provisions of the LWO may, by collective bargaining agreement (CBA), provide that the CBA, during its term, shall supersede the requirements of the LWO for those employees covered by the CBA. The provisions of the LWO should not be interpreted to require an employer to reduce the wages and benefits required by a collective bargaining agreement. All parties to the CBA must specifically waive in full or in part the benefits required by the LWO. An employer applying for this exemption shall submit a copy of the CBA. If the CBA does not specifically indicate that the LWO has been superseded, the employer shall submit written confirmation from the union representing the employees working on the agreement that the union and the employer have agreed to let the CBA supersede the LWO.

(A) **Provisional Exemption from LWO during negotiation of CBA:** An employer subject to the LWO may apply for Provisional Exemption from the LWO if the employer can document that: (1) the union and the employer are currently engaged in negotiations regarding the terms of the CBA; and (2) the issue of allowing the CBA to supersede the LWO has been proposed as an issue to be addressed during the negotiations. If granted, Provisional Exemption status is valid until the end of the negotiation process, including, if applicable, impasse resolution proceedings. During the negotiation process, the employer shall provide, upon request from the OCC, status reports on the progress of negotiations. At the end of the negotiation process, the employer shall provide the OCC with a copy of the final CBA to verify whether the LWO has been superseded, and the effective dates of the CBA.

(i) If the final CBA signed by the employer and the union supersedes the LWO, the employer shall be considered to be exempt from the LWO's wage and benefits provisions for the time period covered by the effective dates of the superseding CBA. The employer remains subject to all applicable provisions of the LWO for the time period not covered by the superseding CBA. If the employer has not complied with the LWO requirements during the time period not covered by the superseding CBA, the employer shall be required to make retroactive corrections for any period of non-compliance, which may include making retroactive payments to affected employees for the relevant periods of non compliance.

(ii) If the final CBA signed by the employer and the union does not supersede the LWO, the employer shall be required to comply with all applicable LWO requirements, including the wage and benefits provisions. Compliance shall also be required retroactively to the date that the employer first became subject to the LWO. If necessary, the employer shall provide retroactive payments to affected employees for any time period during which the employer did not comply with the LWO.

⁴ **Occupational license - LAAC 10.37.1(f): Exemptions for Employees Requiring Occupational Licenses:** If an employer claims that the LWO does not apply to an employee pursuant to section 10.37.1(f) because an occupational license is required of the employee to perform the work, the employer shall submit to the awarding authority, along with the application for non-coverage or exemption, a list of the employees required to possess an occupational license, the type of occupational license required, and a copy of the occupational license itself. An exemption granted under this provision exempts only the employee who must possess an occupational license to perform work on the City agreement. If an occupational license is not required of an employee to perform the work, the employee remains covered by the LWO.

⁵ **Small Business Exemptions for Public Lessees and Licensees – LAAC 10.37.1(i):** A public lessee or licensee claiming exemption from the LWO under section 10.37.1(i) shall submit the small business application for exemption form referred to in Appendix A along with supporting documentation to verify that it meets both of the following requirements:

(A) The lessee's or licensee's gross revenues from all business(es) conducted on the City premises for the calendar year prior to the date of the application for exemption do not exceed the gross annual revenue amount set by the LWO in Section 10.37.1(i). That gross revenue amount shall be adjusted annually according to the requirements of the LWO. The gross revenue amount used in evaluating whether the lessee or licensee qualifies for this exemption shall be the gross revenue amount in effect at the time the OCC receives the application for exemption.

A public lessee or licensee beginning its first year of operation on a specific City property will have no records of gross annual revenue on the City property. Under such circumstances, the lessee or licensee may qualify for a small business exemption by submitting proof of its annual gross revenues for the last tax year prior to application no matter where the business was located, and by satisfying all other requirements pursuant to these regulations and the LWO.

A lessee or licensee beginning its first year of operation as a business will have no records of gross annual revenue. Under such circumstances, the lessee or licensee may qualify for a small business exemption by satisfying all other requirements pursuant to these regulations and the LWO.

(B) The lessee or licensee employs no more than seven (7) employees.

(i) For purposes of this exemption, a lessee or licensee shall be deemed to employ a worker if the worker is an employee of a company or entity that is owned or controlled by the lessee or licensee, regardless of where the company or entity is located; or if the worker is an employee of a company or entity that owns or controls the lessee or licensee, regardless of where the company or entity is located.

Whether the lessee or licensee meets the seven (7) employee limit provided for in Section 10.37.1(i) of the LWO shall be determined using the total number of workers employed by all companies or businesses which the lessee or licensee owns or controls, or which own or control the lessee or licensee. Control means that one company owns a controlling interest in another company.

(ii) If a business operated by the lessee or licensee is part of a chain of businesses, the total number of employees shall include all workers employed by the entire chain of businesses unless the business operated by the lessee or licensee is an independently owned and operated franchise.

(iii) A public lessee or licensee shall be deemed to employ no more than seven (7) employees if its entire workforce (inclusive of those employees falling within the guidelines stated in subsections (i) and (ii) immediately above) worked an average of no more than 1,214 hours per month for at least three-fourths of the time period that the revenue limitation provided for in section 10.37.1(i) is measured.

Until the OCC approves the application for exemption, the lessee or licensee shall be subject to the LWO and shall comply with its requirements. If the OCC approves the application, the lessee or licensee shall be exempt from the requirements of the LWO for a period of two years from the date of the approval. The exemption will expire two years from the date of approval, but may be renewable in two-year increments upon meeting the requirements.

⁶ **Governmental Entities – LAAC 10.37.1(g):** Agreements with governmental entities are exempt from the requirements of the LWO. If an agreement is exempt from the LWO because the contractor is a governmental entity, subcontractors performing work for the governmental entity on the agreement are also exempt.

**AGREEMENT FOR OPERATION AND MAINTENANCE OF THE
ECHO PARK BOATHOUSE CAFÉ CONCESSION**

THIS Agreement (hereinafter "AGREEMENT") is made and entered in this _____ day of _____, 201_, by and between the CITY OF LOS ANGELES, a municipal corporation acting by and through its Department of Recreation and Parks (hereinafter referred to as "CITY"), and *CONCESSIONAIRE NAME* (hereinafter referred to as "CONCESSIONAIRE").

WHEREAS, the Department of Recreation and Parks (hereinafter referred to as "RAP") seeks to serve the public by providing café services including the sale of food and non-alcoholic beverages at the Echo Park Boathouse Café Concession and the option to operate mobile food and beverage carts in portions of Echo Park Lake (hereinafter "CONCESSION"); and

WHEREAS, the CITY finds, in accordance with Charter Section 1022, that it is necessary, feasible and economical to secure these services by contract as it lacks available personnel in its employ with sufficient expertise to undertake these specialized services; and

WHEREAS, the CITY finds, pursuant to Charter Section 371(e)(10), and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding would be undesirable, impractical or otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by RAP for the improvement, operation and maintenance of the RAP's CONCESSION; and

WHEREAS, RAP finds it is necessary to utilize a standard request for proposals process and to evaluate proposals received based upon the criteria included in a Request for Proposals (RFP); and

WHEREAS, RAP advertised for proposals for the operation and maintenance of the CONCESSION, to include providing café services and related services to the public; and

WHEREAS, RAP received and evaluated XXX proposals which were received on MONTH DAY, YEAR; and

WHEREAS, *CONCESSIONAIRE NAME* was scored as the highest-ranked proposer, and selected to provide café and related services at the CONCESSION in accordance with the terms and conditions of this AGREEMENT; and

WHEREAS, the *CONCESSIONAIRE* desires to enter into such AGREEMENT to provide services of the type and character required therein by CITY to meet the needs of the public at Echo Park Lake.

NOW THEREFORE, in consideration of the terms, covenants and conditions hereinafter to be kept and performed by the respective parties, it is agreed as follows:

SECTION 1. DEFINITIONS

For the purpose of this AGREEMENT, the following words and phrases are defined and shall be construed as hereinafter set for:

AGREEMENT:	This Concession Agreement consisting of thirty-five (35) pages and thirteen (13) exhibits (A-M) attached hereto
BOARD:	Board of Recreation and Park Commissioners
CITY:	The City of Los Angeles, Acting by and through its Department of Recreation and Parks
CONCESSION:	Echo Park Boathouse Café Concession
CONCESSIONAIRE:	<i>CONCESSIONAIRE NAME</i>
RAP:	The Department of Recreation and Parks
FACILITY:	The Echo Park Boathouse Café Concession located at 751 N. Echo Park Avenue, Los Angeles, CA 90026.
LAAC:	The Los Angeles Administrative Code
LAMC:	The Los Angeles Municipal Code
PREMISES:	The geographical area, as defined in Section 3 of this AGREEMENT, in which the concession may be operated.
STANDARD PROVISIONS:	Standard Provisions for City Contracts (Rev. 3/09), attached hereto as "Exhibit B" and incorporated herein.

SECTION 2. PERMISSION GRANTED

For and in consideration of the payment of the fees and charges as hereinafter provided, and subject to all of the terms, covenants, and conditions of this AGREEMENT, CITY hereby grants to CONCESSIONAIRE, subject to all of the terms and conditions of this AGREEMENT, the exclusive right and obligation within the CONCESSION to sell food and non-alcoholic beverages. Patrons will be able to order food from inside the

Echo Park Boathouse (Boathouse), and seating is to be arranged both inside and outside of the facility. Value-priced, pre-prepared and packaged items and non-alcoholic beverages for quick service will also be available. Additionally, with the expressed written consent of GENERAL MANAGER and at his discretion, the CONCESSIONAIRE may provide mobile food carts to sell food and non-alcoholic beverage items at the Echo Park Lake. Seven (7) rooms of the Boathouse, located on the PREMISES, are to be used for authorized activities of the CONCESSIONAIRE; and, not for any other purpose without the prior written consent of GENERAL MANAGER. The CONCESSIONAIRE shall place on all mobile food carts a public notice that the CONCESSIONAIRE operates the carts. The address and phone number of CONCESSIONAIRE will be shown along with the notation that all complaints regarding change, food and beverage, etc., should be referred directly to the CONCESSIONAIRE.

The CONCESSION rights herein granted shall be carried on at the FACILITY solely within the limits and confines of said areas designated as PREMISES (Section 3) in this AGREEMENT. CONCESSIONAIRE, by accepting the AGREEMENT, agrees for itself, and its successors and assigns, that it will not make use of the PREMISES in any manner which might interfere with the recreational uses of the FACILITY.

While CONCESSIONAIRE is granted the exclusive right to sell food and non-alcoholic beverages to the general public at the CONCESSION PREMISES, this exclusive right does not prohibit private parties from preparing or bringing their own food to the park. If the GENERAL MANAGER, by express written consent, gives CONCESSIONAIRE the right to sell food and non-alcoholic beverages to the general public from mobile food and beverage carts in approved areas, that right is also exclusive to the extent the LAMC permits the RAP to restrict the food and beverage vending to a single permitted vendor. RAP does not warrant or guarantee the enforcement of LAMC provisions prohibiting unpermitted vending.

In the event of a conflict between CONCESSIONAIRE and any other concessionaire or any lessee at the FACILITY regarding the services to be offered or products to be sold by respective concessionaires or lessees, RAP shall meet and confer with all necessary parties to determine the services to be offered or products to be sold by each, and CONCESSIONAIRE hereunder agrees thereafter to be bound by said determination.

CITY reserves the right to further develop or improve the PREMISES as it sees fit, without interference or hindrance, however the CITY shall consider the desire and views of CONCESSIONAIRE.

SECTION 3. PREMISES

The PREMISES (Exhibit A) subject to this AGREEMENT are located at: Echo Park Lake, 751 N. Echo Park Avenue, Los Angeles, CA 90026. The PREMISES shall include the Boathouse and all, if any, portions of the park at Echo Park Lake that the GENERAL MANAGER, by express written consent, approves for vending food and beverages from mobile food carts. Location of PREMISES as set forth in Exhibit A, attached hereto and incorporated herein. Any discrepancy in the definition or boundaries of PREMISES shall be resolved solely by RAP.

The CONCESSION is situated within a fifteen hundred (1,500) square foot Boathouse on the east side of Echo Park Lake (Lake). The Boathouse was originally constructed in 1932. The design of the Boathouse is in the Spanish Colonial Revival Style. The Boathouse is a historically significant contributing element to the surrounding of Echo Park Lake (Park). The thirteen (13) acre Lake is surrounded by the Park, with eleven (11) acres of open recreational space. In 2006, the City of Los Angeles (City) designated the Park as Historic-Cultural Monument (HCM) No. LA-836.

CONCESSIONAIRE shall not use or allow the PREMISES to be used, in whole or in part, during the term of the AGREEMENT, for any use in violation of any present or future laws, ordinances, rules, and regulations at any time applicable thereto of any public or governmental authority or agencies, departments or officers thereof, including CITY, relating to sanitation or the public health, safety or welfare or operations at and use of the PREMISES.

SECTION 4. TERM OF AGREEMENT

The term of the AGREEMENT shall be five (5) years with a one (1) year extension option exercisable at the sole discretion of the RAP's General Manager, effective on the date of execution. Neither CITY, nor any BOARD member, officer, or employee thereof shall be liable in any manner to CONCESSIONAIRE because of any action taken to revoke the AGREEMENT.

SECTION 5. OPERATING RESPONSIBILITIES

CONCESSIONAIRE shall, at all times during the term of the AGREEMENT, comply with the following conditions:

A. Cleanliness

CONCESSIONAIRE shall, at its own expense, keep the PREMISES and the surrounding area [at least twenty-five (25) feet] clean and sanitary at all times. No offensive or refuse matter, nor any substance constituting an unnecessary, unreasonable, or unlawful fire hazard, nor any material detrimental to the public health, shall be permitted to remain thereon, and CONCESSIONAIRE shall prevent any such matter or material from being or accumulating upon said PREMISES.

CONCESSIONAIRE, at its own expense, shall see that all garbage or refuse is collected as often as necessary and in no case less than once a day and disposed of in the main dumpster. CONCESSIONAIRE shall furnish all equipment and materials necessary therefore, including trash receptacles of a size, type, and number approved by RAP. If no trash storage area is made available, CONCESSIONAIRE shall provide at its own expense and with RAP's prior written approval, an enclosed area concealing the trash storage from public view. RAP will incur the cost of all garbage pick-up from the main dumpster for the PREMISES during the term of this AGREEMENT.

B. Conduct

CONCESSIONAIRE and its representatives, agents, servants, and employees shall at all times conduct its business in a quiet and orderly manner to the satisfaction of RAP.

C. Disorderly Persons

CONCESSIONAIRE shall use its best efforts to permit no intoxicated person or persons, profane or indecent language, or boisterous or loud conduct in or about the PREMISES and will call upon peace officers to assist in maintaining peaceful conditions. CONCESSIONAIRE shall not knowingly allow the use or possession of illegal drugs, narcotics, or controlled substances on the PREMISES.

D. Non-Discrimination/ Equal Employment Practices/Affirmative Action

1. CONCESSIONAIRE, in its CONCESSION operations at the FACILITY, for itself, its personal representatives, successors in interest and assigns, as part of the consideration hereof, does hereby covenant and agree that: (1) no person on the grounds of race, color, national origin, religion, ancestry, sex, age, physical disability, or sexual orientation shall be excluded from participation, denied the benefits of or be otherwise subjected to unjust discrimination in access to or in the use of the facilities covered by the AGREEMENT; (2) that in the construction of any improvements on, over or under the PREMISES authorized to be utilized herein and the furnishing of services thereon, no person on the grounds of race, color, national origin, religion, ancestry, sex, age, physical disability, or sexual orientation shall be excluded from participation in, denied the benefits of or otherwise be subjected to unjust discrimination.
2. CONCESSIONAIRE agrees that in the event of breach of any of the above nondiscrimination covenants, with proper notification as per Section 14, CITY shall have the right to terminate the AGREEMENT and to reenter and repossess said land and the facilities thereon and hold the same as if said AGREEMENT had never been executed.
3. In addition, CONCESSIONAIRE, during the term of the AGREEMENT, agrees not to unjustly discriminate in its employment practices against any employee or applicant for employment because of the employee's or applicant's race, color, religion, national origin, ancestry, sex, age, physical disability, or sexual orientation. All subcontracts entered into by CONCESSIONAIRE shall be approved in advance by CITY and shall contain a like provision.

E. Personnel

1. Freedom from Tuberculosis

For employees preparing food, and others as required by statute (reference Section 5163 of the California Public Resources Code) or directive of RAP, CONCESSIONAIRE shall provide RAP with certificates on applicable employees indicating freedom from communicable tuberculosis.

2. Qualified Personnel

CONCESSIONAIRE will, in the operation of the CONCESSION, employ or permit the employment of only such personnel as will assure a high standard of service to the public and cooperation with the CITY. All such personnel, while on or about the PREMISES, shall be neat in appearance and courteous at all times and shall be appropriately attired, with badges or other suitable means of identification. No person employed by CONCESSIONAIRE, while on or about the PREMISES, shall be under the influence of illegal drugs, narcotics, other controlled substances or alcohol, or use inappropriate language, or engage in otherwise inappropriate conduct for a work environment. In the event an employee is not satisfactory, RAP may direct CONCESSIONAIRE to remove that person from the PREMISES.

3. Concession Manager

CONCESSIONAIRE shall appoint, subject to written approval by RAP, a Concession Manager of CONCESSIONAIRE'S operations at the FACILITY.

Such person must be a qualified and experienced manager or supervisor of operations, vested with full power and authority to accept service of all notices provided for herein and regarding operation of the CONCESSION, including the quality and prices of CONCESSION goods and services, and the appearance, conduct, and demeanor of CONCESSIONAIRE'S agents, servants, and employees. The Concession Manager shall be available during regular business hours and, at all times during that person's absence, a responsible subordinate shall be in charge and available.

The Concession Manager shall devote the greater part of his or her working time and attention to the operation of the CONCESSION and shall promote, increase and develop the business. During the days and hours established for the operation of the subject concession, the Concession Manager's personal attention shall not be directed toward the operation of any other business activity.

If, for reasons of ill health, incapacitation, or death, the Concession Manager becomes incapable of performing each and all terms and provisions of the AGREEMENT, RAP may, in its sole discretion, suspend the AGREEMENT and all terms and conditions contained therein.

4. Approval of Employees, Volunteers and Subcontractors

RAP shall have the right to approve or disapprove all employees, volunteers and subcontractors (including all employees and volunteers for any subcontractor) of CONCESSIONAIRE. Failure of CONCESSIONAIRE to obtain RAP's written approval of all persons operating under the authority of this AGREEMENT on the PREMISES shall be a material breach of this AGREEMENT. CONCESSIONAIRE shall submit a list of all persons employed by, or volunteering or subcontracting for, CONCESSIONAIRE at the PREMISES to RAP prior to commencing operations pursuant to this AGREEMENT. All changes to the approved list of employees, volunteers and subcontractors shall be submitted to RAP for written approval prior to any employee, volunteer or subcontractor commencing work at the PREMISES. CONCESSIONAIRE shall not hire as an employee or volunteer, or subcontract with, any person whom RAP would be prohibited from hiring as an employee or volunteer pursuant to California Public Resources Code Section 5164 to perform work at the PREMISES. Each employee, volunteer or subcontractor (including all employees or volunteers of any subcontractor) shall be required to fill out a form requesting the information required by Section 5164, and RAP reserves the right to fingerprint and conduct a Department of Justice criminal background check on any such person prior to approving their employment, volunteer service or subcontract. Failure to comply with this hiring standard shall be a material breach of this AGREEMENT and CONCESSIONAIRE shall immediately remove any employee, volunteer or subcontractor from the PREMISES at RAP's instruction.

F. Price Schedules

1. CITY agrees that CONCESSIONAIRE'S services, including its price for same, shall be within CONCESSIONAIRE'S discretion; subject, however, to disapproval by RAP if the selection of items offered is inadequate, of inferior quality, or if any of said prices are excessively high or low in the sole opinion of RAP. Such determination shall not be unreasonable and shall take into account the business considerations presented by CONCESSIONAIRE. All prices shall be comparable to prices charged in similar establishments in the City of Los Angeles. CONCESSIONAIRE shall, upon execution of AGREEMENT, provide RAP with a list of prices for all merchandise and services. This list shall be updated whenever prices are changed.

sale without the written approval of GENERAL MANAGER. GENERAL MANAGER may order the improvement of the quality of any merchandise kept or offered for sale.

11. CONCESSIONAIRE shall minimize the paper items (straw covers, serving cartons, etc.) distributed with take-out CONCESSION products. CONCESSIONAIRE shall be prohibited from selling merchandise in non-recyclable bottles, and shall not dispense take-out food or beverage items in glass or Expanded Polystyrene (EPS) / Styrofoam containers. CONCESSIONAIRE shall not sell or give away or otherwise dispose of any commodity which in the opinion of GENERAL MANAGER will cause undue litter. CONCESSIONAIRE expressly agrees to comply with all CITY and DEPARTMENT recycling programs.
12. CONCESSIONAIRE shall not sell lottery tickets or similar type merchandise.

G. Diversion of Business

CONCESSIONAIRE shall not divert, cause, allow, or permit to be diverted any business from the PREMISES and shall take all reasonable measures, in every proper manner, to develop, maintain, and increase the business conducted by it under the AGREEMENT.

J. Claims for Labor and Materials

The CONCESSIONAIRE shall promptly pay when due all amounts payable for labor and materials furnished in the performance of the AGREEMENT so as to prevent any lien or other claim under any provision of law from arising against any CITY property (including reports, documents, and other tangible matter produced by the CONCESSIONAIRE hereunder), against the CONCESSIONAIRE's rights hereunder, or against the CITY, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

K. Signs and Advertisements

CONCESSIONAIRE shall not erect, construct, or place any signs, banners, ads, or displays of any kind whatsoever upon any portion of CITY property without the prior written approval from RAP, who may require the removal or refurbishment of any sign previously approved. Certain signs and advertisements may also require the prior written approval of the Cultural Affairs Department or other appropriate agencies.

