

“National Weather Service, this is Lara, yes we currently have a line of thunderstorms moving in”

“Wind gusts up to 60 mph can be expected with this line of thunderstorms”

Matt Grantham - Meteorologist narration

“I'm a spotter and I see a downburst just west of town. Looks like very strong winds and large hail.”

“Outdoor events are common across the nation. Sometimes these events are interrupted by the weather, placing hundreds if not thousands of people's lives in jeopardy. Knowing what to do, when hazardous weather approaches, could mean the difference between life and death.”

“Fact is, there is no safe place outdoors

when a thunderstorm is nearby. The vast majority of storm victims were going to a safe place but waited too long before seeking safe shelter. “

“When hosting an outdoor event; having a plan in place and knowing when to implement it, is vital to everyone's safety.”
