2023-TSFO-00268	1/3/2023			I recently had my global entry revoked for a reason I am unsure of and in order to reapply I need to know that reason so I can receive global entry and tsa precheck.
2023-TSFO-00267	1/3/2023			My name: [REDACTED] DOB: [REDACTED] SSN: [REDACTED] Request for any negative information from any local, state or federal agency contained in my file at TSA that leads to repeated secondary screenings at multiple US points of entry.
2023-TSFO-00270	1/4/2023	Jim Hu	WestJet	originally submitted as Service Request Number of [REDACTED]. On a daily basis, the TSA publishes security checkpoint counts at US airports on its website with data going back to 2019. The table, however, does not specify the counts by date; instead there is behind-the-scenes day-of-week (DoW) alignment (which is important to provide a more accurate comparison). However, as we move farther away from 2019 (which has generally been deemed the baseline of "normal" pre-COVID traffic), the DoW alignment because farther and farther away from the calendar date. For example, I believe the data would show Monday May 29, 2023 with data from May 30 2022, May 31 2021, June 1 2020, and June 2 2019.. However, the more appropriate DoW alignment for Memorial Day May 29, 2023 would be Monday May 25, 2019 (and not June 2 2019 which is the following Monday). Thus anyone (like the media) blindly using the on-line table will be comparing a peak holiday weekend in 2023 with a non-holiday weekend in 2019 (and vice versa). I would suggest that the tables now be re-aligned. Our airline is still using this data internally to track industry recovery in the US - I can manually make this adjustment but I do not have the exact traffic counts by date for 2019 (or subsequent years) because I'm just using however, TSA has aligned the data in the background. My request is to ask for the raw data by exact historical date so that I can recreate the table and align the DoW for our internal purposes, though I'd suggest this be done overall for the table. The other concern I have is that the recent data in the 2022 columns don't match what I had copied over from January 2022 a week after publishing. i don't know if the data has been re-stated at some point. The data from 2019, 2020, and 2021 (after adjusting for the same DoW) are matching but not 2022. This request is for the overall airport counts published online here... https://www.tsa.gov/travel/passenger-volume . Not for any specific airport. Looking for dates January 1, 2019 thru December 31, 2022.

To be clear, I am looking for the number of guns/gun incidents in which firearms somehow made it through the passenger screening process only to be discovered later, on a person, in a bag, on the secure side of an airport, onboard an aircraft, etc. Please note this is not a commercial request but a request made in the public interest by a news-gathering organization researching a possible news story. 2023-TSFO-00301	1/13/2023	[REDACTED]		On December 26th, 2022 I went through TSA at the Orlando International Airport and left my bag. The local TSA agent said as I was gathering my property, the grey backpack was pulled and re-run through the x-ray. I wasn't aware of this at the moment, so I unintentionally left my bag. It was sent to lost and found. After recovering it and receiving my bag to my home address I noticed \$500 is missing from the bag. I'm trying to retrace my steps to see where the cash went missing. TSA at the airport found the video footage but said I can review it by submitting this FOIA request.

2023-TSFO-00329	1/24/2023			<p>Hello- I wasn't sure who to do the foia request with, so I'm hoping you are the right department. I'm reaching out to you in regards to my now deceased brother-in-law, [REDACTED], and I'm in need of your help with getting copies of records that I now need. I'm also his Court Appointed Administrator. There are some unclaimed properties out there in my brother-in-law's name, yet I can't even finish and submit the claim form because I need proof of prior addresses. He was a Merchant Marine from 1995 to approx 2021, so he traveled a lot. I know he did a lot of Merchant Marine stuff from 1995 to atleast 2012, yet I helped him renew or reapply for his Twic ID card approx 2016. So to be safe, the dates are 1995-2021. I'm more interested in needing proof of his travels back and forth or his history from California to Hawaii and other states etc from the beginning of when he started his career as a Merchant Marine between 1995-2021. Can you please tell me, with what company or department, I need to do a FOIA request for? If I could have proof of his travels destinations, or I'm sure you have some sort of log book that proves he was in certain states, and with his prior addresses you had/have on file for him, I believe this can help me get the proof that I desperately need. He travelled a lot from California to Hawaii and Oklahoma etc. And in 2001-ish, he was in Aviation Mechanic School. Please I'm respectfully requesting this to be expedited because of the deadline that I have with unclaimed property division. (And for the record, The reason why this is so important is so that the money that is due to him, can be used for his disabled and elderly mother that is in need) so please this is very important. I must get proof of where's he's travelled all those years. Thank you! [REDACTED] Thank you, [REDACTED] administrator on behalf of [REDACTED]. I'm hoping I can figure out how to upload the proof that I'm court administrator on his behalf. If I can't figure out how to upload it, then please email me so I can send you the attachment. Thanks</p>

