FALL INTO SERVICE

October 2023

Latest from Youth Leaders

We are approaching National Youth Involvement Month (NYIM), which takes place in November. NYIM is one of the Red Cross National Youth Council's most exciting annual initiatives aimed at celebrating the accomplishments of youth and young adult volunteers. NYIM offers an opportunity for you to promote participation and leadership among volunteers and celebrate your Red Cross Club's accomplishments. Every year we encourage projects and ideas surrounding a central theme.

This year our NYIM theme is Youth: Heroes in Action. National Youth Involvement Month is a time to celebrate the great work our youth and young adult volunteers do to support the Red Cross. The goal this November is for you to explore the Red Cross mission through activities related to the various lines of service. This year, there will also be a NYIM leaderboard and various NYIM projects hosted by the National Youth Council.

club hosted. Soon after that event, Steven found himself involved with Sound the Alarm and Prepare with Pedro, later becoming a Blood Donor Ambassador for his region, the Northern California Coastal Region (NCCR.)

As Steven's love for the Red Cross and volunteerism grew, so did his roles within his region. By the end of Steven's high school Red Cross career, Steven worked closely with his region's Youth Executive Board, advocated for local youth involvement with his local Red Cross board of directors, and led the NCCR's volunteer intake and screening team. As Steven started his first semester at UC Berkeley, he joined UC Berkeley's Red Cross Club (ARC at Cal) and was welcomed onto the National Youth Council. During Steven's first two years in college, he focused heavily on connecting the high school and collegiate Red Cross volunteer experiences, and spearheaded the revival of the National Collegiate Assembly (NCA).

Now, Steven has continued his involvement by serving as an advisor for the National Collegiate Assembly. On a local level, Steven is bringing his experience in data analytics from biomedical and clinical research to address the Sickle Cell Gap with the NCCR's biomed department.

Expand Your Knowledge

As it is National Global Diversity Awareness Month this October, we seek to promote community diversity, equity and inclusion at all levels of the Red Cross. National Global Diversity Awareness Month is a reminder of how a diverse culture of people positively impacts our society. Check out the [DEI Toolkit](#) for youth to learn more about how you can support this mission. Some great ways to celebrate this month:

- Connect with people. Encourage interactive icebreakers within your Club and among volunteers.
- Learn about various cultures. We have a [Cultural Competency Series](#) and [Allyship in Action Trainings](#) that can be found on EDGE and you can encourage your Club members to participate.

October Monthly Focus: Breast Cancer Awareness Month

October is Breast Cancer Awareness Month. To help support survivors and patients, the American Red Cross urges eligible donors to band together to provide hope and healing to patients fighting cancer by giving blood or platelets. Cancer patients undergoing surgery and chemotherapy may require red blood cells or platelet transfusions. In fact, patients fighting cancer need more blood than those with any other disease, using nearly one-quarter of the nation's blood supply.
