N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Cut off at end of calendar year. Destroy after 2 years.
1504-20	Limited Access Privilege (LAP).	<i>(Supersedes 1504-20, NOAA Disposition Authority N1-370-06-3, 9/26/06, Dedicated Access Permits).</i>  Federal permits, issued as part of a limited access system under the Magnuson Stevens Fishery Conservation and Management Act (MSA), to harvest a quantity of fish expressed by a unit or units representing a portion of the total allowable catch of the fishery that may be received or held for exclusive use by a person; includes individual fishing quota. A Limited Access System (LAS) means a system that limits participation in a fishery to those satisfying certain eligibility criteria or requirements contained in a fishery management plan or associated regulation.	N1-370-08-003 <b>(Rev. 8/27/08)</b>	<b>TEMPORARY.</b> Cut off 5 years after permit is granted. Retire to FRC one year after cut off. Destroy/delete when between 6 and 75 years old.

		<p>An LAP provides an individual fisherman, cooperative, or community the exclusive privilege of harvesting a quantity of fish. LAP programs may require annual permits that authorize the use of these harvest privileges. An LAP management program may provide for such privileges and permits to be transferable amongst eligible fishermen, cooperatives, and/or processors.</p> <p>Upon receipt of the Archivist's authorization, the Assistant Administrator for Fisheries, or his designee, will direct each Regional Administrator to establish a cutoff period subject to regional requirements within the 6-75 year retention band. The LAPs issued are unique to each region. Each regional office or fisheries science center responsible for permitting under a LAS has different file retention needs.</p>		
1504-21	Dealer, Buyer, Processor or Receiver Permits.	<p><i>(Supersedes 1504-21, NOAA Disposition Authority N1-370-06-3, 9/26/06, Registered Buyer Certificate File).</i></p> <p>Applications and permits for persons to receive or process fish harvested in the EEZ under a limited access system or a fishery management plan in accordance with associated statutes or regulations. These permits are valid only for the period issued effectively closing out any certificates issued for the prior permit. The permit number issued may be required for reporting the harvest or processing effort.</p>	N1-370-08-003 <b>(Rev. 8/27/08)</b>	<b>TEMPORARY.</b> Cut off when permit certificate expires. Retire to FRC one year after cut off. Destroy/delete when between 6 and 75 years old.

		Upon receipt of the Archivist's authorization, the Assistant Administrator for Fisheries, or his designee, will direct each Regional Administrator to establish a cutoff period subject to regional requirements within the 6-75 year retention band.		
1504-22	National Appeals Office Files (NAO).	Adjudicates appeals of persons affected by initial administrative determinations limited access privilege programs. Most NAO proceedings are for appeals of denials of permits or other limited access privileges. Other programs that may opt into the NAO process may include the Alaska Charter Halibut Limited Access Program or the North Pacific Groundfish Observer Program. NAO may also adjudicate appeals for other offices within the Department of Commerce.  <b>NOTE: Unless otherwise noted, all disposition instructions below are media neutral, they apply regardless of the format of the record.</b>		
		1. Appeal Case Files.		
		Documents the appeal of a decision rendered by an office of NMFS, as well as other offices in the Department of Commerce. A typical appeal case file includes, but is not limited to, appeal letter/petition, acknowledgement letter, initial administrative determination, evidence, pleadings, decision(s) and order(s), appeals correspondence, and audio recordings of hearings, including witness testimony. Appeals case files may also be referred to as NAO case records.	N1-370-12-002 <b>(10/16/12)</b>	<b>TEMPORARY.</b> Cut off at the end of the year in which final decision is issued. Retain 6 years after the final decision, and then destroy if no court action has been initiated. If court action has been initiated, destroy 1