2023-TSFO-00342	1/27/2023		N/A/	<p>I wanted to know when I filed for a TWICS card. There was incorrect information on the background check. Stating in January of 2021 I was a felon in Possession of a firearm in Tulare County , Fresno, CA. that same background check said I was arrested for smuggling Heroin into the U.S. at the San Ysidro Border in April of 2020. Which is correct. But under Duress and Coercion. With that said ,I was detained from August of 2020 - November 2021 18 months. So the possession of a of a firearm by a felon is impossible. In March of 2021 I did have a dual recommendation from the prosecution and the defense after the courts finally opened after being closed for COVID -19 for time served. My Judge said in the hearing that there was a case in LAX Airport Courthouse Los Angeles ,saying in Culver City Westfield mall that I was shoplifting and in the shoplifting bag there was a meth pipe and a bag of meth too. I looked on LAX Courthouse website I didn't see it</p>

For example, if a photograph was taken digitally, or if the agencies maintains a photograph digitally, I request disclosure of the original digital image file, not a reduced resolution version of that image file nor a printout and scan of that image file. Likewise, if a photograph was originally taken as a color photograph, I request disclosure of that photograph as a color image, not a black and white image. Please contact me for any clarification on this point. 4. Request for Duplicate Pages: I request disclosure of any and all supposedly "duplicate" pages. Scholars analyze records not only for the information available on any given page, but also for the relationships between that information and information on pages surrounding it. As such, though certain pages may have been previously released to me, the existence of those pages within new context renders them functionally new pages. As such, the only way to properly analyze released information is to analyze that information within its proper context. Therefore, I request disclosure of all "duplicate" pages. 5. Request to Search Emails: Please search for emails relating to the subject matter of my request. 6. Request for Search of Records Transferred to Other Agencies: I request that in conducting its search, the agencies disclose releasable records even if they are available publicly through other sources outside the agencies, such as NARA.

I requested an estimation of earnings during military service on a RI20- 97. As well as any interest calculations for that estimate. The TSA HR representative did a computation of my military service and determined what I owed for my military deposit and the interest for that time of service, I started to pay back my military deposit by payroll deduction from each paycheck. The purpose of this request is to determine how much I owe for my military deposit, but I also need to know how much was paid toward that debt while I worked for the TSA.

2023-TSFO-00450	2/28/2023		Personal	I need a letter from TSA stating that missed flight AS 1406 from Seattle WA to Oklahoma City Ok on August 7, 2022 departing at 10:00 am. TSA lines were exceptionally long and slower than usual due to more than 4000 passengers being transferred from Norwegian Cruise Lines by bus to the Seattle airport. We were there two hours before our flight was to leave and missed it due to slow lines and the influx of over 4000 people. We are 74 and 76 and they decided to pull us aside and go through our carryon and also made us take our shoes off which slowed us down even further. We are interested in our flight, how long we were in line, how long we were in line with the express because we know it needs to be done and we are aware of the fact that TSA is only interested in our safety. The problem was in the fact that there was not enough personal to handle this large amount of people. We were not the only ones to miss this flight. Our son and daughter in law plus many others that we stood in line with trying to reschedule a flight. At that time there was only one flight per day from Seattle to Oklahoma City which was our destination. By the time we were waited on there was not another flight to Oklahoma City until 2 days later, August 9, 2022. Our luggage made the flight to OKC and we had to make arrangements with family to drive to OKC, one hour, to pick up our luggage. We were stranded in Seattle two days without any luggage, purchasing meals, and paying two days extra in parking which totaled almost \$800.00. We have travel insurance but they need a letter from TSA stating that lines were long and slow that day due to an influx of passengers and therefore caused us to miss our flight. At this point they are not going to reimburse us until they have a letter from TSA stating the above reason for our missed flight. Your prompt attention to this matter would greatly be appreciated. Thank you

