#LWCisFamily

Welcome to the Lindsey Wilson College Family! This book contains valuable information about the LWC student experience.

We have included details about common financial aid terms, business office practices and procedures and academic and student services opportunities.

In four short years, we look forward to celebrating with students and family members of the graduating Class of 2028.

Again, welcome and we can't wait for you to experience why students coined the phrase **#LWCisFamily**.

Best wishes,

Understand Your Financial Aid

To better understand your financial aid offer, please review the following items.

Institutional Grants/Scholarships: Institutional Grants and Scholarships are awarded by Lindsey Wilson College. For more information, see www.lindsey.edu/financialaid.

Federal Grants: This federally funded grant (Pell Grant) is awarded on the basis of financial need. This grant is the foundation upon which all other aid is based.

Kentucky State Grants: These grants, funded by the Commonwealth of Kentucky, are awarded, based on needs to Kentucky residents attending Kentucky colleges and are subject to the availability of funds. The grants are available as a Kentucky Tuition Grant (KTG) and/or College Access Program Grant (CAP).

KEES Scholarship: KEES scholarships are estimated based on your current award prior to your high school graduation and final grades. KHEAA requires students to maintain a minimum 2.5 cumulative GPA while in college to remain eligible for the KEES Scholarship each year.

Federal Student Work-Study: Students work on campus approximately 11 hours a week to earn money. There is a 6% tax that will be deducted from the wages earned. For example, a \$3,000 work-study award will result in approximately \$180 being withheld for taxes. Money and earnings can be directly applied to the student's account or receive a monthly paycheck. New spring students would be awarded \$1,500.

Federal Direct Subsidized Loan: This need-based program enables students to borrow an educational loan from the Department of Education. The loan is insured by the federal government, and the federal government pays the interest while the borrower is enrolled in school at least half-time, during a grace period, and authorized periods of deferment. Interest will begin to accrue from the beginning of the repayment period (six months after a student graduates or leaves school). The interest rate is variable, with a threshold of 8.25%.

All students that accept the Federal Direct Subsidized Loan must complete the online Entrance Counseling and Master Promissory Note (MPN) at www.studentaid.gov

This loan will have an origination fee (For example, in 2023-24 the fee was 1.057% for that year) which will be deducted from the total amount of the loan. Freshmen, dependent students are eligible to borrow \$5,500 in student loans for the year. (Subsidized and Unsubsidized combined)

Federal Direct Unsubsidized Loan: This is a non-need-based educational loan from the Department of Education. The student is responsible for the interest during in-school and deferment periods. Six months after the student graduates or leaves school, payments on the principal and interest begin. The interest rate is variable, with a threshold of 8.25%. Quarterly interest payments can be made while the students are in school, or students may allow interest to accrue. **All students that accept the Federal Direct Unsubsidized Loan must complete the online Entrance Counseling and Master Promissory Note (MPN) at www.studentaid.gov**

This loan will have an origination fee (For example, in 2023-24 the fee was 1.057% for that year) which will be deducted from the total amount of the loan.

Verification

Every year some FAFSA (Free Application for Federal Student Aid) applicants are required to verify information submitted on their FAFSA. This process is important to ensure the proper amount of aid is going to the most qualified candidates. If selected for verification, the student must provide the information requested or he/she will not be eligible for state or federal aid. KHEAA (Kentucky Higher Education Assistance Authority) has partnered with Lindsey Wilson College to make sure this process goes as smoothly as possible. To start the process go to kheaverify.com or you may also contact KHEAA with additional questions at 1-855-272-8771.