The CONCESSIONAIRE shall place a public notice that the CONCESSIONAIRE operates the Echo Park Boathouse Café. The address and phone number of CONCESSIONAIRE will be shown along with the notation that all complaints should be referred directly to the CONCESSIONAIRE.

At FACILITY, CONCESSIONAIRE shall provide the following credit or as proportions of signage allow similar credit as approved by RAP in writing:

"In Collaboration with the City of Los Angeles Department of Recreation and Parks."

Upon the expiration or termination of the AGREEMENT, CONCESSIONAIRE shall, at its own expense, remove or paint out, as RAP may direct, any and all of its signs and displays on the PREMISES and in connection therewith, and shall restore said PREMISES and improvements thereto to the same condition as prior to the placement of any such signs or displays.

L. Utilities

CONCESSIONAIRE shall be responsible for utility charges associated with the

CONCESSION. Charges may include, but are not limited to, deposits, installation costs, meter deposits, and all service charges for gas, electricity, heat, air-conditioning, and other utility services to PREMISES, and shall be paid by CONCESSIONAIRE regardless of whether such utility services are furnished by CITY or by other utility service providers. CONCESSIONAIRE will pay directly for telephone services, which will be in the name of the CONCESSIONAIRE.

CONCESSIONAIRE hereby expressly waives all claims for compensation, or for any diminution or abatement of the rental payment provided for herein, for any and all loss or damage sustained by reason of any defect, deficiency, or impairment of the water, heating, or air conditioning systems, electrical apparatus, or wires furnished to the PREMISES which may occur from time to time and from any cause or from any loss resulting from water, earthquake, wind, civil commotion, or riot; and CONCESSIONAIRE hereby expressly releases and discharges CITY and its officers, employees, and agents from any and all demands, claims, actions, and causes of action arising from any of the aforesaid causes.

In all instances where damage to any utility service line is caused by CONCESSIONAIRE, its employees, contractors, sub-contractors, suppliers, agents, or invitees, CONCESSIONAIRE shall be responsible for the cost of repairs and any and all damages occasioned thereby.

Water and electricity shall be utilized by CONCESSIONAIRE in the most efficient manner possible, and CONCESSIONAIRE expressly agrees to comply with all CITY water conservation programs.

In the event that individual utility meters are not available, CONCESSIONAIRE shall remit, on a monthly basis in conjunction with revenue-sharing payments to RAP, the amount of Four Hundred Fifty Dollars (\$450.00) as payment for utilities. Payment of utilities will be subject to increase annually to cover increasing utility costs.

The CONCESSIONAIRE shall reimburse RAP if any utility charges are paid by RAP.

M. Vending Machines

CONCESSIONAIRE shall not install, or allow to be installed, any vending machines, electronic games, or other coin-operated machines without prior written approval of RAP. RAP shall have the right to order the immediate removal of any unauthorized machines.

N. Safety

CONCESSIONAIRE shall correct safety deficiencies, and violations of safety practices, immediately after the condition becomes known or RAP notifies CONCESSIONAIRE of said condition. CONCESSIONAIRE shall cooperate fully with CITY in the investigation of accidents occurring on the PREMISES. In the event of injury to a patron or customer, CONCESSIONAIRE shall reasonably ensure that the injured person receives prompt and qualified medical attention, and

as soon as possible thereafter, CONCESSIONAIRE shall submit a CITY Form General No. 87 "Non-Employee Accident or Illness Report" (see SECTION 18, "NOTICES," for mailing address) (Exhibit F). If CONCESSIONAIRE fails to correct hazardous conditions specified by RAP in a written notice, which have led, or in the opinion of CITY could lead, to injury, RAP may, in addition to all other remedies which may be available to CITY, repair, replace, rebuild, redecorate, or paint any such PREMISES to correct the specified hazardous conditions, with the cost thereof, plus fifteen percent (15%) for administrative overhead, to be paid by CONCESSIONAIRE to CITY on demand.

O. Environmental Sensitivity

The CONCESSIONAIRE must operate the CONCESSION in an environmentally sensitive manner and all operations must comply with CITY policies regarding protection of the environment. CONCESSIONAIRE shall not use or allow the use on the PREMISES of environmentally unsafe products.

P. Fund Raising Activities

CONCESSIONAIRE will be expected to cooperate with RAP personnel on all matters relative to the conduct of fund-raising and/or special events at the discretion of RAP.

Q. Community Outreach

CONCESSIONAIRE shall coordinate and cooperate with RAP to develop strategies to outreach to all members of the community, particularly those living in low-to-moderate income areas, fixed-income households, youth, the disabled, etc., to provide its services to these members of the community who may not otherwise have the opportunity to partake in the services provided by CONCESSIONAIRE.

R. Amplified Sound

No amplified sound is permitted by CONCESSIONAIRE in its operations on PREMISES.

S. Security

CONCESSIONAIRE shall be responsible for security of the interior PREMISES. CONCESSIONAIRE may install equipment, approved by RAP, which will assist in protecting the PREMISES from theft, burglary, or vandalism. Any such equipment must be purchased, installed, and maintained by CONCESSIONAIRE.

T. Quiet Enjoyment

CITY agrees that CONCESSIONAIRE, upon payment of the fees and charges specified herein, and all other charges and payments to be paid by CONCESSIONAIRE under the terms of this AGREEMENT, and upon observing and keeping the required terms, conditions and covenants of this AGREEMENT, shall lawfully and quietly hold, use and enjoy the CONCESSION PREMISES during the term of this AGREEMENT. In the case of disputes, during the life of the AGREEMENT, over any conditions which may impede upon the CONCESSIONAIRE's quiet enjoyment of the concession PREMISES, RAP shall have final determination of any solution to such dispute; RAP's final determination shall be binding upon all parties in such dispute.

U. Receipts

1. CONCESSIONAIRE shall offer receipts to customers for every transaction.
2. CONCESSIONAIRE shall at all times place a sign within twelve (12) inches of any cash register, in clear view to the public, and in minimum one-inch lettering, which states: "If a receipt is not provided for this transaction, please contact the Department of Recreation and Parks - Concessions Unit (213) 202-3280."

SECTION 6. IMPROVEMENTS

Physical improvements, repairs or physical alterations to the Boathouse are restricted due to the historical significance of the facility. CONCESSIONAIRE is not required to provide any improvements. The award of the AGREEMENT shall not constitute approval to make any improvements. RAP reserves the right to request a capital improvement plan upon exercising the five (5) year renewal option.

The Boathouse is a historically significant contributing element to the Park. The Park is designated as HCM No. LA-836 in accordance with Chapter 9, Article 1 of the Los Angeles Administrative Code. HCM LA-836 is also listed in the California Register of Historic Resources as eligible for the National Register of Historic Places. The Boathouse is considered historically significant for California Environmental Quality Act (CEQA) purposes.

In the event improvements, repairs or physical alterations are required for any reason during the term of the Agreement, no improvements, repairs or physical alterations to the Boathouse may be initiated by CONCESSIONAIRE without prior written approval from the GENERAL MANAGER. In addition to written approval from the GENERAL MANAGER, the CONCESSIONAIRE must also obtain the prior written approval of the Cultural Heritage Commission for any proposed substantial alterations to the affected area, in accordance with Section 22.171.14 of the Los Angeles Administrative Code.

Any infractions, large or small, to the prohibition on improvements, repairs or physical alterations will be treated as a material breach of the AGREEMENT

and will be subject to all of the applicable laws, fines and penalties imposed by the City's Department of Building and Safety, as well as the Office of Historic Resources

CITY shall hold CONCESSIONAIRE responsible for guaranteeing the completion of all improvements, according to approved plans, regardless of cost. CONCESSIONAIRE shall bear all costs for all necessary permits, insurance, and taxes required for compliance of such improvements. Any breach of this condition for CONCESSION improvements shall be a material breach of this AGREEMENT. CITY reserves the right to recover damages from CONCESSIONAIRE if the improvements are not completed, completed as stipulated, or completed to the satisfaction of DEPARTMENT. Such damages may include, but are not limited to, recovering up to the entire cost of the improvements from the CONCESSIONAIRE's performance deposit. The performance deposit must be recompensed as stipulated in Section 12, "Performance Deposit," herein. Failure to complete the required improvements within the time frame specified in the written approval, or as prescribed by RAP, are subject to a penalty of One Hundred Dollars (\$100.00) per day for each calendar day over the appropriate time limit. At the conclusion of each improvement, the CONCESSIONAIRE shall submit proof of project completion to RAP. At that point, RAP will inspect the submitted improvement to confirm completion. All improvements shall become the property of the CITY. Additionally, if the value of all completed required and optional improvements is less than the AGREEMENT value, the CONCESSIONAIRE will be responsible for RAP the difference within thirty (30) days of written notification.

CITY reserves the right to further develop or improve the FACILITY and the PREMISES as it sees fit, and without interference or hindrance by CONCESSIONAIRE. Such development or improvement may require the suspension or termination of the AGREEMENT. CITY shall not be liable for loss of business which results from the construction of any development or improvements to the FACILITY or the PREMISES.

A. Reserve Fund

RAP will establish a reserve fund for the CONCESSION. CONCESSIONAIRE shall submit with the monthly revenue-sharing payment, a monthly reserve fund (Fund) payment in the amount of Two Hundred Dollars (\$200.00) per month for the purpose of repair, refurbishment, or replacement of equipment and capital improvements. RAP reserves the right to request a capital improvement plan upon exercising the five (5) year renewal option. This Fund is not to be used for routine repair and maintenance or lost equipment replacement. The Fund shall be cumulative and carry-over from year-to-year during the term of the AGREEMENT. In the event of AGREEMENT termination for any reason, or at the conclusion of the AGREEMENT term, any amount in this Fund account will remain with RAP. Annually in January, the CONCESSIONAIRE may submit a request for use of the Fund for expenditures in the coming year for review and approval of the GENERAL MANAGER. In the event of emergency, CONCESSIONAIRE shall request in writing the use of the Fund for other purposes, or the GENERAL MANAGER may request use of the Fund on a specific repair, refurbishment, or replacement.

B. Compliance with Applicable Rules and Regulations

All structural or other improvements, equipment and interior design and decor

constructed or installed by CONCESSIONAIRE in the FACILITY areas, including the plans and specifications therefore, shall in all respects conform to and comply with the applicable statutes (including the California Environmental Quality Act), ordinances, building codes, rules and regulations of CITY and such other authorities that may have jurisdiction over the facility areas or CONCESSIONAIRE'S operations therein. The written approval by RAP of any improvements as provided above shall not constitute a representation or warranty as to such conformity or compliance, but responsibility therefore shall at all times remain in CONCESSIONAIRE.

D. Procurement of Permits and Approvals

CONCESSIONAIRE shall, at its sole expense, and prior to construction of any Improvements, procure all building, fire, safety, aesthetic, environmental, and other permits and approvals necessary for the construction of the structural and other improvements, installation of the equipment, and the interior design and decor. Copies of all said permits and approvals shall thereafter be submitted to RAP. No permission to begin said Improvements shall be granted by RAP prior to CONCESSIONAIRE's obtaining of said permits and approvals.

E. Subcontractors

CONCESSIONAIRE shall require by any contract that it awards in connection with the structural or other improvements, the installation of any and all equipment, and the interior designing and decor, that the contractor doing, performing or furnishing the same shall comply with all applicable statutes, ordinances, codes, rules and regulations, and submit to CITY evidence of required insurance coverage.

SECTION 7. HOURS / DAYS OF OPERATION

The CONCESSION must be open, weather permitting, in conjunction with Echo Park Boathouse Pedal Boats Operator and Department staff to define and coordinate the operation schedule of CONCESSION. The hours of operation are as follows:

XXX a.m. to XXX p.m., XXXday to XXXday.

The CONCESSION will be closed on XXX (Day)

CONCESSIONAIRE must post the hours of operation in a location visible to the public, and must be open for business during the hours posted. Hours of operation may not be changed without prior written approval of RAP. Any deviation from such days and hours shall be subject to the prior written approval of RAP.

SECTION 8. REVENUE-SHARING FEE PAYMENT

- A. As part of the consideration for CITY'S granting the CONCESSION rights herein above set forth, CONCESSIONAIRE shall pay to CITY a monthly revenue-sharing fee of:

The greater of:

- The Annual Minimum Revenue-Sharing Guarantee of \$40,000.00 Thousand Dollars

or

- XX% of gross receipts of all sales

whichever is higher.

Refer to SECTION 8.C for the definition of "Gross Receipts."

If the minimum annual revenue-sharing payment is not met by December 31st of each calendar year, the difference between the actual revenue-sharing payment received by the City of Los Angeles and the minimum annual revenue-sharing payment will be due to the City of Los Angeles by January 15th of the subsequent year, pro-rated as necessary for the first year of operation or fractional part thereof, and pro-rated as necessary for the final year of operation or fractional part thereof.

B. Revenue-Sharing Payment Due

Said payment shall be due and payable (postmarked) by the fifteenth (15th) day of each calendar month based on the gross receipts received in each previous month. The payment and Monthly Remittance Advice Form (Exhibit G) shall be addressed to:

CITY OF LOS ANGELES
DEPARTMENT OF RECREATION AND PARKS
ATTENTION: Partnership and Revenue Branch/Concessions Unit
P. O. Box 86610
Los Angeles, CA 90086-0610

C. Gross Receipts Defined

The term "gross receipts" is defined as the total amount charged for the sale of any goods or services (whether or not such services are performed as a part of or in connection with the sale of goods) provided in connection with this CONCESSION, but not including any of the following:

1. Cash discounts allowed or taken on sales;

2. Any sales taxes, use taxes, or excise taxes required by law to be included in or added to the purchase price and collected from the consumer or purchaser and paid by CONCESSIONAIRE;
3. California Redemption Value (CRV);
4. Receipts from the sale of waste or scrap materials resulting from the CONCESSION operation;
5. Receipts from the sale of or the trade-in value of any furniture, fixtures, or equipment used in connection with the CONCESSION, and owned by CONCESSIONAIRE;
6. The value of any merchandise, supplies, or equipment exchanged or transferred from or to other business locations of CONCESSIONAIRE where such exchanges or transfers are not made for the purpose of avoiding a sale by CONCESSIONAIRE which would otherwise be made from or at the PREMISES;
7. Refunds from, or the value of, merchandise, supplies, or equipment returned to shippers, suppliers, or manufacturers;
8. Receipts from the sale at cost of uniforms, clothing, or supplies to CONCESSIONAIRE'S employees where such uniforms, clothing, or supplies are required to be worn or used by said employees;
9. Receipts from any sale where the subject of such sale, or some part thereof, is thereafter returned by the purchaser to and accepted by CONCESSIONAIRE, to the extent of any refund actually granted or adjustment actually made, either in the form of cash or credit;
10. Fair market trade-in allowance, in the event merchandise is taken in trade;
11. The amount of any cash or quantity discounts received from sellers, suppliers, or manufacturers;
12. Discounts or surcharges applied to receipts for services or merchandise, with the concurrence of both CONCESSIONAIRE and DEPARTMENT, including discounts to employees, if concurred by DEPARTMENT.

CONCESSIONAIRE shall not reduce or increase the amount of gross receipts, as herein defined, as a result of any of the following:

13. Any error in cash handling by CONCESSIONAIRE or CONCESSIONAIRE's employees or agents;

14. Any losses resulting from bad checks received from the consumers or purchasers; or from dishonored credit, charge, or debit card payments; or any other dishonored payment to CONCESSIONAIRE by customer or purchaser;
15. Any arrangement for a rebate, kickback, or hidden credit given or allowed to customer.

D. Monthly Revenue-Sharing Reports

CONCESSIONAIRE shall transmit with each revenue-sharing payment a Monthly Gross Receipts and Revenue-Sharing Report, also referred to as a Monthly Remittance Advice Form (Exhibit G), for the month for which a payment is submitted.

E. Late Payment Fee

Failure of CONCESSIONAIRE to pay any of the revenue-sharing payments or any other fees, changes, or payments required herein on time is a breach of the AGREEMENT for which CITY may terminate same or take such other legal action as it deems necessary.

Without waiving any rights available at law, in equity or under the AGREEMENT, in the event of late or delinquent payments by CONCESSIONAIRE, the latter recognizes that CITY will incur certain expenses as a result thereof, the amount of which is difficult to ascertain. Therefore, in addition to monies owing, CONCESSIONAIRE agrees to pay the CITY a late fee set forth below to compensate CITY for all expenses and/or damages and loss resulting from said late or delinquent payments.

The charges for late or delinquent payments shall be One Hundred Fifty Dollars (\$150.00) for each month late plus interest calculated at the rate of eighteen percent (18%) per annum, assessed monthly, on the balance of the unpaid amount. Payments shall be considered past due if postmarked after the fifteenth (15th) day of the month in which payment is due.

The acceptance of late revenue-sharing payments by CITY shall not be deemed as a waiver of any other breach by CONCESSIONAIRE of any term or condition of this AGREEMENT other than the failure of CONCESSIONAIRE to timely make the particular revenue-sharing payment so accepted.

SECTION 9. ADDITIONAL FEES AND CHARGES

- A. If CITY pays any sum or incurs any obligations or expense which CONCESSIONAIRE has agreed to pay or reimburse CITY for, or if CITY is required or elects to pay any sum or to incur any obligations or expense by reason of the failure, neglect, or refusal of CONCESSIONAIRE to perform or fulfill any one or more of the conditions, covenants, or agreements contained in the AGREEMENT, or as a result of an act or omission of CONCESSIONAIRE contrary to said

conditions, covenants, and agreements, CONCESSIONAIRE agrees to pay to CITY the sum so paid or the expense so incurred, including all interest, costs, (including CITY'S fifteen percent (15%) administrative overhead cost), damages, and penalties. This amount shall be added to the rental payment thereafter due hereunder, and each and every part of the same shall be and become additional rental payment, recoverable by CITY in the same manner and with like remedies as if it were originally a part of the basic rental payment set forth in Section 8 hereof.

- B. For all purposes under this Section, and in any suit, action, or proceeding of any kind between the parties hereto, any receipt showing the payment of any sum by CITY for any work done or material furnished shall be prima facie evidence against CONCESSIONAIRE that the amount of such payment was necessary and reasonable. Should CITY elect to use its own personnel in making any repairs, replacements, and/or alterations, and to charge CONCESSIONAIRE with the cost of same, receipts and timesheets will be used to establish the charges, which shall be presumed to be reasonable in absence of contrary proof submitted by CONCESSIONAIRE.
- C. Use of the PREMISES for purposes not expressly permitted herein, whether approved in writing by RAP or not, may result in additional charges; however, any such use without the prior written approval of RAP shall also constitute a material breach of AGREEMENT and is prohibited.

SECTION 10. MAINTENANCE OF PREMISES

During all periods that the PREMISES are used or are under the control of the CONCESSIONAIRE for the uses, purposes, and occupancy aforesaid, CONCESSIONAIRE shall be responsible for all necessary janitorial duties and damage/maintenance repairs, to the satisfaction of RAP. The cause of said maintenance, cleaning and repairs may result from normal wear and tear, as well as vandalism.

The Boathouse was originally constructed in 1932. The Boathouse is a historically significant contributing element to the Park. In 2006, the City designated the Park as a Historic-Cultural Monument (HCM) No. LA-836. As a result, absolutely no repairs, improvements or physical alterations to the Boathouse can be initiated without written approval from the GENERAL MANAGER. (See also SECTION 11 below).

A. Interior of Premises

1. Areas to be Maintained by CONCESSIONAIRE:

CONCESSIONAIRE shall, at its own expense, keep and maintain all the interior walls and surfaces of PREMISES and all improvements, fixtures, and utility systems which may now or hereafter exist thereon, whether installed by CITY or CONCESSIONAIRE. Improvements shall include all buildings and appurtenances recessed into or attached by any method to the ground or to another object which is recessed or attached to the ground or to other CITY-

owned facilities (such as buildings, fences, posts, signs, electrical hook-ups, plumbing, tracks, tanks, etc.).

CONCESSIONAIRE shall provide all maintenance, repair, and service required on all interior areas, surfaces, and equipment used in the PREMISES and keep such equipment in good repair and in a clean and orderly condition and appearance. CONCESSIONAIRE shall also be responsible for electrical, mechanical, and plumbing maintenance in the interior of the PREMISES, such as lighting fixtures, sinks, and faucets; however, CITY shall be responsible for maintenance of utility lines and drains within the walls and floors of the concession PREMISES. Insofar as sanitation and appearance of the PREMISES is concerned, the DEPARTMENT may direct CONCESSIONAIRE to perform necessary repairs and maintenance to the interior of the structure or to the equipment, whether the equipment is CONCESSIONAIRE or CITY property.

2. Duties

CONCESSIONAIRE'S maintenance duties shall include all sweeping, washing, servicing, repairing, replacing, cleaning, and interior painting that may be required to properly maintain the premises in a safe, clean, operable, and attractive condition. CONCESSIONAIRE shall provide for such repairs, replacements, rebuilding, and restoration as may be required by or given prior written approval by RAP to comply with the requirements hereof. Those duties shall also include electrical, mechanical, and plumbing maintenance in the interior of the premises, such as light fixtures, toilets, and faucets.

