 <p>A diagram showing three vertical lines of different lengths. The leftmost line is the tallest, extending from the top horizontal boundary to just above the middle horizontal boundary. The middle line is shorter, extending from the top horizontal boundary to the middle horizontal boundary. The rightmost line is the shortest, extending from the middle horizontal boundary to just above the bottom horizontal boundary.</p>	
 <p>A diagram showing five vertical lines of different lengths. From left to right: the first line extends from the middle horizontal boundary to the bottom horizontal boundary; the second line extends from the top horizontal boundary to the middle horizontal boundary; the third line extends from the top horizontal boundary to the bottom horizontal boundary; the fourth line extends from the top horizontal boundary to the middle horizontal boundary; and the fifth line extends from the middle horizontal boundary to the bottom horizontal boundary.</p>