				year after final court action. Court decision must be final. All appeal processes must have either been exhausted or waived.
		2. Appeals Tracking Database.	N1-370-12-002 (10/16/12)	
		NAO uses a database to track cases through the appeal process. The software used to create the database assigns case numbers, and allows NAO to maintain other information such as, judge who is assigned, case/program type, number of case days is open, appellant contact information, attorney assigned to case.		<b>TEMPORARY.</b> Cut off at the end of the year in which final decision is issued. Retain 6 years after the final decision, and then delete if no court action has been initiated. If court action has been initiated, delete 1 year after <b>final court action</b> . Retention may be extended for data that has ongoing statistical value and other business purposes.
1504-23	Alaska Groundfish Catch & Effort Data System.	This system provides information used to monitor the progress of fisheries, support regulatory development, and provide information on species		

		catch over time. The system maintains data on fish catch by date, species, gear, area, product form and weight, crew size and discard information. It also tracks processor vessels locations.		
		1. Input/Source Records: Weekly production reports and check-In/check-out reports. Reports submitted by fishing industry documenting fish catch, type of gear, species, area, discard information, processor ID and other information. 1514-11	Species Incident, Status, and Survey Databases.	Databases containing species information for incidents, biological status, and surveys collected under NOAA's responsibilities for the Marine Mammal Protection Act and/or the Endangered Species Act. These databases are created and maintained by NOAA programs that track and evaluate species information to manage species and report upon them. The databases may contain data on strandings, incidents of disease and mortality, species spatial data, species abundance data, multispecies interaction information, species behavior, and other types of data used to track, analyze, or model species characteristics.		
		(a) Databases.		
		(1) Project Databases. Species incident, status, and survey (data files) used to support and track research, survey, and monitoring activities that are limited in scope, size, or relevance to the specific purpose or program they support and have little long-term utility for supporting new or different research.	N1-370-06-002 <b>( Rev. 12/19/06)</b>	<b>TEMPORARY.</b> Destroy when no longer needed to support or validate the reports, studies, and other significant records created by

				the study or program element that the database supports.
		(2) Historically Significant Databases Species incident, status, and survey (data files) selected by a national project director as permanent because they are large-scale, national or multi-regional in scope, and have sufficient informational content on such topics as species distribution and sightings, species health, and species behavior to support new research and document long-term species research information not necessarily recorded elsewhere. These databases include collections such as the Marine Mammal National Database maintained by the Office of Protected Resources' Marine Mammal Health and Stranding Response Program, and the Platforms of Opportunity Program Database maintained by National Marine Mammal Laboratory's Cetacean Assessment and Ecology Program.	N1-370-06-002 <b>(Rev. 12/19/06)</b>	<b>PERMANENT.</b> Transfer a copy of the master file to NARA every five years. The first transfer will include all previous data sets and take place upon approval of this schedule and validation and verification of the database. Consult with NARA to determine the applicable format standards at the time of transfer.
		(b.) Input documents. Draft working copies, raw data, input forms, and other materials used solely as source data for database entries.	N1-370-06-002 <b>(Rev. 12/19/06)</b>	<b>TEMPORARY.</b> Destroy after data has been input and documents are no longer needed for verification or validation of database entries.
		(c.) Reports.		

		(1517) Convenience and Reference Reports. Periodic and on demand reports printed to paper or digital media containing portions, summaries, and analyses of the data and used for convenience, reference, or distribution.	N1-370-06-002 <b>(Rev. 12/19/06)</b>	<b>TEMPORARY.</b> Destroy when no longer needed.
		(2) Record and Case File Reports. Periodic and on demand reports printed to paper or digital media containing portions, summaries, and analyses of the data and filed in a case file or as a record copy and used to document a program, activity, or decision.	N1-370-06-002 <b>(Rev. 12/19/06)</b>	<b>TEMPORARY.</b> Retain for the specified retention period of case file or records where reports are filed.
		(d.) Historically Significant Databases Documentation Current system documentation for historically significant databases (item a(2)), such as data dictionaries, table structures, manuals, description of coded information and other system documentation.	N1-370-06-002 <b>( Rev. 12/19/06)</b>	<b>PERMANENT.</b> Transfer current copy of system documentation to NARA when transferring historically significant databases.
1514-12	Species Status Files.	Documents relating to determinations of the status of specific species, whether they should/should not be listed as endangered, and the need to change classifications due to petitions or new evidence.	N1-370-90-003 <b>(Rev. 12/9/92)</b>	<b>PERMANENT.</b> Transfer to FRC when 5 years old. Offer to NARA when 25 years old.
1514-13	Critical Habitat Designation Files.	Documents relating to proposals for the protection of critical habitat areas, and the resulting designations of restricted fishing or other protected areas.	N1-370-90-003 <b>(12/9/92)</b> (Pen and Ink revision made on 10/31/91).	<b>PERMANENT.</b> Transfer to FRC when 5 years old. Offer to NARA when 25 years old.