B. Exterior of Premises and Common Passageways

CITY shall maintain the exterior of all buildings and will endeavor to perform all exterior repairs occasioned by normal wear and tear, and the elements, unless otherwise provided for in the AGREEMENT. Common passageways leading to other CONCESSION facilities or offices maintained by CITY which also lead to the PREMISES shall not be considered under the control of CONCESSIONAIRE for purposes of this Section. In addition, CITY shall be responsible for maintenance of the lawn area within the perimeter of the PREMISES, including mowing and watering, and shall maintain all existing landscaping, trees, and bushes on the PREMISES. CITY shall also maintain the existing water, drain and sewer systems, provided, however, that CONCESSIONAIRE shall make every effort not to clog such systems with manure or other debris from all operations.

C. Correction of Conditions Leading to Damage

If CONCESSIONAIRE fails, after written notice, to correct such conditions which have led or, in the opinion of CITY, could lead to significant damage to CITY property, RAP may at its option, and in addition to all other remedies which may be available to it, repair, replace, rebuild, redecorate or paint any such PREMISES included in said notice, with the cost thereof, plus fifteen percent (15%) for administrative overhead, to be paid by CONCESSIONAIRE to CITY on demand. If, for any reasons, payment of such fees becomes delinquent, RAP may, in its sole

discretion, suspend the AGREEMENT and all terms and conditions contained therein.

D. Property Damage and Theft Reporting

CONCESSIONAIRE shall complete and submit to RAP a "Special Occurrence and Loss Report," (Exhibit H) in the event that the PREMISES and/or CITY- owned property is damaged or destroyed, in whole or in part, from any cause whatsoever, and in the event of theft, burglary, or other crime committed on the PREMISES. Blank forms for this purpose shall be provided by the DEPARTMENT.

E. Damage or Destruction to Premises

1. Partial Damage

If all or a portion of the PREMISES are partially damaged by fire, explosion, flooding inundation, floods, the elements, public enemy, or other casualty, but not rendered uninhabitable, the same will be repaired with due diligence by CITY at its own cost and expense, subject to the limitations as hereinafter provided; if said damage is caused by the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, CONCESSIONAIRE shall be responsible for reimbursing CITY for the cost and expense incurred in making such repairs.

2. Extensive Damage

If the damages as described above in "Partial Damage" are so extensive as to render the PREMISES or a portion thereof uninhabitable, but are capable of being repaired within a reasonable time not to exceed sixty (60) days, the same shall be repaired with due diligence by CITY at its own cost and expense and a negotiated portion of the fees and charges payable hereunder shall abate from the time of such damage until such time as the PREMISES are fully restored and certified by RAP as again ready for use; provided, however, that if such damage is caused by the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, said fees and charges will not abate and CONCESSIONAIRE shall be responsible for the cost and expenses incurred in making such repairs.

3. Complete Destruction

In the event all or a substantial portion of the PREMISES are completely destroyed by fire, explosion, the elements, public enemy, or other casualty, or are so damaged that they are uninhabitable and cannot be replaced except after more than sixty (60) days, CITY shall be under no obligation to repair, replace or reconstruct said PREMISES, and an appropriate portion of the fees and charges payable hereunder shall abate as of the time of such damage or destruction and shall henceforth cease until such time as the said PREMISES are fully restored. If within four (4) months after the time of such damage or destruction said PREMISES have not been repaired or reconstructed, CONCESSIONAIRE may terminate this AGREEMENT in its

entirety as of the date of such damage or destruction. Notwithstanding the foregoing, if the said PREMISES, or a substantial portion thereof, are completely destroyed as a result of the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, said fees and charges shall not abate and CITY may, in its discretion, require CONCESSIONAIRE to repair and reconstruct the same within twelve (12) months of such destruction and CONCESSIONAIRE shall be responsible for reimbursing CITY for the cost and expenses incurred in making such repairs. CONCESSIONAIRE shall continue paying CITY rent as determined above during the rebuilding of the facility.

4. Limits of CITY'S Obligation Defined

In the application of the foregoing provisions, CITY may, but shall not be obligated to, repair or reconstruct the PREMISES. If CITY chooses to do so, CITY'S obligation shall also be limited to repair or reconstruction of the PREMISES to the same extent and of equal quality as obtained by CONCESSIONAIRE at the commencement of its operations hereunder. Redecoration and replacement of furniture, equipment and supplies shall be the responsibility of CONCESSIONAIRE and any such redecoration and refurbishing/reequipping shall be equivalent in quality to that originally installed.

F. Pest Control

Unless otherwise specified in the AGREEMENT, CONCESSIONAIRE shall be responsible for pest control in and around the PREMISES, including but not limited to, abatement of insects (including roaches, bees, etc.), spiders, rodents, vermin, and other nuisance pests, if the pests are found in or on structures or areas used and maintained by CONCESSIONAIRE, such as any of the following portions of the PREMISES:

1. Any portion of a building or enclosed structure with walls, roof, and doors, such as the food café, storage facilities, restaurants, offices and storage containers owned and/or used by CONCESSIONAIRE.

CITY shall be responsible for pest control if pests are found in or on structures or areas maintained by CITY, such as:

1. Open, unfenced areas such as those locations permitted for mobile food if applicable.
2. Recreation centers, rental halls, and other facilities occupied in part by CONCESSIONAIRE but maintained by CITY.
3. Other areas, structures, or facilities adjacent to the PREMISES, but not used by or under the control of CONCESSIONAIRE; or areas, structures, or facilities shared by CONCESSIONAIRE and CITY.

Pest control for pests which may cause permanent structural damage to RAP property (for example, termite infestation) shall be the responsibility of CITY. CONCESSIONAIRE shall take all reasonable measures to reduce the proliferation of pests, including maintaining the PREMISES clean and orderly in accordance with this Section, and keeping wood components painted. RAP may direct CONCESSIONAIRE to take additional measures to abate pests which are an immediate threat to public health or safety.

SECTION 11. PROHIBITED ACTS

CONCESSIONAIRE shall not:

1. Use the PREMISES to conduct any other business operations of CONCESSIONAIRE not related to the CONCESSION.
2. Do or allow to be done anything which may interfere with the effectiveness or accessibility of utility, heating, ventilating, or air conditioning systems or portions thereof on the PREMISES or elsewhere on the FACILITY, nor do or permit to be done anything which may interfere with free access and passage in the PREMISES or the public areas adjacent thereto, or in the streets or sidewalks adjoining the PREMISES, or hinder police, fire fighting or other emergency personnel in the discharge of their duties;
3. Interfere with the public's enjoyment and use of the FACILITY or use the PREMISES for any purpose which is not essential to the CONCESSION operations;
4. Rent, sell, lease or offer any space for storing of any articles whatsoever within or on the PREMISES other than specified herein, without the prior written approval of RAP;
5. Overload any floor in the PREMISES;
6. Place any additional lock of any kind upon any window or interior or exterior door in the PREMISES, or make any change in any existing door or window lock or the mechanism thereof, unless a key therefore is maintained on the PREMISES, nor refuse, upon the expiration or sooner termination of the AGREEMENT, to surrender to RAP any and all keys to the interior or exterior doors on the PREMISES, whether said keys were furnished to or otherwise procured by CONCESSIONAIRE, and in the event of the loss of any keys furnished by RAP, CONCESSIONAIRE shall pay CITY, on demand, the cost for replacement thereof;
7. Do or permit to be done any act or thing upon the PREMISES which will invalidate, suspend or increase the rate of any insurance policy required under the AGREEMENT, or carried by CITY, covering the PREMISES, or the buildings in which the same are located or which, in the opinion of RAP, may

constitute a hazardous condition that will increase the risks normally attendant upon the operations contemplated under the AGREEMENT, provided, however, that nothing contained herein shall preclude CONCESSIONAIRE from bringing, keeping or using on or about the PREMISES such materials, supplies, equipment and machinery as are appropriate or customary in carrying on its business, or from carrying on said business in all respects as is customary;

8. Use, create, store or allow any hazardous materials as defined in Title 26, Division 19.1, Section 19-2510 of the California Code of Regulations, or those which meet the criteria of the above Code, as well as any other substance which poses a hazard to health and environment, provided, however, that nothing contained herein shall preclude CONCESSIONAIRE from bringing, keeping or using on or about the PREMISES such materials, supplies, equipment and machinery as are appropriate or customary in carrying on its business, or from carrying on said business in all respects as is customary except that all hazardous materials must be stored and used in compliance with all City, State and Federal rules, regulations, ordinances and laws;
9. Allow any sale by auction upon the PREMISES;
10. Permit undue loitering on or about the PREMISES;
11. Climb the ladder that accesses the Tower area inside the Boathouse (Exhibit A, Space 5);
12. Use the PREMISES in any manner that will constitute waste;
13. Use or allow the PREMISES to be used for, in the opinion of RAP, any improper, immoral, or unlawful purposes.

SECTION 12. PERFORMANCE DEPOSIT

CONCESSIONAIRE shall provide RAP a sum equal to Five Thousand Dollars (\$5,000.00) to guarantee payment of fees and as a damage deposit to be used in accordance with the default provisions of this AGREEMENT.

Form of Deposit

CONCESSIONAIRE'S Deposit shall be in the following form:

1. A cashier's check drawn on any bank that is a member of the Los Angeles Clearing House Association, which cashier's check is payable to the order of the City of Los Angeles.

- A. **Agreement of Deposit and Indemnity**
CONCESSIONAIRE unconditionally agrees that in the event of any default, CITY shall have full power and authority to use the deposit in whole or in part to indemnify CITY. All deposits of checks must be immediately so deposited by the RAP.
- B. **Maintenance of Deposit**
Said deposit shall be held by CITY during the entire term of the AGREEMENT.
- C. **Return of Deposit to CONCESSIONAIRE**
Said Deposit shall be returned to CONCESSIONAIRE and any rights assigned to the Deposit shall be surrendered by CITY in writing, after the expiration or earlier termination of the AGREEMENT and any exit audits performed in conjunction with the AGREEMENT. The CITY reserves the right to deduct from the Performance Deposit, any amounts up to and including the full amount of the Deposit as stated herein, owed to the CITY by CONCESSIONAIRE as shown by any exit audits performed by CITY, or as compensation to CITY for failure to adhere to the terms and conditions of the AGREEMENT.

SECTION 13. TAXES, PERMITS, AND LICENSES

- A. CONCESSIONAIRE shall obtain and maintain at its sole expense any and all approvals, permits, or licenses that may be required in connection with the operation of the CONCESSION including, but not limited to, tax permits, business licenses, health permits, animal regulation, building permits, police and fire permits, etc.
- B. CONCESSIONAIRE shall pay all taxes of whatever character that may be levied or charged upon the rights of CONCESSIONAIRE to use the PREMISES, or upon CONCESSIONAIRE'S improvements, fixtures, equipment, or other property thereon or upon CONCESSIONAIRE'S operations hereunder. In addition, by executing the AGREEMENT and accepting the benefits thereof, a property interest may be created known as "Possessory Interest" and such property interest will be subject to property taxation. CONCESSIONAIRE, as the party to whom the Possessory Interest is vested, may be subject to the payment of the property taxes levied by the State and County upon such interest.
- C. During the entire term of the AGREEMENT, the CONCESSIONAIRE must hold a current Los Angeles Business Tax Registration Certificate (BTRC) as required by the CITY'S Business Tax Ordinance (LAMC Article 1, Chapter 2, Sections 21.00 et. seq.).
- D. Pursuant to Section 21.3.3 of Article 1.3 of the LAMC Commercial Tenants Occupancy Tax, CONCESSIONAIRE must pay to the City of Los Angeles for the privilege of occupancy, a tax at the rate of One Dollar and Forty-Eight Cents (\$1.48) per calendar quarter or fractional part thereof for the first One Thousand Dollars

(\$1,000.00) or less of charges (rent) attributable to said calendar quarter, plus One Dollar and Forty-Eight Cents (\$1.48) per calendar quarter for each additional One Thousand Dollars (\$1,000.00) of charges or fractional part thereof in excess of One Thousand Dollars (\$1,000.00). Said tax shall be paid quarterly to the DEPARTMENT, on or before the fifteenth (15th) of April, July, October, January of each calendar year, for the preceding three (3) months. Should the rate of the Occupancy Tax rise at any time during the term of the AGREEMENT, the CONCESSIONAIRE shall be responsible to pay the updated, higher rate.

The charges for late or delinquent payments shall be One Hundred Fifty Dollars (\$150.00) for each month late plus interest calculated at the rate of eighteen percent (18%) per annum, assessed monthly, on the balance of the unpaid amount.

SECTION 14. ASSIGNMENT, SUBLEASE, BANKRUPTCY

CONCESSIONAIRE shall not under-let or sub-let the subject PREMISES or any part thereof or allow the same to be used or occupied by any other person or for other use than that herein specified, nor assign the AGREEMENT nor transfer, assign or in any manner convey any of the rights or privileges herein granted without the prior written consent of CITY. Neither the AGREEMENT nor the rights herein granted shall be assignable or transferable by any process or proceedings in any court, or by attachment, execution, proceeding in insolvency or bankruptcy either voluntary or involuntary, or receivership proceedings. Any attempted assignment, mortgaging, hypothecation, or encumbering of the CONCESSION rights or other violation of the provisions of this Section shall be void and shall confer no right, title or interest in or to the AGREEMENT or right of use of the whole or any portion of the PREMISES upon any such purported assignee, mortgagee, encumbrancer, pledgee or other lien holder, successor or purchaser.

SECTION 15. BUSINESS RECORDS

CONCESSIONAIRE shall maintain during the term of the AGREEMENT and for three (3) years thereafter, all of its books, ledgers, journals, and accounts wherein are kept all entries reflecting the gross receipts received or billed by it from the business transacted pursuant to the AGREEMENT. Such books, ledgers, journals, accounts, and records shall be available for inspection and examination by DEPARTMENT, or a duly authorized representative, during ordinary business hours at any time during the term of this agreement and for at least three (3) years thereafter.

A. Employee Fidelity Bonds

At RAP's discretion, adequate employee fidelity bonds may be required to be maintained by CONCESSIONAIRE covering all its employees who handle money.

B. Cash and Record Handling Requirements

If requested by RAP, CONCESSIONAIRE shall prepare a description of its cash handling and sales recording systems and equipment to be used for operation of the CONCESSION which shall be submitted to RAP for approval.

CONCESSIONAIRE shall be required to maintain a method of accounting of the CONCESSION which shall correctly and accurately reflect the gross receipts and disbursements received or made by CONCESSIONAIRE from the operation of the CONCESSION. The method of accounting, including bank accounts, established for the CONCESSION shall be separate from the accounting systems used for any other business operated by CONCESSIONAIRE or for recording CONCESSIONAIRE'S personal financial affairs. Such method shall include the keeping of the following documents:

1. Regular books of accounting such as general ledgers.
2. Journals including supporting and underlying documents such as vouchers, checks, tickets, bank statements, etc.
3. State and Federal income tax returns and sales tax returns and checks and other documents proving payment of sums shown.
4. Cash register tapes shall be retained so that day to day sales can be identified. A cash register must be used in public view which prints a dated double tape, indicating each sale and the daily total.
5. Any other accounting records that CITY, in its sole discretion, deems necessary for proper reporting of receipts.

C. Method of Recording Gross Receipts

Unless otherwise specified in the AGREEMENT, CONCESSIONAIRE shall obtain and install a cash register(s) on which it shall record all gross sales. The cash register shall be non-resettable and sufficient to supply an accurate recording of all sales on tape. CONCESSIONAIRE shall not purchase or install the cash register before obtaining RAP's written approval of the specific register to be purchased. All cash registers shall have a price display which is and shall remain at all times visible to the public.

In lieu of a cash register as described directly above, the CONCESSIONAIRE may install a computerized Point-of-Sale system, including hardware and software, to record transactions and receipts. Such computerized Point-of-Sale system must be capable of providing paper receipts to patrons, have a price display which is and shall remain at all times visible to the public, and have controls in place to make it equivalent to a non-resettable cash register. CONCESSIONAIRE shall not purchase or install the computerized Point-of-Sale system, including hardware and software, before obtaining RAP's written approval of the specific hardware and software to be purchased.

D. Annual Statement of Gross Receipts and Expenses

CONCESSIONAIRE shall transmit a Statement of Gross Receipts and Expenses (Profit and Loss Statement) for the CONCESSION operations as specified in the AGREEMENT, in a form acceptable to RAP, on or before April 30th, of each

calendar year during the term of the AGREEMENT. Such Statement must be prepared by a Certified Public Accountant (CPA) and shall not include statements of omission or non-disclosure. An extension may be granted in writing, prior to the April 30th due date, by RAP or his designee, provided sufficient verification of the need for the extension is provided, as accepted by RAP or his designee. The charge for late or delinquent Statements shall be One Hundred Dollars (\$100.00) per month or part thereof late.

In addition, CITY may from time to time conduct an audit and re-audit of the books and businesses conducted by CONCESSIONAIRE and observe the operation of the business so that accuracy of the above records can be confirmed. If the report of gross sales made by CONCESSIONAIRE to CITY shall be found to be less than the amount of gross sales disclosed by such audit and observation, CONCESSIONAIRE shall pay CITY within thirty (30) days after billing any additional rentals disclosed by such audit. If discrepancy exceeds two percent (2%) and no reasonable explanation is given for such discrepancy, CONCESSIONAIRE shall also pay the cost of the audit.

SECTION 16. REGULATIONS, INSPECTION, AND DIRECTIVES

- A. Constitutional and Other Limits on CONCESSIONAIRE'S Rights to Exclusivity**
Notwithstanding exclusivity granted to Concessionaire by the terms of this Agreement, the City in its discretion may require Concessionaire, without any reduction in rent or other valuable consideration to Concessionaire, to accommodate the rights of persons to access and engage in expressive activities, as guaranteed by the First Amendment to the United States Constitution, the California constitution, and other laws, as these laws are interpreted by the City. Expressive activities include, but are not limited to, protesting, picketing, proselytizing, soliciting, begging, and vending of certain expressive, message-bearing items.
- B. Conformance with Laws**
1. Any and all applicable rules, regulations, orders, and restrictions which are now in force or which may be hereafter adopted by CITY with respect to the operation of the CONCESSION;
 2. Any and all orders, directions or conditions issued, given, or imposed by RAP with respect to the use of the roadways, driveways, curbs, sidewalks, parking areas, or public areas adjacent to the PREMISES;
 3. Any and all applicable laws, ordinances, statutes, rules, regulations or orders, including the LAMC, LAAC, the Charter of the City of Los Angeles, and of any governmental authority, federal, state or municipal, lawfully exercising authority over the CONCESSIONAIRE'S operations; and,

4. Any and all applicable local, state and federal laws and regulations relative to the design and installation of facilities to accommodate disabled persons.

C. Permissions

Any permission required by the AGREEMENT shall be secured in writing by CONCESSIONAIRE from CITY or RAP and any errors or omissions therefrom shall not relieve CONCESSIONAIRE of its obligations to faithfully perform the conditions therein. CONCESSIONAIRE shall immediately comply with any written request or order submitted to it by CITY or RAP.

D. Right of Inspection

CITY and RAP, their authorized representatives, agents and employees shall have the right to enter upon the PREMISES at any and all reasonable times for the purpose of inspection, evaluation, and observation of CONCESSIONAIRE'S operation. Park Rangers are specifically designated as CITY agents and are empowered by CITY to conduct inspections of the PREMISES, evaluate CONCESSIONAIRE and inform RAP fully as to CONCESSIONAIRE'S conduct of the CONCESSION. During these inspections, they all shall have the right to photograph, film, or otherwise record conditions and events taking place upon the PREMISES. The inspections may be made by persons identified to CONCESSIONAIRE as CITY Employees, or may be made by independent contractors engaged by CITY. Inspections may be made for the purposes set forth below, and for any other lawful purpose for which the CITY or another governmental entity with jurisdiction is authorized to perform inspections of the PREMISES:

1. To determine if the terms and conditions of the AGREEMENT are being complied with.
2. To observe transactions between the CONCESSIONAIRE and patrons in order to evaluate the quality of services provided or quality and quantities of items sold or dispensed.

E. Control of Premises

CITY shall have absolute and full access to the PREMISES and all its appurtenances during the term of the AGREEMENT and may make such changes and alterations therein, and in the grounds surrounding same, as may be determined by said CITY. Such determination shall not be unreasonable and shall take into account the business considerations presented by CONCESSIONAIRE.

F. Business Inclusion Program

CONCESSIONAIRE agrees and obligates itself to utilize the services of Minority, Women, Small, Emerging, Disabled Veteran and Other Business Enterprise firms on a level so designated in its proposal, Schedule A (Exhibit J). CONCESSIONAIRE certifies that it has complied with Executive Directive No. 14 regarding the Outreach Program. CONCESSIONAIRE shall not change any of these designated sub consultants and subcontractors, nor shall

CONCESSIONAIRE reduce their level of effort, without prior written approval of the CITY, provided that such approval shall not be unreasonably withheld.

During the term of the AGREEMENT, CONCESSIONAIRE must submit the MBE/WBE/SBE/EBE/DVBE/OBE Utilization Profile, Schedule B (Exhibit K) when submitting the Monthly Remittance Advice. Upon completion of the project, a summary of these records shall be prepared on the "Final Subcontracting Report" form, Schedule C (Exhibit L) and certified correct by CONCESSIONAIRE or its authorized representative. The completed Schedule C shall be furnished to RAP within fifteen (15) working days after completion of the AGREEMENT.

G. First Source Hiring Ordinance

Unless otherwise exempt in accordance with the provisions of this Ordinance, this AGREEMENT is subject to the applicable provisions of the First Source Hiring Ordinance (FSHO), Section 10.44 et seq. of the LAAC, as amended from time to time.

