Subject: Re: Life Cycle Model Workshop conflicts with a Shasta RPA Workshop on 6/22 - is this an issue?

Big time issue, not just for Maria. Lots of overlap with stakeholders. Dave is working on changing the date for the LCM workshop. I asked him to remove his save the date to avoid confusion, and am awaiting action.

Hi,

I notice that these two workshops are on the same day. The LCM workshop looks to be an all day event, so it definitely conflicts with the Shasta Workshop.

Do any of you know if this is a big issue, or is it appropriate for Maria to attend the LCM in the morning, and Shasta in the afternoon?

Any guidance would be appreciated, thank you,
