PENSION BENEFIT GUARANTY CORPORATION (PBGC)

PBGC FY 2023 Annual Performance Plan

PBGC's current FY 2022-2026 Strategic Plan provides the framework for this annual performance plan. PBGC conducts regular data-driven performance reviews and strategic reviews. Agency leaders review performance data and status reports on a quarterly basis. The continuous evaluation of performance data and customer feedback helps agency leadership to monitor what is working well and what may need to be adjusted. These performance reviews allow agency leaders to realign or adjust human capital and other resources to influence progress on agency goals and priorities.

PBGC's business operations, information technology programs, investment portfolios, budgets, and finances are managed and supported by a multidisciplinary team of professionals and administrative staff. The current workforce consists of just under 1,000 federal employees, who are supported by contractors. Every federal employee has a performance plan with objectives and performance outcomes with their supervisor of record every 120 days. These highly skilled professionals, who are committed to the work of PBGC's mission include:

- Accountants
- Actuaries
- Attorneys
- Auditors
- Benefit Specialists
- Analysts
- Information Technology and Cybersecurity Experts

Each PBGC employee has an important role in the Corporation's mission of protecting America's pensions. We publish an annual performance report of the agency's accomplishments. The framework is consistent with requirements outlined in Government Performance and Results Modernization Act of 2010.