I would appreciate if the relevant records were sent by email. I am a student at Princeton University interested in investing, and I am currently doing some work on Clear Secure, a biometric security company operating in over 40 US airports. It is my understanding that communications between Clear Secure and the government are matters of public record, and can be requested through FOIA. I'm broadly interested in the manner in which Clear negotiates with airports as well as any information surrounding the contracts Clear has with airports. I'm particularly interested in any revenue share agreements or anything similar. Overall, I am seeking to get a better understanding of how Clear negotiates with each airport and TSA as a whole, and how this relationship works as time goes on. It would be helpful to get communication and contractual records from each airport that Clear Secure operates in. If a timetable is required, it would be helpful to get all of the relevant documents over the last 3 years, in addition to any contracts or initiation documents from before that period.

2023-TSFO-00476	3/8/2023	Charlie Heitzig	The Lacek Group	We have a question about the data on this website: https://www.tsa.gov/travel/passengervolumes Would it be possible to provide the data on this page (total TSA checkpoint travel numbers by date) by actual date between Jan 1, 2019 and Feb 28, 2023? If that's not possible, can you help clarify the comment at the top of the page that says current year versus prior years/same weekday. I would like to understand how you match day of week for current year with previous years e.g, 2022, 2021, 2020, 2019, etc. to create the table? For example, are the values in the 2022 column the same day as 2023 by subtracting 364 days from the 2022 date? And does the same hold true with 2021, 2020, etc.-- taking the date for the previous column and subtract 364 days?

2023-TSFO-00510	3/17/2023	[REDACTED]		I have been turned down three times for the Global Entry Pass. My only crimes have been several DUII when I was very young. Since then I have stopped drinking. I have never had a DUII since then. I have no criminal record. I became a doctor. I have practiced 23 years. I have never gotten an answer why I was turned down. When I talk to lawyers they say I should only be turned down if I'm a security threat. How is that? I can pass a 6 month rigorous screening including my education, criminal record, licensing, malpractice, state boards, but I can't get this? Why? I want records relating to this decision and denial of my 2 appeals!

TSA removed my chrome book from bin and stated that he was going to send it through again. My laptop never made it out and the agent disappeared. I immediately put in a claim while waiting for takeoff. I had all the pertinent information due to the laptop being new. "I received an email stating item not found". I started receiving alerts and fraud attempts a few days later. I have not received any answers yet from TSA. I went through the check point between 430-450pm wearing an burned orange shirt and possibly a long burned orange peak coat. I am requesting footage.

2023-TSFO-00516	3/20/2023		Individual	An airline overbooked my flight and refused that my husband and I board on 2/22/2023 for a 12:45pm (CT) flight, they asked I submit a refund request which they later denied stated I was a "no-show" although I arrived at the airport at approx. 11:00am(CT). I'm trying to prove I WAS at the Louis Armstrong New Orleans International Airport almost two hours before boarding. After arguing with the airline check-in counter, we did go through TSA pre-check/CLEAR security to attempt to board. I am trying to get scan records of me going through TSA security with a time stamp so I can prove I was at the airport and prove I was there before take-off. TSA asked me to submit a FOIA to get records of my check-in through security which was around 11:15am - 1pm (CT), I went through twice that day as I booked a later flight so there should be two records of me passing security on 2/22/23. I appreciate any help. My KTN number is [REDACTED]. My flight number was 479 with Frontier (delayed).

2023-TSFO-00534	3/21/2023			Hello, I am requesting footage of myself going through security checkpoint at Ohare Chicago Airport on 3/18/22. The footage would be from about 9:15AM - 9:50AM, as this is the time I went through security. I am missing an engagement ring inside of a black box zipped up inside of my bag upon going through TSA checkpoint, however it is no longer in my possession. This is of great sentimental value to me. I am requesting footage of myself placing my bags on the belt and going through the checkpoint area to ensure it was not taken out of my bag by anyone. At some point my bag was brought to me from an agent and I'd like to see the footage during this interaction. Thank you for your assistance.

