NO. 16-067

SUMMARY:

LA84 Foundation released its notice of funding availability for the 2016 Summer Swim Program to help fund summer aquatic programs throughout Southern California.

The goal of the LA84 Foundation in funding local aquatics programs is to increase the number of youth ages seven to seventeen (7 to 17) that are water safe and who learn to swim. Other goals for 2016 are increasing the number of girls playing aquatics sports. RAP is committed to improving the participation of girls in sports. In 2015, the participation of girls in water polo increased to thirty-seven percent (37%) from twenty-five percent (25%) in 2014.

For over twenty (20) years, the LA84 Foundation and RAP have worked collaboratively in conducting summer swim programming to serve primarily disadvantaged areas throughout the City of Los Angeles. Their generous grant funding over these two (2) decades has allowed RAP to reach tens of thousands of youth over the years. The Program offers access to aquatic sports at approximately forty-nine (49) RAP pool sites. In keeping with RAP's focus on youth development and building healthy communities, the program helps to increase the participant's knowledge of aquatic safety. During the 2015 Summer Swim Program, RAP served about two thousand (2,000) youth which included swimmers with disabilities. If awarded again this year, the LA84 Foundation 2016 Summer Swim Program grant would provide sponsorships for five hundred five (505) free swim lessons and free participation for another eleven hundred four (1104) unduplicated youth on competitive teams for swimming, water polo, synchronized swimming, or diving. Youth participating in the competitive sports would then be able to qualify to compete in the culminating tournaments: Summer Swim Festival, Diving Festival, Synchronized Swim Festival, and the Water Polo Tournament competitions.

FISCAL IMPACT STATEMENT:

The acceptance of this grant does not require a match. There is no fiscal impact to RAP's General Fund.
