Registering for Beginning Mathematics Courses

College Algebra
or Equivalent

Calculus I

**Students who do not have TSI, SAT or ACT math scores will be required to take the pre-algebra test administered by the University Testing Center. Students who fail the test will be required to enroll developmental math courses elsewhere*

***Students enrolling in Calculus I must have the minimum SAT or ACT math scores noted above or one of the following: "C" or better in MATH 1316 or MATH 2312: Precalculus, or pass the departmental trigonometry test. It is assumed that all students enrolling in Calculus I are proficient in algebra. Students who are not proficient in algebra are advised to enroll in MATH 1314: College Algebra and MATH 1316: Trigonometry (Offered at Waxahachie Global High School only), or MATH 2312: Precalculus prior to enrolling in Calculus I.*

COLLEGE OF ARTS AND SCIENCES

Dr. Neil Gray, Dean

Undergraduate Advising Information

Pre-Professional Programs

Pre-Law

Core Curriculum

Biology: 14 sem. hrs. (must contain a minimum of 2 sem. hrs. of lab)

General Biology: 8 sem. hrs. (Including Lab)

Pre-Medicine, Pre-Dentistry Programs,
and Other Pre-Professional Health Tracks
in the College of Arts and Sciences

Other Biology Courses: 6 sem. hrs. (The labs are not required, but are strongly recommended.)

Chemistry: 19 sem. hours – General, Organic,
and Biochemistry

General Chemistry: 8 sem. hours (Including Lab)

Organic Chemistry: 8 sem. hours (Including Lab)

Following are the UT Tyler courses which meet
minimum admission requirements for
dental/medical schools in Texas.

Biochemistry: 3 hours

Physics: 8 sem. hrs. – Choose one of the
appropriate sequences

Sequence for premedical students majoring in engineering

Sequence for premedical students not majoring in engineering

Mathematics: 7 sem. hrs. – Calculus and Statistics

Required Courses

English: 6 sem. hrs.

Required Courses

Pre-Theology

School of Education

Dr. Frank Dykes, Director

Initial Teacher Certification

Bachelor of Science in Interdisciplinary Studies (BSIS)

Admission Requirements for All Certification Areas

NOTE: The Division of Certification and Standards of the Texas Education Agency (TEA) in conjunction with the State Board for Educator Certification (SBEC) regulates the certification of educators to teach public school children. Working with the Texas Department of Public Safety (DPS) and the FBI, the Division of Educator Certification and Standards conducts a state and national criminal history background check on all applicants for educator certification, ensuring each candidate's suitability to teach children. Each student applying for certification must be fingerprinted by an authorized agency. TEA will provide fingerprint information at the time of the candidate's application. Students pursuing educator preparation should know that conviction for a felony or misdemeanor may lead to denial of teacher certification.

Criminal History Acknowledgement: As required by Texas HB 1508, applicants need to be aware of the following:

In order to receive teacher certification, you must pass a criminal history background check.

If you have been convicted of an offense that is considered not appropriate for a teacher, you could be ineligible to earn this certification from the state of Texas.

You have a right to request a criminal history evaluation letter from the Texas Education Agency. The Texas Education Agency currently charges a \$50 fee for this criminal history evaluation. For more information, see the Preliminary Criminal History Evaluation webpage at the Texas Education Agency (https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/)

Student Experiential Placements

Professional Dress and Classroom Behavior

The general dress code for classroom activities is business casual.

Professional Dress in Experiential Learning

Transfer of Credit

Student Records

Scholarships

All students must maintain good personal hygiene (cleanliness, body odor, etc.) at all times:

Classroom demeanor should be respectful of the learning environment:

Tuition, Fees and Financial Aid

Students participating in patient care related extracurricular activities that involve patient care should consider the venue and the purpose of the event when deciding on clothing.
