Chief Paul Dean's Welcome

Dear UNH Community,

Thank you for taking the time to read the 2024 Annual Security Report and Annual Fire Safety Report (AFSR). The AFSR, provided to you in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, is full of useful information about safety and security at all University of New Hampshire Campuses –Durham, Law school Concord, Manchester, Isle of Shoals, and New Castle Coastal Marine Lab. Within this guide you will find crime statistics for the previous three calendar years, statistics for on-campus residential housing fires for the previous three calendar years, campus safety and disciplinary policies, alcohol and drug policies, and policies that specifically address prevention of and response to sexual assault, domestic violence, dating violence, and stalking.

While UNH is generally a safe place to study and work, it is not without the challenges that other institutions of similar size and scope face. There are many resources available to help you make informed decisions about your safety and security at the University of New Hampshire. The UNH Police Department is active on Instagram, Facebook, and Twitter. UNH communicates to staff, students, faculty and guests through press releases regarding incidents happening in or around campus. We also provide multiple community events such as Citizen Police Academy, RAD (women's self-defense training), Comfort dog visits and coffee with a cop.

By making yourself familiar with UNH's safety and security policies you are taking a significant step in protecting yourself and your community. This AFSR contains a great deal of resources for students and employees who are in crisis, and we encourage you to reach out should you or someone else need our assistance.

Sincerely,

A handwritten signature in blue ink that reads "Paul H. Dean".

Paul H. Dean
Chief of Police/ Associate VP for Public Safety and Risk Management
University of New Hampshire Police Department

Compilation of the 2024 Annual Security and Fire Safety Report for the University of New Hampshire.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires the distribution of an Annual Security Report and Annual Fire Safety Report to all current faculty, staff, and students and notice of its availability to prospective students, faculty, and staff. This document, referred to as the “Annual Security Report and Annual Fire Safety Report” or “AFSR” is one of many mechanisms designed to inform current and potential UNH community members about crime, arrest and referral statistics, of current crime response, reporting, prevention and awareness policies, including policies regarding sexual assault, domestic violence, dating violence, and/or stalking, of campus disciplinary policies and relevant state laws, and about campus safety and security. This “AFSR” includes crime, arrest and referral statistics for the previous three calendar years about reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University of New Hampshire, and on public property within, or immediately adjacent to and accessible from, the campus. This report includes all statistics and data for our separate campuses as well. The fire report at the end of the document contains current University of New Hampshire Housing fire safety protocols and fire statistics for the previous three calendar years.

This report is prepared by the University of New Hampshire Police Department (UNH PD). To gather information for this report, UNH PD collaborated with Human Resources, Department of Student Life, Civil Rights & Equity Office (CREO), University Housing, Community Standards, Health & Wellness, and The SHARPP Center, and other departments on campus.

Statistics are gathered through reports to the University of New Hampshire Police Department (UNH PD), Community Standards, Civil Rights & Equity Office, the Office of Human Resources, Health & Wellness, Psychological and Counseling Services (PACS), The SHARPP Center and reports submitted by Campus Security Authorities. UNH PD also requested crime statistics from outside law enforcement agencies that may have jurisdiction over UNH non-campus property. UNH PD and Community Standards collaborated in compiling the crime, arrest and referral statistics to ensure statistics are not missed or double counted.

A copy of this report is disseminated to students, faculty, and staff in an e-mail sent in late September of each fall semester. Crimes are classified using the FBI Uniform Crime Reporting Handbook, the National Incident Based Reporting System Handbook and the Guidance from the Department of Education. New Hampshire law is used to define drug, liquor and weapon law violations, as well as incidents of domestic and dating violence.

Reporting of Criminal Offenses:

All emergency calls should be made to the University of New Hampshire Police Department (UNH PD) by dialing **911** from all campus and off campus telephones. When you are on the Durham campus call the UNH Police Department. Regular business calls of a non-emergency nature can be made to UNH PD at (603)862-1427, or by visiting the Department at 18 Waterworks Rd. Durham, NH 03824. UNH encourages all campus community members to accurately and promptly report all crimes to law enforcement.

If you are at one of UNH's separate campuses, you are encouraged to contact the local police department with jurisdiction. For Appledore Island, that would be the Kittery Maine Police

Department. For the Coastal Marine Lab, the police department with authority is the New Castle, NH Police Department. If at the Franklin Pierce school of Law contact the Concord Police at (603)225-8600, or if at the Manchester campus notify Manchester Police at (603)668-8711. In an emergency all agencies can be reached by dialing 911.

Crimes that occur off campus can be reported to the Durham Police Department via the non-emergency number (603) 868-2324, by calling 911 from an off -campus location within Durham or by visiting the Police Department located at 86 Dover Rd, Durham, NH 03824. The University encourages all campus community members to accurately and promptly report all crimes to law enforcement.

Crimes or violations of the student code of conduct should be reported to the Office Community Standards by calling (603) 862-3377, by going in person to Hitchcock Hall at 5 Quad Way Durham, NH 03824, or on line [here](#). If the complaint involves discriminatory harassment, sexual harassment, domestic violence, or stalking reports should be made to the Civil Rights & Equity Office (CREO) by completing the online form at: www.unh.edu/incidentreportform, by calling (603) 862-2930, or by going to the CREO office located in Thompson Hall, 105 Main St. Durham, NH 03824. CREO will assist the victim in notifying the local law enforcement agency of sexual assault, domestic violence and/or stalking.

Crimes/violations of employment policies should be reported to the University of New Hampshire Human Resources Department. An anonymous report can be filed by calling 1-800-592-8455 or by filing a complaint online [here](#). If requested human resources will aid in notifying law enforcement of sexual assault, domestic violence, and/or stalking crimes.

Impacted individuals of sexual assault, sexual harassment, domestic violence, dating violence and/or stalking who do not wish to report the crime to law enforcement officials, CREO office or human resources are still encouraged to get help and support.

Child abuse should be reported to the UNHPD or NH Child Protective Services. For more information regarding an employees' obligation to report child abuse, please visit: <https://www.usnh.edu/unh/iii-administrative-policies/f-protection-minors>, for more information on reporting requirements.

Voluntary Confidential Reporting:

University of New Hampshire does not provide voluntary, confidential crime reporting for the purpose of including crime statistic disclosures in the AFSR. In certain instances, a crime victim may be reluctant to file an official police report, fearing the criminal process and/or loss of confidentiality. In such circumstances, UNH still encourages crime victims to make an anonymous report to PD. Crime reports filed in this manner are crime-classified and disclosed in the annual crime statistics reporting without revealing any identifying information of the victim. As a matter of policy UNH directs people to report Clery Crimes to UNHPD for the purpose of including a statistic in UNH's AFSR; though people may report crimes to any Campus Security Authority. However, the University of New Hampshire may be obligated to investigate when there is a report of sexual assault, domestic violence, dating violence and/or stalking. The SHARPP Center is a free and confidential resource for UNH community members who have experienced interpersonal violence. Individuals can contact The SHARPP Center 24/7 at

(603)-862-7233. The SHARPP Center provides general numbers for the purpose of collecting data for the AFSR, however no identifying information is given.

Impacted Individuals or witnesses of hazing or suspected hazing can report confidentially and anonymously at the following number: (603)862-3686.

UNHPD reports are public records under state law, therefore, they cannot hold reports of crime in confidence, so UNH does not allow voluntary confidential reporting to the UNHPD.

The purpose of an anonymous report is to possibly take steps to promote safety. In addition, UNH can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime regarding a particular location, method, or assailant, and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crimes' statistics for the institution.

Persons wishing to contact the UNHPD anonymously may call (603) 862-1427, or they can file a complaint over the Wildcat (RAVE) Guardian APP.

Finally, persons may use "Ethics Point Incident Report Form online" as a place to report incidents or potential discrimination, discriminatory harassment, hate/bias, civil rights-related retaliation, sexual harassment, sexual assault, domestic violence, dating violence, and stalking can all be reported using the IRF. A report can be made anonymously, or the reporter can provide their name to receive outreach from the Civil Rights & Equity Office. The Incident Report Form is linked on the homepage of Civil Rights & Equity Office. That URL is www.unh.edu/incidentreportform. "Ethics Point" is not monitored 24-hours a day.

Professional and Pastoral Counselors:

Campus "professional counselors," when acting as such, are not considered to be Campus Security Authorities and are not required to report crimes for inclusion in the AFSR or for a crime warning evaluation. Psychological and Counseling Services (PACS) provides aggregate data for the Clery ASR at the end of each calendar year. While the University recognizes various area clergy as Chaplains there are no specific policies in place regarding reporting of crimes. UNH Chaplains follow policies adopted by their respective denominations, as well as relevant laws.

Health & Wellness also follows applicable professional guidelines and statutes. Please consult with a staff member or visit their website for more information.

Please see the chapter in this AFSR entitled "Sexual Assault, Domestic Violence, Dating Violence, and Stalking" for more information regarding official reporting and confidential resources for sexual assault, domestic violence, dating violence and/or stalking.

SAFETY AND SECURITY ON CAMPUS

On-Campus Safety and Security:

The University of New Hampshire Police Department (UNHPD) is a full-service, 24-hour agency with approximately 19 full-time sworn officers. Officers are armed.

All UNHPD officers have the power and authority to make an arrest. Police officers assigned to patrol use Body Worn Cameras (BWCs) for all contacts with the public. In addition, UNHPD provides services through its own 911 Communications Center and are further supported by a non-sworn campus service division. Non-sworn campus service officers do not have the power or authority to make arrests, nor are they armed. UNHPD is accredited by two different accreditation agencies: The Commission on Accreditation for Law Enforcement Agencies (CALEA) and the International Association of Campus Law Enforcement Administrators (IACLEA).

UNH Manchester has a security department that is non-sworn and do not have arrest powers. Officers are not armed. The Franklin Pierce Law School has a non-sworn security department except for the supervisor that is a sworn officer and armed. The non-sworn officers do not have arrest powers. For all crimes the local police department is notified to respond and take a report and investigate.

UNHPD cooperates with local police and other state and federal authorities in the exercise of their responsibilities. In addition, the UNHPD offers security services with the primary responsibility of ensuring the security of campus properties. This is done with patrols, building checks, and safety escorts.

UNHPD maintains a strong working relationship with the Durham Police Department and other surrounding state and local law enforcement agencies. Staff participate in local and statewide meetings to share information and resources, as deemed necessary. UNHPD has a memorandum of understanding with the Town of Durham, Town of Lee, Town of Madbury and other local agencies where our properties are located throughout the State of New Hampshire. UNHPD primary jurisdiction and patrol jurisdiction is the University of New Hampshire Campus-Durham. Durham Police Department has primary jurisdiction over the town of Durham and concurrent jurisdiction on the University of New Hampshire campus.

UNHPD is represented on university, county and state committees that address sexual assault, domestic violence, stalking, mental health concerns, traffic accident reconstruction team, emergency management, behavioral intervention team, and Drug Enforcement Activity (DEA) team.

UNH works with the Durham Police Department to collect crime statistics and information regarding non-campus locations and recognized fraternities & sororities. This information is

provided in a timely manner so that it can be evaluated for a timely warning or emergency notification.

UNH works with Concord Police, Manchester Police, Kittery Maine Police and New Castle Police to collect crime statistics for our separate campuses.

Academic & Administrative Building Security:

All buildings are secured each night and are open to members of the community and visitors only during normal business hours. Entry after normal hours is only available to faculty, staff, and authorized students, as determined by the appropriate academic or administrative offices. Access to these buildings is controlled by either key or card access after normal business hours, and all these buildings have varied levels of access.

Buildings are patrolled and checked by University Police and Campus Service Officers regularly. Buildings are equipped with emergency telephone and fire detection systems directly connected to the University Emergency Dispatch Center.

Certain buildings are alarmed for the protection of contents and personnel and the alarms are activated when any illegal entry is made. Immediate response to the alarm location is made by University Police personnel.

Residence Halls:

Authorized access to residential areas is restricted to residents, their approved guests, and other approved members of the UNH community. Residents gain entry by presenting the UNH Student ID to the card access readers 24 hours a day. Individual rooms have regular key access or card access. Through signage and other forms of communication, all residents are cautioned against permitting strangers to enter the buildings and are urged to contact residential life and/or housing, security or the UNHPD if they encounter strangers attempting to enter the building or the residence portions of their building. UNHPD police officers and campus service officers routinely patrol the residence halls.

Hall staff perform regular assigned building checks each evening in addition to UNHPD and campus service officers. Unscheduled patrols of the residence halls are conducted by patrol officers to help deter crime and detect damage to doors, windows and safety features. Any suspicious activity, suspicious person, or crimes in progress should be reported immediately to the University Police Department at (603)862-1212.

Housing/ Residential Life staff also enforce security measures in the residence halls and work with residents to achieve a community respectful of individual and group rights and responsibilities. Housing/Residential Life staff and UNHPD staff conduct periodic educational sessions on prevention of various crimes, including sexual assault.

Athletic Facilities:

Access to athletics facilities is generally from 6am-12:30am. Limited exceptions may be made with prior approval. Access to athletic facilities is always controlled by the Athletic Department and students, staff and faculty can access facilities using their valid UNH id. There is security cameras located in some of the athletic buildings and fields.

Security and Maintenance of Campus Facilities:

Security is provided in the maintenance of the UNH facilities through several mechanisms, including limitations on hours of operation, policies on keys, restricting access to those bearing proper identification as university staff or students, and making available outside “blue light” telephone call boxes that are connected directly to the UNHPD dispatcher for emergency assistance. Specific security mechanisms may vary with the type of university facility. Each building has a manager that will report problems.

UNH maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. UNHPD works closely with facilities management to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to UNHPD at (603)862-1427 or to facilities management at (603) 862-1437.

Off-Campus Safety and Security:

The Durham Police Department (DPD) has primary jurisdiction in most areas off campus within the town of Durham. Other county, state and federal agencies also provide law enforcement services in the Durham area.

The Durham Police Department works closely with the fraternities and sororities located off campus to address issues and assist with security and safety concerns. The Durham Police Department started the Adopt-a-Cop program in 1999 where an officer is assigned to each Greek house. The officer attends house meetings, helps with community work and attends social gatherings to ensure rules are followed. The UNHPD is also available to work with the Greek Systems to provide security and safety presentations.