1. CONCESSIONAIRE shall, prior to the execution of the contract, provide to the Designated Administrative Agency (DAA) a list of anticipated employment opportunities that CONCESSIONAIRE estimates it will need to fill in order to perform the services under the AGREEMENT. The Department of Public Works, Bureau of Contract Administration is the DAA.
2. CONCESSIONAIRE further pledges that it will, during the term of the AGREEMENT:
 - a. At least seven (7) business days prior to making an announcement of a specific employment opportunity, provide notifications of that employment opportunity to the Economic and Workforce Development Department (EWDD), which will refer individuals for interview;
 - b. Interview qualified individuals referred by EWDD; and;
 - c. Prior to filling any employment opportunity, the CONCESSIONAIRE shall inform the DAA of the names of the Referral Resources used, the names of the individuals they referred, the names of the referred individuals who the CONCESSIONAIRE interviewed and the reasons why referred individuals were not hired.
3. Any Subcontract entered into by the CONCESSIONAIRE relating to this AGREEMENT, to the extent allowed hereunder, shall be subject to the provisions of FSHO, and shall incorporate the FSHO.
4. CONCESSIONAIRE shall comply with all rules, regulations and policies promulgated by the designated administrative agency, which may be amended from time to time.

Where under the provisions of Section 10.44.13 of the LAAC the DAA has determined that the CONCESSIONAIRE intentionally violated or used hiring practices for the purpose of avoiding the article, the determination must be documented in the Awarding Authority's Contractor Evaluation, required under LAAC Section 10.39 et seq., and must be documented in each of the CONCESSIONAIRE's subsequent Contractor Responsibility Questionnaires submitted under LAAC Section 10.40 et seq. This measure does not limit the City's authority to act under this article.

Under the provisions of Section 10.44.8 of the LAAC, the Awarding Authority shall, under appropriate circumstances, terminate this AGREEMENT and otherwise pursue legal remedies that may be available if the DAA determines that the subject CONCESSIONAIRE has violated provisions of the FSHO.

H. CEC Form 50

As a result, bidders may not make campaign contributions to and or engage in fundraising for certain elected City officials or candidates for elected City office from the time they submit the response until either the contract is approved or, for successful bidders, 12 months after the contract is signed. Responses submitted without a completed CEC Form 55 shall be deemed nonresponsive. Bidders who fail to comply with City law may be subject to penalties, termination of contract, and debarment. Additional information regarding restrictions and requirements may be obtained from the City Ethics Commission at (213) 978-1960 or ethics.lacity.org.

SECTION 17. SURRENDER OF POSSESSION

No agreement of surrender or to accept a surrender shall be valid unless and until the same is in writing and signed by the duly authorized representatives of CITY and CONCESSIONAIRE. The language of this Contract shall be construed according to its fair meaning and not strictly for or against the **CITY** or **CONTRACTOR**. The word "**CONTRACTOR**" herein in this Contract includes the party or parties identified in the Contract. The singular shall include the plural; if there is more than one **CONTRACTOR** herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

PSC-2. NUMBER OF ORIGINALS

The number of original texts of this Contract shall be equal to the number of the parties hereto, one text being retained by each party. At the **CITY'S** option, one or more additional original texts of this Contract may also be retained by the City.

PSC-3. APPLICABLE LAW, INTERPRETATION AND ENFORCEMENT

Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, and the **CITY**, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Contract shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. **CONTRACTOR** shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Contract.

In any action arising out of this Contract, **CONTRACTOR** consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state or federal courts located in Los Angeles County, California.

If any part, term or provision of this Contract is held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Contract, the validity of the remaining parts, terms or provisions of the Contract shall not be affected thereby.

PSC-4. TIME OF EFFECTIVENESS

Unless otherwise provided, this Contract shall take effect when all of the following events have occurred:

This Contract sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous Contracts or understandings, whether written or oral, relating thereto. This Contract may be amended only as provided for in paragraph PSC-6 hereof.

PSC-6. AMENDMENT

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

PSC-7. EXCUSABLE DELAYS

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder include, but are not limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; earthquakes; epidemics; quarantine restrictions; strikes; freight embargoes or delays in transportation, to the extent that they are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

PSC-8. BREACH

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The **CITY** may terminate this Contract for the **CITY'S** convenience at any time by giving **CONTRACTOR** thirty days written notice thereof. Upon receipt of said notice, **CONTRACTOR** shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The **CITY** shall pay **CONTRACTOR** its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by **CONTRACTOR** to affect such termination. Thereafter, **CONTRACTOR** shall have no further claims against the **CITY** under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon the date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if **CONTRACTOR** fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the **CITY** may give **CONTRACTOR** written notice of such default. If **CONTRACTOR** does not cure such default or provide a plan to cure such default which is acceptable to the **CITY** within the time permitted by the **CITY**, then the **CITY** may terminate this Contract due to **CONTRACTOR'S** breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against **CONTRACTOR**, or if **CONTRACTOR** makes an assignment for the benefit of creditors, then the **CITY** may immediately terminate this Contract.
3. If **CONTRACTOR** engages in any dishonest conduct related to the performance or administration of this Contract or violates the

CITY'S lobbying policies, then the **CITY** may immediately terminate this Contract.

4. In the event the **CITY** terminates this Contract as provided in this section, the **CITY** may procure, upon such terms and in such manner as the **CITY** may deem appropriate, services similar in scope and level of effort to those so terminated, and **CONTRACTOR** shall be liable to the **CITY** for all of its costs and damages, including, but not limited, any excess costs for such services.
5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

CONTRACTOR is acting hereunder as an independent contractor and not as an agent or employee of the **CITY**. **CONTRACTOR** shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the **CITY**.

PSC-12. CONTRACTOR'S PERSONNEL

Unless otherwise provided or approved by the **CITY**, **CONTRACTOR** shall use its own employees to perform the services described in this Contract. The **CITY** shall have the right to review and approve any personnel who are assigned to work under this Contract. **CONTRACTOR** agrees to remove personnel from performing work under this Contract if requested to do so by the **CITY**.

CONTRACTOR shall not use subcontractors to assist in performance of this Contract without the prior written approval of the **CITY**. If the **CITY** permits the use of subcontractors, **CONTRACTOR** shall remain responsible for performing all aspects of

this Contract. The **CITY** has the right to approve **CONTRACTOR'S** subcontractors, and the **CITY** reserves the right to request replacement of subcontractors. The **CITY** does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the **CITY** and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the **CITY**:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or

PSC-36. SLAVERY DISCLOSURE ORDINANCE

Unless otherwise exempt, this Contract is subject to the Slavery Disclosure Ordinance, Section 10.41 of the Los Angeles Administrative Code, as amended from time to time. **CONTRACTOR** certifies that it has complied with the applicable provisions of the Slavery Disclosure Ordinance. INSURANCE CONTRACTUAL REQUIREMENTS

CONTACT For additional information about compliance with City Insurance and Bond requirements, contact the Office of the City Administrative Officer, Risk Management at (213) 978-RISK (7475) or go online at www.lacity.org/cao/risk. The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

CONTRACTUAL REQUIREMENTS

CONTRACTOR AGREES THAT:

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work. For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

CITY OF LOS ANGELES

INSTRUCTIONS AND INFORMATION
ON COMPLYING WITH CITY INSURANCE REQUIREMENTS

(Share this information with your insurance agent or broker.)

1. **Agreement/Reference** All evidence of insurance must identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. Provide the types of coverage and minimum dollar amounts specified on the Required Insurance and Minimum Limits sheet (Form Gen. 148) included in your CITY documents.

2. **When to submit** Normally, no work may begin until a CITY insurance certificate approval number ("CA number") has been obtained, so insurance documents should be submitted as early as practicable. For As-needed Contracts, insurance need not be submitted until a specific job has been awarded. Design Professionals coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.

3. **Acceptable Evidence and Approval** Electronic submission is the preferred method of submitting your documents. Track4LA™ is the CITY's online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used primarily by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the ACORD 25 Certificate of Liability Insurance in electronic format. Track4LA™ advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access Track4LA™ at <http://track4la.city.org> and follow the instructions to register and submit the appropriate proof of insurance on your behalf.

Insurance industry certificates other than the ACORD 25 may be accepted. All Certificates must provide a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named Insured and Loss Payee as its interests may appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.

Acceptable Alternatives to Acord Certificates and other Insurance Certificates:

- A copy of the full insurance policy which contains a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) and additional insured and/or loss-payee status, when appropriate, for the CITY.
- Binders and Cover Notes are also acceptable as interim evidence for up to 90 days from date of approval.

Additional Insured Endorsements DO NOT apply to the following:

- Indication of compliance with statute, such as Workers' Compensation Law.
- Professional Liability insurance.

Completed Insurance Industry Certificates other than ACORD 25 Certificates can be sent electronically (CAO.insurance.bonds@lacity.org) or faxed to the Office of the City Administrative Officer, Risk Management (213) 978-7618. Please note that submissions other than through

Agreement
Exhibit J

Track4LA™ will delay the insurance approval process as documents will have to be manually processed.

Verification of approved insurance and bonds may be obtained by checking Track4LA™, the CITY's online insurance compliance system, at <http://track4la.lacity.org>.

4. **Renewal** When an existing policy is renewed, have your insurance broker or agent submit a new Acor 25 Certificate through Track4LA™ at <http://track4la.lacity.org> or submit an Insurance Industry Certificate or a renewal endorsement as outlined in Section 3 above. If your policy number changes you must also submit a new Additional Insured Endorsement with an Insurance Industry Certificate.

5. **Alternative Programs/Self-Insurance** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant's Declaration of Self Insurance form (<http://cao.lacity.org/risk/insuranceForms.htm>) to the Office of the City Administrative Officer, Risk Management for consideration.

6. **General Liability Insurance** covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. Sexual Misconduct coverage is a required coverage when the work performed involves minors. Fire Legal Liability is required for persons occupying a portion of CITY premises. (Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at (www.2sparta.com), or by calling (800) 420-0555.)

7. **Automobile Liability Insurance** is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.

8. **Errors and Omissions coverage** will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.

9. **Workers' Compensation and Employer's Liability Insurance** are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement (<http://cao.lacity.org/risk/insuranceForms.htm>). A Waiver of Subrogation on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the CITY) any workers' compensation paid to an injured employee of the contractor.

10. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. Builder's Risk/Course of Construction is required during construction projects and should include building materials in transit and stored at the project site.

11. **Surety coverage** may be required to guarantee performance of work and payment to vendors and suppliers. A Crime Policy may be required to handle CITY funds or securities, and under certain other conditions. Specialty coverages may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Bond Assistance Program website address at <http://cao.lacity.org/risk/BondAssistanceProgram.pdf> or call (213) 258-3000 for more information.

Los Angeles Administrative Code § 10.40.1

- (h) **"City Financial Assistance Recipient"** means any person who receives from the City discrete financial assistance in the amount of One Hundred Thousand Dollars (\$100,000.00) or more for economic development or job growth expressly articulated and identified by the City, as contrasted with generalized financial assistance such as through tax legislation.

Categories of such assistance shall include, but are not limited to, bond financing, planning assistance, tax increment financing exclusively by the City, and tax credits, and shall not include assistance provided by the Community Development Bank. City staff assistance shall not be regarded as financial assistance for purposes of this article. A loan shall not be regarded as financial assistance. The forgiveness of a loan shall be regarded as financial assistance. A loan shall be regarded as financial assistance to the extent of any differential between the amount of the loan and the present value of the payments thereunder, discounted over the life of the loan by the applicable federal rate as used in 26 U.S.C. Sections 1274(d), 7872(f). A recipient shall not be deemed to include lessees and sublessees.

Los Angeles Administrative Code § 10.37.1

- (l) **"Public lease or license"**.

- (a) Except as provided in (l)(b), "Public lease or license" means a lease or license of City property on which services are rendered by employees of the public lessee or licensee or sublessee or sublicensee, or of a contractor or subcontractor, but only where any of the following applies:
- (1) The services are rendered on premises at least a portion of which is visited by substantial numbers of the public on a frequent basis (including, but not limited to, airport passenger terminals, parking lots, golf courses, recreational facilities); or
 - (2) Any of the services could feasibly be performed by City employees if the awarding authority had the requisite financial and staffing resources; or
 - (3) The DAA has determined in writing that coverage would further the proprietary interests of the City.
- (b) A public lessee or licensee will be exempt from the requirements of this article subject to the following limitations:
- (1) The lessee or licensee has annual gross revenues of less than the annual gross revenue threshold, three hundred fifty thousand dollars (\$350,000), from business conducted on City property;
 - (2) The lessee or licensee employs no more than seven (7) people total in the company on and off City property;
 - (3) To qualify for this exemption, the lessee or licensee must provide proof of its gross revenues and number of people it employs in the company's entire workforce to the awarding authority as required by regulation;
 - (4) Whether annual gross revenues are less than three hundred fifty thousand dollars (\$350,000) shall be determined based on the gross revenues for the last tax year prior to application or such other period as may be established by regulation;
 - (5) The annual gross revenue threshold shall be adjusted annually at the same rate and at the same time as the living wage is adjusted under section 10.37.2 (a);
 - (6) A lessee or licensee shall be deemed to employ no more than seven (7) people if the company's entire workforce worked an average of no more than one thousand two-hundred fourteen (1,214) hours per month for at least three-fourths (3/4) of the time period that the revenue limitation is measured;
 - (7) Public leases and licenses shall be deemed to include public subleases and sublicenses;
 - (8) If a public lease or license has a term of more than two (2) years, the exemption granted pursuant to this section shall expire after two (2) years but shall be renewable in two-year increments upon meeting the requirements therefor at the time of the renewal application or such period established by regulation.

GOOD FOOD PURCHASING POLICY

In accordance with Mayor's Executive Directive No. 24, "Good Food Purchasing Policy," proposers are required to comply with the City of Los Angeles' Good Food Purchasing Guidelines.

The purpose of the policy is to make Good Food (defined as "food that is healthy, affordable, fair, and sustainable") more widely available to all Angelenos in order to promote healthier eating habits, support our local business economy, and create more jobs along the food supply chain. The Good Food Purchasing Guidelines (Guidelines) emphasize five core values: Local Economies, Environmental Sustainability, Valued Workforce, Animal Welfare, and Nutrition. The complete Guidelines are included in this exhibit.

All Bidders/Proposers who are awarded contracts with the Department shall complete and submit the Good Food Purchasing Pledge (one [1] page) prior to execution of the contract.

INSTRUCTIONS:

- a. **Awarded proposer only:** Complete, submit, and comply with the steps outlined in the Good Food Purchasing Pledge (Page 1 of attached informational package).

The Good Food Purchasing Pledge

IN PLEDGING OUR SUPPORT FOR GOOD FOOD, we will use our purchasing power to encourage the production and consumption of food that is healthy, affordable, fair, and sustainable. We recognize that the adoption of food procurement policies has the power to reform the food system, create opportunities for smaller farmers to thrive, provide just compensation and fair treatment for workers, support sustainable farming practices, reward good environmental stewardship, and increase access to fresh and healthy foods.

We pledge to leverage our purchasing power to support the following values:

- **Local Economies:** support small and mid-sized agricultural and food processing operations within the local area or region.
- **Environmental Sustainability:** source from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.
- **Valued Workforce:** provide safe and healthy working conditions and fair compensation to all food chain workers and producers, from production to consumption.
- **Animal Welfare:** provide healthy and humane care for livestock.
- **Nutrition:** promote health and well-being by offering generous portions of vegetables, fruit, and whole grains; reducing salt, added sugars, fats, and oils; and by eliminating artificial additives.

WE COMMIT OUR INSTITUTION TO TAKING THE FOLLOWING STEPS IN SUPPORT OF GOOD FOOD:

1

As outlined in the *Good Food Purchasing Guidelines for Food Service Institutions*, we commit to **annually increasing** our procurement of Good Food to meet multi-year benchmarks at the baseline level or beyond for five value categories – local economies, environmental sustainability, valued workforce, animal welfare, and nutrition.

2

Establish supply chain accountability and a traceability system with vendors/distributors to verify sourcing commitments, assess current food procurement practices, and compile assessment results in a progress report.

3

Report annually on implementation progress of the *Good Food Purchasing Guidelines*.

TO GUIDE IMPLEMENTATION WE COMMIT TO THE FOLLOWING TIMELINE:

1

Complete a baseline *Good Food Purchasing* survey within one month of signing the *Good Food Purchasing Pledge*.

2

Communicate Good Food commitment to all suppliers, including distributors and food service companies within one month of the adoption of the *Good Food Purchasing Pledge*.

3

Complete an assessment of food purchasing practices within six months of the adoption of the *Good Food Purchasing Pledge*.

4

Develop and adopt a multi-year action plan with benchmarks to comply with the *Good Food Purchasing Guidelines* within the first year of the adoption to the *Good Food Purchasing Pledge* and share action plans with the Los Angeles Food Policy Council.

5

Incorporate the *Good Food Purchasing Guidelines for Food Service Institutions* into new RFPs and contracts, where applicable.

PROGRAM COMPONENTS

- **Multi-Year Benchmarks:** Purchasers are asked to meet benchmarks in years one and five, recognizing that the shift towards Good Food purchasing will take time, and purchasers will need to make incremental changes.
- **Tiered-Value System:** A tiered-value system has been developed to evaluate the potential contribution of purchases to a Good Food Purchasing initiative. For each of the five values, foods are ranked from Level One (baseline) through Level Three (highest). Higher tiers of achievement are rewarded with more points accordingly.
- **Ranked Criteria:** For most value categories, third-party certifications and label claims allowed by USDA or FDA are used to determine the level of “Good” achieved by an institution’s purchases. These third-party certifications are used to rank Good Food purchases as Levels One (baseline), Two, or Three within each value category.
- **Baseline Requirements:** A baseline in each category is established that must be maintained throughout participation in the program.
- **Good Food Recognition:** Purchasers are scored and recognized at different levels to reward higher Good Food sourcing commitments within value categories. Purchasers that meet the baseline level for each category receive Good Food Purchaser recognition (one star). Additional levels (two to five stars) are awarded to purchasers to recognize the most dedicated supporters of the *Good Food Purchasing Guidelines*.
- **Traceability:** Purchasers are asked to work with suppliers to establish transparent reporting systems to verify product source.
- **Compliance Plan:** If vendor and/or suppliers do not have a current capacity to meet food purchasing targets, the vendor may submit a plan to achieve full compliance at a baseline level by the end of year one.
- **Annual Report:** Purchasers are asked to report annually on their progress.
- **Promotion:** The City of Los Angeles and the Los Angeles Food Policy Council will regularly promote and celebrate Good Food institutional commitments. Successful participants in the *Good Food Purchasing Pledge* program can also serve as an inspiration and positive role model for other institutions in our region.

PROGRAM OVERVIEW: GOOD FOOD PURCHASING GUIDELINES

Los Angeles Food Policy Council (LAFPC), in collaboration with public, private, and non-profit partners, developed *Good Food Purchasing Guidelines*, model guidelines for food service establishments in assessing and purchasing Good Food — food that is healthy, affordable, fair, and sustainable.

Scaled similarly to LEED green building certification, the *Good Food Purchasing Guidelines* emphasize five key values:

- (1) Local Economies
- (2) Environmental Sustainability
- (3) Valued Workforce
- (4) Animal Welfare
- (5) Nutrition

About the Los Angeles Food Policy Council

The Los Angeles Food Policy Council (LAFPC) is a collective impact initiative created by Mayor Antonio Villaraigosa in January of 2011. LAFPC’s mission is to build a Good Food system for all Los Angeles residents. Such a system ensures that food is healthy, affordable, fair, and sustainable in order to improve the health and well-being of our residents, particularly in low-income communities and communities of color; promote a thriving Good Food economy for everyone; and strengthen agricultural and environmental stewardship throughout the region. LAFPC coordinates the expertise and leadership of public, private, non-profit, and academic partners to strengthen connections across the food system. The Food Policy Council and its staff serve as the “backbone” organization for the initiative, which has an extended reach of approximately 300 individuals and over 150 organizations.

LAFPC leverages its unique structure and placement as an independent multi-stakeholder initiative within the Mayor’s Office to advance innovative food policies. LAFPC combines coalition-building, leadership development, and issue and policy advocacy to advance food policies and programmatic innovations. The council’s goal is to shift our regional food system to promote local growers, sustainable agriculture, and fair working conditions for all food workers, and to ensure access to healthy, affordable food in underserved communities.

Good Food Purchasing Guidelines for Food Service Institutions

Food system transformation depends on large-scale shifts in the demand for and the subsequent purchasing of Good Food. By practicing Good Food purchasing methods, institutions can support food systems that are healthy, ecologically sound, economically viable, socially responsible, and humane. Universities and schools, hospitals, local governments, restaurants, and other institutions with food service venues are beginning to explore the opportunities afforded by thoughtful and value-based purchasing. By exercising their buying power, the purchasing practices of food service institutions can make a major difference in heightening the demand for and availability of Good Food.

The *Good Food Purchasing Guidelines for Food Service Institutions* is designed for public and private food enterprises in Los Angeles County and beyond to assist with their development of Good Food purchasing strategies. The guidelines include suggested measures and practical steps to implementing Good Food measures. The guidelines emphasize the following values:

- **Local Economies:** Support small and mid-sized agricultural and food processing operations within the local area or region.
- **Environmental Sustainability:** Source from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.
- **Valued Workforce:** Provide safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption.
- **Animal Welfare:** Provide healthy and humane care for livestock.
- **Nutrition:** Promote health and well-being by offering generous portions of vegetables, fruit, and whole grains; reducing salt, added sugars, fats, and oils; and eliminating artificial additives.

GOOD FOOD IS DEFINED
BY THE LOS ANGELES FOOD POLICY COUNCIL
AS FOOD THAT IS:

HEALTHY

Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment
Food is delicious and safe.

