

January 2024 Climate Summary for West Central and Southwest Florida

This January we saw a wide range of temperatures with many days below normal, while a few others were over 10 degrees above normal. On three of the coldest days freezing temperatures occurred across parts of the Nature Coast while in the last week we saw numerous record high minimums set or tied and a few new record highs. Overall, the average temperatures for the month ranged from about 1.5°F below normal to almost 2°F above normal, with none of the official climate sites in the Top Ten Warmest or Coldest for January.