If criminal activity takes place at a non-campus location that is rented or owned by the University, or in a student organization housing off campus, community members should contact the local police department with jurisdiction. In Durham contact the Durham Police Department in person at 86 Dover Rd., Durham NH or by phone at 603-868-2324.

Information about Sex Offenders:

The Federal Campus Sex Crimes Prevention Act required institutions of higher education to issue a statement to the campus community about where to find information on registered sex offenders in the state.

In NH, convicted sex offenders must register with the local police jurisdiction in which they reside. This information is transferred to the NH State Police who maintain this website. This information can be found at: <https://business.nh.gov/nsor/>.

GENERAL CRIME PREVENTION TIPS:

- Call the police at (603)862-1427 IMMEDIATELY if you see or hear something suspicious. Don't hesitate to dial 911 in an emergency. Be sure to tell them exactly where you are.
- Always keep your possessions in sight. Don't leave computers, cell phones, or electronics unattended.
- If you leave your office or room, even for a few minutes, lock the door.
- Be alert to potential danger. Trust your instincts.

COMMUNICATIONS ABOUT CAMPUS CRIME AND SAFETY

Through a variety of methods, the University of New Hampshire provides information to students and employees about campus security procedures and practices and encourages them to be responsible for their own safety and the security of others. One method is keeping

students and employees informed about crime prevention strategies and by communicating with the campus community about reported crimes or emergencies that pose serious or continuing threats to students and employees. This section highlights some of the ways in which the University of New Hampshire communicates information about crime and safety on campus.

Timely Warning Notifications-Crime Alerts

The University of New Hampshire issues Timely Warning-Crime Alerts to warn the campus community about Clery crimes that present a continuing threat to the campus community and to aid in the prevention of similar crimes. Known in the Clery Act as a “timely warning,” the intent of the Timely Warning Crime Alert is to warn of a criminal incident so that people will be better able to make informed decisions regarding their safety. Timely Warning Crime Alerts are issued in a manner that is timely, withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. The Clery Act requires UNH to distribute Timely Crime Alerts regarding certain Clery crimes that occur within UNH’s Clery geography and represent a serious or continuing threat to the safety of students or employees. These crimes are murder/non-negligent manslaughter, manslaughter by negligence, rape, fondling, statutory rape, incest, robbery, aggravated assault, burglary, motor vehicle theft, and arson, domestic violence, dating violence, and stalking. Larceny-theft, simple assault, intimidation, and destruction/damage/vandalism will be assessed for a crime warning if there is evidence, they were motivated by hate or bias against a protected party. A Timely Warning Crime Alert is not required when crimes are confidentially reported to a pastoral or professional counselor.

UNHPD’s Chief of Police or his designee has the authority to write and develop the content of a Timely Warning Crime Alert and authorize its distribution using the guidelines listed below. The Chief of Police or his/her designee will consider the type of offense, location, nature of any threat and whether there is a continuing threat to the community or a continuing crime pattern in determining the appropriateness of a Timely Warning Crime Alert. Some information may be withheld if there is a risk of compromising law enforcement efforts to investigate and/or solve the crime. If the victim of the crime is a person, that person will not be identified by name in a Timely Warning Crime Alert. Timely Warning Crime Alerts are issued as soon as the pertinent information is available to the UNHPD.

Crimes will be assessed on a case-by-case basis and Timely Warning Crime Alerts will be distributed as deemed necessary. Cases of aggravated assault involving known parties, such as two roommates fighting which result in an aggravated injury, will be evaluated on a case-by-case basis to determine if an individual is believed to be an ongoing threat to the larger UNH community. Cases of sexual assault will be considered on a case-by-case basis to determine whether there is an ongoing threat to the larger UNH community. Elements that are considered include where the incident occurred, when it was reported, and the amount of information known by UNHPD. Timely Warning Crime Alerts will not typically be issued for property crimes unless there is some evidence of a pattern or a serious, continuing threat to the community.

The following factors will be considered when determining whether to issue a Timely Warning Crime Alert

- Where the crime occurred
- The nature of the crime (serious/non-serious, violent/non-violent)

- The nature of the threat (general threat versus limited threat to a specific person)
- Whether there is a continuing danger to the community or continuing crime pattern.

In the event a Timely Warning Crime Alert is needed, consideration will be given to the most appropriate means to be used to disseminate the information to the UNH community. The primary form of distribution is through a mass email/text message sent to the entire university community through the UNH Rave Alert system. This email/text is sent by the Chief of Police or his designee, including, but not limited to UNHPD communications specialists, or UNH Clery Compliance team members.

Notification and updates to the community about any case resulting in Timely Warning-Crime Alert may be distributed to the campus through any one or more of the following mechanisms:

- UNH Alert (Rave): a free service that automatically sends a brief message alerting the community regarding an emergency on campus to email accounts or cell phones. UNH students, faculty, and staff, with UNH email addresses are automatically enrolled others may sign up for alerts at [RAVE alerts](#).
- Directed Communications/Blast email: UNH email system alerting students, faculty, and staff.
- Fliers: posted on bulletin boards in academic buildings, residence halls, outdoor boards and kiosks and administrative buildings.
- UNH Police Department website: www.unh.edu/upd.
- UNH website: www.unh.edu.
- The New Hampshire: student newspaper.
- Local area radio and television stations and print media.
- UNH TV boards: www.unh.edu/unhtv.
- UNHPD electronic signboards.
- Social media sites; UNHPD Facebook, Twitter, and Instagram

Other Campus Security Authorities learning of an incident in which a Timely Warning Crime Alert might be appropriate will share the information with the Clery Staff at UNHPD to determine whether the incident meets the criteria for a Timely Warning Crime Alert.

A Timely Warning Crime Alert notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts

- The date and time or timeframe of the incident
- A brief description of the incident
- Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips)
- Suspect description(s)/photo(s) when deemed appropriate and if there are sufficient details
- Police agencies contact information
- Other information as deemed appropriate.

UNHPD does not issue Timely Warning Crime Alert notices for the above listed crimes if:

- The Chief of police or designee determined there is no serious or continuing threat to the safety of the UNH students, employees and community members.
- The subject(s) apprehended and the threat of imminent danger to the UNH community has been mitigated by the apprehension.
- Withholding a Timely Warning would be justified if UNHPD perceived that issuing a warning would compromise law enforcement efforts.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or PACS counselor, Health & Wellness Staff or SHARPP counselor.

A copy of the Timely Warning Crime Alert will be filed in the corresponding case file.

Emergency Notification Alerts:

This section describes the procedures University of New Hampshire uses to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

Upon confirmation of an emergency or dangerous situation, UNHPD will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of first responders (including, but not limited to: UNHPD, Local PD, and/or Local Fire and EMS), compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency. The Emergency notification system used by University of New Hampshire is [RAVE Alerts .To sign up click here](#)

The Chief of Police, or designee, in conjunction with other University administrators, local first responders and/or the National Weather Service typically confirm significant emergencies or dangerous situations involving immediate threat to the health or safety of students or employees on campus. An emergency will be confirmed when a police officer, fire, or EMS unit responds on scene and verifies the incident. In the event of an outbreak of a serious illness or other public health emergency, the Executive Director of the University Health and Wellness Department or designee will collaborate with UNHPD Emergency Management division to confirm the emergency, the UNHPD will draft the language of the warning and distribute the warning to the affected campus community.

UNHPD and Media Relations will collaborate to determine the content of the message and will use some or all the systems described below to communicate the threat to the UNH Community, or to the appropriate segment of the community. If the threat is limited to a particular building or segment of the population, the police chief or designee can decide to notify those in proximity of the impending emergency rather than the entire campus.

All UNHPD sergeants, captain, deputy chief, chief, and dispatchers are authorized to initiate and use the Rave Alert notification system. During situations in which there is a time-critical threat to campus, a Rave Alert message and messages sent via the other systems listed below are sent immediately on authority of the Chief of Police or his/her designee. The UNH Chief or his designee is responsible for

1. drafting the content of the message, based on the type of emergency.
2. Identify who is affected by emergency and segment notification to this community,

3. Sending the message to the community using any or all systems listed below.
4. If time permits UNH Media relations may review media distributions prior to UNHPD sending them.

Situations for sending a Rave Alert include, but are not limited to active harmer, significant or serious hazardous materials spill, large fire on campus, significant disruption to campus infrastructure, multiple building closings, or a mass casualty disaster. All students and staff are automatically enrolled in the UNH’s Rave Emergency Alert System once assigned an UNH email account. Rave alerts are typically sent via email to notify the largest percentage of students and employees in the fastest way possible. Anyone with an email ending in unh.edu will automatically receive an email from Rave Alert in the event of an emergency. Usually, Rave alerts are also sent via text message to those who registered to receive texts. In addition to, or in the event of an email or text system failure, UNH may use some or all of the following systems to communicate an immediate threat to the community: directed communication, UNH web page www.unh.edu, Whelen Outdoor Siren System, UNH PD webpage www.unh.edu/upd, Facebook, Instagram, and Twitter, To opt-in for emergency text and voice messaging, students, faculty, staff, and guests can register through at: <https://getrave.com/login/unh>. UNH also can use TV boards, www.unh.edu/unhvtv, fliers, local area radio and television stations, fliers or face to face communications.

Situations requiring a Rave Alert will almost always require ongoing communications support. UNHPD will determine what level of emergency is present and use the Emergency Operations Plan (EOP). Once the EOP is activated, the process of posting information on UNH’s homepage and preparing a crisis communications response will begin. Depending on the type of emergency, UNHPD and Media Relations may work together to craft a consistent set of follow-up messages that can be efficiently distributed to update the UNH and larger community, including through additional Rave Alert or through the UNH homepage (www.unh.edu), directed communication, or UNHPD web page (www.unh.edu/upd).

Parents and the larger community can receive information pertaining to an emergency situation at the university through some or all of the following systems: signing up for Rave Alerts at <https://getrave.com/login/unh>. , by following UNHPD Facebook or Instagram account, by visiting UNH’s homepage at www.unh.edu or visiting the UNHPD home page at www.unh.edu/upd.

The UNHPD may also issue “**Safety Alerts,**” when necessary, to apprise the UNH community of safety issues and concerns. These “safety alerts” will include safety tips and recommendations to follow so that the UNH community can make informed decisions about personal safety.

Daily Crime Log:

The UNHPD also maintains a daily crime log that contains all crimes reported to the department. It can be viewed by coming to the UNHPD located at 18 Waterworks Rd, Durham, NH 03824, during normal business hours.

Emergency Drills, Testing & Evacuation Procedures:

The University of New Hampshire conducts a campus-wide drill and exercise on an annual basis. When UNH tests the systems, it includes a test of all notification systems as well. Once the test or drill is complete the director of emergency management or designee will complete an after-action report on the exercise and share it with those involved.

Annually UNH will publicize the emergency response and evacuation procedures in conjunction with the test, and will document each test, to include a description of the exercise, the date, time and the exercise and whether the exercise was announced or unannounced.

To sign up to receive Timely Warnings and Emergency Notifications:

Students and employees with valid UNH.edu email addresses are automatically enrolled to receive email alerts from Rave Alerts unless they opt out. They are also able to opt-in and sign up to receive text alert messages at <https://www.getrave.com/login/unh>. Visitors and guests may also sign up to receive alerts while on campus.

The email database is updated regularly with the most current list of email addresses.

SEXUAL HARASSMENT, SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING

Programs to Prevent Dating Violence, Domestic Violence, Sexual Assault & Stalking:

The SHARPP Center works to prevent, educate and address interpersonal violence at UNH. Their mission is to provide free & confidential response services and comprehensive prevention initiatives for students, staff, and faculty at the University of New Hampshire. Along with our community, they co-create education, prevention, and advocacy opportunities from an intersectional and empowerment-based lens that recognizes oppression as the root of violence. By centering on those most impacted by interpersonal violence, we strive to foster individual healing and collective liberation.

Primary Prevention & On-going awareness programs:

UNH is dedicated to prevention education. Primary programs are informed by research and assessed for value, effectiveness, and outcomes. The SHARPP Center's prevention education training is informed by research & evidence-based best practices as well as the CDC's recommendations on sexual violence prevention. The goals of such programs are to stop sexual assault, domestic violence, dating violence, and stalking before they occur. The SHARPP Center's goals for their prevention education programs are to build skills, increase knowledge, and change attitudes and beliefs that contribute to violence. Primary prevention programs promote behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change social norms in healthy and safe directions. Primary prevention and ongoing educational/awareness efforts at UNH contain information about options available to victims, procedures for institutional disciplinary action, risk reduction, and bystander intervention. The SHARPP Center strives to target individual, interpersonal, organizational, institutional, and systemic strategies for change also known as the socio-ecological perspective.

In the fall of 2024, all incoming students and returning students will receive training and be informed about primary prevention and awareness programs and learn that UNH prohibits domestic violence, dating violence, sexual assault and stalking or any other form of sexual violence. All undergraduate students will complete the online training "Sexual Assault Prevention for Undergraduates" which covers topics such as values and relationships, consent, sexual harassment and stalking, and reporting and responding to sexual violence. All graduate students will complete "Sexual Assault Prevention for Graduate Students" which covers topics

such as values and relationships, consent, sexual harassment and stalking, and reporting and responding to sexual violence. Both trainings are provided by Vector. In 2023, all incoming and returning students were required to complete the online training “Get Inclusive.” In addition to this training, in 2023, the Civil Rights and Equity Office provided trainings to the UNH community on topics such as Title IX, sexual harassment and reporting and responding to sexual misconduct. They had contact with approximately 4,088 people.

The SHARPP Center provided 297 prevention programs to students, faculty and staff including bystander intervention, healthy relationships, street harassment, and Wildcats get consent among many others. They had contact with over 12,433 people.

The table below is a non-exhaustive list of some of the prevention education programs and courses offered by various departments at UNH.

Prohibited Conduct- Definitions:

Dating Violence: Violence (actual physical injury to another) or threat to cause violence committed by a person; (1) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (2) where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the people involved in the relationship.

Domestic Violence: An act of violence (actual or an attempt to cause physical injury to another) or threat to cause violence to another, committed by spouses, ex-spouses, other intimate partners, parents, other relatives, persons cohabiting with each other, and person who cohabited with each other but who no longer share the same residence.