1514-14	Grant Application Files.	Material submitted by states or organizations applying for grants described in 1514-15 below.		
		1. Accepted applications:	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Transfer file to 1514-15 below.
		2. Rejected applications:	N1-370-90-003 <b>(Rev. 12/9/92)</b>	<b>TEMPORARY.</b> Destroy 2 years after grant awarded.
1514-15	Grant Case Files.	Case files on grants made to states or organizations to enable them to manage marine mammals or endangered species, to conduct related research, or similar activities.	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Destroy 6 years and 3 months after grant file is closed.
1514-16	State and Organization Coordination Files.	Documents relating to cooperative programs, with states and organizations for the protection, conservation, and management of marine mammals or endangered species.	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Cut off at end of calendar year. Transfer to FRC after 5 years. Destroy after 10 years.
1514-17	Fishing Permit Files.	Applications, permits, and certificates of inclusion for fishing vessels, domestic or foreign, to take marine mammals incidental to commercial fishing activities.	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Cut off when permit expires or application is rejected. Destroy 3 years after expiration of permit.
1514-18	Fish Importation Files.	Correspondence, reports and other documents relating to the importation of fish from countries conducting fishing operations which could result in the incidental take of marine mammals. Includes the Assistant Administrators finding on issues or cases.	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Cut off at end of calendar year. Transfer to FRC after 5 years. Destroy after 10 years.
1514-19	Vessel Transfer Files.	Applications and related documents pertaining to requests to transfer vessels to foreign registry.	N1-370-90-003 <b>(Rev. 12/9/92)</b>	<b>PERMANENT.</b> Transfer to FRC

				when 5 years old. Offer to NARA after 20 years.
1514-20	Hearing Files.	Documents relating to the conduct of public hearings on marine mammals or endangered species activities. Hearings which are part of the regulation development process should be filed with that material in 1501-06.	N1-370-90-003 <b>(12/9/92)</b> (Pen and Ink revision made on 10/31/91).	<b>PERMANENT.</b> Transfer to FRC when 5 years old. Transfer to the National Archives when 25 years old.
1514-21	Research Review Files.	Reviews of research being conducted on marine mammals, endangered species, or related subject area. Includes recommendations for tasks, identification of actions in variance with plans, and similar actions.	N1-370-90-003 <b>(12/9/92)</b>	<b>TEMPORARY.</b> Cut off at end of calendar year. Review annually. Destroy when obsolete or superseded.
1514-22	ESA Consultation Files.	Documents relating to consultations required by Section 7 of the Endangered Species Act, or similar laws or regulations, to ensure that any action authorized, funded, or carried out by any Federal agency is not likely to jeopardize the continued existence of any endangered species, or result in the destruction or adverse modification of critical habitat of such species.	N1-370-90-003 <b>(12/9/92)</b>	<b>PERMANENT.</b> Transfer to FRC when 5 years old. Offer to the National Archives after 25 years old.
1514-23	Marine Mammal Exemption Program.	Documents relating to the exemption program for commercial fishing. Includes registration data marine mammal interaction data, vessel owner data, and observer data	N1-370-90-003 <b>(12/9/92)</b> (Item added by Pen and Ink revision made on 10/31/91).	<b>TEMPORARY.</b> Cut off at end of exemption program, transfer to FRC 5 years later.
