Subject: back on Shasta clean up now....

Garwin - sending you my live notes to compare against yours. I agreed to do some things, and will continue to edit this version as mine, and send back to you when done to insert, as appropriate, in whatever you are doing. I wrote bubbles as we were going - - some are clear and some are not! Mine show up in pink. I plan to work for no more than one hour - - so call if you get stuck soon! We did not agree to send this whole section back at the end, but we did agree to send a couple of pieces.