Non-Consensual Sexual Contact: Intentionally touch the intimate body parts, such as breasts, buttocks, groin, genitals, or the clothing covering them, of another person, or forcing or coercing another person to touch your intimate body parts or themselves without consent.

Non-Consensual Sexual Penetration: Oral, anal, or vaginal penetration, however slight, by an inanimate object, penis, or digitally without consent.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their own safety or the safety of others or suffer substantial emotional distress. For the purposes of this definition, (i.) course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. (ii.) "Reasonable person", as hypothetical or an idea, meaning under similar circumstances and with similar identities to the victim. (iii.) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Sexual Exploitation: Taking non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited.

Bystander Intervention: Programs and Risk Reduction

Wildcats are active bystanders. For more information on programs go to: www.unh.edu/sharpp/prevention/bystander-intervention.

As a bystander you may wonder what you can do to help. Sometimes, active bystanders are needed in heightened or escalating incidents of explicit violence. Other times, active bystanders serve to disrupt the use of offensive language, hurtful jokes, or objectifying comments.

How to intervene safely:

Direct: Approach the person causing harm, name the inappropriate behavior.

Distract: Create a diversion to interrupt harm and/or give the target an opportunity to remove themselves.

Delegate: Ask someone else for help, such as a supervisor, bouncer, RA, friend, etc.

Document: Create a record of the incident or situation.

Delay: Circle back later if you didn't intervene in the moment.

Risk Reduction:

Act as a community and remember these tips

- Go out together: go out as a group and come home as a group. Don't leave friends behind.
- Have a plan: Talk with your friends about your plans for the night before you go out.
- Watch out for others: If you notice someone walking alone, ask if they want to join you, if you see someone heavily intoxicated check in on them.
- Diffuse situations: If you see a friend coming on too strong to someone who may be too drunk to make a consensual decision, interrupt, distract, or redirect the situation.

- Check in: Don't assume that it will always be obvious when someone is fearful, distressed or hurt. Check in with the people around you and demonstrate your care.
- Lead by example: It often takes one to go first, this makes it acceptable for others to follow.
- Know your resources: You are never alone in the work of anti-violence, harm prevention and community care.

Procedures for Reporting Sexual Misconduct at UNH (to include dating violence, domestic violence, stalking, sexual harassment and sexual assault)

A student who has experienced sexual harassment or sexual violence is not required, but encouraged, to report the incident. Students who know about, or suspect, sexual harassment or sexual violence has occurred against another student are not required to report these incidents unless they are designated as a mandatory reporter.

Definition of Mandatory Reporter at UNH:

A mandatory reporter refers to certain individuals at UNH who are required to report any information they receive indicating that a student has been subjected to sexual harassment or sexual violence to the Title IX Coordinator. At UNH, sexual violence includes sexual harassment, sexual assault, unwanted sexual contact, sexual misconduct, domestic violence, relationship abuse, dating violence, and stalking (including cyber-stalking). UNH mandatory reporters include: UNH Staff, UNH Faculty, Coaches, Community Assistants (CA's), Resident Assistants (RA's), Teaching Assistants (TA's), Research Assistants, Learning Assistants, Graduate and Undergraduate student Senate Executive Leaders (when conducting work for the Student Senate), Youth Camp Counselors working with minors, UNH Manchester Peer Leaders and Peer Advisors, Student Campus Safety Officers working for UNH PD.

REPORTING OPTIONS:

1. One can directly file a report with the Civil Rights & Equity Office, either in person or online [ethics point report](#) or by calling (603) 862-2930. It can also be reported to the UNH Police Department at (603) 862-1427 or 911. TTY use 7-1-1.
2. All instances of sexual violence must be reported at UNH, sexual violence includes sexual harassment, sexual assault, unwanted sexual contact, sexual misconduct, domestic violence, relationship abuse, dating violence and stalking (including cyber stalking).
3. All Mandatory reporters are required to report the incident to the Civil Rights & Equity Office at (603) 862-2930. The only exceptions to this rule are students who personally experience sexual violence but do not wish to report, privileged confidential support service provides and Employee Assistance Program.
4. If someone is in danger call 911 immediately. During business hours 8am-5pm Monday through Friday call the UNH Title IX Coordinator at (603) 862-2930 / TTY users 7-1-1. This should be reported immediately.

5. Those who wish to file an anonymous report of sexual violence or sexual harassment about themselves or others may do so in any one of the following ways:
 - a. The online [Incident Report Form](#) sends a report directly to the UNH Title IX Coordinator. (not monitored 24 hours a day).
 - b. Report anonymously to the UNH police department by downloading the RAVE Guardian App.
 - c. Contact UNH Privileged Confidential Support Resources.

By reporting sexual violence anonymously, it may limit UNH's ability to respond fully and effectively to sexual violence complaints, but it is an available option. Anonymous reporting is only available to UNH students who are not mandatory reporters.

6. Privileged Confidential Support Services: While we encourage students and others to report sexual violence incidents so that we can keep you, and the campus, safe, we understand the difficulties that such processes can entail. Therefore, UNH offers medical, counseling, and general advice about options through our Privileged Confidential Support Services. These services include SHARPP, Health & Wellness, Psychological Counseling Services (PACS), Employee Assistance Program (EAP), and professional staff in the Beauregard Center. Discussions with these offices will not trigger a police investigation, UNH investigation or student conduct proceeding unless you request it.

REPORTING PROCEDURES:

UNH encourages those impacted by of sexual assault, domestic violence, dating violence, and/or stalking to report the incident immediately to UNHPD at 603-862-1212 or by calling 911. In addition to law enforcement, individuals may also report sexual assault, domestic violence, dating violence and stalking to UNH's Civil Rights & Equity Office. Following a report of sexual assault, domestic violence, dating violence and/or stalking to UNH, whether the offense occurred on or off campus, UNH will provide the student or employee a written explanation of the student's or employee's rights and options. All impacted individuals have the right to be accompanied by a support person of their choosing, including a survivor advocate, when they file a report, and to any meetings related to institutional disciplinary proceedings.

An impacted individual has the right and is encouraged to notify proper law enforcement authorities, including UNHPD and local police, to report sexual assault, domestic violence, dating violence and/or stalking. Impacted Individuals have the right to be assisted by campus authorities in notifying law enforcement if they choose. UNH will comply with a request for assistance in notifying law enforcement. If the crime occurred on UNH property, UNHPD has jurisdiction. If the crime occurred off campus, the impacted individual can notify the appropriate local law enforcement agency with jurisdiction at the location of the crime. UNHPD will assist them in identifying the correct law enforcement agency and will assist them in reporting it to that agency. Impacted Individuals have the right to NOT notify law enforcement or report the crime if they choose.

When reporting sexual assault, domestic violence, dating violence and/or stalking, please note the following:

- The preservation of evidence may strengthen an investigation, which may result in a better chance of holding the accused party responsible or obtaining a restraining order. (Evidence may include the clothing worn at the time, a record of threatening text messages and e-mails, and bodily fluids). The local hospitals (WDH and Portsmouth) have SANE nurse examiners on staff that can provide no-cost forensic medical exams, even if an impacted individual chooses not to report to law enforcement.
- Although not showering may provide a greater chance of evidence being found, even if a impacted individual has showered and changed clothes, a police report can be filed and/or medical exam can be obtained.
- Campus officials are required to provide information about options and assist in contacting law enforcement personnel if requested.
- Filing a report will generally involve an interview with law enforcement officer or an investigating officer from the CREO office (or both, if you choose to report to both agencies).

CONFIDENTIALITY:

UNH's CREO Director/Title IX Coordinator will be informed of all reports and will coordinate, as appropriate, with the police, Community Standards office and other campus staff only on a need-to-know basis.

The SHARPP Center, Psychological and Counseling Services (PACS), Health & Wellness staff, professional staff at the Bearegard Center and ordained pastoral counselors operate under policies and procedures that comply with Federal and New Hampshire state laws regarding confidentiality. Please check with each of these offices to learn more about limits on confidentiality. In addition, impacted individuals are encouraged to speak with the CREO Director/Title IX Coordinator, UNH Police Chief and Director of Community Standards to discuss their guidelines on confidentiality.

When a student or employee victim reports to a university office or official who is not explicitly designated as confidential, UNH will take every precaution to protect the impacted individual's privacy and confidentiality by sharing information only with university officials who have a legitimate educational interest and/or those who need to know for the purposes of providing an institutional response.

To protect impacted individual's safety and privacy, UNH maintains information about sexual & domestic violence in a secure manner. If the University has notice of an incident, UNH will keep their identifying information confidential to the extent possible by law.

However, once a report is made to the University, or the University has notice of an incident of sexual assault, sexual harassment, domestic violence, dating violence or stalking, confidentiality cannot be guaranteed unless that information is reported directly to one of the confidential resources listed. UNH will strive to maintain as private any modifications or supportive measure provided to the impacted individuals but keeping their information private may limit UNH's ability to provide modifications or supportive measures.

For impacted individuals aged 18 and older who report to non-confidential sources, reports of sexual assault, domestic violence, dating violence and/or stalking are directed to the CREO Director/ Title IX Coordinator, who will share relevant information only with those who need to know, such as complaint investigators, and other individuals who are responsible for handling the school's response to incidents, or as necessary to comply with the New Hampshire's 91-A Right to Know Law, a lawful discovery request or a governmental inquiry or investigation. UNH follows applicable Title IX guidance and the requirements of the federal Family Educational Rights and Privacy Act, 20 U.S.C.s. 1232g, when evaluating whether to disclose student information. In the case of minors, UNH employees must report any disclosures of child abuse or neglect to Child Protective Services (DCYF) or local law enforcement.

For Clery Act reporting and disclosures, an impacted individual's name or identifying information will never appear in a Crime Warning, on the Daily Crime log or in the AFSR. UNH will redact their identifying information when responding to requests for information pursuant to New Hampshire's 91-A Right to Know Law.

WRITTEN NOTIFICATION:

The institution will provide students and employees who have experienced sexual or domestic violence with a written explanation of their rights and options, as outlined in this publication, regardless of whether the offense occurred on or off campus. These resources will be provided regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Such written information will include:

- The procedures impacted individuals should follow if a crime of domestic or sexual violence has occurred.
- Information about how the institution will protect the confidentiality of impacted individuals and other necessary parties.
- A statement that the institution will provide written notification to students and employees about victim support services within the institution and in the community.
- A statement regarding the institution's provisions about options for, available assistance in, and how to request modifications and supportive measures; and
- An explanation of the procedures for institutional disciplinary action.

When the Civil Rights & Equity Office receives a report or disclosure that a student experienced sexual misconduct or sexual exploitation, a staff member from that office will offer information to the student about the student's rights, options, and resources available. UNH may provide support whether a Complainant chooses to file a Formal Complaint.

If the student wishes to meet with a staff member from the Civil Rights & Equity Office, the staff member will provide the student with written information about their rights, responsibilities, resources, and options.

UNH will provide reasonably available supportive measures to an impacted student and typically after a Formal Complaint, to a Respondent. Supportive measures are non-disciplinary, non-punitive, individualized support services that are offered as appropriate, as reasonably available, and without fee or charge to the parties when a report is received. Supportive measures are

designed to restore or preserve equal access to UNH's education program or activities without unreasonably burdening the other party.

Supportive measures may include counseling, extensions of deadlines or other course related adjustments, modifications of work schedules, class schedules, or co-curricular activities, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus and other similar measures. Supportive measures are available to both the Complainant and Respondent at any point after an incident of sexual misconduct or sexual exploitation is disclosed.

UNH will maintain as private any supportive measures provided to the impacted individual, to the extent that maintaining such privacy would not impair the ability of UNH to provide modifications or supportive measures.

UNH works to ensure that disciplinary investigations and procedures are prompt, fair, and impartial. Student Disciplinary process time frames are listed in the Student Code of Conduct under Article VI, Sexual Misconduct and Sexual Exploitation. UNH works to limit delays. Such delays will be evaluated by UNH on a case-by-case basis, and both parties will receive updates throughout the process.

DISCIPLINARY PROCEDURES FOR STUDENTS:

TIMELINE:

Individuals are encouraged to report sexual misconduct and sexual exploitation as soon as possible after the incident occurs to maximize the University's ability to respond promptly and effectively. Prompt reporting allows the University to obtain the most reliable information, be able to contact relevant witnesses (if any) and provide reasonable assistance and supportive or interim measures for affected parties. The University does not limit the time for reporting these incidents or filing a complaint, however, and in all cases, a decision will be made on existing facts to determine if an investigation and conduct proceedings are necessary to comply with the law and to serve the university community. If the student accused of sexual misconduct or sexual exploitation is no longer a student at the time the complaint was received, either because the student graduated or left the University permanently, the University is unable to pursue resolution. The University will assess whether any remedial steps can be taken to address any prohibited conduct or its effects on the university community.

TYPES OF DISCIPLINARY PROCEEDINGS:

Complaints against students for disciplinary code violations should be reported to Community Standards. Complaints against students for sexual misconduct should be reported to CREO. When the accused person is a student, the student disciplinary process will be utilized. Complaints should be submitted to the CREO Director & Title IX Coordinator or the Community Standards Office. Complaints against employees for sexual misconduct should be reported to CREO as well. When the accused person is an employee, the appropriate employee disciplinary process will be used based on the employee's category.

The University is committed to the timely and fair resolution of disciplinary matters involving students and organizations accused of violating the Code of Conduct, within the principles of due process that do not undermine the integrity of the conduct process. Generally, the more serious the possible deprivation, the greater due process protections owed. Although the Code of Conduct affords significant procedural protections in the conduct process to ensure the parties involved a meaningful resolution, this does not include the right to confront accusers in a manner inconsistent with this Code or be represented by counsel. As such, the Director may make reasonable alterations to any of these procedures in the spirit of a prompt conclusion depending on the context of the situation.

Resolution Agreement.

When UNH provides notice of an allegation to a Respondent, the Respondent may elect to participate in an expedited process by resolution agreement upon timely response to the notice of allegations and in lieu of a live disciplinary proceeding. The Respondent accepts responsibility for all pending charges, admits to the relevant allegations, agrees to specific sanctions, and waives the right to an appeal. The Respondent will be provided with information regarding a meeting to review the terms of the agreement and any conditions, sanctions, and remedies implemented. Resolution Agreements are final upon signatures of the Respondent and the Director or Conduct Officer.