SUSTAINABLE

Food is produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management)
accessible to all

FAIR

All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.
High quality food is equitable and physically and culturally accessible to all

AFFORDABLE

Foods that people of all income levels can purchase

By suggesting opportunities to assess existing policies and methodologies within each establishment, this guide is intended to provide tools to help create a shift to a more diversified and resilient food system, with sustainable and ethical sourcing of food in all levels of food service operations. Good Food production, purchasing, and consumption will require coordinated multi-sector adoption and engagement with participants who are willing to adhere to an established minimum of Good Food procurement, outlined in this document. Included in this document is a tiered assessment of values to help procurement and purchasing offices determine the current state of their farmers and other vendors. This guide is a first step in creating a comprehensive Good Food program that will inform, encourage, support and promote food service establishments of all sizes to become Good Food leaders in their communities.

WHAT IS GOOD FOOD PROCUREMENT?

The term procurement refers to the sourcing and purchasing of food to supply food service operations. This process is much more complex than it may appear on the surface or to one unfamiliar with commercial food service operations. Procurement involves identifying the food needs of the customer base for the food service operation, specifying product requirements, identifying suppliers, taking deliveries, inspecting and storing items, and, depending on the size of the operation, soliciting and evaluating bids and proposals, controlling inventory, and paying suppliers. These guidelines are designed to assist an individual tasked with implementing a Good Food program in their food service operation.

THE IMPORTANCE OF GOOD FOOD PROCUREMENT

Institutions of all kinds, from K-12 schools, universities, and hospitals, to corporate cafeterias and local government agencies, are major purchasers and servers of food. They are therefore in a unique position to influence food supply chains. Due to the collective large purchasing volume, institutional demand for Good Food can encourage suppliers to shift their production practices in order to supply environmentally sustainable, socially responsible, and healthy food products.

Good Food sourcing benefits may include:

- **Economic:** Support of local and regional farmers and food businesses, returning to the local economy three times the purchase price of a food product purchased from out of state;
- **Environmental:** Reduction of food miles, greenhouse gases, carbon footprints, and pollution; promotion of soil fertility, human and animal health, and the conservation of water and biodiversity;
- **Nutritional:** Encouragement of increased purchasing of whole foods and local produce that is fresher and has a higher nutritional content, due to the shorter period of time between harvest and sale;
- **Social:** Transformation of the supply chain, rewarding farmers and food businesses for environmentally sustainable and socially responsible business practices.

Large-scale demand for Good Food is fundamental to building the market for Good Food. By increasing the demand, and thus the infrastructure to distribute Good Food, it will become easier for more institutions to participate. Strong and steady demand for Good Food will increase its affordability and availability in all communities.

Hospitals, universities, schools, and restaurants in Los Angeles have spearheaded the adoption of local and sustainable food procurement policies and these innovators should be looked to as local leaders in proving that, by changing the way one purchases, institutions can create opportunities for regional farmers to thrive, for workers to receive just compensation and fair treatment, for local economies to continue to rebuild, and for reducing our environmental footprint. These outcomes can be accomplished while also increasing access to and consumption of fresh and nutritious food, particularly in underserved communities. The goal of a Good Food procurement system is to bring multiple benefits to all communities by impacting health, social well-being, bottom-line business success, and the environment.

Public institutions, in particular, play a critical role in increasing access to Good Food.

Through their reach to some of the most vulnerable populations, including seniors and children, public programs help ensure that all Angelenos have access to the healthiest foods. These agencies purchase food to provide meals to people in public hospitals, child-care centers, schools, senior programs, jails, and juvenile facilities. Such programs and institutions provide a buffer against hunger, food insecurity

and also serve as a primary source of nutrition for millions of residents. Public and private institutions also purchase food to sell to employees and the public in retail outlets such as vending machines, cafeterias, and concession stands.

Various Los Angeles wholesale food companies have implemented local food lines and certify that their products fall within a variety of parameters. This practice has expanded into processing lines and local fruits and vegetables can now be purchased to create a line of value-added products that are verified as locally sourced (i.e. carrot sticks, bagged salads, crudités, etc.).

Los Angeles nutrition education programs such as the California Department of Public Health and Network for a Healthy California's *Harvest of the Month* program, administered by LAUSD in 250 Los Angeles schools, and some of the Los Angeles county WIC-Only stores are using guidelines that state that their Good Food is sourced from:

- Farms within 200 miles of the final service of the product
- Farms that are less than 200 acres
- Farms that provide more than five items annually (this excludes mono-cropping and allows for crop diversity and better soil management)

Over time, Good Food purchases, from both large and small institutions, can add up to significant investments in a sustainable regional food system.

IMPLEMENTING A GOOD FOOD PROGRAM

Before implementing changes, operations should assess:

- What are the advantages to your institution and the community for purchasing Good Food?
- What percentage of currently purchased food is already local, sustainable, and fairly produced?
- What barriers will limit participation in the program?
- Are there extra transportation costs affiliated with purchasing an increased volume in local products?
- What are the additional processing costs affiliated with purchasing local? What methods exist for offsetting such costs?
- What types of local, sustainable, and fairly produced products do existing distributors or vendors offer?
- How will your institution communicate the changes to consumers and employees?

Prior to implementation, it is also critical to develop operational definitions for words that will be used in Good Food bids; words like: sustainable, fair, local, or humane need to have clear criteria and a means for measurement and compliance (see Appendix A for our glossary of terms). Compliance and/or meeting Good Food objectives will more often than not fall to producers, food distributors, and processors. Without a direct relationship to farmers, ensuring sustainability of foods and beverages requires access to information about the value chain and the farms that produced such foods. Outside of a personal relationship with producers, third-party labels (CCOF, AGA Grassfed, etc.) are useful tools for ensuring sustainability if they are grounded in verifiability.

Most distributors are willing to take on the task of providing origins of their product, particularly if there is a long-term sales opportunity. Often the simple act of asking distributors how they will meet Good Food requirements indicates to suppliers that sustainability and health are important for an institution. Distributors will work with the buyer to develop a qualified Good Food program with buyer-specified parameters.

BUDGETING FOR GOOD FOOD

Sustainable foods are generally associated with higher prices than conventional foods, thus creating little incentive for increasing purchases. However, there are a variety of strategies food service venues can employ to offset increased costs associated with purchasing higher quality foods. In 2012, Los Angeles Unified School District was able to improve meal quality, increase the percent of produce purchased and source approximately 70 percent of that produce locally (within 200 miles), while their food budget remained constant, despite rising food prices nationally. A recent study prepared for UCLA Housing & Hospitality Services found that four UC campuses with sustainable food policies – Davis, Berkeley, San Diego, and Santa Cruz – showed little, if any, increase in per plate costs after sustainable spending. Retailers have found as they increase Good Food purchases, suppliers increase production and, subsequently, food prices fall.

Strategies for offsetting increased costs include:

- Re-designing menus to incorporate less meat and processed food;
- Buying produce in season;
- Creating direct relationships with suppliers;
- Partnering with other food purchasing departments or institutions to leverage purchasing volume;
- Increasing sustainable food purchases incrementally;
- Purchasing foods from produce aggregation hubs (Regional Food Hubs);
- Increasing water and energy efficiency (e.g. by eliminating trays); and
- Buying lower on the beauty chain (e.g., smaller and less aesthetically perfect produce) is less expensive and helps farmers sell more of what they grow.

The guidelines suggested in this document were identified with full acknowledgement of the very real constraints and tight budgets institutions face when trying to provide their customers the highest quality food. To establish varying degrees of Good Food compliance, these guidelines outline tiers of adoption for food service outlets based on procurement standards. Purchasers will need to identify their initial purchasing priorities and incorporate additional standards and levels of adoption in the next stages of the development of their program.

METHODOLOGY FOR ASSESSING GOOD FOOD PROCUREMENT

A tiered value system has been developed to evaluate the potential contribution of purchases to a Good Food Purchasing Program. A baseline in each category is established that must be maintained throughout participation in the program with qualifications noted at both the one year and five year goal levels. By creating goals for a first year of completion through a five-year implementation plan, a great opportunity is created for thoughtful, strategic and progressive sourcing and menu development.

The tiered value system allows for purchasers to participate at varying levels and to scale up their Good Food purchasing over time. Within each value category, purchasers may choose to participate at Levels One, Two or Three. Level One criteria within each value category are assigned one point. Level Two criteria for each value category are more rigorous than Level One and are assigned two points. Level Three criteria within each value category are the premier levels of achievement in the program and are assigned three points.

Purchasers that meet the baseline level for each category are awarded with Good Food Purchaser recognition. A purchaser must score a minimum of five points to meet baseline requirements as a participant in the Good Food Purchasing Program and receive one star. Purchasers scoring 10-14 points receive two stars, purchasers scoring 15-19 points receive three stars, purchasers scoring 20-24 points receive four stars, and purchasers scoring 25 points or more receive five stars. Good Food Purchasers with five stars represent the most dedicated supporters of the Good Food Purchasing Guidelines. These Good Food Purchasing Guidelines are easily modified for any national food service company or government agency.

GOOD FOOD PURCHASING PROGRAM GOALS

The following Good Food goals have been adapted from a variety of local and sustainable food purchasing policies including the City of New York, Kaiser Permanente, Emory University, Yale University, and University of California and are a suggested benchmark for purchasers developing or implementing a Good Food purchasing program. Food service facilities can adjust percentages as necessary with the goal of gradually increasing their Good Food purchases.

GOOD FOOD PURCHASING COMMITMENT LEVELS

				
Good Food Purchaser	Good Food Purchaser	Good Food Purchaser	Good Food Purchaser	Good Food Purchaser
5-9 Points Needed	10-14 Points Needed	15-19 Points Needed	20-24 Points Needed	25+ Points Needed

BASELINE REQUIREMENT

All Good Food Purchasers must score at least one point in each value category.

MIXING LEVELS AND VALUES

Points may be earned by mixing various commitment levels and value categories.

—Example
2 points from Level 3 of Nutrition + 1 point from Level 3 of Animal Welfare = 3 points total

ACCUMULATION OF POINTS

Cumulative points may be earned if purchasers comply simultaneously with different commitment levels within a particular value category.

—Example
From the Environmental Sustainability category, participants can earn 6 points by fulfilling all the different requirements for levels 1, 2 and 3.

EXPECTATIONS FOR INCREASED COMMITMENT

After one year of participation in the program, purchasers will be expected to gradually increase the amount of Good Food that they purchase in order to maintain the same number of points. See Good Food Purchasing Guidelines for more details.

SCORING SYSTEM EXAMPLES

These two hypothetical examples will help Good Food Purchasers understand how the Good Food Purchasing Pledge scoring system works. In both of the following examples, the institutions earn three-star ratings (requiring 15-19 points), but each organization takes a different approach.

An Overview of Good Food Values

Procurement suggestions will focus on sourcing products that align with these Good Food principles:

LOCAL ECONOMIES (LOCAL FOOD)

- Use local, seasonally available ingredients from community supported, small and medium sized farms and food processing facilities, to maintain local economies, create jobs, prevent sprawl, preserve farmlands, provide fresher food, and minimize transport and storage. If local ingredients are not available, use regional or at a minimum, domestic, ingredients.

ENVIRONMENTAL SUSTAINABILITY (ENVIRONMENTALLY SUSTAINABLE FOOD)

- Specify food from farming systems that minimize harm to the environment, such as certified organic farms, farms offering high bio-diversity of crop yield, farms actively reducing risk created through pesticide use, and soil enrichment and water conservation programs.
- Avoid food products with supplemental growth hormones and non-therapeutic antibiotics and Genetic Modification (GMO) of crops, livestock, and livestock feed.
- Minimize foods of animal origin (meat, dairy products, and eggs), as livestock farming is one of the most significant contributors to climate change.
- Exclude fish species identified as most 'at risk' by the Marine Conservation Society and Monterey Bay Aquarium's Seafood Watch and give preference to fish derived from sustainable sources
- Purchase lower-grade (less than retail quality) produce for use in prepared dishes to allow more complete use of farm produce, to reduce waste, and to reduce costs.
- Minimize bottled water sales and instead serve plain or filtered tap water in reusable jugs or bottles, to minimize transport and packaging waste.

VALUED WORKFORCE (FAIR FOOD)

- Choose food products that ensure safe and healthy working conditions, fair compensation, and a voice at work for all food chain workers and producers from production to consumption.
- Choose food and drink products that ensure a fair deal for producers and workers in developing nations and economies

ANIMAL WELFARE (HUMANE FOOD)

- If animal products are a featured menu item, ensure that meat, dairy products, and eggs are produced using high verifiable animal welfare standards which consumers would consider to be significantly higher than standard industry practices.

NUTRITION (HEALTHY FOOD)

- Promote health and well-being by offering generous portions of vegetables, fruit, and whole grains while reducing salt, added sugars, fats, oils, and red meat consumption, and eliminating artificial additives

Improving equity, affordability, accessibility, and consumption of high quality culturally relevant Good Food in all communities is central to our focus on advancing Good Food purchasing practices.

EXTRA POINTS (Applies to annual food purchases)	Buying entity establishes a reporting system for workers to report violations with a protection for workers from retaliation.	1
	Institution complies with baseline Level 1 fair criteria AND 25% of annual average of total cost of food purchases comes from Level 2 or 3 fair sources.	1

Steps to Implementation:

- Ask that your distributor source agricultural products, which come from farms and food processors with union contracts or certified by one of the programs in the Level 3 Valued Workforce category (See Appendix B: Good Food Purchasing Resource Guide – Learn More About Good Food Sourcing: Valued Workforce).
- Ask your distributor to encourage suppliers to review the Agricultural Justice Project’s toolkit and a list of resources to help farmers and food businesses to adjust their labor policies, develop documentation, and learn how to develop a social responsibility policy.⁴
- Ask your distributor to develop long-term relationships with its suppliers and pay fair prices – review the Agricultural Justice Project’s standards section on Food Business Responsibilities to Farmers.⁵

Value 5: Nutrition Goals

To be recognized as a Good Food purchaser, an institution meets at least 13 out of 25 items in the Nutrition Category⁷

YEAR 1 TARGET	POINTS AWARDED
Fruits, vegetables, and whole grains account for at least 25% of total food purchases	1
Seasonal fruits and vegetables are sourced to ensure best taste, quality, and price	1
To the greatest extent possible, purchase whole fruits, without added sugar. When whole and unprocessed fruit cannot be purchased, due to cost or availability, purchase frozen fruit. If frozen products are unavailable, fruit should be canned in its own juice with no sugars added	1
To the greatest extent possible, purchase whole vegetables, without added sodium and fat. LEVEL 2 HEALTHY – MEETS 16–20 OUT OF 25

LEVEL 3 HEALTHY – MEETS 21–25 OUT OF 25

EXTRA POINTS HEALTHY – MEETS ALL 25 POINTS (1 POINT)

⁷All nutrition goals listed above may not apply to all types of food service institutions. Food service institutions must ensure the above nutrition goals comply with local, state and federal law that may govern individual food service programs such as youth detention facilities, school meal programs and other meals served to dependent community members. Each food service institution will be eligible for points towards the good food pledge based on the total potential applicable points for that type of food service venue. LAHEC will work with each institution individually on their institution's pledge criteria. These nutrition goals were developed from reputable sources including the United States Department of Agriculture, the Food and Drug Administration, as well as other leading health organizations. The above nutrition goals will be reviewed and revised periodically to ensure they meet current dietary recommendations and take into consideration program implementation.

⁸Low sodium is defined as 140 mg or less per Reference Amount Customarily Consumed (RACC)

⁹Whole grain is listed as the first or second ingredient; 2 grams or more of fiber/serving

¹⁰Recommend plant-based dishes to include fruits, vegetable, beans, and legumes

¹¹If processed meats are offered, recommend using only products with no more than 480 mg per 2 oz.

¹²Low Sodium is 140 mg or less per RACC

¹³Low-Fat is 3 g or less per RACC (and per 50g if RACC is small); Low Sodium is 140 mg or less per RACC (and per 50g if RACC is small); Low Calorie is 40 calories or less per RACC (and per 50g if RACC is small).

¹⁴Reduced-sized portions are no more than 70% of the weight, measured in grams, of a regular-size portion of the same menu item.

ACCOUNTABILITY AND TRACEABILITY

An institution's Good Food purchases are generally limited by their produce and distribution firms because of their access to products carrying food safety approval. Compliance and/or meeting procurement objectives also fall to the produce and food distributors. Therefore bids and contracts should have clauses for ascertaining product traceability, identification, record keeping, and reporting. These clauses may already be accommodated in current Hazard Analysis & Critical Control Points (HACCP) and other third-party action plans.

The Purchaser should develop a customized program in partnership with their distributor and/or produce house to accomplish all of the traceability necessary for each purchaser's specific needs around Good Food purchases.

Sound Good Food bids could include the following accountability and traceability requirements for any produce or distribution firm:

- The name and location of farms and processing facilities providing Good Food to an institution will be provided to the institution at the time of ordering, a week or two prior to ordering or on the product list of available food items. Typically, the produce lists of available products from distributors and produce houses are the way buyers are notified to select the food they want to purchase. Vendors should list how each Good Food supplier fulfills and verifies identified Good Food goals, including local, environmentally sustainable, fair, animal welfare and healthy.
- If an existing vendor is unable to comply with specific targets within the overall Good Food framework, the vendor will be asked to submit a plan outlining a strategy with benchmarks to achieve full compliance within one year and update the plan annually during term of contract. Vendors will verify their progress and compliance with the plan during specified benchmark periods.
- The vendor will provide the net price paid to farmers, ranchers, or fisherfolk to the Purchasing Institution on a per pound, per case, or other applicable case count prior to the distributor's or produce firm's mark up. Costs should be fair, reasonable and transparent. The Purchaser should develop this transparent program in partnership with their Distributor and/or Produce House.
- Paperwork that proves the origin of any processed food items will be provided to an institution upon request, but shall be kept on record by produce or distribution firms. We recommend the development and implementation of a transparent record keeping system between purchasers and fresh produce processors so that there are checks and balances in place in order to confirm that Good Food products remain intact throughout the processing chain

EDUCATION AND MARKETING

Marketing and education of Good Food are critical to building buy-in and support from employees, consumers, and other customers.

Educate and engage – Suppliers and their employees along the supply chain from farm to cafeteria need to be informed, educated, and encouraged to be active participants in creating a successful Good Food Purchasing Program. Successful implementation of these programs in food service settings depends on empowered food service workers in the kitchens and knowledgeable employees, students, or customers visiting the food service venue.

Communicate good work, helping to encourage growth in both the demand for and the supply of Good Food. Be a willing educator of patrons and colleagues.

FINAL THOUGHTS

Food is only one facet of creating a Good Food community. Advocacy for Good Food venues involve several other components:

- Educational outreach both to staff and the surrounding community;
- Use of reusable and environmentally preferred non-reusable food service ware items and minimizing waste by adopting the waste hierarchy of reduce, reuse, and recycle ;
- Reducing energy use by installing energy-efficient equipment and making sure it is properly maintained and up-to-date;
- Supporting local farms, farmers' markets, and community supported agriculture;
- Food donation and waste reduction;
- Alignment of food vendor options with the facility's healthy, sustainable food program; and
- Responsible employer policies related to wages, benefits, and promotions for food service employees.

While this document focused on Good Food purchasing, we are happy to provide additional resources on other aspects of Good Food business implementation.

APPENDIX A: Glossary of Terms

Food Justice-Certified: a domestic fair trade label by the Agricultural Justice Project that certifies fair prices and terms for farmers and at the same time fair working conditions for all employees in certified operations. The standards are rights-based, such as the right to freely negotiate the terms of employment and freedom of association, and a verification model that ensures a safe space is created in which workers can exercise those rights. Other key provisions of the program include strong health and safety protections, including a preference for organic production and strong restrictions on the use of occupational toxins when a farm is not organic; clear grievance and complaints procedures including the right to appeal; and standards covering living wages, housing conditions, and more.

American Humane Certified: a voluntary, third-party animal welfare audit process based on five freedoms:

- Freedom from thirst and hunger – by ready access to fresh water and a diet to maintain full health and vigor
- Freedom from discomfort – by providing an appropriate environment including shelter and a comfortable resting area
- Freedom from pain, injury and disease – by prevention or rapid diagnosis and treatment
- Freedom to express normal behavior – by providing sufficient space, proper facilities and company of the animal's own kind
- Freedom from fear and distress – by ensuring conditions and treatment which avoid mental suffering

Animal Welfare Approved: A consumer certification and labeling program which indicates that egg, dairy, meat or poultry products have been produced with the welfare of the farm animal in mind. The animals have access to the outdoors and are able to engage in natural behavior. No cages or crates may be used to confine the animals, and growth hormones and subtherapeutic antibiotics are disallowed. Some surgical mutilations, such as beak-mutilation of egg-laying hens, are prohibited, while others, such as castration without painkiller, are permitted. Compliance is verified through third-party auditing.

Biodynamic: a farming method that encourages the use of preparations made from fermented manure, minerals and herbs are used to help restore and harmonize the vital life forces of the farm and to enhance the nutrition, quality and flavor of the food being raised. Biodynamic practitioners also recognize and strive to work in cooperation with the subtle influences of the wider cosmos on soil, plant and animal health. Source/Website: <https://www.biodynamics.com/biodynamics.html>

Cage Free: This label indicates that the flock was able to freely roam a building, room, or enclosed area with unlimited access to food and fresh water during their production cycle. Beak cutting is permitted. There is no third-party auditing. Source: Agricultural Marketing Service, USDA; Humane Society

Certified Humane Raised & Handled: A consumer certification and labeling program which indicates that egg, dairy, meat or poultry products have been produced with the welfare of the farm animal in mind. Farm animal treatment standards include: Allow animals to engage in their natural behaviors; Raise animals with sufficient space, shelter and gentle handling to limit stress; Make sure they have ample fresh water and a healthy diet without added antibiotics or hormones. Producers also must comply with local, state and federal environmental standards. Processors must comply with the American Meat Institute Standards, a higher standard for slaughtering farm animals than the Federal Humane Slaughter Act. www.certifiedhumane.com

Certified Organic: Products must meet the federal organic standards as determined by a USDA approved certifying agency. Organic foods cannot be grown using synthetic fertilizers, chemicals, or sewage sludge; cannot be genetically modified; and cannot be irradiated. Organic meat and poultry must be fed only organically grown feed (without any animal byproducts) and cannot be treated with hormones or antibiotics. In order to bear the USDA "Certified Organic" seal, a product must contain 95 to 100 percent organic ingredients. Products that contain more than 70 percent, but less than 94 percent organic ingredients can be labeled "Made with Organic Ingredients," but cannot use the USDA "Certified Organic" seal. Organic ingredients can be listed on the packaging of products that are not entirely organic. <http://www.ams.usda.gov/NOF/indexNet.htm>. While some small farmers grow their food using organic methods, they choose not to go through the certification process for economic or ideological reasons, so they cannot label their food "certified organic."

