

REFERRING PATIENTS TO CARDIOVASCULAR SUB-SPECIALTY CLINICS

Quick and reliable access to appointments is vital when patients need cardiac sub-specialty care. To streamline the referral process, please find below instructions on how to secure appointments with each of Gill's sub-specialty programs.

ACHD - Adult Congenital Heart Disease

For appointments, please call 859-218-6711 for the Patient Services Coordinator or 859-218-6714 for the ACHD Program Nurse Coordinator.

Cardiothoracic Surgery

For appointments, please call 859-323-6494 to reach the Patient Services Coordinator or 859-218-4259 for the CT surgery nurse coordinator.

Heart Failure

For appointments, please call 859-562-2772 to reach the Patient Services Coordinator or fax referrals and records to 859-218-7590.

Electrophysiology

Fax referrals to 859-218-7548. If further assistance is required, please call the Gill Patient Access Center at 859-323-0295.

Pulmonary Hypertension

For appointments, please contact the Program Nurse Coordinator at 859-218-4884 or fax referrals to 859-218-7559.

Structural Heart Program

For appointments, fax referrals to 859-218-7613. If further assistance is required, please call 859-218-6712 for the Structural Heart Program Nurse Coordinator or 859-562-2323 for the Patient Services Coordinator.

Transplant/Ventricular Assist Device

For appointments, fax referrals to 859-257-7402 or call 859-323-6497 to speak with a Patient Services Coordinator.

Vascular Surgery

For appointments call 859-257-3253 or fax patient records to 859-323-6840.

Women's Heart Program

For appointments, please contact the Patient Access Center at 859-323-0295.

For OB or oncology patients, please contact the Women's Heart Program Nurse Coordinator by phone at 859-218-6713 or by fax at 859-257-1793.