- a. **Notice.** Respondents are notified through their UNH-issued email. The notice may include a detailed summary of the allegations made against the respondent, charges under consideration, and the resolution options available. The notice will also specify deadlines and instructions on procedures for responding, and deadlines, the date, time, and location of the meeting. and relevant links or attachments where the Code of Conduct is located and can be accessed.
- b. **Decision.** Typically, the decision-maker will send the Respondent a written notice of the decision as to whether the charges have been substantiated or not, based upon preponderance as the standard of proof, the rationale for the determinations, and the assigned sanctions (if any) five (5) business days after the meeting or at the conclusion of the conduct process when such cases involve multiple respondents.
- c. **Alternative Resolution Pathways.** Where possible, the university-wide conduct system prioritizes education and the growth of students as responsible community members. For this reason, the Director may make reasonable alterations to any of these procedures to handle many reports in a flexible way in the spirit of a prompt conclusion depending on the context of the situation.

At any time, the Director may also recommend the involved parties explore alternative dispute or conflict resolution opportunities or to undertake voluntary or mandated assessments, in lieu of adjudication. The student need not accept responsibility for prohibited conduct in order for such referrals to be made.

- d. **Investigation and Threshold Determination.** If the factual allegations of the report or complaint, if taken as true, do constitute prohibited conduct that does not involve harassment, sexual misconduct, and sexual exploitation, the Director may undertake an investigation if necessary.

The investigation is designed to be timely, thorough, and impartial and to provide for a fair and reliable gathering of the facts. The Director may facilitate an investigation or appoint an independent or external investigator for the matter at hand.

If an investigation of prohibited non-academic conduct reveals other prohibited conduct under this Code, the Office of Community Standards will forward the issue to the office or university official responsible for investigating that possible misconduct.

The procedures to investigate allegations of organizational misconduct will be moderately altered to meet the principles of fundamental fairness and determine if the investigation is best conducted jointly with or independently from any national or local organization granting affiliation status. Members of the organizations are called to participate in the investigation as witnesses, unless information surfaces that clearly establishes individual conduct.

Upon completion of the investigation, the investigator will make a threshold determination as to whether there is sufficient evidence to advance the matter to formal adjudication or recommend another method of resolution.

- e. **Preliminary Interview and Investigation Timeline.**

Reasonable attempts will be made to interview relevant witnesses and additional information, documentation, and witnesses from other sources may be explored. The Director will consider information that is relevant, material, and temporally proximate to the conduct at issue.

An investigation will be completed promptly with a projected timeline for completion of sixty (60) days. As appropriate, the Director will provide both the parties with periodic status updates during the investigation; however, the actual duration of each investigation may vary commensurate with its complexity, the severity, and extent of the allegations, the number of witnesses, the need for language assistance or accommodation of disabilities, and the possibility of interruption by curtailed operations or break periods. If the duration of an investigation exceeds these estimates, the Director will notify the parties, in writing, of any such delay.

- f. **Resolution Agreement**

A Respondent may elect to participate in an expedited resolution by agreement upon timely response to the notice of allegations and in lieu of adjudication. A Resolution Agreement summarily resolves alleged violations by way of the

Respondent accepting responsibility for all charges under consideration, admitting to the misconduct, and agreeing to specific sanctions and remedies without use of a hearing or opportunity to appeal. Resolution Agreements are final upon signatures of the Respondent and the decision-maker.

g. Options for Adjudication

Conduct Conference – The Respondent agrees to participate in a one-on-one fact-finding meeting with a Conduct Officer. This will allow for further exploration of other facts and circumstances of the alleged misconduct. The burden is on the respondent to prove that their position has merit. The Respondent will have an opportunity to share their perspective about the incident in question, clarify or correct any information submitted for review and answer questions specific to their alleged involvement.

Administrative Hearing – A Respondent can accept responsibility for all charges and request to petition for a specific sanction or lesser consequence. Typically, Administrative Hearings are facilitated by a single Hearing Officer who will not revisit the question of alleged prohibited conduct, but rather consider the Respondent's petition before rendering a final decision.

Panel Hearing – A Respondent can deny responsibility for one or more of the charges under consideration and contest the allegations brought against them before a body of trained community members comprised of faculty, staff, and students. Nothing in this Code shall preclude the Director from modifying the composition of the Panel or from directing a single Hearing Officer to serve as the decision-maker.

h. University Hearing and Expanded Protections

The following procedures apply to resolve alleged prohibited conduct that could reasonably result in University Housing Suspension, University Housing Removal, University Suspension, or University Expulsion:

i. Preliminary Meeting.

The preliminary meeting is likely to be the first time for the Respondent to review all relevant information that will be used to support the charges brought forth against them and to have the procedures to be followed at the hearing explained. If the date, time, and location of the hearing have been confirmed and the names of the decision-making body is known, this information will also be shared at that time. Additionally, the Respondent should be prepared to identify the advisor (if any) that will support them for the duration of the conduct process, to discuss alternative resolutions of the matter without a hearing, and to resolve special considerations, answer other questions, and share information prior to the hearing. Requests to reschedule preliminary meetings are typically only granted when there is an academic conflict.

j. Pre-Hearing Submissions

Community Standards reserves the right to verify the accuracy and authenticity of germane information shared prior to and during the hearing process, including witnesses, authors of letters or documentation submitted, and inspect documents to corroborate the account provided by the student. The Director, in consultation

with the Chair, will establish a reasonable deadline for these submissions, typically no longer than five (5) business days.

Formal rules of evidence do not apply, and the Chair shall make all determinations regarding the admissibility, probative value, prejudicial effect, repetitiveness, redundancy, relevancy, etc., of evidence presented. Evidence that was excluded or redacted from the record as impermissible will not be admissible at the hearing. Hearsay is admissible if the Chair finds that it is generally reliable, but any party may present reasons that admitted hearsay evidence is or is not sufficiently reliable to be the basis for a finding of responsibility.

The parties may request extensions that may be granted, if reasonable, at the discretion of the Director. Extensions granted to one party will be granted to the other party. Delays simply to prolong the process will not be permitted, and failure to meet deadlines will generally result in forfeiture of a party's ability to participate in that aspect of the process. Subject to a demonstration of compelling circumstances, a party who declines or fails to participate in a meeting or interview, provides evidence, or suggests witnesses, waives their right to do so upon the issuance of the final report and/or record.

k. Notice of Hearing

Hearings are scheduled as timely as possible. All efforts will be made to provide notice of hearing no less than three (3) days or no more than ten (10) days after a notice of allegations has been issued. The Respondent may waive the three-day notice. Time limits for scheduling meetings and hearings may be extended at the discretion of the Director. If the notice does not include the names of the decision-maker(s) slated for adjudication, the parties will be notified, in writing, later, prior to the hearing. Hearings may take place in person or via video conference or other remote technology.

In matters where there is more than one Respondent arising from the same incident, the Chair in consultation with the Director and the parties may order a consolidated or severed hearing. Respondents may request that hearings be conducted separately. In the case of a consolidated hearing, the Chair may reasonably adjust timelines and procedures if doing so is likely to result in reliable and more efficient outcomes without causing prejudice to the parties involved or confusion for the fact finders. When a hearing occurs at the end of an academic semester, including, but not limited to reading days and final exams, and during the summer and winter breaks, the Director may assign cases to a single Hearing Officer.

l. Request for Delay

The Respondent may request a postponement of no more than three (3) business days for reasonable cause. The Director will determine the validity of the request. Absent extenuating circumstances, a request for a postponement must be made in

writing, include supporting rationale, and be received by the person sending the hearing notification at least two (2) business days before the scheduled hearing. The University reserves the right to reschedule a hearing for the first appropriate available date. Given the number of individuals involved in a hearing, and the attendant difficulty of scheduling and rescheduling them in a timely manner, it may not be possible to accommodate all scheduling requests. The Chair may postpone and reschedule a hearing, without a request by the parties, when the cause to do so arises.

m. Challenge for Impartiality

The Respondent has the right to a hearing by an unbiased decision-making body, and the right to challenge the body that is serving in such capacity and the Chair, on the grounds of bias or conflict of interest. The Director will determine the validity of the objection but shall not impair the independence of designated hearing body, though they may always provide procedural advice and exercise best judgment to avoid acting in dual roles in the same conduct case.

The provisions about bias and conflict of interests shall not be construed so widely as to eliminate broad categories of panelists and no panel member will be excused solely based on a protected characteristic in accordance with the University's Statement of Nondiscrimination. Mere knowledge of the events at issue shall not disqualify a panel member. Where actual bias or conflict of interest is established, the Respondent may request that a panel member be excused because of a proven conflict of interest as provided in the foregoing provisions assuming they have not already recused themselves, to ensure that the process is managed by individuals that eliminates the identified bias or conflict.

Actual bias is an articulated prejudice in favor of or against one party or position; it is not a generalized concern about the personal or professional backgrounds, positions, beliefs, or interests of the decision-makers in the process. Panel members should be alert to potential personal, economic, or legal conflicts of interest between themselves and the persons bringing matters to the Panel or the student against whom a matter has been brought.

Panel members having past or present ties of kinship, marriage, or other very close personal relationship to any of the parties involved in the matter should notify the Chair that a conflict of interest exists and be automatically excused from participation; the nature of the relationship need not be disclosed to the Chair. Panel members having some form of close professional relationship with one or more of the parties involved in the matter (e.g., collaboration or cooperation in research, writing, or teaching with a colleague or service as an ongoing academic adviser, athletic coach, employed in the same department or unit or instructor to the student in class that is smaller in size) should notify the Chair that a potential conflict of interest exists.

A Panel member should inform the Chair that the nature of the matter creates an occasion for a conflict of interest and may request to be excused from

participation. Similarly, all issues relating to conflict of interest should be raised by the student and settled before the Panel begins consideration of the matter. Questions relating to conflict of interest may not be raised after the Panel has reached decisions, nor may they be grounds for appeal of the hearing results.

The foregoing provisions are intended not to be inclusive of all possible situations of conflict of interest, but rather to provide guidance. It is the intention of these provisions to enable the Panel to avoid both the appearance and the reality of conflict of interest so that the community will have confidence in the fairness of the proceedings. In case of doubt, the Chair and Panel Officer should assume that a potential conflict of interest exists.

n. Advisor Assistance

As an alternative or in addition to utilizing a university-trained advisor, the Respondent has the right to be assisted by an advisor of their choosing during the conduct process and at the hearing. The role of the advisor is to provide support and assistance in understanding and navigating this process. To protect the privacy of those involved, all advisors not trained by Community Standards are required to sign a confidentiality agreement prior to attending an interview or otherwise participating in the University's process.

The University's duty is to the student, not the advisor. All communication is made directly with the student. The process will not be unreasonably delayed to accommodate the schedule of the advisor. An advisor must familiarize themselves with university policy and may be provided with written expectations in advance of participation in university proceedings. The advisor may not testify in or obstruct an interview, author-written submissions, create a recording or transcription of the meeting, bring electronic devices into the meeting, or disrupt the process. The Director has the right to determine what constitutes appropriate behavior of an advisor and take reasonable steps to ensure compliance with this policy.

o. Reasonable Accommodation

A qualifying individual has the right to reasonable accommodations to ensure the opportunity to participate fully in the conduct process. Student Accessibility Services (SAS) and Community Standards are committed to and responsible for assuring students with disabilities receive equitable, effective, and meaningful access to all campus programs, resources, and services. The student who wishes to request accommodation should adhere to the procedures and documentation guidelines established by Student Accessibility Services (SAS). Students should advise Community Standards, in writing, of their intention to request accommodation no later than two (2) days prior to the scheduled hearing in order to permit sufficient time to make any necessary arrangements.

p. Standard of Proof

The University's prescribed standard of proof used to determine responsibility for policy violations is the preponderance of the evidence standard, when the information suggests that it is more likely than not that a violation occurred.

q. Presumption of Non-Responsibility

Decision-making bodies shall make no assumptions or presumptions (including about the credibility or culpability of the parties to the proceeding or witnesses) and reach decisions as to whether the Respondent has violated university policy solely based on the evidence and testimony presented to them.

The Respondent will be presumed not responsible until the appropriate disciplinary authority, using the preponderance of evidence standard, determines that a policy violation has occurred. When participating in any of the University's conduct processes, the Respondent bears does not bear responsibility to prove or disprove allegations. It is the University's role to gather information and apply an unbiased and transparent process so that the appropriate decision-maker can determine the outcome.

r. Notice of Decision

Following the conclusion of the hearing, the Respondent will be notified in writing of the hearing results outlining the findings of fact, rationale any determination whether the student is responsible for violating the Code of Conduct and the sanctions, if any. If sanctions are imposed, they will be issued in consideration of the specific circumstances of the case, institutional precedent, disciplinary history, aggravating and mitigating circumstances, and community impact. If the hearing results involve outcomes of Disciplinary Probation, University Housing Removal, University Suspension, or University Expulsion, a summary of the appeal procedures will be included.

s. Disciplinary Proceedings Held in Absentia

Students have a duty to cooperate with the university's conduct system and an obligation to provide truthful information. Because the most accurate and fair review and understanding of the facts of the incident at issue can best be accomplished when all parties are present, refusal to respond or participate will be considered a forfeiture of the party's right to address the allegations and denies the decision-making body from learning important information that could influence the outcome of the proceeding.

Although no inference or adverse action may be drawn against a student for failing to participate in a proceeding, the University reserves the right to continue with the conduct process to its conclusion in the student's absence except when there are exigent circumstances. Any findings of responsibility or non-

responsibility will be based on the information available, sanctions issued, and related deadlines will be documented in an outcome letter and sent to the applicable parties.

NOTIFICATION: (NOTICE TO ACCUSER AND ACCUSED)

UNH will simultaneously notify, in writing, both the accuser and accused of:

- a. The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault or stalking.
- b. The institution's procedures for the accused and the impacted individual to appeal the result of UNH's disciplinary proceeding, if such procedures are available
- c. Notification of any change to the results
- d. Notification of when the results become final.

