

Electronic Edition

This file is part of the electronic edition of *The Unicode Standard, Version 5.0*, provided for online access, content searching, and accessibility. It may not be printed. Bookmarks linking to specific chapters or sections of the whole Unicode Standard are available at

<http://www.unicode.org/versions/Unicode5.0.0/bookmarks.html>

Purchasing the Book

For convenient access to the full text of the standard as a useful reference book, we recommend purchasing the printed version. The book is available from the Unicode Consortium, the publisher, and booksellers. Purchase of the standard in book format contributes to the ongoing work of the Unicode Consortium. Details about the book publication and ordering information may be found at

<http://www.unicode.org/book/aboutbook.html>

Joining Unicode

You or your organization may benefit by joining the Unicode Consortium: for more information, see [Joining the Unicode Consortium](http://www.unicode.org/consortium/join.html) at

<http://www.unicode.org/consortium/join.html>

This PDF file is an excerpt from *The Unicode Standard, Version 5.0*, issued by the Unicode Consortium and published by Addison-Wesley. The material has been modified slightly for this electronic edition, however, the PDF files have not been modified to reflect the corrections found on the Updates and Errata page (<http://www.unicode.org/errata/>). For information on more recent versions of the standard, see <http://www.unicode.org/versions/enumeratedversions.html>.

Many of the designations used by manufacturers and sellers to distinguish their products are claimed as trademarks. Where those designations appear in this book, and the publisher was aware of a trademark claim, the designations have been printed with initial capital letters or in all capitals.

The Unicode® Consortium is a registered trademark, and Unicode™ is a trademark of Unicode, Inc. The Unicode logo is a trademark of Unicode, Inc., and may be registered in some jurisdictions.

The authors and publisher have taken care in the preparation of this book, but make no expressed or implied warranty of any kind and assume no responsibility for errors or omissions. No liability is assumed for incidental or consequential damages in connection with or arising out of the use of the information or programs contained herein.

The *Unicode Character Database* and other files are provided as-is by Unicode®, Inc. No claims are made as to fitness for any particular purpose. No warranties of any kind are expressed or implied. The recipient agrees to determine applicability of information provided. *Dai Kan-Wa Jiten*, used as the source of reference Kanji codes, was written by Tetsuji Morohashi and published by Taishukan Shoten.

Cover and CD-ROM label design: Steve Mehallo, www.mehallo.com

The publisher offers excellent discounts on this book when ordered in quantity for bulk purchases or special sales, which may include electronic versions and/or custom covers and content particular to your business, training goals, marketing focus, and branding interests.