2023-TSFO-00529	3/21/2023			Greetings Senior Personnel. I'm seeking a copy of the video footage at the Security Checkpoint and a written email notice from the Charlotte Douglas Intl Airport , Dept. of Homeland Security, ██████████ to provide me with the footage of my son , ██████████ putting his computer , Apple MacBook, back into his computer bag at the Security Checkpoint prior to us departing the airport for our flight to New York. Date: March 10,2023 Time: 6:00ishPM - 6:400ish PM Est. Departing from Charlotte - CLT Douglas Intl Airport My son and I entered the Security Check Point A CHECK POINT A IN LANE 3/4 (against the wall) ██████████ at CLT Airport Dept of Homeland Security, has stated he has pulled the video footage that shows my son , ██████████ did in fact put his college computer back into his computer bag upon leaving the check point. I'm asking for this supporting video/email written confirmation , due to once we arrived in New York, we left the plan and we went directly to the hotel , then went out for a family celebration. Upon my son returning to his room at the Hilton Garden Inn , Long Island City , Queens , New York, his college computer was stolen from his locked hotel room. When this horrible theft incident was made aware to the Hotel Manager, ██████████, he stated that he do not have cameras on the Guest floors, so due to the hotel negligence , he is unable to investigate this horrible incident to the fullest extent . My son called me crying about his computer, (it takes a lot to make a 20 yr. old male to cry) he is stressed that all of his college research papers and coursework is all in his computer. All of his work is gone; taken from him. We contacted Apple Support Team , they stated that the thief has not attempted to gain access to the internet. There is a ping on the computer so, hopefully as soon as the computer is trying to log into the internet , Apple Support will send an message to my son. But, in the interim, I do not have the money to replace his computer. Currently, as he returned to school after his Spring break, he is using his phone to do his school work. I'm his mom, and I have to make every attempt to help meh son out . No one deserve to pay for their hotel stay, but then to get robbed during their stay. The video/tapping footage will help aide with support. We can try to use it to get my son school to get him another computer; if they will accept it as supporting information. If you can assist with my request, my son and I would be very appreciative . Thank you ██████████

I have called and no one can tell me a reason only that I can try to appeal again. I would like to know the reason for the denial. It really makes me sad that my own country doesn't trust me enough to get back into our own country a little quicker. I have a business, kids and a life here and have been a pretty good citizen. Thank you for any help you can offer.