TYPES OF SANCTIONS:

The aim of sanctioning is to protect the University community, deter future misconduct, promote individual accountability, and enhance ethical development. Reasonable efforts are made to educate and support students in reaching their academic and personal goals while fostering a climate of accountability and responsibility for one's actions.

Sanctions issued are commensurate with the violations found to have occurred. In determining the sanction(s) to be imposed, the decision-making body will take into account any mitigating circumstances and any aggravating factors including, but not limited to, any provocation by the subject of the conduct that constituted the violation, any failure to comply fully with previously assigned sanctions, the actual and potential harm caused by the violation, and the severity and pervasiveness of the prohibited conduct.

Ordinarily, the penalties for subsequent or repeated violations, whenever such violation(s) occur, will progress in severity. Further, certain types of violations are so fundamentally inconsistent with the University's educational mission that, absent unusual mitigating factors, will be considered for higher modes of discipline. Where appropriate, the sanction shall include the period of duration, any conditions to be observed during that period, and the conditions for termination of the sanction.

The following are authorized disciplinary sanctions and can be issued individually or in combination.

- a. Formal Warning
- b. University Housing Probation
- c. University Housing Suspension
- d. University Housing Removal
- e. University Disciplinary Probation
- f. University Suspension
- g. University Expulsion
- h. Loss of Privileges.
- i. Discretionary Assignments or Activities

University Procedures for Resolving Matters of Sexual Misconduct for Student Respondents, including Title IX Sexual Harassment:

Interim Exclusionary and Emergency Actions

In circumstances when a student's behavior poses an immediate threat to the physical health or safety of a student or any other individual arising from alleged sexual misconduct or sexual exploitation the Title IX Coordinator or designee can fully or partially remove or exclude a Respondent from its education program or activity following the procedures described in the Interim Action policy within this Code of Conduct. The Title IX Coordinator or designee will make the decision to fully or partially remove or exclude a respondent from its education program or activity based on an individualized safety and risk analysis.

If the University makes such a decision, the Respondent will be provided with notice and an opportunity to challenge the decision immediately following the removal.

Formal Complaint and Investigation

If the Respondent is a student, the procedures described in Article IV of [UNH's Student Code of Conduct](#) ("Conduct Resolution Process and Procedures") will be utilized for the investigation, resolution, and any appeal, as enhanced by the sections below. If after an investigation the matter advances to a formal adjudication, the [Office of Community Standards](#) is responsible for executing the proceedings.

If the allegations constitute sexual misconduct, the "Formal Complaint and Investigation" and "University Hearing Procedures" sections below apply and enhance the Conduct Resolution Process and Procedures of the Code of Conduct.

If the allegations constitute sexual exploitation, only the "Formal Complaint and Investigation" sections apply and enhance the Conduct Resolution Process and Procedures of the Code of Conduct.

- Receipt of Formal Complaint. The process to resolve the formal complaint will begin upon receipt of a formal complaint and conclude upon the issuance of a written determination. This process will be completed as soon as practicable but no more than 180 days after the receipt of a formal complaint. Deviations from this time frame will be made on a case-by-case basis and supported by good cause. Parties will be notified in writing regarding the length of time and justification for any such delays.
 - Mandatory Dismissal or Determination that Title IX Does not Apply
 - Pursuant to §106.45(b)(3)(i)), review of formal complaint of sexual misconduct: the Title IX Coordinator will review the formal complaint to determine whether the conduct alleged occurred within the university's program or activities and within the United States. The Title IX Coordinator may contact the Complainant to clarify the allegations. If the alleged prohibited conduct meets those requirements, the complaint will be processed as provided in this policy. If the conduct does not constitute sexual misconduct under that regulation, but otherwise alleges sexual misconduct under the Code of Conduct, the complaint will also be processed as provided in this policy.

- At any point after the receipt of a formal complaint, the Title IX Coordinator may determine that the alleged behavior, even if substantiated, would not constitute sexual misconduct or sexual exploitation and dismiss the formal complaint.
- The Title IX Coordinator will notify the Complainant and the Respondent of the results of the review or any subsequent mandatory dismissal. If the formal complaint is dismissed under these requirements, either party may appeal that decision within five (5) business days of receipt of the decision.
- Discretionary Dismissal
 - At any point after the receipt of a formal complaint, a Complainant may notify the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein, the respondent may no longer be enrolled or employed, or specific circumstances prevent the Title IX Coordinator from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
 - If the formal complaint is dismissed by the Title IX Coordinator as a discretionary dismissal, either party may appeal that decision within five (5) business days of receipt of the decision.
- Notice of Allegations and Complaint. The Title IX Coordinator will send a notice of allegations and the formal complaint to the Complainant and to the Respondent. Notice to the parties will state that the respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the hearing process, notice of their right to an advisor of choice, a summary of available resources, the contact information for the Title IX Coordinator, a link to this Code, and a caution against retaliation.
- Investigation. Investigator(s) will work under the direction of the Title IX Coordinator to complete a thorough, prompt, and equitable investigation.
 - In cases where there are parallel criminal and administrative investigations the Title IX Coordinator and investigator may cooperate with law enforcement to preserve the integrity of both investigations while striving to complete the investigation.
 - Parties whose participation is invited or expected must be provided with written notice of the date, time, location, participants, and purpose of all meetings, investigative interviews, or hearings with sufficient time for the party to prepare to participate.
- Reasonable Accommodation. This policy does not alter any institutional obligations under federal disability laws, including the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Parties may request reasonable accommodations for disclosed disabilities to the Title IX Coordinator at any point before or during the resolution procedures, provided the accommodations will not fundamentally alter the process. The Title IX Coordinator will facilitate the provision of requested accommodation in a timely manner.
- Amnesty. The University recognizes the barrier created by a student's perceived fear of disciplinary actions if at the time the alleged harm occurred, they engaged in the consumption of alcohol or drugs. As such, the University has adopted this provision as a mechanism to shield a student bystander, witness or complainant acting in good faith, who reports or discloses an allegation of sexual misconduct or sexual exploitation, from disciplinary action under these procedures if under any other circumstance, the behavior would constitute a violation under the Code of Conduct. Consistent with similar alternative pathways that do not involve allegations of sexual misconduct or sexual exploitation,

amnesty does not forgive or cover criminal, civil, or other legal consequences for violations of federal, state, or local laws or ordinances, nor does this provision apply when the violation is directly related to the facilitation of the offense.

- Investigative Report. The investigator will prepare a written report of the investigation that fairly summarizes relevant evidence.
 - The Title IX Coordinator will provide a comment draft of the report to both the reporting and responding persons and their advisors, and at the same time provide access to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, providing them both with ten days to submit a written response containing suggestions to make the report more accurate. The investigator will consider the written response(s) but is not required to accept any proposed change from either party.
 - The investigator will prepare a final investigative report and submit it to the Title IX Coordinator. The Title IX Coordinator will convey the final report to the parties and their advisors.
- Threshold Determination
 - Upon receipt of the final investigative report, the Title IX Coordinator will make a threshold determination as to whether the alleged behavior, even if substantiated, would constitute sexual misconduct or sexual exploitation or whether there is sufficient evidence to advance the Formal Complaint to a hearing.
 - If the threshold is not met for these criteria, the Title IX Coordinator may dismiss the case. If the Formal Complaint is dismissed, either party may appeal that decision within five (5) business days of receipt of the decision.

Informal Resolution

In lieu of a formal finding of responsibility or non-responsibility, the parties involved may agree to an informal resolution of the Formal Complaint, such as mediation or restorative justice, with the Title IX Coordinator or representative from the Civil Rights and Equity Office to resolve the allegations following the filing of a Formal Complaint and prior to a determination. An informal resolution is a voluntary, structured interaction which may only be requested after a Formal Complaint has been filed so that the parties understand what the grievance process entails and can decide whether to voluntarily attempt informal resolution as an alternative to the facts at issue.

University Hearing Procedures

- Notice of Hearing. The Director of Community Standards shall prepare the notice to be used to guide the parties to prepare for the hearing and to assist the hearing panel to understand the evidence presented at the hearing.
 - The notice shall provide fair notice of the alleged facts and shall specify the provisions of this Code that are alleged to have been violated.
 - The notice, together with a copy of the final investigative report, shall be conveyed to the parties at least 10 days before the hearing and to the hearing panel members at least 2 days before the hearing.
 - The notice will state that the respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the hearing process.
- General Proceeding Rules. The university will not issue a finding arising from an allegation of covered sexual misconduct or sexual exploitation without holding a live hearing with

Complainants and Respondents physically present, in the same geographic location, unless otherwise resolved through an informal resolution process. At the institution's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other. The hearing panel will be assembled with members free of conflicts of interest and bias and who have been trained in their responsibilities under the law and under this Code.

- Adjustments in the Hearing Process. Proceedings involving allegations of sexual misconduct, stalking, and relationship abuse shall be processed as provided for other reports of violation under this Code, subject to the following adjustments:
 - The Complainant and the Respondent may be assisted by an advisor of their choosing and a support person. Both the Complainant and Respondent must have an advisor present at the hearing for the purposes of cross examination. Neither party is required to request permission for the presence of an advisor or support person. If a party does not have an advisor of choice present at the live hearing, the University must provide without fee or charge to that party, an advisor of the University's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party. Advisors and support persons may not represent or speak on behalf of either party in any meeting or proceeding.
 - The decision-maker must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally
 - Hearings will be conducted by individuals who receives not less than annual training on issues relating to sexual misconduct, investigatory procedures and hearing procedures to protect the safety and rights of students and promote accountability, objectivity, impartiality, and a trauma-informed response.

Maintaining Student Records

The Civil Rights and Equity Office and Office of Community Standards are designated unit custodians responsible to maintain records in accordance with the Schedule for Record Retention and Disposal policies established.

The University will maintain a record of disciplinary records that include any sexual harassment investigation, including any responsibility determination, and any required recording or transcript, as well as any sanctions imposed on the respondent, and any remedies provided to the complainant; any appeal and its result; and all materials used to train adjudicators, with regard to sexual harassment, and any Informal Resolution Agreement and associated information, are retained for a period of seven years in adherence with recordkeeping requirements described under the Clery Act regulations, 24 CFR § 668.24(e)(92)(ii), the Title IX regulations described in 34 C.F.R. § 106.45(b)(10), state law and relevant university policies.

DISCIPLINARY PROCEDURES FOR EMPLOYEES:

It is the policy of the University of New Hampshire to uphold the constitutional rights of all members of the University community and abide by all United States and New Hampshire State Laws and University System of NH, and University of NH policies applicable to discrimination and

harassment. No member of UNH may engage in discriminatory or harassing behavior within the jurisdiction of the University that unjustly interferes with any individual's required tasks, career opportunities, learning, or participation in university life.

The Director of the Civil Rights and Equity Office is responsible for the monitoring of this policy and has oversight of all processes that are covered by the policy (including the process for student misconduct involving discriminatory harassment). The Director is the Title IX Coordinator and has special responsibility for actions regarding sex discrimination and sexual harassment in an institution of higher learning; pursuant to this Policy and in accordance with UNH Student Rights, Rules and Responsibilities, the Director has designated the Director of the UNH Community Standards Office to conduct specified functions of the Title IX Coordinator in addressing allegations of sexual harassment between UNH students. The Director of the Civil Rights and Equity Office (Title IX Coordinator) may also designate other appropriate administrators to perform duties that are described in this policy as responsibilities of the Title IX Coordinator. In addition, there are state legal requirements that any instance of sexual harassment of a student by an employee (faculty, administrator or staff) that comes to the attention of another employee must be reported; at UNH, reporting will be to the Director of the Civil Rights and Equity Office. The ADA Compliance Officer, whose position is in the Civil Rights and Equity Office, is directly responsible for disability compliance, and monitors all such complaints and issues.

SUPPORT AND RESOURCES:

Members of the UNH community who believe they are being subjected to discriminatory practices or discriminatory harassment may want to seek advice and support from certain on-campus resources. These individuals/departments can provide complainants with information on the many options available. UNH may provide information and support whether a complainant chooses to seek formal or informal resolution. Any University community member, whether student, faculty, or staff, may always contact the Director of the Civil Rights and Equity Office with a discrimination or harassment complaint, including sexual harassment. The SHARPP Center offers assistance and confidential support 24 hours a day. Complainants are encouraged to seek support where they feel most comfortable. Other resources include:

- [Academic Department Chair, or any College/School Dean or Associate Dean](#)
- [Chief Diversity Officer/Community, Equity, Diversity](#)
- [Community Standards Office](#)
- Directors of Academic Counseling
 - [UNH Durham](#)
 - [UNH Manchester](#)
 - [UNH Franklin Pierce School of Law](#)
- [Human Resources](#)
- [International Students and Scholars Office](#)
- [Psychological and Counseling Services \(PACS\)](#)
- [Student Accessibility Services \(support services for students with disabilities\)](#)
- [The Beaugard Center \(working closely with underrepresented and ally students\)](#)
- [University Police](#)

The Director of the Civil Rights and Equity Office will offer supportive measures to both complainants and respondents. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge

to the complainant or the respondent before or after the filing of a formal complaint or Title IX Formal Complaint or where no formal complaint or Title IX Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the university's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the university's educational environment, or deter discriminatory harassment.

FILING COMPLAINTS:

Report and Disclosure: Any member of the University community and any person may report or disclose incidents of sexual discrimination or sexual harassment at any time in person, by mail, by telephone, or by electronic mail. The report or disclosure may be made to the Title IX Coordinator. Mandatory Reporters are required to report to the Title IX Coordinator all disclosures made to them alleging sexual harassment. Individuals are encouraged to report sexual harassment as soon as possible after the incident occurs to maximize the University's ability to respond promptly and effectively. Prompt reporting allows the University to obtain the most reliable information, be able to contact relevant witnesses (if any) and provide reasonable assistance and supportive measures for affected parties. The University does not limit the time for reporting sexual harassment incidents or filing a report of violation, however, and in all cases, a decision will be made on existing facts to determine if an investigation and hearings are necessary to comply with the law and to serve the University community.