CIW Fair Food Supplier Code of Conduct: a set of labor standards developed by the Coalition for Immokalee Workers designed to improve working conditions and give workers the ability to voice their concerns over safety, working conditions, and Code violations without fear of retribution. Growers are required to keep a proper time registration system, hire farm workers as employees and pay them wages and benefits directly, provide protective equipment and training, ensure breaks and opportunities for advancement, and implement proper workplace safety systems.

Source: <http://fairfoodstandards.org/code.html>

Cooperative: An autonomous association of persons united voluntarily to meet their common economic, social, and cultural needs and aspirations through a jointly owned and democratically controlled enterprise.

Conventionally Grown: Food grown using chemical fertilizers, pesticides, and herbicides. In most situations, default options are conventionally grown.

Equitable Food Initiative Certified: a program that certifies standards for working conditions, pesticide use and food safety. EFI's labor standards protect farm workers' health and safety; guarantee their freedom of association; provide fair compensation and conditions of employment; ensure non-discrimination and non-retaliation; create dispute settlement mechanisms; address housing conditions; establish a social premium; and cover workers on temporary visas. EFI's food safety standards address risks arising from land and water use, soil amendments, animal waste, and post-harvest packaging and transportation. Environmental standards focus on the safe management of pests, soil, water and habitat.

Website: <http://www.equitablefood.net>

Family Farm: A farm managed by a family or individual who owns the animals or land, receives a good portion of their livelihood from the farm, and participates in the daily labor to work and manage the farm. The USDA also defines a small family farm as having less than \$250,000 gross receipts annually.

Source: http://www.nifa.usda.gov/nea/ag_systems/in_focus/familyfarm_if_overview.html

Fair: All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.

Fair Trade: A certified label that guarantees that farmers and their workers receive a living wage and a fair price for their labor and their product, and that the product is produced in an ecologically sound manner.

Foodshed: Like a watershed (where the idea of the foodshed takes its inspiration), a foodshed measures the reach of the local landscape in terms of its food production capacities. A foodshed's size is determined by its "structures of supply," the regional, economic, political, and transportation systems that determine how food gets from farm to table. The Los Angeles Urban Rural Roundtable, convened by the Roots of Change in 2010, defined the Los Angeles foodshed as the two hundred mile radius around the Los Angeles urban core, from which the region draws much of its food to feed the local population. This concept continues to evolve. As a starting point, we refer to the 200-mile threshold as the Los Angeles regional foodshed.

Food Alliance Certified: Organization that certifies producers based on healthy and humane animal treatment with no added growth promotants or sub-therapeutic antibiotics, soil and water conservation, integrated pest, disease and weed management, pesticide risk reduction, wildlife habitat and biodiversity conservation, safe and fair working conditions.

Website: <http://foodalliance.org/certification>

Free Range: A USDA-certified label that guarantees that animals (usually poultry) had room to move around and "access to the outdoors." These standards apply to poultry bred for eating only, not to hens that produce eggs. It does not guarantee that the animals ever went outside or that the outdoor space provided was good pasture.

Good Food: Good Food is defined by the Los Angeles Food Policy Council as food that is: 1) Healthy: a) Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment; b) Food is delicious, safe, and aesthetically pleasing.; 2. Affordable: Foods that people of all income levels can purchase.; 3. Fair: a) All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.; b) High quality food is equitable and physically and culturally accessible to all; 4) Sustainable: Produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management).

Genetically Modified Organisms (GMOs): In the context of food, GMOs are agricultural products (crops or animals) that have been genetically engineered to possess certain traits. Since there is minimal research on the long-term impacts that GMOs may have on the earth and human health, many organizations caution against use and consumption of GMOs. Organic products are, by definition, non-GMO.

Global Animal Partnership 5-Step Animal Welfare Rating standards: a tiered standards program that encourages higher welfare practices and systems to the benefit of farmers, consumers, retailers, and the animals. Step 1 prohibits cages and crates. Step 2 requires environmental enrichment for indoor production systems; Step 3, outdoor access; Step 4, pasture-based production; Step 5, an animal-centered approach with all physical alterations prohibited; and, finally, Step 5+, the entire life of the animal spent on an integrated farm.

Website: <http://www.globalanimalpartnership.org/the-5-step-program/>

Grassfed (American Grassfed Association (AGA) Certified): This label ensures that animals have continuous access to pasture during the growing season (as opposed to being confined or eating grass out of a trough) and cannot be fed grain or grain products, which can diminish the nutritive benefits of grass feeding.

Grassfed (USDA Certified): Meat products derived from ruminant animals, e.g. beef cattle, dairy cattle, and lamb, may be approved to carry the USDA "grass-fed" label claim if the animal was fed a diet of grass and/or forage throughout its lifetime, with the exception of milk consumed prior to weaning. Animals cannot be fed grain or grain by-products and must have continuous access to pasture during the growing season (last frost in spring to first frost in fall). Use of hormones or antibiotics is not addressed.

Hazard Analysis & Critical Control Points (HACCP): HACCP is a management system in which food safety is addressed through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution and consumption of the finished product.

Source: <http://www.fda.gov/food/foodsafety/hazardanalysiscriticalcontrolpointshaccp/default.htm>

Healthy: Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment. Food is delicious, safe, and aesthetically pleasing.

Hormone Free: Milk that comes from cows who have not been treated with rBST, also known as rBGH or bovine growth hormone.

Integrated Pest Management (IPM): IPM growers practice a variety of techniques: they apply natural substances like kelp, rock powders, and compost to keep crops disease resistant. They monitor trees and set traps to capture insects. Ideally, IPM growers use pesticides only as a last resort, when pest damage would keep them from bringing in a profitable crop.

Large Scale Operation (LSO): Large scale operations include all levels of the food supply chain. The size is defined by type of operation:

- LSO Farm — a farm larger than 499 acres (NOTE: LSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census).
- LSO Food Business — A business (including food processors) whose three (3) year average annual gross revenues exceed \$7 million (NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Living Wage: A wage that allows workers to meet their and their families' basic needs, including housing, food, childcare, transportation, healthcare, clothing, and recreation costs for the area in which they live.

Local: The term "local" will vary depending on your location and what is available to you. The Los Angeles Food Policy Council has defined Los Angeles County's foodshed to span 200 miles, ten counties and touch over 22 million people. This ten county region includes: Kern, Ventura, San Diego, Imperial, Riverside, Santa Barbara, San Luis Obispo, San Bernardino, Orange, and Los Angeles. The term "local" will vary depending on your location and what is available to you.

Los Angeles Business Inclusion Program Definitions:

- Small Business Enterprise (SBE): For the purpose of The Business Inclusion Program, Small Business Enterprise shall mean a business enterprise that meets the following criteria:

- A business (personal or professional services, manufacturer, supplier, and vendor) whose three (3) year average annual gross revenues does not exceed \$7 million.
- A business (construction contractors) whose three (3) year average annual gross revenues does not exceed \$14 million.

--- Emerging Business Enterprise (EBE): For the purpose of this program, Emerging Business Enterprise shall mean a business enterprise whose three (3) year average annual gross revenues do not exceed \$3.5 million.

Marine Stewardship Council certified: an independent, non-profit organization that sets standards for sustainable fishing based on three principles:

- The fishing activity must be at a level which is sustainable for the fish population. Any certified fishery must operate so that fishing can continue indefinitely and is not overexploiting the resources.
- Fishing operations should be managed to maintain the structure, productivity, function and diversity of the ecosystem on which the fishery depends.
- The fishery must meet all local, national and international laws and must have a management system in place to respond to changing circumstances and maintain sustainability.

Website: <http://www.msc.org/>

Meatless Mondays campaign: non-profit initiative of The Monday Campaigns, in association with the Johns Hopkins' Bloomberg School of Public Health that encourages people, groups and organizations to not eat meat on Mondays to improve their health and the health of the planet. The campaign provides information and vegetarian recipes ideas based on USDA nutritional guidelines on their website.

Website: <http://www.meatlessmonday.com/>

Medium Scale Operation (MSO): Medium scale operations include all levels of the food supply chain. The size is defined by type of operation:

- MSO Farm — a farm between 180 and 499 acres (NOTE: MSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census).

- MSO Food Business — a business (including food processors) whose three (3) year average annual gross revenues fall between \$3.5 million and \$7 million. (NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Non-GMO Project Verified: is a verification program that seeks to assist farmers, processors and manufacturers in avoiding the contamination of GMO's by progressively reducing the risk of GMO contamination. The Project requires practices and processes for controlling GMO contamination by these at-risk inputs and ingredients. Methods such as segregation, traceability, risk assessment, sampling techniques, and quality control management are emphasized. Website: <http://www.nongmoproject.org/>

Organic: Food grown without the use of chemical pesticides, herbicides, or fertilizers. Animals must be fed organic feed and cannot be given antibiotics or growth hormones. Organic foods may not be genetically modified or irradiated or contain artificial preservatives or additives. Organic meats must come from animals that are "free range."

PRIME (Pesticide Risk Mitigation Engine) score: an online tool that ranks pesticide products for impacts on birds, earthworms, small mammals, aquatic ecosystems and worker/bystander health and safety. This tool applies best available science to permit producers, advisors and regulatory professionals to compare different pest management scenarios for any commodity and select options with the fewest potential environmental and health hazards. Risk is presented on a low/moderate/high scale. Risk index scores below a 10% chance of an undesirable effect to be in the low risk category, where no further risk mitigation is needed. Realistically, 10% is within the margin of error for our risk models. Risk index scores between 10% and 50% fall into the moderate risk category where risk mitigation is recommended. Risk index scores above a 50% chance of an undesirable effect fall into the high-risk category.

Website: <http://ipmprime.org>

Procurement: The sourcing and purchasing of food to supply foodservice operations. Procurement involves identifying the food needs of the customer base for the foodservice operation, specifying product requirements, identifying suppliers, taking deliveries, inspecting and storing items, and, depending on the size of the operation, soliciting and evaluating bids and proposals, controlling inventory, and paying suppliers.

Protected Harvest certified: a points-based certification program is designed to ensure that crops have been raised with integrated pest management. The point system is used that rewards growers for implementing ecologically based practices in nine different management categories: field scouting, information sources, pest management decisions, field management decisions, weed management, insect management, disease management, soil and water quality, and storage management. A minimum number of points must be achieved in each category to qualify for certification. Website: <http://www.protectedharvest.org/>

"Raised without antibiotics" or "No antibiotics administered" (poultry and meat products): These USDA approved label claims imply that no antibiotics were administered to the animal at any point during its life. If an animal becomes sick and requires treatment, it should be segregated from other animals and sold as a conventional meat product. Source: http://www.fsis.usda.gov/Fact_Sheets/Meat_&_Poultry_Labeling_Terms/index.asp

Raised without added hormones or "No hormones added" (beef and lamb only): This USDA approved label claim implies that no added hormones were given to the animal at any point during its life. Most meaningful when used on beef or lamb products since the use of added hormones is prohibited in poultry and pork production. http://www.fsis.usda.gov/Fact_Sheets/Meat_&_Poultry_Labeling_Terms/index.asp

rBGH-free or rBST-free (dairy): Recombinant Bovine Growth Hormone is a genetically engineered artificial hormone, which is injected into cows to increase milk production. Labeling is voluntary. http://www.foodandwaterwatch.org/take_action/consumer-tools/the-milk-tip/

Small Scale Operation (SSO): Small scale operations include all levels of the food supply chain. The size is defined by type of operation:

— SSO Farm — a farm smaller than 180 acres. (NOTE: SSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census. This is in contrast to the USDA definition of "small farm," which is classified by gross sales less than \$250,000.)

— SSO Food Business — a business enterprise (including food processors) whose three (3) year average annual gross revenues do not exceed \$3.5 million.

(NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Source: A source includes not only the food supplier that the purchaser does business with directly, but also all prior links in the supply, processing and production chain, starting with the farm. The supplier who is working directly with the purchaser will take good faith measures to ensure that, to the best of the supplier's knowledge, the supplier's sources also comply with the Good Food Purchasing Guidelines.

Stewardship Index for Specialty Crops: a multi-stakeholder initiative to develop a system for measuring sustainable performance throughout the specialty crop supply chain. The Index does not provide standards, but instead provides a yardstick for measuring sustainable outcomes by offering a suite of outcomes-based metrics to enable operators at any point along the supply chain to benchmark, compare, and communicate their own performance. The four key environmental indicators in the latest version are soil health and the use of nutrients, energy and water. Website: <http://www.stewardshipindex.org/>

Sustainable: Systems and practices that can be continued indefinitely into the foreseeable future without reliance upon ongoing depletion of non-renewable resources (e.g., soil, energy, biological diversity) or widening social inequities (within and across communities, countries, or generations). With respect to agriculture, the term can include, but is not limited to or synonymous with, certified organic production practices.

Sustainable Seafood: Seafood that comes from sources, either farmed or wild, that can maintain production indefinitely without affecting the integrity of the surrounding ecosystem.

Transitional Organic: This label has been used in the past to mean that a farmer is using organic methods but has not reached the three-year pesticide-free requirement and cannot yet use the Certified Organic label. The USDA does not currently allow or sanction the use of this label for official marketing purposes.

USDA Farm Classification System

The USDA Economic Research Service (USDA-ERS) has developed a farm classification system to divide U.S. farms into eight mutually exclusive and more homogeneous groups. The farm typology focuses on "family farms," or farms organized as proprietorships, partnerships, and family corporations that are not operated by a hired manager. To be complete, however, it also includes nonfamily farms. For more info, see <http://www.extension.org/pages/13823/usda-small-farm-definitions>

Value Chain: The Wallace Center differentiates food value chains from traditional supply food supply chains in the following way: New food value chains - 1) Operate as a series of win-win strategic partnerships rather than win-lose, interchangeable business deals; and 2) Differentiate products by attributes that traditional supply chains do not typically monitor or promote, such as the environmental and social benefits behind a particular producer's practices.

**CITY OF LOS ANGELES
CONTRACTOR CODE OF CONDUCT**

The City of Los Angeles has long supported the premise that employers should fairly compensate employees, that the health and safety of workers should be protected, and that no form of discrimination or abuse should be tolerated. Experience indicates that laws and regulations designed to safeguard basic tenets of ethical business practices are disregarded in some workplaces, commonly referred to as "sweatshops."

In its role as a market participant that procures equipment, goods, materials and supplies, the City seeks to protect its interests by assuring that the integrity of the City's procurement process is not undermined by contractors who engage in sweatshop practices and other employment practices abhorrent to the City. When the City inadvertently contracts with these contractors, the City's ethical contractors are placed at a distinct competitive disadvantage. Many times ethical contractors are underbid by unscrupulous contractors in competition for City contracts. These ethical contractors may be dissuaded from participating in future procurement contracts.

The City's proprietary contracting interests are served by doing business with contractors who make a good faith effort to ensure that they and their subcontractors shun sweatshop practices and adhere to workplace and wage laws. Seeking to protect these municipal interests, the City requires that all contractors subject to the Sweat-free Procurement Ordinance certify that they and, to the best of their knowledge, their subcontractors will comply with the City's Contractor Code of Conduct and to promise the following:

- (a) To comply with all applicable wage, health, labor, environmental and safety laws, legal guarantees of freedom of association, building and fire codes, and laws and ordinances relating to workplace and employment discrimination.
- (b) To comply with all human and labor rights and labor obligations that are imposed by treaty or law on the country in which the equipment, supplies, goods or materials are made or assembled, including but not limited to abusive forms of child labor, slave labor, convict or forced labor, or sweatshop labor.
- (c) To take good faith measures to ensure, to the best of the contractor's knowledge, that the contractor's subcontractors also comply with the City's Contractor Code of Conduct.
- (d) To pay employees working on contracts for garments, uniforms, foot apparel, and related accessories a procurement living wage, meaning for domestic manufacturers a base hourly wage adjusted annually to the amount required to produce, for 2,080 hours worked, an annual income equal to or greater than the U.S. Department of Health and Human Services most recent poverty guideline for a family of three plus an additional 20 percent of the wage level paid either as hourly wages or health benefits. For manufacturing operations in countries other than the United States, a procurement living wage which is comparable to the wage for domestic manufacturers as defined above, adjusted to reflect the country's level of economic development by using the World Bank's Gross National Income Per Capita Purchasing Power index.

Baseline Assessment: Nutrition Guidelines in Food Service Institutions

This baseline assessment will measure your institution's compliance with the nutrition category of the Good Food Purchasing Guidelines. All nutrition goals listed below may not apply to all types of food service institutions. Each food service institution will be eligible for points towards the Good Food Purchasing Pledge based on the total potential applicable points for that type of food service venue. LAFPC will work with each institution individually on their institution's pledge criteria. These nutrition goals were developed from reputable sources including the United States Department of Agriculture (USDA), the Food and Drug Administration (FDA), as well as other leading health organizations. The below nutrition goals will be reviewed and revised periodically to ensure they meet current dietary science and take into consideration program implementation.

Please answer each question below. If box is checked YES, please provide detail on how your institution meets this guideline. If NO, please state why not and if box is checked N/A, please explain why. Send your self-assessment to Colleen McKinney at cmckinney@goodfoodla.org.

Five-Year GFPP Action Plan | TEMPLATE

The tiered, points based scoring system outlined in the Good Food Purchasing Guidelines allows participants to choose which level of commitment best suits the Good Food goals of their organization. The guidelines require that a baseline be met for each value, but an institution can receive additional points by making even greater commitments in each value category. Participants are awarded one to five stars based on their total score. To maintain their star rating over time, participating institutions are expected to increase the amount of Good Food they purchase each year.

In Year One of the program, Good Food Purchasing Institutions (GFPI) will develop a five-year action plan that describes their purchasing goals and objectives, based on the baseline purchasing practices measured at the time of pledge adoption. The action plan should include measurable deliverables and benchmarks from Years One through Five. The multi-year action plan will serve as a guide for future annual progress reports. The components of a successful action plan, including the any forms to be submitted, are described below. **Submit final action plan and chart to Colleen McKinney at cmckinney@goodfoodla.org.**

SECTION ONE: Year One – Baseline Assessment

Introduction & Purpose

Summarize in a few sentences your institution's interest and involvement in the Good Food Purchasing Program.

Food Service Operations Overview (SUBMIT FORM)

Using the *Food Service Operations Overview* form, describe your operation, including:

Total purchases for each food category: fruits & vegetables, milk & dairy, meat & eggs, seafood, grains & legumes, other products (packaged foods, bakery products, etc.), and beverages.

- Total annual food purchases
- Food service contract terms (i.e. renewal dates) and vendor names
- Existing monitoring & compliance plans included in contracts

GFPP Tracking Sheet (SUBMIT FORM)

Using the *GFPP Tracking Sheet* or the inventory sheet supplied by your vendor(s), provide the following information for each product:

- Food type
- Volume purchased
- Cost per unit
- Source: include brand or label and plant location. Wherever possible, include the name of the farm or ranch where the item was produced
- Any known certifications or product claims associated with each product

Summary of Current Best Practices & Recent Achievements

Highlight any existing best practices or key procurement achievements within your institution. This may include:

- Recent product shifts or commitments (e.g. 100% cage free eggs, direct relationship with local growers)
- Existing healthy and/or sustainable food service initiatives (e.g. trayless dining, compostable dishware, Healthy Picks program)
- Staff trainings or continued learning opportunities related to food service, culinary arts, nutrition, etc.

Current Challenges

In your work to improve your food service operation, what have been the greatest challenges to success? What obstacles might continue to slow progress?

SECTION TWO: Years Two through Five

2-5 Year Plan Goals

Outline the institution's overall long-term goals for the Good Food Purchasing Program (e.g. earn three-star rating by third year of program).

Objectives & GFPP Five-Year Action Plan Chart (SUBMIT FORM)

Identify the objectives your institution will focus on to reach your desired rating (i.e. achieve Level 3 Environmental Sustainability by Year Two, Level 2 in Valued Workforce by Year Four, and maintain Level 1 in all other categories). In each category section, identify any changes you will make to your purchasing that will allow you to meet your desired level in that category. For each of the five value categories, explain your institution's objective, benchmarks, and timeline for completion (see template attached).

Template: GFPP Five-Year Action Plan Chart – For Good Food Purchasers

Target: The Good Food Purchasing Pledge harnesses the purchasing power of major institutions to encourage greater production of sustainably produced food, healthy eating habits, respect for workers' rights, humane treatment of animals and support for the local business economy by providing new opportunities for small and mid-sized farmers and job creation along the supply chain

Directions: Use this document as a planning guide for implementing the Good Food Purchasing Guidelines. For each value, you only need to choose one objective from one level. Each Level corresponds with the numeric value. For example, achieving Level 3 would earn you 1 point, Level 2 = 2 points, and so on. If your institution is unable to reach the baseline level for any value category in Year 1, you may submit a plan detailing your goals for achieving baseline compliance within one year.

