

# Regional Climate Summary

June 2022

Weather Forecast Office  
Midland/Odessa, TX

Issued September 8, 2022 3:54 PM CT

June began with a bang as multiple rounds of severe weather occurred across portions of the region. From the 1<sup>st</sup>-3<sup>rd</sup>, several thunderstorms produced heavy rainfall, damaging winds, and large hail across the Permian Basin and southeast New Mexico. The severe weather culminated on June 3<sup>rd</sup> when a supercell thunderstorm moved through Lea and Winkler Counties, producing multiple wall clouds and funnels before causing wind damage in Wink. Much of the region received beneficial rainfall, especially around Midland-Odessa, portions of southeast New Mexico, and the Davis Mountains. Despite the cool and wet start to the month, the remainder of June was mostly hot and dry and average temperatures ended up around 1-3 degrees above normal in most locations.

## Midland Int'l Airport June Statistics:

- Warmest Day: 105°F on the 11<sup>th</sup>
- Coldest Night: 59°F on the 3<sup>rd</sup>
- Average Temperature: 83.4°F (Normal: 82.6°F)