SUPPORTIVE SERVICES:

Outreach, Supportive Services, and Intake: When the Title IX Coordinator receives a report of sexual harassment, they will offer information to the impacted individual about the right to make a Title IX Formal Complaint for a violation of the policy, to receive supportive services and to participate in an intake. If the reporting person is not the impacted individual, only the impacted individual may make a Title IX Formal Complaint, provided that in limited circumstances the Title IX Coordinator can sign a Title IX Formal Complaint as well. The Title IX Coordinator will notify other administrators and UNH police as required and to the extent permitted by law

COMPLAINT: FORMAL

The Title IX Formal Complaint is a document filed and signed by the complainant (physical or digital signature or signed by Title IX Coordinator) alleging sexual harassment against a respondent and requesting that UNH investigate the allegations of sexual harassment.

The Title IX Coordinator will notify the complainant and the respondent of the results of the review conducted under section 6.5.1. The complainant or respondent may appeal the finding that the conduct alleged does not meet the requirements of 34 C.F.R §106.

NOTICE OF ALLEGATIONS:

The Title IX Coordinator will provide all parties who are known with a notice of allegations that will include a copy of the Title IX Formal Complaint. The notice will state that the respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the hearing process, and will include a summary of available resources, the contact information for the Title IX Coordinator, a link to this policy and a caution against

retaliation or knowingly making false statements or submitting false information. The notice of allegations will provide the respondent with sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The notice of allegations will inform the parties that they may have an advisor of their choice (who may be, but is not required to be, an attorney), and that they will be able to inspect and review evidence as provided in this Title IX process. The university will not limit the presence or choice of an advisor for either the complainant or respondent in any meeting or hearing, except 1) only one advisor and one support person may accompany a party; and 2) the advisor and support person may not participate in any way except as specifically permitted in this policy or as required by law.

INVESTIGATION:

After completion of any appeal of the determination under section 6.5, the Title IX Coordinator will appoint an investigator, who shall work under the direction of the Title IX Coordinator to complete a thorough, prompt, and impartial investigation. The investigator will be trained in their responsibilities under Title IX and this policy and be free from conflicts of interest or bias.

Title IX Coordinator shall provide a comment draft of the report to both the complainant and the respondent, and at the same time provide both parties with access to (or copies of) any evidence obtained as part of the investigation that is directly related to the allegations raised in a Title IX Formal Complaint. The parties will be provided with ten days to submit a written response containing suggestions to make the report more accurate. The investigator shall consider the written response(s) but is not required to accept any proposed change from either party.

HEARING:

UNH will provide for a live hearing with the decision-maker to adjudicate policy violations involving sexual harassment as provided by Title IX. The decision-maker will be free of conflicts of interest or bias. Such violations shall be decided as other offenses under this policy, subject to the following adjustments.

The Title IX Coordinator will assign an advisor, free of charge, to both parties, although either party may at their own cost select a different advisor of choice. Each advisor shall be aligned with one party and responsible for advising that party on preparing for the hearing, reviewing evidence, and conducting cross examination. The complainant and the respondent both have a right to choose to bring their own legal counsel as an advisor. Advisors may be present at any meeting or hearing. Legal counsel shall provide the Title IX Coordinator with 24 hours' notice that counsel will be present at any hearing or meeting. University counsel may be present at any meeting or hearing as well. Advisors shall abide by the rules of decorum at every meeting or hearing and shall not disrupt any meeting or hearing.

The decision-maker will have been trained in their responsibilities under Title IX and this policy. The decision-maker will not be the same person as the Title IX Coordinator or the investigator. The decision-maker will have an advisor to assist them to rule on the admissibility of evidence.

The complainant and the respondent have a right to have an advisor present at any meeting or hearing and to have access to appropriate advice about the hearing process. The parties must

speak on their own behalf at hearings, except that only advisors (and not the parties themselves) may conduct cross examination of witnesses and the other party.

The Title IX Coordinator and the decision-maker shall assure us that the complainant and respondent can present witnesses and argument, either in writing or in person as required, to reach a fair and accurate determination of the matter.

The Title IX Coordinator may conduct preliminary meetings separately with the complainant and respondent. The Title IX Coordinator may permit or require the parties to be in separate rooms or behind a screen during the hearing itself, and hearings may be held virtually, provided, however, that the respondent's right of confrontation shall be given appropriate weight and protection in fashioning protections for the complainant.

The decision-maker will issue a written determination regarding responsibility. The Title IX Coordinator will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that UNH provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

APPEAL:

Either party may appeal 1) a decision by the Title IX Coordinator to dismiss a Title IX Formal Complaint under section 6.5 or section 6.9; or 2) a responsibility determination by the decision-maker. Parties have ten (10) working days in which to file such an appeal. Both parties will have ten (10) working days following receipt of notice of appeal to submit a written statement in support of, or challenging, the outcome. Subject to extension for good cause, appeals will be decided within twenty (20) working days thereafter.

The Title IX Coordinator will notify both parties in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal may not be the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator. The appellate decision-maker will issue a written decision describing the result of the appeal and their rationale for the result. The Title IX Coordinator will provide the written decision simultaneously to both parties.

RESOLUTIONS:

Informal resolution cannot be utilized when a student alleges sexual harassment by an employee. UNH may not offer an informal resolution process unless a Title IX Formal Complaint is filed. Subject to these limitations, at any time prior to reaching a determination regarding responsibility the Title IX Coordinator may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that UNH:

(i) Provides to the parties a written notice disclosing: The allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Title IX Formal Complaint arising from the same allegations (provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw

from the informal resolution process and resume the grievance process with respect to the Title IX Formal Complaint); and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and (ii) Obtains the parties' voluntary, written consent to the informal resolution process.

TIME FRAME FOR RESOLUTION:

Any Title IX Formal Complaint will be investigated and adjudicated in a reasonably prompt time frame, generally 180 working days. Informal resolutions must be concluded in the same time frame as would apply to investigation and adjudication of a Title IX Formal Complaint. Temporary delay of the grievance process or the limited extension of time frames is permitted for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Just cause may include considerations such as the absence or unavailability of a party, a party's advisor, or a witness; concurrent law enforcement activity; the need for language assistance or accommodation of disabilities.

SECURITY AWARENESS AND CRIME PREVENTION

Creating a safe campus is everyone's responsibility. The following programs are offered to inform the campus community about campus security procedures and practices, to encourage the campus community to be responsible for their safety and the safety of others, and to inform students and employees about crime prevention.

Active Threats Training:

UNHPD conducts Active Shooter Response training presentation for students, faculty and staff, designed to provide an overview of an active shooter event. The instructors are experienced law enforcement trainers whose main goal is to share tactics and techniques that can and will help participants survive a crisis specifically, to survive an active killer incident. This training is provided as requested, several times a year.

Student Orientation:

During orientation students received information on the resources available to them at the University of New Hampshire. Information was provided about mental health and support offered by Psychological and Counseling Services (PACS). Information was also provided about alcohol, nicotine and other drugs. Students received information regarding the rules around these. UNH is a smoke free campus therefore nicotine is prohibited in any campus building or grounds.

Each student received information about the Civil Rights & Equity office and the services provided by them. All students were advised to make any report of discrimination, sexual misconduct, stalking or domestic and dating violence to this office.

Lastly, students were given information on safety on the UNH Campus. The university offers an app called USafeUS. Students were advised of the RAVE alert system. Students were advised that they needed to complete mandatory training on the following topics: consent, sexual violence, and bystander intervention with a focus on UNH policies and procedures.

Rape Aggression Defense (RAD):

The UNHPD offers two RAD classes per year, one each semester. The Rape Aggression Defense basic personal defense system is a national program of realistic self-defense tactics and techniques taught for women only. All classes are taught by nationally certified R.A.D. instructors. To learn more or sign up for a class contact the UNHPD at 603-862-1427.

Additional Crime Prevention and Security Awareness Programs:

Upon request, personnel from UNHPD are available to present to academic classes, departments, student organization, campus offices and residence halls regarding campus safety issues around crime prevention and security awareness. Presentations highlight steps to enhance personal safety as well as community responsibility for creating a safer campus. These programs encourage students and employees to be responsible for their own security and the security of others. UNHPD conducts many security awareness and crime prevention programs each year. Also see the chapter of this document entitled "Sexual Assault, Domestic Violence, Dating Violence and Stalking," for more crime prevention and security awareness programs.

UNH also uses sign board messaging to inform students, staff and faculty about prevention of crimes such as road safety violations, parking lot safety and other pertinent messages about safety on campus.

UNH ALCOHOL AND DRUG RESOURCE INFORMATION, POLICY AND LAWS

The University is committed to establishing and maintaining an environment that fosters mutually beneficial interpersonal relations and a shared responsibility for the welfare and safety of others. Because alcohol can have a significant effect on that environment, the University has adopted this policy for governing alcohol use by students, staff, faculty, visitors, and guests. The focus of the university alcohol policy is to comply with local ordinances, state laws and federal laws that protect the health and welfare of individuals and the community. The possession, consumption and transportation of alcohol by persons under the age of twenty-one is illegal in New Hampshire. While University policy permits responsible consumption of alcohol at some places and times, the consumption of alcohol should never be the primary purpose or focus of an event and should always comply with applicable law. Alcohol-free social events are encouraged.

ALCOHOL & CONTROLLED SUBSTANCE USE DURING WORK HOURS AT UNH:

Drug Free Workplace:

USNH views alcoholism and drug addiction as highly complex diseases that, once they have been diagnosed, can be addressed by appropriate treatment, and require the same consideration given to employees in cases of other illnesses. Because USNH values its employees, its only purpose in involving itself in the complex areas of alcoholism and drug addiction is to assist the employee in seeking treatment and returning to a state of effectiveness

and productivity. The Employee Assistance Program (EAP) is available to assist with such illnesses. Every case is handled with the utmost confidentiality.

The use of prescription drugs will be permitted by policy in strict accordance with the prescription of a licensed health care professional.

Where the use of alcohol is permitted by policy, safety considerations and concern for the image of the institution require that discretion be exercised in the use of alcoholic beverages either on or away from USNH property.

In situations where the use of certain types of prescription and non-prescription medication may negatively affect mental concentration or coordination (such as antihistamines or "mood altering" drugs), safety considerations may require temporary reassignment of duties and responsibilities.

Legal Requirements. In accordance with the Drug Free Workplace Act of 1988 (Pub. L. No. 100-690, Title V, Subtitle D) employees are prohibited from the unlawful manufacture, distribution, dispensing, possession, or use of any controlled substance in the workplace. Each USNH institution will: (a) make a good faith effort to maintain a drug free workplace, (b) conduct a biennial review of its program to determine effectiveness, (c) implement changes to the program if needed, and (d) ensure that disciplinary sanctions are enforced. Each USNH institution will take the following actions within 30 days upon notification of an employee conviction: (1) take appropriate personnel action against a convicted employee up to and including termination; (2) place a notice of the drug conviction in the employee's personnel file in accordance with normal disciplinary policy procedures; (3) require the convicted employee to utilize the services of the EAP and, (4) require the convicted employee to successfully complete an approved drug abuse assistance or rehabilitation program recommended by the EAP as a condition of continued employment.

Violations. If an employee is found to be acting against policy as stated above, they will be subject to appropriate action, which may include a warning, reprimand, or suspension, referral to counseling or EAP, or discharge.

USNH institutions may establish an ongoing drug/alcohol free awareness that informs employees of:

- A. The dangers of drug/alcohol abuse and the health risks associated with that abuse,
- B. The policy of maintaining a drug/alcohol free workplace,
- C. Any available drug counseling, rehabilitation program or an EAP, and
- D. The penalties that may be imposed upon employees for violation of this policy.

ENFORCEMENT POLICIES FOR ALCOHOL AND DRUG VIOLATIONS:

In compliance with the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, all students and employees of UNH are notified at least once a year, usually in the fall semester of UNH's drug and alcohol policies and procedures, enforcement of those policies, and risks regarding the use of alcohol and other drugs. The University also conducts a biennial review of UNH's alcohol and other drug programs and policies. The purpose of this report

is to determine program effectiveness and consistency of policy enforcement for students and employees of the University and to identify and implement necessary changes.

The unlawful possession, use, sale and distribution of illicit drugs and alcohol on the University Campus or during university sponsored activities are prohibited. The UNH Police Department has primary responsibility for the enforcement of State underage drinking laws as well as the enforcement of Federal and State drug laws.

1. Students and employees who are found to be in violation of this state prohibition may be subject to arrest and conviction under the applicable criminal laws of local municipalities, the State of New Hampshire, or the United States. Convictions can result in sanctions including probation, fines and imprisonment.
2. Students who are found to be in violation of this stated prohibition are subject to discipline in accordance with the procedures of the Community Standards Systems. Discipline may include disciplinary probation, eviction of university housing or dismissal from the university.
3. Faculty and staff employees who are found to be in violation of this stated prohibition are subject to discipline in accordance with the applicable university employment rules and procedures. Discipline may include probation, suspension, or termination of employment. In addition to the above requirements, all employees are notified that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance by university employees on university premises or off our premises while conducting University business is prohibited. Violation of this policy will result in disciplinary action, up to and including termination, and may have further legal consequences.

FEDERAL DRUG LAWS:

A Federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. MISSING STUDENT NOTIFICATION- STUDENTS LIVING IN RESIDENCE HALLS

University of New Hampshire has on-campus housing facilities at the Durham Campus, Law Campus and Appledore Island Campus. As a part of the housing assignment process, each prospective residence hall student, regardless of age, is given the opportunity to provide a missing person contact name and phone number to be used if they should go missing. They have the first seven days of move-in each semester to provide a contact for missing person purposes, which the Residential Life staff member will provide to the UNHPD should the student be reported missing. Students' contact person information is registered confidentially, and the information is accessible only to an authorized campus official, and it may not be disclosed, except to law enforcement personnel in furtherance of a missing person's investigation.

If a student is reported to have been missing for more than 24-hours, a Residence Hall Director, Resident Assistant, or Community Assistant should be notified. Once a student is reported to be missing, Residential Life and/or University Housing will immediately notify UNHPD, or the local police department who will begin an investigation. UNHPD will be informed if the missing person is under 18 and not emancipated. If the missing student is under 18 and not emancipated, UNHPD will notify Durham Police Department, custodial parent(s) or guardian, and any additional missing contact person, if any, designated by the student within 24 hours of determination that the student is missing. If Durham Police Department was the entity that originally made the determination that the student was missing, there is no need for UNHPD to notify the Durham Police Department. If a person is reported missing at the Concord Law campus, the security division will notify the Concord NH Police Department and notify the missing person contact if one is provided. If a student is missing at Appledore Island the staff will notify UNH Police Department who will contact the local law enforcement agency with authority.

