The UK Arts in HealthCare Program

The UK Arts in HealthCare Program collection is made possible through the philanthropic support of private donors.

For more information about the Arts in HealthCare Program or to make a donation, visit ukhealthcare.uky.edu/arts/ or contact:

Jackie Hamilton, Director
UK Arts in HealthCare Program
859-257-5528
jacqueline.hamilton@uky.edu

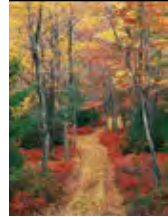

1000 S. Limestone
Lexington KY 40536

The art in the UK Chandler Emergency Department is original work by local and regional artists. These pieces were selected with input from all the staff who support the care of patients and families in the emergency department. Careful consideration was given to the level of stress and worry that takes place in this area; the art was chosen for its ability to provide comfort and distraction. When possible, multiple pieces were purchased from each artist to provide a broader view of their creative perspective.

The mission of the UK Arts in HealthCare Program is to create an environment of care and to focus on the spiritual and emotional well-being of our patients, families, caregivers and staff. The program recognizes the arts and artists as powerful and positive forces in the healing process.
