All,

Please see Jennifer Schultz's email below for a list of all INRMPs that NOAA currently has in preparation for their green sea turtle critical habitat discussions. Please email DoDNatRes@bah.com or Jennifer (jennifer.schultz@noaa.gov) if you have any questions.

V/r,
Charlotte

Hi Charlotte and Jonathan,

During the call last week, Peter requested that I send a list of all INRMPs that we had at present in preparation for our green turtle critical habitat discussions. Below is that list. Should I send this to the entire group, or do you have a meeting follow-up email that you could include it in? Thanks!

Jenny

Anderson Air Force Base (AFB)

Cape Canaveral AFS

Eglin AFB

Good morning Jenny,

The DoD/NOAA quarterly teleconference is scheduled for 11-12 on Oct 29th. They have your green sea turtle INRMP request on the agenda, in case you are able to make it. Call in info and calendar invite below.

The DoD/NOAA quarterly teleconference will occur on Thursday, October 29 from 11:00am-12:00pm eastern time. We will use the following teleconference information for the meeting:

Conference line: (b)(6) <(b)(6)>

Conference code: (b)(6)

NOAA provided the following discussion topics for this meeting:

- DoD INRMPs that include green sea turtles.
- Endangered Species Act Section 7(a)(1) actions.
- Five-year action plans for NOAA's Species in the Spotlight, planned for release later this fall.

These are plans highlighting specific actions that NOAA feels are needed in the next five years to slow, halt, or reverse the declining population trends for the eight spotlight species (Atlantic Salmon Gulf of Maine Distinct Population Segment (DPS), Central California Coast Coho Evolutionarily Significant Unit (ESU), Cook Inlet Beluga Whale (DPS), Hawaiian Monk Seal, Pacific Leatherback Sea Turtle, Sacramento River Winter-run Chinook (ESU), Southern Resident Killer Whale (DPS), and White Abalone).

Please submit any additional discussion topics to DoDNatRes@bah.com <mailto:DoDNatRes@bah.com> . Thanks in advance.