Procedures for designation of missing person contact information:

1. Students living on campus shall be given notice of this policy and an annual opportunity during the first seven days after move-in each semester to designate an individual or individuals to be contacted by the university in the event they are determined to be missing for 24-hours. Missing person contact information shall be registered confidentially, shall be accessible only to authorized campus officials, and may only be disclosed to law enforcement personnel in furtherance of a missing person investigation. The missing person's contact shall remain in effect until changed or revoked by the student.
2. In the event a student is reported missing, the UNHPD or their designee shall attempt to contact his/her missing person contact no more than 24 hours after the time the student was determined to be missing for 24 hours.
3. For students under the age of 18, who are not emancipated and living on campus the following will occur: If a student under 18 is determined to be missing the university shall (is required to) notify a custodial parent(s) or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below. The missing person contact shall be notified as well.
4. For all missing students, UNH will notify the local law enforcement agency within 24 hours of determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student was missing.

Official Notification procedure for missing person

1. Any faculty, staff or student who has information that a residential student may be a missing person must notify the UNHPD as soon as possible and no later than 24 hours after they determine a student may be missing.

2. The UNHPD shall gather information about the student from the reporting person and from the student's acquaintances (i.e. Clothing, physical description, where student may be, vehicle description if applicable, mental health status, physical well-being, update to date photo, and class schedules, etc.). Appropriate campus faculty and/or staff shall be notified to aid in the search for the student.
3. No later than 24 hours after determining that a residential student has been missing for 24 hours, the UNHPD or their designee shall notify the missing person contact. For students that are under 18 and not emancipated a parent(s) or guardian will also be notified that the student is believed to be missing.
4. In all cases when the student is declared missing by UNHPD after an initial investigation and in consultation with other law enforcement agencies as appropriate, UNHPD will coordinate with the UNH office of media relations to provide information to the media that is designed to obtain public assistance in the search for any missing student. The coordination will ensure that investigations are not impeded by the release of information.
5. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, UNHPD will inform the local law enforcement agency with jurisdiction that a student has been missing within 24 hours.

Sexual Assault is defined as an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident- Based Reporting System user manual from the FBI UCR program, a sex offense is "any sexual act directed against another person, without the consent of the victim, including instances, where the victim is incapable of giving consent."

Rape is the penetration, no matter how slight, of the vagina, or anus, with any body part or object, or oral penetration by sex organ of another person without the consent of the victim. This definition includes any gender of victim or perpetrator.

Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or temporary or permanent mental incapacity.

Relationships which constitute incest in New Hampshire include ancestors, descendants, brother or sister, (of the whole or half-blood), or an uncle, aunt, nephew or niece. The relationships referred to herein include blood relationships without regard to

Dating Violence is defined as violence committed by a person who is or has been, in a social relationship of romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the following factors: length of relationship, type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:

- A. Dating violence includes, but is not limited to, sexual or physical abuse, or the threat of such abuse.
- B. Dating violence does not include acts covered under the definition of domestic violence.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or to suffer substantial emotional distress. For the purposes of this definition:

- C. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Hate Crimes are defined as criminal offenses committed that manifest evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. A bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, gender identity, ethnicity, or national origin. Hate crimes include any offense that is motivated by bias including murder/non-negligent manslaughter, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation and destruction/damage/vandalism of property.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny-theft, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of this compliance document.

A bias-related (hate) crime is not a separate, distinct crime in New Hampshire, but it is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime and if the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc. the assault is then classified as a hate crime.

Larceny-theft is defined as the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Destruction/Damage/Vandalism of property is defined as the willful destruction, injury, disfigurement, or defacing of any public or private property, real or personal, without the consent of the owner or person having custody or control of that property by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Intimidation is defined as the unlawful placing of another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to an actual physical attack.

Simple Assault is defined as an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, loss of consciousness or severe laceration.

Timely Warning Policies and Procedures

Known as Crime Alerts at University of New Hampshire, UNH will issue timely warnings for the Judd Gregg Marine Lab Community to notify members of the community about serious or ongoing threats to undergraduate students, graduate students, staff, and community members of the Judd Gregg Marine Lab. The UNH Police Chief or his designee is responsible for determining whether a reported Clery Crime represents a serious and ongoing threat to Judd Gregg Marine Lab students and employees. The Chief of Police or his designee is responsible for developing the content of the Timely Warning and issuing the Timely Warning. The warning will be sent via email through Rave Alert system to all undergraduate, graduate and employees at the Judd Gregg Marine Lab. It will also be sent through text message if the person signed up to receive text alerts on Rave (<https://alert.unh.edu>.) The message will also be sent as a directed communication which will alert all students, staff and faculty. The timely warning will also be put out on the UNH Police Departments website (www.unh.edu/upd), the UNH website (www.unh.edu) and when necessary on local area radios and television stations. The message may be sent out via social media or other available means. Judd Gregg Marine Lab geography extends 1 mile from shore out into the Atlantic Ocean. Therefore, UNH will not issue any warnings for incidents beyond these boundaries. The UNH Police would be justified to not send out a timely warning in those instances where issuing a Timely Warning would compromise law enforcement efforts. The UNH Police is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

University students and employees associated with this program are provided with a University of New Hampshire email address. The University of New Hampshire main campus Durham is responsible for the safety and security of the Judd Gregg Marine Lab campus and often communicates safety and security issues via email. Undergraduate and graduate students, and employees are encouraged to regularly check their UNH email account to receive important safety and security updates.

Emergency Response and Evacuation Policy and Procedure

Upon notice to University of New Hampshire Police Department that there may be a significant emergency threatening the students and employees in the Judd Gregg Marine Lab program, UNHPD will contact the New Castle Police and the Judd Gregg Marine Lab Site Director to attempt to confirm the emergency. Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the Judd Gregg Marine students and employees, UNH PD Chief of Police or his designee will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgement of UNHPD

compromise efforts to assist a victim or contain, respond or otherwise mitigate the emergency. Notifications will be sent to undergraduate program students and employees via Rave alerts email system. Text messages may also be used for those that registered for Rave alert text messages (<https://alert.unh.edu>). In some cases the radio and news media will be used to send alerts, as well as social media and the UNHPD (www.unh.edu/upd), and UNH (www.unh.edu) web pages. The content of the notification will be developed by the Chief of Police, or his designee based on the type of emergency. The Chief of Police or his designee will be responsible for sending out the emergency notification to the Judd Gregg Marine Lab community.

The building evacuation policy at Judd Gregg Marine Lab includes people being aware of fire safety and danger. Should undergraduate and graduate students or employees see fire or smell smoke in a building they are to exit the building, pull the fire alarm, and alert others to vacate and avoid the building and notify staff members. Upon smelling smoke or seeing fire the student or employee should immediately call the New Castle Fire Department at 9-1-1. Community members should make note of where the fire extinguishers, fire alarms, and fire hoses are in each building so that they are prepared to assist in an emergency.

Crime Prevention and Awareness Programming

All students will receive crime prevention and awareness programming from the main campus in Durham before attending the Judd Gregg Marine Program.

Drug and Alcohol Policies

IMPORTANT INFORMATION FOR UNIVERSITY OF NEW HAMPSHIRE MANCHESTER CAMPUS

OVERVIEW

The University of New Hampshire College of Professional Studies (CPS) is located at 88 Commercial Street in Manchester, NH. The University of New Hampshire at Manchester is an urban campus which offers undergraduate and graduate classes. Most students are commuters, and the University does not provide on-campus housing. The University has contracted with Southern New Hampshire University (SNHU) to provide housing for residential

students. For the academic year 2024-2025 students will be housed in Windsor Hall or Hampton Hall on the SNHU campus located in Hooksett NH.

COMPILATION OF THE ANNUAL SECURITY REPORT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires the distribution of an Annual Security Report to all current faculty, staff, and students and notice of its availability to prospective students, faculty, and staff. This document, referred to as the “Annual Security Report” or “ASR” is one of many mechanisms designed to inform current and potential UNH Manchester community members of crime, arrest and referral statistics, of current crime response, reporting, prevention and awareness policies, including policies regarding sexual assault, domestic violence, dating violence, and/or stalking, of campus disciplinary policies and relevant state laws, and of campus safety and security. This “ASR” includes crime, arrest and referral statistics for the previous three calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the UNH-Manchester Campus, and on public property within, or immediately adjacent to and accessible from, the campus. As of May 2023, UNH Manchester campus no longer offers on-campus residential housing.

This report is prepared by the University of New Hampshire Police Department (UNH PD) with the assistance of the UNH Manchester Security Services Division. To gather information for this report, UNH PD collaborated with the University Human Resources Department, Department of Student Life, and Civil Rights & Equity office (CREO), University Housing, Community Standards, Health & Wellness, The SHARPP Center, and other departments on the Manchester campus.

Crime statistics are gathered through reports made to the University Of New Hampshire Police Department (UNH PD), UNH Manchester Security Services Division, Community Standards, (Student Discipline), Civil Rights and Equity Office, the Office of Human Resources, Health & Wellness Services, The SHARPP Center and reports of criminal activity submitted by Campus Security Authorities.

UNH PD has also requested crime statistics from local law enforcement agencies that may have jurisdiction over UNH Manchester property. UNH PD and the Office of Community Standards collaborated in compiling the crime, arrest, and referral statistics to ensure statistics are not missed or double counted. A copy of this report is disseminated to students, faculty, and staff via e-mail each September. Anyone wishing to have a printed copy can obtain one at the security desk or by contacting Allison Jean at ajordan@unh.edu

SAFETY AND SECURITY

Security Services is a division of the University of New Hampshire Police Department. However, all public safety services are coordinated with other key University, State and local officials. UNH-M Campus Security Officers have jurisdiction for (responsibility) on campus property and parking lots. They patrol the Manchester campus on a regular basis. Security officers receive in-service training as well as training from the New Hampshire Campus Safety Academy.

Campus Security Officers are **NOT** sworn law enforcement personnel, they are not armed, and do **NOT** have the power of arrest or the authority to enforce State and Local laws; however, they do have the authority to enforce University Rules and Policies. Campus Security Officers as a

division of the UNH Police Department work very closely with the Manchester Police Department, the NH State Police, and other criminal justice agencies.

Campus Security officers are on duty, during the operating hours of the Pandora Building to assist members of the University community. Security provides patrols of the campus building (Pandora), and parking lots, provides key services to authorized personnel, administers the non-academic materials lost and found, issues parking permits and enforces parking on campus, provides Safety Escorts, issues school IDs, and maintains the Campus Crime Log (available upon request at security desk). The University Of New Hampshire Communications Center located on our Durham Campus, is staffed by professional emergency dispatchers and operates on a twenty-four-hour basis. The center receives calls for emergency and routine services. Communications specialists instantly dispatch the appropriate response and can communicate with the Manchester Police and Fire, State Police and Federal agencies when required.

University of New Hampshire Police Department (UNHPD)

The University of New Hampshire Police Department (UNHPD) is a full-service, 24-hour agency with approximately 32 sworn officer positions. The Officers are armed and have the power and authority to make arrests and have law enforcement jurisdiction on the University of New Hampshire's main campus in Durham, and on all University properties statewide. Sworn UNH Police officers do not routinely patrol the Manchester Campus. UNH Police officers assigned to patrol use Body Worn Cameras (BWCs) for all contacts with the public.

UNHPD provides dispatch services through its own 911 Communications Center for the main campus in Durham and for the Manchester and Concord campuses.

Response to a Reported Crime

Manchester PD dispatchers are available 24 hours a day. When a crime is reported, Manchester Police officers will respond to investigate the crime, search for suspects, collect available evidence, file a report, and work with local prosecutors. In response to an emergency, Manchester Police will respond, evaluate, and summon the appropriate resources to respond to the incident. All arrest reports involving students may be forwarded to the Dean of Students Office for review and potential action, such as initiating the student disciplinary process by referring the matter to the Office of Community Standards when appropriate and/or offering support to student victims. Where applicable the Director & Title IX Coordinator will also be informed.

Response to crimes reported to the Dean of Students Office or to the Human Resources Department may include initiation of a disciplinary action or notice to law enforcement if the crime involves a minor.

Under NH State Law, University officials must report crimes including hazing, child and elder abuse, and treatment given for gunshot wounds. In addition, there are state legal requirements that any instance of sexual harassment of a student by an employee (faculty, administrator or staff) that comes to the attention of another employee must be reported at UNH, by reporting to the CREO office.

IMPORTANT INFORMATION FOR UNIVERSITY OF NEW HAMPSHIRE FRANKLIN PIERCE LAW SCHOOL

OVERVIEW

The UNH Franklin Pierce School of Law is located at 2 White St. Concord, NH. It is a commuter school for those pursuing a degree in Law. They have limited housing available for residential students. The Law School offers a free law clinic for community members in need of legal advice.

COMPILATION OF ANNUAL FIRE AND SECURITY REPORT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires the distribution of an Annual Security Report and Annual Fire Safety Report to all current faculty, staff, and students and notice of its availability to prospective students, faculty, and staff. This document, referred to as the “Annual Security Report and Annual Fire Safety Report” or “AFSR” is one of many mechanisms designed to inform current and potential UNH community members of crime; arrest and referral statistics; current crime response; reporting; prevention and awareness policies, including policies regarding sexual assault, domestic violence, dating violence, and/or stalking; campus disciplinary policies and relevant state laws; and of campus safety and security. This “AFSR” includes crime, arrest and referral statistics for the previous three calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University of New Hampshire, and on public property within or immediately adjacent to and accessible from the campus. The fire report at the end of the document contains current University of New Hampshire Housing fire safety protocols and fire statistics for the previous three calendar years.

This report has been prepared by the Clery Compliance Office at the University of New Hampshire Police Department (UNH PD). To gather information for this report, UNH PD collaborated with the Concord Police and Fire Departments, Human Resources, the Department of Student Life, the Civil Rights & Equity Office (CREO), the Dean of Students' Office, Community Standards, Health & Wellness, The SHARPP Center and other departments on campus.