IRAN CONTRACTING ACT OF 2010 COMPLIANCE AFFIDAVIT

(California Public Contract Code Sections 2200-2208)

The California Legislature adopted the Iran Contracting Act of 2010 to respond to policies of Iran in a uniform fashion (PCC § 2201(q)). The Iran Contracting Act prohibits bidders engaged in investment activities in Iran from bidding on, submitting proposals for, or entering into or renewing contracts with public entities for goods and services of one million dollars (\$1,000,000) or more (PCC § 2203(a)). A bidder who "engages in investment activities in Iran" is defined as either:

1. A bidder providing goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; **or**
2. A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is **not** identified on the DGS list of ineligible businesses or persons and that the bidder is **not** engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).

To comply with the Iran Contracting Act of 2010, the bidder shall provide its vendor or financial institution name, and City Business Tax Registration Certificate (BTRC) if available, in completing **ONE** of the options shown below.

SUMMARY

The Travel Town Transportation Museum is located at 5200 Zoo Drive within Griffith Park. This Museum features locomotive exhibits as well as a miniature railroad ride. Approximately 18,155 City residents live within one-half mile walking distance of Griffith Park. Due to the size of the park and the facilities, features, and services it provides, Griffith Park meets the standard for a Community Park, as defined in the City's Public Recreation Plan.

PROGRAM HISTORY

Former State legislator John P. Quimby recognized that recreation and park facilities and programs reduce crime, enhance property values and improve the quality of life in our neighborhood and communities. They provide positive alternatives for youth, families and senior citizens that are needed in a large, urban metropolis. Mr. Quimby initiated State legislation that permitted cities and counties to require the dedication of land, or the payment of a fee, as a condition of local residential tract map approval (subdivisions). The City of Los Angeles implemented the Subdivision (Quimby) Fees Trust in 1971 (Ordinance 141,422). The City Planning Department calculates fees for affected subdivisions and zone changes.

The Zone Change Fee was originated by City Councilmember Howard Finn. The Zone Change Ordinance was approved in 1985. This law applies only to the finalization of Zone Changes for multiple residential projects. The fee schedule for Zone Change is the same as for Quimby.

Some residential developments do not pay either Quimby or Zone Change Fees, paying only a small fee called the Dwelling Unit Construction Tax (\$200 per unit) which goes into the City's Sites and Facilities Fund.

RAP may use Quimby and Zone Change Fees only for park capital improvements, including the acquisition of land, design and construction of park and recreational improvements, and park rehabilitation projects. Quimby and Zone Change fees may not fund expenses for park operations, materials and supplies, or equipment.

Allocations are made within one (1) mile of a park facility for neighborhood parks and two (2) miles for community parks from the point of collection to ensure that residents of the new residential projects benefit from the facilities their funds helped to acquire, create, or improve. This distance represents a recommended service radius for neighborhood and community facilities outlined in the Public Recreation Plan of the City's General Plan. In addition, funds have historically been used in the Council District in which they were collected and must be committed to a project within five (5) years after the payment of the fees or the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later.

PROJECT DEVELOPMENT

The proposed scope of work includes ADA improvements to the Travel Town Transportation Museum parking. The need for this project was identified through a review of facility infrastructure needs and available funding. Staff from the RAP's Planning, Construction, and Maintenance Branch has reviewed this proposed project and determined that it is necessary and would be of benefit to park users. The Griffith Park Superintendent and the Council Office are all in support the proposed project.

Staff anticipates that the Griffith Park – Travel Town Transportation Museum – ADA Parking Lot Improvements (PRJ20892) project will be completed using City forces and/or City contract vendors. Upon approval of this report, project implementation can proceed.

PROJECT FUNDING

Upon approval of this Report, Fifty Thousand Dollars (\$50,000.00) in Quimby Fees can be transferred from the Quimby Fees Account No. 89460K-00 to the Griffith Park Account No. 89460K-GB and allocated to the Griffith Park – Travel Town Transportation Museum – ADA Parking Lot Improvements (PRJ20892) project. These fees were collected within two (2) miles of Griffith Park, which is the standard distance for the allocation of Quimby Fees for community recreational facilities.

TREES AND SHADE

The approval of this project will have no impact on existing trees or shade at the Travel Town Transportation Museum, and no new trees or new shade are proposed to be added to Travel Town Transportation Museum as a part of this project.

ENVIRONMENTAL IMPACT STATEMENT

Staff has determined that the subject project will consist of modifications to existing park facilities involving negligible or no expansion of the use and placement of a new accessory structures. Therefore, the project is exempt from the provisions of CEQA pursuant to Article III, Section 1, Class 1(3,4) of the City CEQA Guidelines.

FISCAL IMPACT STATEMENT

The approval of this allocation of Quimby Fees will have no fiscal impact on RAP as the implementation of the proposed park capital improvements will not increase the level of daily maintenance required at this facility. The maintenance of the proposed park improvements can be performed by current staff with no overall impact to existing maintenance service.

This Report was prepared by Meghan Luera, Management Assistant, Planning, Construction, and Maintenance Branch.

RECOMMENDATIONS

1. Approve proposed project changes to the Griffith Park Crystal Springs – New Baseball Fields (W.O. #E170110B) project (Project) described in the attached Addendum (Attachment 1) and the City Council Motion adopted on February 2, 2016, Council File (CF) No. 15-0896 (Attachment 3);
2. Find that the original Project as analyzed in the previously certified Environmental Impact Report (EIR) is being changed to reduce its environmental impact and to settle a lawsuit, and that, based on substantial evidence in the record as a whole, the project changes do not require preparation of a subsequent or supplemental EIR because none of the conditions described in the State California Environmental Quality Act (CEQA) Guidelines Section 15162 or Section 15163 apply to this case; and,
3. Authorize the issuance of an Addendum, with the previously certified EIR for the Project, as the CEQA clearance for the approval of proposed changes to the previously approved Crystal Springs Baseball Fields project.

SUMMARY

ORIGINAL PROJECT

The original Project proposed construction of two (2) new youth baseball fields within the northern portion of the existing Crystal Springs Picnic Area (Attachment 2, Figure 2-5). The City prepared an EIR (SCH #2013011012), which analyzed two project alternatives in addition to the original proposed Project (Attachment 2). Alternative 1B (Attachment 2, Figure 2-6), proposed that the ballfields be constructed at two different locations within the Crystal Springs Picnic Area, including the location where the changed Project is proposed for construction. Each baseball field as originally proposed would have measured 190 feet from home plate to the

centerfield fence which would be approximately 16 feet high. Each field would have natural grass and a dirt playing surface, two (2) dugouts, bleachers, outfield and perimeter fencing, and scoreboards. The original Project also included landscaping and an irrigation system. The original Project would also eliminate the northeast segment of the access loop driveway around Crystal Springs Picnic Area, creating two cul-de-sacs at each terminus of the impacted loop driveway segment. Construction of the northern cul-de-sac would have eliminated five (5) parking spaces. Additionally, approximately seven (7) picnic tables would have been relocated.

The Board of Recreation and Park Commissioners certified the EIR on April 2, 2014 (Report No. 14-061). Project opponents appealed the EIR certification to the City Council, which on August 15, 2014, denied the appeal and concurred with and adopted the Board's action (Council File No. 14-0588). The certified EIR concluded that the original proposed Project would result in potentially significant environmental impacts to:

- cultural resources (because of the potential for encountering archaeological and/or paleontological resources during construction);
- construction noise (which could impact receptors at adjacent residential areas);
- operational noise (which could impact users in picnic areas and the children's play area);
- biological resources (because of potential impacts to nesting birds from tree removal); and
- aesthetics (because of a reduction in visual quality of the picnic area due to tree removal and the addition of two new baseball fields in place of approximately 4 acres of existing picnic area).

The City's final project approval adopted six mitigation measures to reduce potentially significant environmental impacts related to: nesting birds (biological resources) by scheduling construction outside of the nesting bird season or, if construction is to occur during nesting bird season, surveys would be conducted to identify any active nests and a buffer zone would be established around these nests; noise impacts during project construction by implementing noise-reducing construction practices and establishing a complaint/response tracking program; noise impacts from project operation by relocating impacted picnic and play areas; cultural resources by requiring archaeological and paleontological monitoring and, if needed, implementation of treatment plans.

The City found, however, that the original Project would have significant and unavoidable environmental impacts to aesthetics due to the reduction of visual quality of the picnic area from removal of trees and addition of two baseball fields for which there is no feasible mitigation; and to biological resources due to the removal of 33 to 49 trees, including a large heritage California native Sycamore tree and 20 additional native trees that are subject to the City's protected tree ordinance.

PROPOSED PROJECT CHANGES

Project opponents filed a CEQA lawsuit against the City challenging the EIR for the original project. (*Griffith J. Griffith Charitable Trust and Friends of Griffith Park v. City of Los Angeles, et al.*, Los Angeles Superior Court No. BS 151089.) On February 2, 2016, the City Council approved a contingent settlement of the lawsuit, dependent on the future approval of certain project changes, City Council Motion CF15-0896 (Attachment 3).

Under the contingent settlement, the Project would be changed to construct only one new youth baseball field at the Crystal Springs Picnic Area, instead of two fields. This field would be located, as depicted in Attachment 4 to this Report, in a portion of the previously described Project site for EIR Alternative 1B. The single field would be larger in size, measuring 260 feet from home plate to the centerfield fence, which would be up to 30 feet high. Changes to the existing access loop driveway and the related reduction in parking spaces in the original project would be eliminated. With the project changes, approximately fifty-six (56) picnic tables and a children's play area would be relocated. The number of trees required to be removed and replaced would be reduced to approximately thirty-two (32) generally small trees, and the heritage Sycamore tree would not be required to be removed.

As with the original Project, the field would continue to have natural grass and a dirt playing surface, two (2) dugouts, bleachers, outfield and perimeter fencing, and scoreboards. It would also continue to include landscaping, an irrigation system, and ADA path of travel. The constructed baseball field would continue to be operated and maintained by the Department of Recreation and Parks (RAP).

The Department of Public Works, Bureau of Engineering (BOE) has evaluated whether additional environmental review under CEQA is triggered before the project changes can be approved by the Board. Based on its analysis, BOE has concluded that the proposed project changes do not require further environmental review under CEQA prior to their approval, because none of the conditions described in State CEQA Guidelines Section 15162 or 15163 that would trigger preparation of a subsequent or supplemental EIR exist here. BOE's analysis is contained in the record for this matter as the attached Addendum (Attachment 1), and the previously certified EIR. The previously certified EIR and the proposed Addendum for the modified project are available for review online at http://eng.lacity.org/techdocs/emg/griffith_park_baseball_field.htm.

BOE's analysis and the Addendum disclose the following:

1. No new significant environmental impacts have been identified due to the proposed Project changes. Impacts to cultural resources would be similar and potentially less due to the reduced Project footprint. Noise impacts would be similar, or less. Both the original Project and the changed Project would require the removal and relocation of some picnic tables and some children's play equipment. Under the contingent settlement (Attachment 3), the City would agree to implement all six of the mitigation

BOARD REPORT

PG. 4 NO. 16-095

measures imposed on the original Project. These mitigation measures would ensure that impacts of the changed Project would continue to be mitigated.

2. No substantial increase in the severity of previously identified environmental impacts have been identified due to the proposed Project changes. The Project changes will not result in a substantial increase in the severity of any significant effect identified in the certified EIR. The changed Project would result in the removal of slightly fewer trees than the original proposed project and would thus reduce impacts to biological resources and aesthetics. Notably, the changed Project would not impact the heritage California Sycamore tree (RAP Tree ID # 17044) in the northern portion of the Picnic Area; this tree would have been removed for construction of the original Project. Removal of fewer trees due to the Project changes would result in a reduction of impacts to biological resources, including nesting birds, in comparison to the original Project.
3. The proposed changes to the Project are not substantial. The original Project was for the construction of two youth baseball fields at Crystal Springs Picnic Area; the proposed Project changes are for the construction of one youth baseball field at Crystal Springs Picnic Area at a location previously analyzed in the certified EIR as part of Alternative 1B. The revised Project would not require alterations to the existing parking or access loop driveway. Both the original Project and the revised Project would require removal and relocation of some picnic tables and some children's play equipment.

It should be noted that if this Board does not approve the proposed modified Project, then the contingent settlement of the lawsuit is voided.

Funding for the Project as changed will continue to be from the Proposition K and Quimby Act programs. Upon approval of the Project changes by the Board of Recreation and Park Commissioners, BOE and RAP staff will proceed with the design of the project as changed and completion of the construction documents. The completed construction documents will then be presented to the Board for approval and call for bids.

FISCAL IMPACT STATEMENT

There is no immediate fiscal impact to the Department's General Fund. The assessments of the future operations and maintenance costs have yet to be determined and will be addressed in future budget requests.

----------------------------------	--

Section 1.0 Introduction

This environmental document has been prepared under the requirements of the California Environmental Quality Act (CEQA) Public Resources Code Section 21000 *et seq.*, including CEQA Section 21166, and the guidelines promulgated in connection therewith at 14 California Code of Regulations Section 15000 *et seq.* (the “CEQA Guidelines”). The Final Environmental Impact Report (EIR) Addendum (Addendum) discloses whether new or more severe environmental impacts would occur as a result of proposed changes to the project.

1.1 Project Background

The City of Los Angeles (City) plans to construct new youth baseball facilities in the Crystal Springs Picnic Area of Griffith Park. The original project proposed by the City (original Proposed Project) would construct two new youth baseball fields within the north Crystal Springs Picnic Area northeast of the existing Pote Baseball Field. The City prepared an EIR that evaluated the environmental impacts of the original Proposed Project and several alternatives to the original Proposed Project. The City is now proposing changes to the original Proposed Project; these changes (referred to as the Revised Project) are discussed later in this document.

1.2 Certified EIR

The Draft EIR prepared for the Griffith Park Crystal Springs New Baseball Fields Project (SCH No. 2013011012) was completed and circulated by the State Clearinghouse for a 45-day public review period from October 31, 2013 through December 17, 2013. The Final EIR, which responded to all the comments received on the Draft EIR, was prepared in January, 2014. The EIR (hereafter referred to as the Certified EIR) was certified by the City on August 15, 2014.

The Certified EIR disclosed that the implementation of the original Proposed Project would result in significant and unavoidable impacts associated with:

- **Aesthetics** - Because no feasible mitigation measures were identified that would both address resulting impacts on aesthetics and meet the project objectives, significant unavoidable impacts to Griffith Park aesthetic resources would occur as a result of the original Proposed Project.
- **Biological Resources (Trees)** - It is estimated that the original Proposed Project would require the removal of up to 49 trees. Among the trees to be removed are unique trees located in a sensitive and historic location (Griffith Park) that are uncommon specimens because of their size, maturity and visual quality. Although the project would be designed in compliance with applicable tree protection requirements, it is possible that this impact may not be mitigated to a less than significant level. Therefore, tree removal could cause unavoidable significant impacts relative to biological resources.

Other potentially significant environmental impacts were identified in the Certified EIR; however, all of these impacts were determined to be reduced to less-than-significant levels with implementation of mitigation measures identified in the Certified EIR.

Section 2.0 Purpose of this Addendum to the Certified Final EIR

To satisfy the requirements of CEQA, this document is an Addendum to the Certified EIR prepared for the Griffith Park Crystal Springs New Baseball Fields Project. The purpose of this Addendum is to inform decision makers, community stakeholders, and the general public of the environmental effects associated with the Revised Project, as compared to the original Proposed Project.

CEQA Guidelines Section 15164(a) states: “The lead agency or responsible agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary but none of the conditions described in Section 15162 calling for preparation of a subsequent EIR have occurred.”

Section 15162(a) calls for the preparation of a subsequent EIR when any of the following have occurred:

- Substantial changes are proposed in the project which will require major revisions of the previous EIR;
- Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR; or
- New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified, such as:
 - One or more significant effects was not discussed in the previous EIR;
 - Significant effects previously examined will be substantially more severe;
 - Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project; or
 - Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects.

In the case of this Addendum to the previously Certified EIR, the Addendum is being prepared because there have been changes to the original Proposed Project. The Addendum is the appropriate document for the following reasons:

- No substantial changes are proposed to the project which will require major revisions of the previously prepared and certified EIR;
- No substantial changes have occurred with respect to the circumstances under which the project is being undertaken; and
- No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified, has been identified.

As detailed in this addendum, the changes to the original Proposed Project would not fulfill any of the conditions outlined in CEQA Guidelines Section 15162(a). This Addendum provides the substantial evidence required by CEQA Guidelines Section 15164 to support the finding that a subsequent EIR is not required and that an Addendum to the Certified EIR is the appropriate environmental document.

The findings in the Certified EIR would be applicable to the Revised Project and, with the implementation of mitigation measures described in the Certified EIR, the Revised Project would not result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects.

Section 3.0 Project Description and Proposed Modifications

3.1 Project Purpose

The broad goal of the Griffith Park Crystal Springs New Baseball Fields project is to provide access to high quality, affordable recreational programs, based on the needs of the community.

The main objectives of the project are to:

- Restore baseball/softball fields to Griffith Park Crystal Springs that served the area prior to the construction of the I-5 freeway,
- Increase access to high quality, affordable recreational programs for youths in the area, especially at-risk boys and girls ranging from 6 to 12 years of age;
- Provide area residents with team-sports programming opportunities;
- Assist Recreation and Parks in meeting their planning goal to elevate the 1 baseball field per 15,449 persons ratio to 1 baseball field per 12,000 persons by 2013; and
- Meet the requirements of available funding sources (Proposition K and Quimby Act).

3.2 Proposed Project and Alternatives Discussed in Certified EIR

The project as originally proposed (original Proposed Project) called for the construction of two (2) new youth baseball fields on approximately 4.0 acres of the northern portion of the existing Crystal Springs Picnic Area. Each baseball field would have measured 190 feet from home plate to the centerfield fence which would be approximately 16 feet high. Each field would have natural grass and a dirt playing surface, two (2) dugouts, bleachers, outfield and perimeter fencing, and scoreboards. The Proposed Project also included landscaping, an irrigation system and security lighting. The northeast segment of the access loop driveway, which currently allows circulation around the Crystal Springs Picnic Area, would have been eliminated and a cul-de-sac would have been constructed at each terminus of the impacted loop driveway segment. Construction of the northern cul-de-sac would have eliminated five (5) parking spaces. Additionally, approximately seven (7) picnic tables and the children's play area would have been relocated. The original Proposed Project would have resulted in the removal and replacement of between 33 and 49 trees.

The Certified EIR also discussed two alternative sites for the project: the southern portion of the Crystal Springs Picnic Area (referred to as "Alternative 1B") and North Atwater Park ("Alternative 2'). Each of these alternatives would have constructed two baseball fields in locations other than the northern portion of the Crystal Springs Picnic Area.

3.3 Changes to the Proposed Project (Revised Project)

Subsequent to the certification of the EIR, the Bureau of Engineering revised the design of the project (Revised Project). The Revised Project would construct one (1) new youth baseball field on approximately 2.1 acres within the southern portion of the existing Crystal Springs Picnic Area. The single field would measure 260 feet from home plate to the centerfield fence which would be up to 30 feet high. As with the Proposed Project, the field would have natural grass and a dirt playing surface, two (2) dugouts, bleachers, outfield and perimeter fencing, and scoreboards. The Revised Project also includes landscaping, an irrigation system, ADA path of travel, and security lighting. There would be no changes to the access loop driveway and no reduction in the number of parking spaces. Approximately fifty six (56) picnic tables and the children's play area would have to be relocated. The Revised Project would result in the removal and replacement of approximately 32 trees. The constructed baseball field would be operated and maintained by the Department of Recreation and Parks (RAP).

Section 4.0 Impact Discussion

4.1 Introduction

This section compares the environmental impacts of the original Proposed Project to the Revised Project to determine if the Revised Project would result in new significant environmental effects or a substantial increase in the severity of significant effects identified in the Certified EIR. The analyses provided below address each of the environmental issues analyzed in the certified EIR and focus on the potential changes in environmental impacts due to the proposed project modifications.

During the preparation of the Certified EIR, the City determined that the proposed project (original Proposed Project) would have no impact or less than significant impact regarding the following issue areas:

- Agriculture and Forest Resources
- Geology and Soils
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Land Use and Planning
- Mineral Resources
- Population and Housing
- Public Services
- Utilities and Service Systems

As described in Section 15128 of the CEQA Guidelines, no further environmental review was necessary for the issues that were determined not to be significant. The Revised Project involves only minor changes and would not create or increase any impacts in these issue areas.

The City determined that the construction and/or operation of the original Proposed Project did have the potential to have a significant environmental impact on the following issue areas, which were analyzed in the certified EIR:

- Aesthetics
- Air Quality
- Biological Resources
- Cultural Resources
- Greenhouse Gas Emissions
- Noise
- Recreation
- Transportation/Traffic

Each of these impact areas is discussed below and the potential impacts of the Revised Project are compared with those of the original Proposed Project.

4.2 Aesthetics

The Certified EIR determined that the original Proposed Project would result in potentially significant environmental impacts to aesthetics due to a reduction in visual quality as a result of tree removal. Further, the City determined that the original Proposed Project would have significant and unavoidable environmental impacts to aesthetics due to the reduction in visual quality from removal of trees within the project footprint for which there is no feasible mitigation.

The Revised Project is likely to have less visual impact than the original Proposed Project since the project footprint will be smaller and the number of trees removed will be slightly smaller. However, even these reduced impacts may rise to the level of significant and unavoidable as they would with the original Proposed Project.