2023-TSFO-00541	3/23/2023	[REDACTED]		I am writing to inquire about a stolen family heirloom during my recent visit to Hartsfield-Jackson Atlanta International Airport on March 8th, 2023. The item in question is a real solid gold square bangle (with an insert clasp) and has a unique design of 3 lines etched into the very center on both sides (and it has very slight scratches from daily use). I never take off the bangle due to its great sentimental value to me and my family (it doesn't come off without pressure applied to the clasp point and was fit to my wrist). It was passed down to me by my deceased grandmother and is one of 4 bangles she passed on to each family. I will attach photos of myself wearing the bangle and pictures of the other bangles as reference. I am hoping that you may be able to assist me in locating this lost item by providing me with the video footage of myself traveling through the airport around the time that I visited. I will attach a photo of the route I took through the airport. As well as a selfie I took of myself at the airport while waiting at my gate. I visited the airport on Wednesday, March 8th between the time of 3:30pm-6:30pm (I was flying home to Miami on American Airlines flight #2286) and believe that it was misplaced somewhere between checking my bag at American Airlines Indoor check in station, going all the way to TSA PRECHECK, and making it to my gate T13 on the premises. I came in through door N6 (I believe) to check my bag and print my boarding pass. To get to TSA PRECHECK, I had to go all the way around through a Atrium Food Court wing during what I believe to be the airport Job Fair. I have already contacted and filed reports with the airport AATC lost and found department, American Airlines lost and found, and filed a police report with the Atlanta Police department, but to no avail. (Find photos attached). I am hoping that 1000s of security cameras through the airport may have captured footage of me during my visit and that could help me locate the bracelet. I would be extremely grateful if you could check your security footage and let me know if there is any footage of me wearing my gold bracelet on my LEFT wrist on the day in question. I began my rush to get to TSAPRECHECK around 4:10pm from the American Airline indoor check in/ bag drop section. I am wearing red-ish sweatpants and a black long sleeved shirt. I am wearing a black facial mask almost the entire time. I am carrying a black purse, a checked blanket, and a big black duffel. I took several breaks throughout my journey due to struggling with the heavy weight of the bigger black duffel bag. And at one point, I can be seen searching for a lost Croc shoe gubit I happened to notice fell off my shoes when I was going through the TSA precheck line. After going through TSA, I walked to gate T13 to catch my flight to Miami through AA. If possible, could you please provide me with a copy of all the footage of me traveling through the ATL airport OR please advise me on the procedure for obtaining it? I understand that this may be an unusual request, but this bracelet has significant sentimental value to my family, and I am quite desperate to locate it. I will even be back in Atlanta today to follow up on the progress of its search. I really need to know if I walked through the X-ray scanner with it or made it to the gate with it on my LEFT wrist? I would be more than happy to cover any costs associated with retrieving all of this footage (just let me know where I need to send the fees). I would like to receive calls about the status of my request if need be as well. If any more information is needed, I am happy to provide any and all details needed to help locate this very precious gift to me from my deceased grandmother, my number is below. Thank you in advance for your attention to this matter, and I look forward to hearing from you soon. Sincerely, [REDACTED]
2023-TSFO-00540	3/23/2023	[REDACTED]		I have a complaint with TSA for an incident, based on last July 21st around 5:15 and 5:35 am at Cincinnati Intl. I did a claim to TSA on last October. But no one answered either... and I need a copy of the video for my lawyer or someone from TSA that can negotiate with me, if they want to take me to any compensation. Otherwise, it will be my lawyer... Thanks

2023-TSFO-00583	3/30/2023	[REDACTED]	Air Canada Travler	My wife and I were supposed to be on a once in a lifetime trip, flying to Dubai for our anniversary. My work had just got off from work after working 24 hours. We finished up loose ends and then drove from Greenville, SC to Charlotte, NC. We received a notification through the Air Canada app that the flight was boarding early, 1607. We got up and dashed over to the gate. When we arrived, the door was already closed. We arrived to the gate A22 18 mins until the flight left, 3 minutes before the door should have closed. The door should not be closed until 15 mins prior to departure. The time on the monitor behind the ticket counter as well as both our iPhones read 1623 when we looked after talking with the agent for over a minute. When we walked up to the gate, the gate agents were very rude and automatically dismissive, shaking they're heads at us. They absolutely refused listen, let alone open the open the door to allow us onto the plane making us miss our \$8000 first class flight to Dubai. They said the flight boarded early... but that is not a reason to close the door early without notification. They then said they called passenger names 3 times throughout the A terminal, which is false. Walking to the gate, we never once heard our name called. This is a big problem, I'm sure you can understand. I please need the documentation that has been confirmed by the airport operations team that the door was closed at 1622 (3 mins prior to the time it should have been closed). This is a major issue because the gate agents are trying to say that we were late when I know for a fact we were not and I personally validated this information with the operations team. Please email me the data so I can take the appropriate action for resolution. We not only missed our flight, we are missing a day of travel and hotel stay. This is extremely disappointing and not right. Footage from 1615-1645 on 3/30/23 should suffice. You will see that we had at least 2 mins to spare when we walked up yet they refused to allow us entry or even call the captain. Any help is greatly appreciated! [REDACTED]

2023-TSFO-00576	3/31/2023	[REDACTED]		<p>need to find out why the TSA is using federal transit and carriers such as UPS and FedEx that is surveilling, following, harassing me and for how long. I believe I am in danger, and I need to decide through these documents as to exactly why I am being monitored and to what extent and how serious? There is no doubt I am under Government surveillance, whether Federal, State, or local. Through the process of elimination, I will discover and hopefully end this nightmare that is destroying me and my family's life as I am an innocent civilian, though my family is high profile and I just want to get back into my career and start a family and pay my taxes and mind my own business. I need these documents so I can determine what steps to take and act accordingly. Thank you.</p>