Statistics are gathered through reports to the University of New Hampshire Police Department (UNH PD), the Dean of Students Office, the Civil Rights & Equity Office, the Office of Human Resources, Health & Wellness, The SHARPP Center and reports submitted by Campus Security Authorities. UNH PD also requested crime statistics from outside law enforcement agencies that have jurisdiction over UNH non-campus property. UNH PD and the Dean of Students Office collaborated in compiling the crime, arrest and referral statistics to ensure statistics are not missed or double counted. A copy of this report is disseminated to students, faculty, and staff in an e-mail sent in September each year. Crimes are classified using the FBI Uniform Crime Reporting Handbook, the National Incident Based Reporting System Handbook and the Guidance from the Department of Education. New Hampshire law is used to define drug, liquor and weapons law violations, as well as incidents of domestic and dating violence.

SAFETY AND SECURITY

The UNH Franklin Pierce School of Law has a campus security division that is responsible for providing continuous year-round security to the UNH Law School community. Campus security officers patrol the campus and parking lots regularly. Campus security officers also receive in-service training.

Campus security officers are non-sworn, not armed and do **NOT** have the powers of arrest, except for the Security Services supervisor (**Sergeant John MacLennan**) who is a sworn UNH Police Department law enforcement sergeant. Security also works very closely with the Concord NH Police Department and Concord NH Fire Department.

Security officers are on duty, during the hours of operation consistent with the Law Library, to assist members of the University community. The primary responsibility of Security Services is to ensure the security of campus facilities. Security patrols the campus buildings and parking lots, and they provide key services to authorized personnel. They also administer the non-academic materials lost and found, deal with parking issues, provide safety escorts, and maintain the Campus Crime and Fire Safety Logs. (These logs can be obtained at the front desk of the law school).

UNHPD and UNH Law Security maintain a strong working relationship with the Concord Police Department and other surrounding state and local law enforcement agencies. Staff participate in local and statewide meetings to share information and resources, as deemed necessary. UNHPD has a memorandum of understanding with the City of Concord. The Concord Police Department provides all police services to the UNH Law School.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Response and Evacuation

The Emergency Management Division of UNHPD, was established in 2012 to manage all areas of emergency preparedness on the UNH campuses. The Unit coordinates with various university and community entities to ensure that UNH students, faculty, staff, and visitors are prepared to respond to emergencies, recover from them, and mitigate against their impact. The Emergency Management Division also works closely with several campus partners to develop and implement UNH's crisis communication plan.

Crisis and disaster events require campuses to not only prepare for such events, but also requires an understanding of response capabilities and limitations. It is impossible to predict exactly when a crisis or disaster will occur, or the extent to which it might affect the campus. Through deliberate planning, preparation, and training UNH can greatly minimize losses from these events.

UNH maintains an Emergency Response Plan that outlines responsibilities of campus departments during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of each unit and/or position.

The Emergency Management Division works with each department to create and update emergency response and continuity of operations plans. The Emergency Management Division provides resources and guidance for the development of these plans.

When an emergency occurs, the Emergency Operations Plan (EOP) is activated. The EOP delineates the response procedures for emergencies and disasters that could impact the campus. When the EOP is utilized, two response organizations are established: The Emergency Operations Center (EOC) and the Senior Management Group (SMG). The EOC is staffed by pre-identified campus personnel identified as members of the University Emergency Group (UEG). They are trained to coordinate the campus' response and recovery efforts. Members of the UEG are vetted UNH personnel in the middle to upper management positions from the major functional areas of the University, including, but not limited to Facilities Operations and Maintenance, Transportation, Telecommunications, Energy and Campus Development, Durham Fire Department, Media Relations, Health and Wellness, Hospitality Services, UNHPD, Environmental Health and Safety, the President's office, Durham Town Administrator, and representatives from the UNH Manchester and UNH Law School. The EOC facilitates sheltering of evacuees, debris removal, restoration of services, and supports on-scene personnel. The primary EOC location is in the UNHPD conference room. Senior Leadership (SMG) consists of the President, Provost, Vice President of finance and administration, Chief of staff, Chief of Police, Dean of Students, Associate Provost for Academic Affairs and administrative staff from the president's office. Their primary responsibilities include setting policy and providing support to the EOC and on-scene personnel.

The Emergency Management Division, in cooperation with the Department of Environmental Health and Safety provides training and information on five mission areas of emergency management: prevention, protection, mitigation, response and recovery. There is at least one Emergency Response tabletop drill conducted each year.

Annual emergency response and evacuation tests are planned in conjunction with other emergency agencies. The University conducts emergency response drills, and exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. These tests are often announced and publicized via campus mail, and various newsletters in conjunction with the tests themselves.

The Emergency Management Division has primary responsibility for the development and facilitation of emergency exercises at UNH. An After-Action Report- Improvement Plan is written following each exercise that lists the scenario, participants, date, time, location, whether the test was announced or unannounced, areas of strengths, areas of improvement, and corrective actions. The campus is committed to evaluating response capabilities through the exercise and After-Action Report process, with the goal of correcting areas of improvement identified during the exercise.

All residential halls have at least one fire drill per year. Building evacuation drills are scheduled, documented, contain exercises involving a coordination of efforts, contain follow-through activities, and are designed for assessment and evaluation of emergency plans. A record of whether they are announced or unannounced is kept. Evacuation maps are posted in every building and on the door of every dorm room.

Emergency Evacuation

The emergency evacuation procedures are tested at least once a year. Students and employees learn the locations of the emergency exits in the building and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The UNHPD does not inform building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, UNHPD staff on scene will communicate information to students and staff regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At UNH, evacuation drills are used to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and sound of the fire alarm.

General Evacuation Procedures

At the sound of a fire alarm, or if you are instructed to evacuate, leave your work/living area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify UNHPD (603-862-1212) Police emergency or dial 911.

1. Remain calm
2. Do NOT use elevators. Use the stairs.
3. Assist the physically impaired. If they are unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform UNHPD or the responding fire department of the individual’s location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.

6. Do not re-enter the building.

Shelter-in-Place Procedures- What it means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-place” guidance

If an incident occurs and the building you are in is not damaged, stay inside an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest University building quickly. If police or fire department personnel are on the scene, follow their directions.

How will you know to “Shelter-in-place?”

A shelter-in-place notification may come from several sources, UNHPD, Housing Staff Members, other University Employees, Local Police, or other authorities utilizing the University’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of Shelter-in-Place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside, It should be:
 - a. An interior room
 - b. Above ground level; and
 - c. Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (University staff will turn off the ventilation as quickly as possible).
6. Make a list of the people with you and ask someone (hall staff, faculty, or other staff) to call the list in to UNHPD so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Check the UNHPD website for updates and further instructions.
9. Make yourself comfortable.

SAFETY PROGRAMS ON CAMPUS:

Blue Light Emergency Phones

There are 58 Blue Light emergency telephones located throughout campus with a direct connection to the UNHPD. Blue light emergency telephones are tested monthly by UNHPD. Facilities and Telecom provide all maintenance to these phones. All emergency phones located outside have a blue light on top of them except for yellow emergency callboxes located at the entrance of each residential building and some academic buildings.

Police Escorts/ Safe Rides/ Campus Shuttles

UNH offers campus shuttles from 7p-midnight. Students can request guaranteed rides by calling (603)-862-2328. Otherwise, shuttles will stop at each bus stop located across campus approximately every 20-25 minutes.

Students and employees may also request a walking escort from the UNH Police Department by calling (603)-862-1427. These can be requested any time of day. Generally, they will be performed by UNHPD Campus Service Officers. When Campus Service Officers are not on duty then a police officer will perform the escort.

Lastly students have an option to call Safe Rides when they are intoxicated for a safe ride to their home. It is a first come first serve ride system which can be utilized by calling (603)-365-6406. Safe Rides operates Thursday-Saturday from 11p-3a.

Behavioral Intervention Team

BIT is a multi-disciplinary team that promotes student success and well-being by engaging directly with students of concern and serving as a consultative body to students, faculty, and staff who are working with [students in distress](#). BIT members monitor behavioral patterns, inquire about students' unique lived experiences, and work directly with students' support systems to create a coordinated and caring response when students' mental health concerns have the potential to substantially interfere with their or other students' academic success.

The mission of the Behavioral Intervention Team (BIT) is to identify students experiencing significant mental health challenges, coordinate thoughtful outreach and support, and provide interventions to interrupt behaviors that are blocking their academic and social success.

FIRE SAFETY:

Students must not engage in activities that create or maintain a fire or fire hazard. Specific rules pertaining to fire safety on university property include the following:

- a. **Fire Safety Equipment:** Students may not tamper with or hang anything from fire safety equipment such as sprinklers, pull stations, fire extinguishers, smoke alarms, fire curtains,

or any other equipment for fire prevention, detection, or response. This includes, but is not limited to, installing, decorating, hanging, or otherwise placing an item in a manner that may conceal exits or exit signs, sprinkler heads, and fire safety devices, or impede exit in any way.

- b. **Open Flames and Gas Containers:** Deliberately setting fire to property is prohibited. In general, except for portable lighters, students may not create open flames or possess devices that produce open flames including, but not limited to, butane torches and grills, without approval as part of a sanctioned educational/classroom activity or event. Flammable fuels such as kerosene, propane, butane, charcoal lighter fluid, and gasoline are prohibited on campus unless approved as part of a sanctioned educational/classroom activity or event.
- c. **Evacuation:** Students are required to evacuate the building during a fire alarm in a timely manner.

Residential Housing Fire Safety Policy and Regulations

In addition to the rules described above, the following items are prohibited in on-campus housing:

- a. **The following items are prohibited in all on-campus housing facilities:** Halogen lamps, electric heaters, electric blankets, lava lamps, and other decorative objects which heat up, live holiday decorations (i.e., Christmas trees), candles, wax tarts, incense, explosives, fireworks, hazardous chemicals, motorized vehicles of any kind, including hoverboards, or parts, repair tools, accessories for any motor vehicle, air conditioners, clothes washers and dryers, dishwashers, and water beds.
- b. **The following items are prohibited in the residence halls (but allowed in university apartments):** induction plates, hot plates, rice makers, instapots, heating/immersion coils, electric frying pans, panini makers, mini grills, mini ovens, slow cookers, toasters, toaster ovens, and air fryers.

PROCEDURES TO FOLLOW IN CASE OF A FIRE:

If a fire occurs in a University of New Hampshire, residence hall or apartment, community members should pull the fire alarm, use the nearest safe exit to evacuate and notify UNHPD and Durham Fire Department immediately by calling 911. If a community member finds evidence of a fire that has been extinguished, and the person is not sure whether UNHPD has already responded, the community member should immediately notify UNHPD at (603)862-1212 to investigate and document the incident. For the purposes of including a fire in the statistics in the Annual Fire Safety Report.

Procedures students and employees should follow in case of a Fire

In the event of a fire the following are the procedures that should be followed by students or employees:

Student Housing Evacuation Procedures in case of a fire:

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so.

- Awaken any sleeping roommates or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Resident life staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out of the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- **DO NOT USE THE ELEVATORS.** Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
- Each resident should report to their assigned assembly area. Resident life staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel.

Fire Safety:

University Residential life and Housing use a variety of safety equipment to contribute to a safe environment. Fire extinguishers, smoke alarms, sprinkler systems, exit signs, pull station alarm covers, and fire doors are all designed to help with your safety. Tampering with any of these systems could lead to dismissal from University Housing.

Fire Precautions:

To greatly reduce the chance of a fire you should:

- Avoid running electrical cords under carpeting, where the cords can be stepped on and easily damaged.
- Use surge protectors with their own built-in-fuse
- Empty wastebaskets regularly
- Follow all fire safety and prevention rules and policies
- Do not overload electrical circuits and do not string extension cords over nails, under carpets or furniture, or in locations where they will wear.
- Use only approved appliances
- Do not operate appliances when you are not present and not operate appliances in closets or close to flammable materials
- Keep doors to stairwells closed
- Keep hallways clear of your belongings including shoes and boots
- Do not hang items on the electrical conduit, or fire sprinkler systems

- Flammable items such as stain, flammable cleaning solvents, butane, propane torches, gasoline, camping or cooking fuels, oil lamps, oil candles, are strictly prohibited.

Residents will be held financially responsible for acts of negligence or intent that result in damage to university property and/or the personal property of others.

Fire Safety equipment in Residence Halls:

Sprinkler, fire detection and alarm systems:

Each residence hall is protected by an automatic fire detection system that is connected directly to the UNH Communications Center. Upon receiving a fire alarm activation, the Fire Department immediately responds to your residence hall. The fire protection system is comprised of smoke and heat detectors, sprinklers, and hallway manual pull stations. All rooms have a sprinkler and local-sounding smoke alarms. If you suspect a smoke alarm is malfunctioning, contact your RA or UNH Maintenance immediately. Maintenance can be reached at 1-603-862-1437.

Malicious false alarms:

Anyone activating a fire alarm without cause by pulling a pull station or tampering with any of the automatic fire detection devices is responsible for a malicious false alarm. This is a serious offense. By initiating such a false alarm, one exposes both residents and fire fighters to unnecessary risk. Those caught causing a malicious false alarm will be arrested and prosecuted to the full extent of the law and may be held accountable for any injuries or damage which occurs during a fire evacuation.

Fire Extinguishers:

Fire extinguishers are found in every residence hall. These are your first line of defense in case of a fire and could save your life or the lives of your friends. **DO NOT TAMPER WITH FIRE**

EXTINGUISHERS. Eviction from the residence hall is a possible consequence for tampering with a fire extinguisher. There is a \$100 charge for replacing a fire extinguisher that has been misused.

Fire Safety Training:

Basic fire safety instruction is provided to all students by multiple means. Each residence hall room is provided with an instructional sign located on the back side of the dorm room that contains information on what to do during an emergency. Students also receive annual fire drills to ensure they understand the proper building evacuation procedures during an emergency. Additionally, RA's receive specific training during orientation on their responsibilities during both fire and medical emergencies.

Additional hands-on practical training of fire extinguishers that utilize live fire exercises is available upon request.