4.3 Air Quality

The Certified EIR determined that the original Proposed Project would result in less than significant impacts to air quality. The air quality impacts of the Revised Project would be expected to be even less, since the project footprint would be smaller than that of the Proposed Project (2.1 acres vs. 4.0 acres). The smaller project footprint requires less construction activity and consequently fewer emissions of air pollutants. The Revised Project would also not require the construction of a cul-de-sac at each terminus of the northern terminus impacted loop driveway segment, which would be required under the original Proposed Project.

4.4 Biological Resources

The Certified EIR determined that the original Proposed Project would result in potentially significant impacts to biological resources because of potential impacts to nesting birds and due to tree removal. The City adopted mitigation measures to reduce potentially significant impacts to nesting birds by scheduling construction outside of the nesting season or, if construction were to occur during nesting bird season, by conducting surveys to identify any active nests and establishing a buffer zone around these nests. Further, the City determined that the original Proposed Project would have significant and unavoidable environmental impacts to biological resources due to tree removal.

The Revised Project is likely to have less impact on nesting birds because it would result in the removal of slightly fewer trees than the original Proposed Project. (Notably, the Revised Project would not impact the heritage California Sycamore tree (RAP Tree ID # 17044) in the northern portion of the Picnic Area; this tree would have been removed during construction of the original Proposed Project.) The mitigation measures discussed above would reduce any impacts to nesting birds to a less than significant level. A reduction in the number of trees removed may lessen the overall impacts of the Revised Project to biological resources. However, even these reduced impacts may rise to the level of significant and unavoidable as they would with the original Proposed Project.

4.5 Cultural Resources

The Certified EIR determined that the original Proposed Project would result in potentially significant environmental impacts to cultural resources because of the potential for encountering archaeological and/or paleontological resources during construction. The mitigation measures adopted for the original Proposed Project to reduce potentially significant impacts to cultural resources by requiring archaeological and paleontological monitoring and, if needed, implementation of treatment plans.

The smaller footprint of the Revised Project may reduce the potential for impacts to cultural resources. In any event, the adopted mitigation measures would be effective in reducing any impacts to cultural resources to a less than significant level.

4.6 Greenhouse Gas Emissions

The Certified EIR determined that the original Proposed Project would result in less than significant impacts from emissions of greenhouse gases. The greenhouse gas emissions from the Revised Project would be expected to be even less, since the project footprint would be smaller than that of the Proposed Project (2.1 acres vs. 4.0 acres). The smaller project footprint requires less construction activity and consequently fewer emissions of greenhouse gases.

4.7 Noise

The Certified EIR determined that the original Proposed Project would result in potentially significant environmental impacts from noise during construction, which could impact receptors at adjacent recreational areas. The EIR also determined that impacts from operation of the original Proposed Project could impact users in picnic areas and the children's play area. Approved mitigation measures would reduce noise impacts from construction to a less than significant level by implementing noise-reducing construction practices and establishing a complaint/response tracking program. Impacts from operation of the original Proposed Project would be mitigated by relocating impacted picnic and play areas.

The smaller footprint of the Revised Project would be expected to reduce construction time and therefore reduce the duration of construction noise impacts. The types of construction activities are the same for the Proposed and Revised Projects. Operational noise impacts from the Revised Project would be expected to be less than for the original Proposed Project due to the fact that there would only be a single field with a corresponding reduction in players and spectators and the noise they generate. In any event, the adopted mitigation measures would be effective in reducing any impacts from construction and operational noise to a less than significant level.

4.8 Recreation

The Certified EIR determined that the original Proposed Project would result in less than significant impacts to recreation. The impacts to recreation from the Revised Project would be similar and also less than significant.

4.9 Transportation/Traffic

The Certified EIR determined that the original Proposed Project would result in less than significant impacts to transportation and traffic. The impacts to recreation from the Revised Project would be less than those from the original Proposed Project since the Revised Project does not involve either construction of cul-de-sacs on the loop access driveway or the removal of parking spaces.

Section 5.0 Conclusion

As required by CEQA Guidelines Section 15164, an addendum to a previously certified EIR shall be prepared if some changes or additions to a project are necessary and that none of the conditions warranting the preparation of a subsequent EIR are present. As demonstrated in the analysis included in Section 4.0 above, the Addendum is the appropriate document for the following reasons:

- No substantial changes are proposed to the project which will require major revisions of the previously prepared and certified EIR;
- No substantial changes have occurred with respect to the circumstances under which the project is being undertaken; and
- No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified, has been identified.

City Council motion adopted February 2, 2016, CF15-0896 re Contingent Settlement

for

Griffith Park Crystal Springs New Baseball Fields Project
(W.O. #E170110B)

MOTION

I HEREBY MOVE that the Council ADOPT the following recommendations of the City Attorney in order to effect settlement in the case entitled Griffith J. Griffith Charitable Trust, et al. v. City of Los Angeles, Los Angeles Superior Court Case No. BC151089 (this matter arises from a Proposition K project in Griffith Park -- the Crystal Springs Ball Fields Project), **SUBJECT TO THE APPROVAL OF THE MAYOR:**

1. APPROVE the contingent settlement of the ball fields litigation on the terms set forth herein:
 - a. The modified ballfields project will include only one baseball field, with that ballfield substantially in the location and form depicted on the conceptual site plan (Attachment A of the City Attorney confidential report dated January 28, 2016). The modified baseball field would be 260 feet from home plate to centerfield (instead of 200 feet) and would include an appropriately sized fence or net for the outfield, as determined by the Department of Recreation and Parks (RAP). The longer centerfield line makes the modified field available for use by a wider age range of players. Relocation of the field avoids removal of native trees protected by the City's Protected Tree Ordinance, including a heritage sycamore tree.
 - b. The trees removed for the modified ballfields project would be replaced by the RAP on a 2:1 basis at appropriate locations in the Crystal Springs Picnic Area, as determined by the RAP.
 - c. The 56 picnic table cluster removed for the modified baseball field would be relocated as a picnic table cluster or clusters available for first-come, first-served use at an appropriate location in the Crystal Springs Picnic Area, as determined by the RAP.
 - d. The existing old children's play area removed for the modified baseball field project would be replaced with a comparable but new children's play area at an appropriate location in the Crystal Springs Picnic Area, as determined by the RAP.
 - e. The modified baseball field project would continue to be subject to the six mitigation measures imposed on the original ballfields project, which are BIO-1, CR-1, CR-2, NOI-1 a, NOI-1 b and NOI-2.
 - f. The modified project will continue to include American Disabilities Act (ADA) upgrades, to which the Petitioners do not object, including a path of travel from the existing parking area immediately adjacent to the modified ballfield to the dugouts for the modified ballfield and a path of travel from the modified ballfield to the existing restroom; changes to the size of one or more existing bathroom stalls; and restriping of existing parking spaces in the immediately adjacent parking area with the possibility that one existing parking space may be eliminated in the process of restriping.
 - g. Petitioners expressly waive all claims against the City with respect to the ballfields lawsuit and ballfields project, including, but not limited to, waiver of all rights and benefits provided by California Civil Code Section 1542, and waiver of all claims related to the City's approval of the modified ballfields project and the environmental

clearance for the modified ballfields project under California Environmental Quality Act (CEQA).

- h. The City will pay Petitioners' attorney fees and costs in the amount of \$34,464.80.
2. DIRECT the RAP to take the matter to the Proposition K: L.A. for Kids Steering Committee for consideration and recommended findings for the Council on whether the modified project in the contingent settlement is substantially equivalent to the project originally funded.
 3. DIRECT the RAP to take the matter to its Board (the Board of Recreation and Parks Commissioners) for consideration and approval of the modified project consistent with the settlement.
 4. AUTHORIZE the City Attorney, if the required findings consistent with a modified ballfields project are recommended by the Proposition K: L.A. for Kids Steering Committee and adopted by Council, and if the modified project is approved by the Board of Recreation and Parks Commissioners, to execute a settlement agreement and all other documents necessary to implement the settlement with Petitioners in accordance with this authority.
 5. AUTHORIZE the City Attorney, if the above contingencies are met, to draw the necessary demand of \$34,464.80, payable to the Petitioners and Chatten-Brown & Carstens, LLP, from the City Attorney Liability Claims Budget, Fund 100, Dept. 59, Account 9780, so that the settlement of the fees and costs may be implemented.

This matter was recommended for approval by the Budget and Finance Committee (Krekorian – Koretz – Blumenfeld: "Yes") at its meeting on February 1, 2016, in Closed Session as permitted by Government Code Section 54956.9(d)(1).

RECOMMENDATIONS:

That the Board:

1. Find, in accordance with Charter Section 1022, that the Department of Recreation and Parks (RAP) does not have, available in its employ, personnel with sufficient time or necessary expertise to undertake all-weather turf construction, retrofit, maintenance and repair in a timely manner, and it is more feasible, economical and in RAP's best interest, to secure these services by contract with several contractors to perform this work as-needed and on an occasional but frequent basis, without engaging in a new competitive bidding process for each individual project to be performed;
2. Find, in accordance with Charter Section 371(e)(2) and Los Angeles Administrative Code Section 10.15(a)(2), that competitive bidding is not practicable or advantageous as it is necessary for RAP to be able to call on contractors to perform this work as-needed and on an occasional but frequent basis, without engaging in a new competitive process for each individual project to be performed; however, from among as-needed contractors, each individual project is assigned on the basis of availability of an as-needed contractor to perform the work, the price to be charged and the unique expertise of the as-needed contractor;
3. Find, in accordance with Charter Section 372, that obtaining competitive proposals or bids for each individual project for which work may be performed is not reasonably practicable or compatible with the RAP's interests of having available as-needed contractors who are assigned various projects on the basis of availability, price, and expertise, and that it is therefore necessary to have several as-needed contractors for this type of service available when called upon by RAP to perform services;
4. Find as the contract awarding authority, in accordance with Charter Section 371 (e)(1 0) that services to be provided by the contractors, are for the performance of professional, scientific,

expert or technical services and the use of competitive bidding would be undesirable, impractical or impossible or is otherwise excused by common law;

5. Waive any informality found on proposals in response to the Request for Qualifications for All-Weather Turf Construction, Retrofit, Maintenance and Repairs (RFQ) from Ohno Construction Company and UBU Sports, Inc.;
6. Approve proposed Services Contracts (Contracts), substantially in the form on file in the Board Office, between the City of Los Angeles and the following firms for all-weather turf construction, retrofit, maintenance and/or repair specifying the terms and conditions for a three (3) year contract, subject to approval of the Mayor and the City Attorney as to form;

Contractors:

- a) Ohno Construction Company
 - b) UBU Sports, Inc.
7. Direct the Board Secretary to transmit the proposed Contracts to the Mayor in accordance with Executive Directive No. 3 and, concurrently to the City Attorney for review and approval as to form;
 8. Approve the selection process for the selection of qualified firms;
 9. Authorize the Board President and Secretary to execute the contracts upon receipt of the necessary approvals; and,
 10. Authorize the General Manager, or designee, to make technical corrections as necessary to the contract, to carry out the intent of this Report.

SUMMARY

RAP requires as-needed all-weather turf construction, retrofit, maintenance and/or repairs contracts in order to perform current and future construction projects, such as the installation of new and/or retrofitted all-weather turf fields and general maintenance and repairs to the Parks existing all-weather/synthetic turf fields. The minimum qualifications as described in more detail below were established to address the highest and most complex needs of RAP.

It is imperative that RAP develop and award these contracts in order to continue meeting the demands of park users as it relates to the new construction and/or maintenance/repairs of existing all-weather/synthetic turf fields. Currently, RAP does not have the expertise and/or equipment to install new all-weather fields and/or maintain/repair existing all-weather/synthetic fields. Having access to on-call, pre-qualified contractors who specialize in this type of work will help ensure that RAP is responding to the demands of Park users while meeting our City's water conservation goals. The pre-qualified contractors will be required to competitively bid amongst those on the list as outlined in this Report, and will work as support to the RAP's Planning, Construction, and Maintenance staff.

BOARD REPORT

PG. 3

NO. 16-105

All-weather turf fields provide the park users with a clean, safe and designated facility to play soccer, football, or other non-traditional sports that require a field format. In addition, all-weather turf fields require no watering and they limit the damage of existing park grass areas where traditional park users would play sports and damage the grass areas. Currently, RAP does not have staff with the skills, knowledge or equipment to construct and/or maintain all-weather turf fields.

On February 3, 2016, the Board approved an Award of Contract (Report No. 16-046), to three of the proposal received in response to the Request for Qualifications for All-Weather Turf Construction, Retrofit, Maintenance and Repairs.

- 3) California Landscape & Design, inc. dba California Skateparks

The following two (2) responders submitted incomplete RFQ package submittal response based the following reasons:

Ohno Construction Company: signed only one (1) of the two (2) places for signature on the "Child Care Declaration Statement", page 126 of the RFQ. The contractor had previously submitted the completed form for an RFQ for another contract, and will sign and submit a new form for this contract.

UBU Sports, Inc.: due to a software interface problem, their printer failed to recognize certain character inputs that were overlaid onto a PDF document, causing some responses to the "Contractor Responsibility Questionnaire" to not appear. The contractor has submitted the completed form.

RFQ responses were evaluated solely for the minimum qualifications (as stated in RFQ Document). The minimum qualifications as set forth determine the responder's knowledge and experience to perform the terms and specifications of this Contract. It was found through review and verification by RAP staff that the above listed responders met and/or exceeded the minimum qualifications as set forth in the RFQ. During that review, RAP staff noted some minor informalities found on bid submissions from Ohno Construction Company and UBU Sports, Inc.

On December 15, 2015, RAP also received the following two (2) proposals in response to the Request for Qualifications for All-Weather Turf Construction, Retrofit, Maintenance and Repairs.

BOARD REPORT

PG. 4

NO. 16-105

- 1) Ohno Construction Company
16398 Boyle Avenue
Fontana, CA 92337
- 2) UBU Sports, Inc.
3110 Woodcreek Drive
Downers Grove, Illinois 60515

Once it was determined that Ohno Construction Company and UBU Sports, Inc. had met all of the minimum qualifications, RAP staff verified with the respondents' provided references. Questions were posed regarding both the respondent's ability to produce a quality product that met all necessary standards in a timely manner, and if the respondent was timely and effective in their correspondence with governing agencies. All of the references for the respondents who met our minimum qualifications responded favorably to these questions, and highly recommended the respective respondent. It was then determined that each of the above listed Respondents should be selected as a pre-qualified synthetic turf construction, retrofit, maintenance and/or repair contractor; and therefore, eligible to bid on future RAP projects.

All responders are to complete the minimum requirements in the Business Inclusion Program (BIP). BIP requires the responders to reach out to the subcontractors and to give the subcontractors opportunities to participate in the performance of the City contracts.

Board authorization is being sought to authorize the Board President and Secretary to execute contracts, subject to City Attorney and Mayor approval. The selected pre-qualified Responders will be recommended to the Board for a three (3) year contract, in an amount not to exceed an annual expenditure of \$10,000,000 per contract, per year. The contract amount is an estimate, and RAP does not guarantee that the contract maximum amount will be reached. The construction services that RAP is requesting shall be on an as-needed basis. RAP, in entering into an agreement, guarantees no minimum amount of business or compensation. Contracts awarded through this RFQ shall be subject to funding availability and early termination by RAP, as provided in the Standard Provisions for City Contracts.

Funding for projects will be provided from various funding sources including, but not limited to Proposition A, Quimby, Community Development Block Grant (CDBG), and Proposition 84.

FISCAL IMPACT STATEMENT

Executing these as-needed contracts have no impact on the RAP's General Fund as funding will be identified on a per project basis.

This Report was prepared by Noel Williams, Chief Financial Officer, Financial Division.

CONTRACT

BETWEEN

THE CITY OF LOS ANGELES

DEPARTMENT OF RECREATION AND PARKS

AND

OHNO CONSTRUCTION COMPANY

FOR ALL-WEATHER TURF CONSTRUCTION, RETROFIT, MAINTENANCE AND
REPAIR SERVICES ON PUBLIC PARK PROPERTY

This CONTRACT is made and entered into this _____ day of _____, 20___, by and between the City of Los Angeles, a municipal corporation, Department of Recreation and Parks (hereinafter referred to as DEPARTMENT), acting by and through its Board of Recreation and Park Commissioners (hereinafter referred to as RAP), and Ohno Construction Company (hereinafter referred to as CONTRACTOR).

RECITALS

WHEREAS, RAP owns various facilities and infrastructure throughout the City of Los Angeles and is responsible for the maintenance and improvements for such facilities and infrastructure; and

WHEREAS, RAP requires the services of an experienced and responsible CONTRACTOR to perform All-Weather Turf Construction, Retrofit, Maintenance and Repair Services for the DEPARTMENT; and

WHEREAS, a Request for Qualifications (RFQ) for All-Weather Turf Construction, Retrofit, Maintenance, and Repair Services was released on October 19, 2015, and six (6) responses to the RFQ were received on December 15, 2015; and

WHEREAS, the CONTRACTOR'S response met the minimum requirement for the All-Weather Turf Construction and Retrofit Services component and the All-Weather Turf Maintenance and Repair Services component as specified in the RFQ; and

WHEREAS, CONTRACTOR has the necessary equipment and staff who possess sufficient knowledge, expertise, and experience required to provide the necessary services and has indicated its willingness to perform such services; and

WHEREAS, RAP, pursuant to Charter Section 371(e)(2), finds that competitive bidding is not practicable or advantageous as it is necessary for the DEPARTMENT to be able to call on contractors to perform this work as-needed and on an occasional, but frequent, basis without engaging in a new competitive process for each individual project to be performed; however, from among as needed contractors each individual project is assigned on the basis of availability of an as-needed contractor to perform the work, the price to be charged and the unique expertise of the as-needed contractor; and,

WHEREAS, RAP, pursuant to Charter Section 372 and Los Angeles Administrative Code Section 10.15(a)(2), finds that obtaining competitive proposals or bids for each individual project for which work may be performed pursuant to this agreement is not reasonably practicable or compatible with the DEPARTMENT's interests of having available as-needed contractors who are assigned various projects on the basis of availability, price and expertise and that it is therefore necessary to have several as-needed contractors for this type of service available when called upon by the DEPARTMENT to perform services; and,

WHEREAS, pursuant to Charter Section 371(e)(10), that use of competitive bidding would be undesirable, impractical or impossible or is otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by the Department to provide as-needed all-weather turf construction, retrofit, maintenance and repair services; and

WHEREAS, RAP, pursuant to Charter Section 1022, does not have sufficient or adequate personnel in its employ to undertake this task on an emergency basis and it is more feasible and economical to secure said services by contract; and

NOW, THEREFORE, RAP AND CONTRACTOR, in consideration of the recitals above and of the terms, covenants, and conditions contained herein, agree as follows:

CONTRACT

BETWEEN

THE CITY OF LOS ANGELES

DEPARTMENT OF RECREATION AND PARKS

AND

UBU SPORTS, INC.

FOR ALL-WEATHER TURF CONSTRUCTION, RETROFIT, MAINTENANCE AND
REPAIR SERVICES ON PUBLIC PARK PROPERTY

This CONTRACT is made and entered into this _____ day of _____, 20__, by and between the City of Los Angeles, a municipal corporation, Department of Recreation and Parks (hereinafter referred to as DEPARTMENT), acting by and through its Board of Recreation and Park Commissioners (hereinafter referred to as RAP), and UBU Sports, Inc. (hereinafter referred to as CONTRACTOR).

RECITALS

WHEREAS, RAP owns various facilities and infrastructure throughout the City of Los Angeles and is responsible for the maintenance and improvements for such facilities and infrastructure; and

WHEREAS, RAP requires the services of an experienced and responsible CONTRACTOR to perform All-Weather Turf Construction, Retrofit, Maintenance and Repair Services for the DEPARTMENT; and

WHEREAS, a Request for Qualifications (RFQ) for All-Weather Turf Construction, Retrofit, Maintenance, and Repair Services was released on October 19, 2015, and six (6) responses to the RFQ were received on December 15, 2015; and

WHEREAS, the CONTRACTOR'S response met the minimum requirement for the All-Weather Turf Construction and Retrofit Services component and the All-Weather Turf Maintenance and Repair Services component as specified in the RFQ; and

WHEREAS, CONTRACTOR has the necessary equipment and staff who possess sufficient knowledge, expertise, and experience required to provide the necessary services and has indicated its willingness to perform such services; and

WHEREAS, RAP, pursuant to Charter Section 371(e)(2), finds that competitive bidding is not practicable or advantageous as it is necessary for the DEPARTMENT to be able to call on contractors to perform this work as-needed and on an occasional, but frequent, basis without engaging in a new competitive process for each individual project to be performed; however, from among as needed contractors each individual project is assigned on the basis of availability of an as-needed contractor to perform the work, the price to be charged and the unique expertise of the as-needed contractor; and,

WHEREAS, RAP, pursuant to Charter Section 372 and Los Angeles Administrative Code Section 10.15(a)(2), finds that obtaining competitive proposals or bids for each individual project for which work may be performed pursuant to this agreement is not reasonably practicable or compatible with the DEPARTMENT's interests of having available as-needed contractors who are assigned various projects on the basis of availability, price and expertise and that it is therefore necessary to have several as-needed contractors for this type of service available when called upon by the DEPARTMENT to perform services; and,

WHEREAS, pursuant to Charter Section 371(e)(10), that use of competitive bidding would be undesirable, impractical or impossible or is otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by the Department to provide as-needed all-weather turf construction, retrofit, maintenance and repair services; and

WHEREAS, RAP, pursuant to Charter Section 1022, does not have sufficient or adequate personnel in its employ to undertake this task on an emergency basis and it is more feasible and economical to secure said services by contract; and

NOW, THEREFORE, RAP AND CONTRACTOR, in consideration of the recitals above and of the terms, covenants, and conditions contained herein, agree as follows:
